2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

MACGREGOR

HIGH SCHOOL

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

<https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

MacGregor High School, founded in 1982, is a small, dynamic, continuation school that serves a diverse population of students, ages 16 and older, who are often at-risk of not graduating from high school. MacGregor offers its students a safe campus, high academic standards, and a caring staff.

Our school is unique in that it pays particular attention to students who have had credit and/or attendance problems and whose lifestyles and/or personal situations disallow them from fitting into the structure of a large school setting.

MacGregor High School is located on the campus of Albany High School (AHS), and together these schools serve all students in grades 9-12 in Albany, California. This arrangement allows most of our students to be concurrently enrolled in Albany High School. While MacGregor meets the core academic needs of our students, they also have access to Albany High School's resources for robust extracurricular options and elective courses.

MacGregor High School works with each and every student to ensure he or she has clear, realistic goals for the steps toward,

2023-24 School Description and Mission Statement

and the completion of, their education. These goals allow for each individual to consider the options available to them. These options include graduating from MacGregor, returning to the comprehensive high school, passing the California High School Proficiency Exam, or passing the General Educational Development (GED) test. Included in preparation for graduation or one of the other alternatives, is working with each student to make sure they are ready for entrance into community college, college and/or the workforce, independent-living plans, as well as their emotional and physical wellness.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2022-23 Career Technical Education Programs

MacGregor High students participate in CTE courses offered at AHS. Albany High School offers several CTE courses and continues to work toward building CTE pathways (two or more related courses).

The following classes are currently offered at AHS and available to students at MacGregor High School:

- Photography and Advanced Photography
- Culinary Arts and International Cuisine

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Opportunities for parent involvement include the School Site Council, frequent parent-teacher conferences, Back to School Night, phone contact, report cards, and parent volunteering. We also have a website where parents can post news and other notices.

Parents are also encouraged to participate in Albany High School organizations, activities and events (e.x. Athletic Boosters).

2023-24 School Safety Plan

We secure our campus perimeter from criminal activity by having site administrators and a full-time security aide patrol the campus. The campus is closed to outsiders, and access signs are displayed prominently at entry points. Albany High School currently has cameras in all of the main parts of the buildings to help prevent crime on campus.

Physical conditions that could lead to accidental harm are reported and corrected promptly by site administration, custodial and maintenance teams. School grounds are kept clean at all times. Graffiti is painted over in a timely manner, and repairs are made as necessary. School buildings and classrooms are well maintained and attractive and are free of physical hazards. Classrooms have adequate space for the student-teacher ratio and are conducive to learning. Standard incident-reporting procedures are in place. Valuables and equipment are inventoried properly, engraved for identification and stored securely. Parents and volunteers are recruited and trained as monitors for student activities. The community uses the school during off-hours.

The school and community collaborate on crime-prevention efforts. The crisis-response plan identifies procedures to follow during: 1. human emergencies, such as death of a student, suicide pacts and intruders; and 2. natural emergencies, such as fires, earthquakes and other natural disasters.

Police and fire department representatives participate in safety reviews of the campus and will assist staff to respond effectively to school security and safety. Fire, earthquake and lockdown drills are conducted regularly throughout the year.

2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
