2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

We are a school made up of a diverse student body. Currently, there are approximately 500 students enrolled with more than 20 different languages spoken at Marin Elementary School. Marin serves students in grades TK-5, with 21 general-education classrooms, and one Special Education Day Class. Additional resources are allocated to serve students in need of reading and math intervention, English-language instruction, speech and language services, special-education resource services, adaptive PE, occupational therapy, and mental health counseling. Students also participate in music, physical education, science, and library media classes taught by specialists. These specialists provide instruction that enhances the classroom curriculum.

Our campus offers morning and afternoon child care in the Tupelo program, which is operated through the Albany Children's Center. The before and after-school program serves students in grades K-3. Inquiries regarding the after school program should be directed to the Albany Children's Center, at 510-559-6592. We also have an Expanded Learning Opportunities Program (ELOP) that provides support to students before and after school. This program is run by the YMCA.

Marin Elementary School staff is focused on, and dedicated to teaching students a core academic curriculum based on the state standards. Our staff of fully credentialed and Cross-Cultural Language and Academic Development (CLAD) certified teachers, collaborate to produce a focused approach to instruction. The mission of Marin Elementary School is to build a solid educational foundation for all students while inspiring, guiding, and challenging them to learn and reach out to the world with compassion, integrity, and courage.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

A Facilities Master Plan was approved in 2014. In 2019, the Marin Design Team elected to work with Alton/LCA to plan for the design and construction of Marin Elementary. The construction process was completed in Spring of 2023 and our new school opened for students in August of 2023.

The safety of students and staff is a primary concern at Marin Elementary School. The school site safety plan is updated annually. The key element of the school site safety plan encompasses student safety and evacuation procedures. Fire, earthquake and lockdown drills are conducted on a regular basis. To ensure student safety, staff members supervise students at all times before and after school, during recess and lunch. Any visitors to the campus are required to check in at the school's office. District maintenance staff ensures that work orders and the repairs necessary to keep the school in good repair are completed in a timely manner. A work-order process is used to ensure efficient service and the highest priority to emergency repairs.

We have two custodians. One works from early morning to afternoon and the other works from afternoon to late night Monday through Friday. The principal works with custodial staff members to ensure the cleaning of the school is maintained to provide a clean and safe school. A work order process is utilized to ensure efficient service and the highest priority to emergency repairs. Our district Director of Maintenance and Operations is supporting staff in providing adequate cleaning and hygiene supplies to our site to mitigate COVID-19 transmission.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	72	72	68	67	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

A source of support for our school is our highly involved and motivated parents. Parents are active members of the School Site Council (SSC), Albany Education Foundation (AEF), Albany Music Fund (AMF), English Learner Advisory Committee (ELAC), and the Parent-Teacher Association (PTA). The PTA supports a number of the school's instructional programs and supplemental activities. Parents organize and facilitate fundraisers and parent-education events, coordinate campus-beautification projects, organize community events and provide supplemental instructional materials. During the COVID-19 pandemic, volunteer opportunities have been adjusted so that parents can support our school without coming to campus. We look forward to returning to some of our in-person events as more students become vaccinated and we can safely gather in large groups at school. For more information on how to become involved in our PTA, please contact PTA President, Iris Radl at pres@marinschoolpta.org.

2023-24 School Safety Plan

Safety is a priority at Marin Elementary School. We have implemented the school-wide behavior programs BEST and Second Step. These two programs develop behavior expectations for common areas around the school and strategies for resiliency and perseverance in an academic and social setting. Classroom and common area behavior expectations are framed around three core ideas: Be Safe, Be Responsible and Be Respectful. Classroom and school-wide incentives are tied to each of the “3 B’s.” In addition, Marin teachers utilize the social-emotional curriculum, Second Step, and an anti-bias curriculum, Welcoming Schools, to address issues of bullying, diversity, and accepting difference. Marin students are trained as conflict managers in fourth and fifth grade. All students receive instruction addressing issues of abuse, neglect and cyber safety through the annual Speak Up Be Safe program. Practice drills for fire, earthquakes and emergencies are held monthly. Emergency kits are in classrooms, and additional emergency supplies are stored on-site.

Our most recent Safety Plan was approved by our School Site Council on December 15, 2023, and will go to the AUSD School Board on January 9, 2024 for approval. This is the first year that Marin students and staff are occupying our newly constructed building, and so this is a new Safety Plan. We were in temporary housing for the past 2 years at Albany Middle and Albany High School, and therefore adopted those Safety Plans while we were there.

Professional Development

The teaching faculty is typically offered three districtwide staff development days each school year. Along with meetings held every Wednesday afternoon, these professional-development days offer teachers the opportunity to collaborate with one another about their curriculum, instruction, and assessments in order to share best practices with colleagues and discuss ways to better support our students learning and address persistent achievement gaps for our Latinx, African American, and socio economically disadvantaged students, and our students with disabilities. We are continuing to refine skills for how we address Social Justice and how we implement Anti-Racist Teaching Practices. Focus topics are Identity, Diversity, Justice, and Action. Included in this work is developing ways to integrate books that were purchased last year with Diversity Our Narrative Funds. An additional focus is on BIPOC individuals as Change Makers. Teachers are identifying the Change Makers at each grade level so that students have a broad foundation of understanding of the contributions of BIPOC people to our history and society as they leave fifth grade. In these meetings, teachers collaborate, share lesson plans, and identify next steps for their work.

In addition, cross-site meetings are held approximately monthly with staff from all three elementary schools. In these meetings, staff is participating in the Getting Reading Right training by the Los Angeles County Office of Education. These PD opportunities focus on the Science of Reading and all that is needed in a comprehensive, TK-5th grade approach to teaching reading.
