2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

School Description:

Durham Intermediate School is a 6-8 grade school with approximately 225 students in attendance. The Durham Unified School District is nestled among a beautiful area just South of Chico with farmland, ranches, and neighborhoods within Butte County. Durham Intermediate School offers standards driven curriculum and engaging classrooms. The learning environment is appropriate for all students. Students take part in classes such as Language Arts, Math, Science, Social Studies, Physical Education, and an Elective class. Durham Intermediate School also offers 7th and 8th grade girls and boys basketball during the winter months. Durham Intermediate School is placed in the heart of the Durham Unified School District Campus by being proximal to both Durham Elementary School and Durham High School. When visiting the Durham Intermediate School Campus, it is evident of the pride that the students and families take in our little school.

The staff at Durham Intermediate School is dedicated and personally committed to serving the students and families of Durham. We want all students to be successful and do so by delivering effective instruction and using effective instructional strategies to ensure learning happens. It is our mission to prepare students to be confident and empowered to move into high school and beyond. Durham Intermediate School's Parent Teacher Student Group (PTS) is a huge part of the success of our school. They raise money to be spent on technology and other supplemental educational needs of the students, and because of that, 1:1 Chromebooks are provided for all students. Durham Intermediate School also has an interactive board in every classroom.

Social and Emotional Learning is a top priority at Durham Intermediate School. We participate and are constantly approving/building on our MTSS model. All staff is being trained in MTSS concepts and implement strategies when applicable. Our students know the expectations of Respect, Responsibility, and Safety in our different areas of the school. We celebrate National Kindness Week at DIS and incorporate positive social activities that include everyone.

Mission Statement:

Durham Intermediate School promotes a safe, respectful and supportive school climate. Both students and staff are positive role models of empathy and civil communication. Staff provides positive relationship building and comprehensive student supervision. Students and staff are tolerant and inclusive of diversity.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Permits and Waivers	0.00	0.00
Misassignments	0.40	0.80
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	0.40	0.80

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.60
Local Assignment Options	1.60	0.00
Total Out-of-Field Teachers	1.60	0.60

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	2.3	2.3
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	10.1	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

With the addition of the following curriculum, Durham Unified School District conducts classroom and common assessments. Sixth grades participates in Lexia - PowerUp assessment/intervention curriculum. The 7th and 8th Graders are using NWEA-MAP assessments throughout the year. NWEA-MAP is given as an assessment twice a year and also used as a class placement tool.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	45	49	42	45	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parent involvement is a valued aspect of our school community. Parent volunteers are welcomed in and out of the classroom. They are available for driving and chaperoning field trips and other school activities. Parents actively participate in our annual Eighth Grade Project, Jog-a-Thon, Classroom Activities, the Medieval Feast, and end of the year festivities. Our Parent-Teacher-Student (PTS) organization and School Site Council are crucial in the continuing success of DIS. Our PTS has raised money to provide student lockers, a computer lab, support school dances, purchase outside student tables, recess activities, and the repainting of our gymnasium. Our School Site Council continues to use current student data to help make decisions that guide our school toward high academic achievement. Parents are also volunteering to plan the Durham Gala. This year, the Gala Committee will share the profits with all schools in our district to support programs at those sites. If you have an interest in any of these organizations, contact our office for more information.

For more information on how to become involved at the school, please contact Becky Watner, Parent-Teacher-Student President at durhampts@gmail.com or visit the PTS website at <http://dis.durhamunified.org/ParentsCommunity/PTS/index.html>

2023-24 School Safety Plan

Our school safety plan is reviewed annually. After an extensive evaluation of the safety plan, Durham Intermediate School Site Council and district make appropriate changes yearly if not on an immediate basis. The DUSD surveys parents annually in regards to their perceptions of school safety and academic programs. Durham Intermediate School has yard supervision before school, at break and lunch. We have a closed campus, and visitors must register in the office when visiting our campus. In homerooms, teachers are asked to review our safety plans with students. Safety procedures, policies and practices, are outlined in our school safety plan. The school safety plan will be reviewed by the school faculty at their designated staff meetings. The school safety plan was reviewed, updated, and approved by the current School Site Council on March 23, 2023 and will be on the February 21, 2024 Durham Unified School Board Agenda.

2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development

Our professional-development opportunities occur during our Monday Collaboration Days. Grade-level teams develop and review assessments and discuss student test scores and achievement. The teachers also use that time to create and use common assessments, refine pacing guides and curriculum, and drill down into student-achievement data using local in class measures. Collaboration occurs in grade-level teams and in vertical teams between the high school and intermediate school. As a staff we meet monthly to engage in conversation regarding students, instruction, assessments, and content standards. At those monthly meetings we also discuss safety protocols and MTSS Training from the school counselor/MTSS team leader. The Site Administrator conducts periodic walk thrus to observe instruction and performs early evaluation on a rotational basis. In addition, the district provides two days prior to the start of school to train teachers on current programs such as Illuminate, Lexia, and Aeries.

This table displays the number of school days dedicated to staff development and continuous improvement.
