2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

The strength of our school lies with the knowledgeable, thoughtful, and caring staff who share the belief all students can learn. Our teaching faculty of highly qualified, fully credentialed, and Cross-Cultural Language and Academic Development (CLAD) certified teachers, is dedicated to teaching students a core academic curriculum based on state standards. Staff collaborates regularly to produce a focused approach to instruction. Cornell Elementary School is made up of a diverse student body. Currently, there are approximately 550 students enrolled with more than 30 different languages spoken. The school serves students in grades K-5 with 22 general education classrooms and one special-education classroom. Additional resources are allocated to serve students in need of reading and math intervention, English Language Development (ELD) instruction, speech and language support, special education resource services, adapted physical education, occupational therapy, and counseling. Students also participate in music, physical education, science, and library classes taught by specialists. These specialists provide instruction that enhances the classroom curriculum.

The Cornell teaching faculty, staff, and parents are committed to providing an educational program in which the school's resources and services are effectively coordinated to meet the needs of all students. Through the Coordination of Services Team (COST), Student Success Team (SST), 504 Plan, and Individualized Education Plan (IEP) process, we identify students who have special needs and then determine specific strategies that will best support their academic, social and emotional growth. The staff strives to provide students with a curriculum that is rigorous, meaningful, relevant, equitable, appropriately challenging and allows students to develop their critical-thinking skills. Instruction is focused on state standards, and all students are making progress toward mastery of these standards. Cornell teachers differentiate their instruction using Universal Design for Learning (UDL), Multi-Tiered Systems of Support (MTSS), Educational Technology, and Anti-Racist, Culturally Responsive Teaching practices to meet the individual learning needs of their students. Recognizing the need to focus on the whole child, our teaching faculty provides learning experiences which foster social and emotional growth as well as develop students' communication and collaboration skills.

Our campus offers morning and afternoon child care in the ACC Pines and Chinese School program, which is operated through the Albany Children's Center. The before and after-school program serves students in grades K-3. Inquiries regarding the after school program should be directed to Josh Reed, Director of Albany Children's Center, at 510-559-6590. The YMCA also offers childcare for qualifying K-5 grade students, through the Extended Learning Opportunity Program, on the Cornell Campus. Contact Kristen Martinez, kmartinez@ymcaeastbay.org, for more information.

2023-24 School Description and Mission Statement

At Cornell Elementary School, our mission is to create a community of self-sufficient lifelong learners who are cooperative, respectful, and responsible. We create safe, inclusive, and engaging classrooms as places of exploration and creativity. We have routines and procedures that foster students taking responsibility for learning and achieving their personal best. Students reflect on themselves as learners in the roles of readers, writers, mathematicians, scientists, historians, sociologists, athletes and artists. Our students see their own individual strengths and set goals for their learning. They develop the skills to empathize with others through active listening and group work. This helps them see themselves as unique and part of a larger diverse society. We emphasize critical thinking, problem solving and the ability to express themselves clearly. All of our students are moving toward mastering the essential skills and grade-level standards so that they can thrive as learners in school and throughout their lives.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

In general, our district is preparing for anticipated growth in enrollment and the addition and/or replacement of existing facilities. A Facilities Master Plan was approved for AUSD in 2014. Plans are in progress to utilize Bond Measures B & E approved by Albany voters in June 2016. A new state-of-the-art intercom and alarm system was installed at Cornell in the summer of 2021. Additionally, AUSD has been approved to receive state grants to improve and upgrade the Cornell campus. Approximately \$3 million is anticipated for a new HVAC system and yard improvements such as blacktop resurfacing and new playground equipment such as basketball courts (summer 2022) and a new play structure (summer 2023.) In addition new furniture has been ordered for all rooms and will be installed at the close of the 22-23 school year. The safety of students and staff is a primary concern at Cornell Elementary School. The school site safety plan is updated annually.

The key elements of the school site safety plan encompass student safety and evacuation procedures. Fire, earthquake and lockdown drills are conducted on a regular basis. To ensure student safety, staff members supervise students at all times before and after school, during recess and lunch. Any visitors to the campus are required to check in at the school's office. The gates and doors are locked throughout the day. The school was built in 1948, and the last building was added in 1974. There are a total of 22 K-5 general-education classrooms, with 10 of them being portables. The school is in good overall condition. There are sufficient classroom, playground and staff spaces to support teaching and learning. The school has a multipurpose room, a library, two play areas and sufficient classrooms to meet current needs.

The principal works with custodial staff members to ensure the cleaning of the school is maintained to provide a clean and safe school. District maintenance staff members ensure the repairs necessary to keep the school in good repair, and complete work orders that have been submitted. A work order process with the goal of providing efficient service and giving the highest priority to emergency repairs. Our District Director of Maintenance and Operations is working with staff to provide appropriate cleaning and hygiene supplies, including masks and hand sanitizer, to mitigate COVID 19 transmission.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	76	78	68	67	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

At Cornell, we value and enjoy a high level of parent and community involvement. The school works in partnership with parents to support students, staff and our instructional programs. Opportunities for parent involvement include the School Site Council; Parent-Teacher Association (PTA); English Learner Advisory Committee; Traffic Safety/Walking School Bus Committee; Albany Music Fund; Albany Education Foundation; SchoolCARE; AUSD sponsored parent engagement and advocacy groups, and as volunteers in the classroom. Communication between the school and home is accomplished through weekly school-wide newsletters sent via Parent Square communication system as well as classroom newsletters, phone calls, emails, meetings, report cards, and conferences.

The PTA supports a number of the school's instructional programs and supplemental activities. The PTA also offers parent education nights, hosts community-building events, and coordinates fundraising activities to support our school (funding programs, supplying instructional materials for classrooms, and coordinating improvements to our school.) The members of our School Site Council discuss our students' achievement and help monitor the implementation of our site plan.

In addition, our teachers and students benefit greatly from support and assistance provided by parent volunteers. For more information on how to become involved, contact the Cornell PTA President at president@cornellpta.org.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

2023-24 School Safety Plan

Safety is a priority at Cornell School. We have implemented a school wide positive-behavior program; Cornell staff has developed behavior expectations for common areas around the school. Classroom and common-area behavior expectations are framed around three core ideas, which serve as our Big Three Rules: Be Safe, Be Responsible and Be Respectful. We have also developed and annually update the Peaceful Playground Handbook which specifies the guidelines for safe and cooperative play on the play structure and playground. In addition, our school has a Conflict Manager program, in which 4th-5th grade students assist their peers in resolving conflicts at recess.

In the classroom, Cornell teachers integrate the Welcoming Schools anti-bias curriculum into their instructional programs to address issues of bullying, diversity and accepting differences. In addition, Cornell primary teachers utilize the social emotional curriculum Second Step. All students receive instruction addressing issues of abuse, neglect and cyber-safety through the annual Speak Up, Be Safe program. Fifth grade students also receive a week of puberty education, focusing on their changing bodies and responsibilities to self and others around health and identity.

When staff and students are on-site, practice drills for fire, earthquakes and other emergencies are held with the staff and students on a monthly basis. Emergency kits are located in all classrooms, and additional emergency supplies are stored on-site. We have established emergency response teams, each with specific responsibilities, so that we respond effectively and efficiently in the event of a crisis situation. Our intercom and alarm system allows for prompt and interactive communication between the office, classrooms, district office, and community emergency services. The School Safety Team and the Principal meet yearly with representatives from Albany Fire Department and Albany Police Department to coordinate drills and procedures in the event of an emergency, including active threat scenarios. The Cornell Comprehensive School Safety Plan is also reviewed yearly. The plan was last updated on March 20, 2023 and approved by the AUSD Board of Education on May 9, 2023. The key elements of the Cornell 23-24 Comprehensive School Safety Plan are as follows:

Professional Development

The Cornell teaching faculty is offered three district-wide staff development days each school year. Along with meetings held every Wednesday afternoon, these professional-development days offer teachers the opportunity to collaborate with one another about their curriculum, instruction and assessments, to share best practices with colleagues, and to discuss ways to better support our students' learning. Teachers also receive 3 release days per year when a substitute is provided for them to collaborate with grade level colleagues on instruction and assessment. Approximately five times per year, Cornell teachers

Professional Development

collaborate with the faculty at Marin School and Ocean View School in Cross-site meetings in order to align our work across the district. An ongoing focus for this collaboration is teachers’ learning new instructional strategies to enhance their instruction and our students’ learning. This year’s focus is on the Science of Reading and implementing strategies and routines to build students’ skills in reading: decoding, fluency and comprehension.

AUSD also continues to offer additional optional professional development on educational technology, MTSS, UDL, and anti-racist teaching in order to enhance student engagement and bridge the achievement gap for Hispanic/Latino and Black students. We have also focused collaboration time on the district-wide assessment, FastBridge, and the History Social Studies curriculum, Social Studies Alive!, published by TCI.
