2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Albany Middle School (AMS), a National Blue Ribbon School, is a comprehensive community middle school dedicated to learning. The mission of providing a rich and rigorous standard-based curriculum is guided by our vision statement: In a safe, engaging environment, each member of the AMS community strives toward excellence, acceptance of differences, exploration of ideas and responsibility to a larger world. At AMS, everyone teaches, everyone learns. This means putting in layered supports for academic success and social-emotional connection and approaching our work through a social justice lens and culturally responsive practices.

We are proud of our recent academic achievement as represented by our local assessments as well as the Smarter Balanced Assessment Consortium (SBAC) results. We continue to work on strengthening our use of essential standards and formative assessments, toward the purpose of all students achieving at high levels. We cannot consider ourselves successful until every single one of our students is achieving at high levels. We have made big strides integrating restorative practices and restorative justice into our school practices as well as response to behavior in an effort to meaningfully impact behavior, increase feelings of belonging, and reduce suspensions.

Our school places a strong value on school climate integrating in value of the whole child and embracing intersectional identity and social justice. We will continue to build on the strong school climate programs we already have, both setting foundational skills and responding to concerns as they arise. We also have been working at improving our school climate from the perspective of equity by adding opportunities for connectivity for populations who are smaller in numbers and/or who we are not serving as successfully. Additionally, we have been focusing on intentional community building as a weekly event in an effort to pull in every student.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The current campus for Albany Middle School was completed 23 years ago. It was originally built for approximately 750 students. There are 20 general-education classrooms, five general-education portable classrooms, three science laboratories, one half-size special-day class classroom, one computer laboratory, one art classroom and one music room. There is a library, indoor atrium and outdoor covered lunch patio where we can fit about 300 students. We utilize four regular classrooms, a technology classroom, and a drama room in the Annex, which is across the street from the main campus. The main campus is in good overall condition. The full-size gym is a wonderful resource to our school and community for athletic events, assemblies, band and choir performances, dances, and other events. The facility was awarded the Leroy F. Green Architectural Design Award.

The safety of students and staff is a high priority at Albany Middle School. The school site safety plan is updated annually. The key elements of the school site safety plan encompass student safety and evacuation procedures. Fire, earthquake and lockdown drills are conducted on a regular basis.

To ensure student safety, staff members supervise students at all times before and after school, during break and lunch. Any visitors to the campus are required to check in at the school's office. Additionally, we have two campus supervisors who monitors students and visitors during the day.

There are three custodians working at AMS from morning to late night Monday through Friday. One daytime custodian works from morning to late afternoon, and two custodians work from afternoon to late night.

District maintenance staff's role is to address work orders and repairs as needs arise.

The principal works with custodial staff members to ensure the cleaning of the school is maintained to provide a clean and safe school.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	66	65	68	67	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Opportunities for parental involvement include the School Site Council, Parent Teacher Association (PTA), Music Boosters, Albany Education Foundation, English Learner Advisory Committee, SchoolCARE, AMS Athletic boosters, the AMS fundraisers and classroom and field trip volunteers. Communication is accomplished through our daily Cobra Connection announcements, a weekly school bulletin sent to our entire school community, email communication to the parent community when important information needs to be communicated through ParentSquare, Aeries, a web-based communication system, our new electronic sign, as well as classroom newsletters, phone calls, emails, report cards and conferences.

The PTA supports the school initiatives with parent education and fundraising to support supplemental and enriching programs. The PTA provides funding for clubs, field trips, assemblies, free tutoring, and additional resources, such as technology. The School Site Council monitors our Single Plan for Student Achievement. These organizations and other community resources have provided help to our classrooms.

For more information on how to become involved at the school, please contact Sarah Rathke @ sarahdrathke@gmail.com or Eliza Welch @ elizasears@hotmail.com.

Professional Development

This year we hold staff meetings on Thursday afternoons, with staff meeting every Thursday for the 40 minutes and then having the staff breakout into departments, grade level, or cross-curricular meeting. Additionally, the staff participates in school and District led professional development throughout the year.

This school year, we have a focus on Diversity, Equity Based Multi-Tiered Systems of Support (MTSS), Culturally Relevant Pedagogy (CRP), and Universal Design for Learning (UDL). We are continuing our work on equity and restorative practices to integrate these pieces through every part of the school.

Teachers continue to value department-specific professional development, so this has been worked into the professional development plans and varies greatly from department to department.

This table displays the number of school days dedicated to staff development and continuous improvement.
