2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Durham Elementary serves approximately 495 students from Transitional Kindergarten-5th grade. The school is located in Durham, CA, a rural farming community. There is a strong sense of community pride present. Multi-generations of family support is evident in all we do. Our diverse community also includes families from many of our surrounding cities and towns. Together, we prepare our students for a bright and successful future by supporting students academically and socially. The school community is committed to educating all children in a safe, positive learning environment. We focus on preparing our students to be independent, responsible, and successful in their every day lives and in preparation for their future success. We foster self-worth, a love for lifelong learning, and a commitment to global responsibility for all students. Students are encouraged academically and socially to become creative and productive citizens in our diverse, ever-changing world.

Durham Elementary is an exceptional place for learning where staff, parents, volunteers, and community members work together for academic excellence. Our Tiger pride abounds daily, as we foster a climate of awareness, acceptance, and inclusiveness, that allows all students to succeed. Our staff members embrace learning opportunities and have consistently aligned instruction and methods with state adopted curriculum with a focus on Common Core standards. Our school goals focus on ELA, Math, School Climate, and Parent Engagement. In both ELA and Math we want our students to grow a minimum of 5% when combining standards met and exceeded as measured by the SBAC performance standards in grades 3-5 and in TK-2 will focus on students meeting grade level common assessments. Our Climate and Culture goal focuses on providing all students will have a safe and supportive school environment that encourages physical, mental and emotional wellbeing as measured by the Healthy Kids Survey and the PBIS records we maintain. We know that parent involvement is key to success of strong home/school partnerships. Our goal is to offer parents diverse opportunities for school-wide, classroom, or additional activities as a means to increase parent home/school connectivity. We strive to offer parents these opportunities in a variety of ways, communicating with them, bringing them to school to share in their student's learning, and to provide parents other learning activities to support their child's needs in the home.

Durham is proud of the work that we do that extends and enriches our student's curriculum beyond the classroom. All students attend a Reading Discovery group that aligns with their independent learning needs, participate in weekly Visual and Performing Arts lessons, taught by a credentialed teacher, and attend Physical Education with our full time PE teacher. Art docents provide monthly standards-based art lessons for all students. We hold monthly Spirit Days planned by our Student Council, as well as provide opportunities for students to attend field trips that enrich their learning experience. Together, in partnership with all educational partners, we are committed to developing a school culture where everyone emphasizes "students first" and supports a growth mindset that focuses on the power of "yet", so all students can learn in a respectful, responsible, and safe environment.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Durham Elementary School began operating at our current site in 1962. Our beautiful campus sits on 55 acres located on Putney Drive. The school includes 22 classrooms, a PE and VAPA classroom, classrooms for the Deaf and Hard of Hearing Program, as well as a multipurpose room with a performance stage; a beautiful library that looks out into our enclosed courtyard; 3 outdoor playgrounds; and ample room for play on a large, open grass area. The Maintenance, Grounds and Custodial staff continue to work together to keep the school in good condition which has provided a safe, clean and well maintained learning environment to help student achievement.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	38	43	42	45	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Durham Elementary School is fortunate to have tremendous volunteer participation. On a daily basis we have many parents, retired teachers, and other community members partnering to support the educational programs within our classroom and across the school. We have a very active Parent Teacher Student (PTS) organization who dedicate their time and talents throughout the school. Our PTS sponsors activities including special assemblies, field trips, Mother/Son and Father/Daughter nights, Grandparents Day and many other special events happen throughout the year.. Additionally, our parents sponsor an art docent program to bring the arts alive in the classroom. The parents have helped raise money to purchase technology, literacy enrichment, assemblies and various supplies for our school. Parents can become a part of or attend School Site Council (SSC). During these meetings information is shared with the community and the School Plan for Student Achievement (SPSA) is discussed and updated annually with input from multiple educational partners. District English Language Advisory Committee (DELAC) meetings, and other parent activities and meetings are regularly scheduled to keep our parents informed. For more information on how to become involved at the school, please contact school secretary Yolanda Prentice or Principal Samantha Brown at (530) 895-4695.

2023-24 School Safety Plan

Durham Elementary prides itself on having a clean, safe, and orderly campus. All staff and students participate in monthly fire drills, as well as earthquake drills, lockdowns, and other safety drills as needed to ensure staff and students are informed and ready to respond to an emergency should it be necessary. These evacuation procedures are discussed at staff meetings with staff and within the classroom with students. The school safety plan is reviewed, updated and discussed with the school faculty at the beginning of each year. Durham holds high expectations that all students will follow our school rules to promote a positive, safe school environment. Routines and expectations for a safe and orderly campus are set early in the year and revisited as needed. Parents/Visitors all check in the office first to receive a badge prior to going to classrooms or other areas on campus.

Fiscal Year 2022-23 Types of Services Funded

Durham Elementary receives supplemental funding for specific purposes. Title I monies support reading instruction, staff development, and English-language learners. Durham Elementary School receives supplemental funding through LCFF and Title 1 funding. These funds are used for a credentialed teacher and paraprofessionals, who are integral to our reading intervention program. Small group instruction is provided at student's individual reading level to improve reading skills, including fluency, comprehension, and phonemic awareness. Additionally, supplemental instructional materials and professional development for staff is available.

Professional Development

Teachers meet to collaborate weekly on Monday afternoons. Grade-level teams review on-line materials, benchmark assessment results, and Lexia reports to help plan instruction. Grade-level teams work on implementation of the California Common Core state standards, use assessments results for data-analysis of student progress, develop common assessments and build academic vocabulary. School-wide training are held during collaboration time and staff meetings during the school year. As a staff we meet monthly to engage in conversation and share best practices on Direct Instruction and content standards. Our areas of focus continue to be implementation of Common Core State Standards in the areas of math, English language arts, Next Generation Science Standards and integrating the standards for English language development into all of these curricular areas. The site principal conducts weekly instructional walks to observe instruction and provide feedback to teachers. Teachers are supported in grade-level teams as a whole staff and through individual meetings with the principal. Additionally, the district provided Wonders training for teachers over the summer, an inservice in September focusing on reading strategies based on the Science of Reading, and an inservice in October that focused on social-emotional learning for both students and staff.
