2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

OUR MISSION:

Hayward Twin Oaks Montessori School is an American Montessori college and career preparatory program guiding a diverse community of learners* for lives for lives of achievement. We nurture, inspire, and empower lifelong learners, global citizens, and environmental stewards who shape the world they inherit.

*Learners = students with diverse backgrounds (ethnic, socioeconomic, learning styles/needs/abilities, with and without Montessori experience) from the greater Hayward community whose families seek and commit to a Montessori education

OUR VISION:

Hayward Twin Oaks Montessori School provides a rigorous Montessori education, through individualized and collaborative mastery learning. Students become lifelong learners who achieve personal growth and develop social responsibility. Based on the principles of inclusion, acceptance, respect, and trust, students become mindful individuals and engaged innovative leaders of the future. By promoting critical thinking, creativity, and imagination, Hayward Twin Oaks prepares students to become active participants in the evolving global community.

We envision a world where change-makers innovate, embody GRACE*, and positively impact lives and communities.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Permits and Waivers	0.00	0.00

Misassignments	0.90	2.20
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	0.90	2.20

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.00
Total Out-of-Field Teachers	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	4.1	21.1
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	2.2

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Parents are kept involved and informed in different ways, through conferences, emails, but also text messages (as many families do not have an email address), meetings, and Power School. The School is working towards developing more parent involvement activities. The School reaches out to parents when needed for specific tasks. Parents are very involved in supporting their students (PowerSchool grades, and teacher conferences). Response to intervention is 100% when parents are asked to come to the school and talk about their student's needs. Organized volunteerism has been great for the specific tasks where the school needed extra help. Parents participate on schoolwide committees and in schoolwide surveys. Our family engagement efforts were successful this school year. We have Perspective In-Person campus tours, in-person Kid Power. We implemented quarterly parent education nights that highlighted important topics such as academics, mental health, special education supports, technology monitoring, and getting to know more regarding the classes students take. We communicate with parents, via ParentSquare and weekly newsletters, in both English and Spanish. We host one program on ParentSquare with two sites in place to view the elementary and secondary newsletters weekly in one location. Translation is available for all Zoom meetings, whether they be with individuals or large groups

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

2023-24 School Safety Plan

The school's CSSP was last discussed, updated, and reviewed by February 2022, updated in October 2022.

Goal 1 - School Climate-Safe & Orderly Environment 1. Further strengthen positive classroom management techniques, school behavior rules and norms, and use of PBIS techniques by staff. 2. Ensure students have the knowledge, guidance, and resources to practice conflict resolution and mindfulness. 3. Further refine drop off and pick up procedures to promote orderly and safe processes. 4. Ensure all COVID-19 Prevention Program protocols and procedures are followed and adapted as new guidelines is provided by local and state authorities.

Goal 2 - Physical Environment/Emergency Preparedness 1. Review emergency preparedness supplies, refresh and supplement as needed. 2. Review and update Crisis Communication Plan. Implement and practice using tools/strategies for managing rapid and clear parent communications in an emergency situation. 3. Implement a "robo dialer" software for mass notifications to families. 4. Drill routinely for all types of possible emergencies: evacuation, shelter in place / lock down, earthquake, medical emergency, etc. 5. Offer refresher training/documentation for staff on emergency medical situations (allergies, diabetes, BLS/AED). 6. Review our school environment for safety needs and/or possible improvements. 7. Check our connections and relationships with area partners.

Professional Development

The teachers are the heart of our school. Training and professional development opportunities are offered regularly to ensure they are continuously reflecting on and growing their practice so they can better serve students.

Staff had dedicated professional development days and group staff and/or "level" meetings with teachers of the same grade levels. The training and professional development discussions often directly relate to topics like our student's performance overall and by subgroups, culturally sustaining pedagogy, CDE's required and recommend training topics, and ideas and topics related to the Principal's direct observation in the classrooms.

Professional Development

Training opportunities offered on professional development days and minimum days have included:

- Mathematics and English Language Arts Instruction Training: Teachers received training from both the Principal and their fellow teachers who have attended specialized workshop experiences on how to better assist students in need of support in Mathematics and English Language Arts in general and as it relates to Common Core standards.
- English Language Development Support: the English Language Development (ELD) coordinator provided training and guidance to our teaching staff re: instructional methods and support strategies for working with ELD students.
- Special Education Information: The Special Education Coordinator provided training and guidance to our teaching staff on identifying and supporting students with learning differences or social-emotional support needs.
- Montessori Training: Teachers take turns providing a Montessori "Lesson Study" demonstrating techniques for delivering content using specific Montessori materials.
- Educational Equity/Anti-Bias & Anti-Racism Training: School staff, as well as staff from the Mosaic Project, provide training on creating an inclusive classroom culture.
-

In addition to the above training on specific topics, our school also provides knowledge building and professional growth experiences for teachers including:

- The Dean of Instructions observed classrooms to provide feedback and support on teaching techniques. Teachers are also encouraged to visit and observe in each other's classrooms and at other Montessori schools to gain insight and create dialogue on teaching technique and strategy.
- Lead teachers are annually offered conference registration fees to attend training and conferences, including the American Montessori Society's Annual Conference where workshops, training, and educator networking opportunities take place.
- During the year, some teachers independently participate in workshops related to Montessori, environmental education, Distance Learning strategies, and English and Math instruction.
- Annually teachers meet with the Principal to outline their personal goals and objectives for the year in addition to ensuring they are on track to help the school achieve overall goals. These goals are reviewed at the end of the year during annual evaluations.
