2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Indian Diggings School is located in the southern end of El Dorado County in the small community of Omo Ranch. It is the only school in the district and has two, multi-grade classrooms. Our enrollment ranges from 15 to 25 students.

MISSION:

Through love, support, and encouragement, we are stewarding the history of Omo Ranch. We are developing and teaching life-long learners who will constructively contribute to the world around them and will positively affect the lives of others.

VISION:

Indian Diggings School District seeks to preserve the rich cultural, social, and educational history that has emerged in Omo Ranch. We envision a school that blends the tools of our emerging technological society with the educational tools of the past. We use educational skills and concepts in the real world.

1. Students will be provided with CCSS based curriculum in ELA that supports their needs and prepares them to communicate in a global economy
2. Students will participate in Mathematics curriculum that provides them with mastery of the skills needed to have choice in their future careers.
3. Students will be provided with a social/emotional environment that supports their needs and prepares them to be a caring and productive citizen in our community.
4. Students will participate in the arts and humanities, a broad variety of activities that prepare them for a life in a diverse world and enriches their school experience.
5. Our families will be deeply involved in our District by participating in multiple activities including (but not limited to) working in the classroom, helping with activities, and off campus experiences. Communication between home and school will be frequent and conducted in multiple ways so as to keep all stakeholders informed and working as a team.
6. Our facility will be maintained in a way that promotes a safe and enriching environment for students, staff, and community.
7. Our administration will attract high quality staff that will be supported with training and assistance to provide students with the education they need.

Parent volunteers participate actively and support students by assisting in school activities and helping teachers with classroom instruction. A Parent/Community Club contributes generously to extracurricular activities.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

We take pride in our school facility, and it is cleaned daily. Our building was built in 1959, modernized in 1997 and is of adequate size for our current enrollment. A regular maintenance and repair schedule is budgeted annually. The two classrooms, multipurpose room, fields, blacktop, and playground are modern and more than adequate for our present student population.

The single-floor, wood-frame facility with easily accessible classroom exits is very safe in the event of fires or earthquakes. There are safety rules, fire and earthquake preparedness instruction and adequate playground supervision. A comprehensive safe school plan is revised and adopted annually.

In our last parent survey, 100% of the parents felt their children were safe at school and that there is adequate playground supervision and playground equipment. One hundred percent of the parents indicated that the buildings and playgrounds are clean, adequate and safe. A play field adds to the safety of play areas. The rest rooms, floors, walls, roof, plumbing and electrical systems are clean, adequate, and in good condition. All efforts to ensure building safety, cleanliness, and adequacy have been successful. In the fall of 2002, new siding, painting, and water system improvements were made through various funding sources. In 2006, we added a 25 KW generator to provide the school with power during emergency incidents. The school was painted during the summer of 2009. The school conducted an energy efficiency upgrade with California Proposition 39 funds that includes new HVAC units, furnace, hot water eater, and lighting in the summer of 2018. Dry rot damage was repaired during the 2019 and 2020 school years. All storage sheds were replaced with shipping containers in 2022. The front porch, and playground equipment were replaced in 2023.

A Facilities Maintenance and Repair Plan is available upon request at the school office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents are an essential part of our school program. They may volunteer in classrooms, may correct papers, may teach special interest classes, may participate in the Indian Diggings Volunteer Club which raises money for special field trips and camps. To participate as a volunteer, simply contact either Mr. Coffin or the Volunteer Club President at 530-620-6546.

2023-24 School Safety Plan

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan.

A copy of the Comprehensive School Safety Plan is available in the district office for review and online at idschool.org.

As Indian Diggings School has less than 20 students on average and as each student with disabilities would benefit greatly from an individualized safety plan, all students with any applicable disability that would affect their safety in an emergency will be provided with a specific safety plan. These individualized student plans will be kept as an addendum to this safety plan as long as the student attends the school and will be updated annually and as needed. At the time of review there were 1 students in need of an individualized plan.

The Key elements of the plan are:

- o Assessment of school crime committed on school campuses and at school-related functions
- o Child abuse reporting procedures
- o Disaster procedures
- o Suspension and expulsion policies
- o Procedures to notify teachers of dangerous pupils
- o Discrimination and harassment policies
- o School wide dress code policies
- o Procedures for safe ingress and egress
- o Policies enacted to maintain a safe and orderly environment
- o Rules and procedures on school discipline
- o Hate crime reporting procedures

D. Other SARC Information

Information Required in the SARC

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

2020-21 Elementary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per class). The "Other" category is for multi-grade level classes.

Fiscal Year 2022-23 Types of Services Funded

Special services provided by the school and county Office of Education are: special education, psychologist for testing and evaluation, school nurse, and an after school program. The District employs a part time Educational Specialist. Due to the small nature of our school all students receive individualized instruction on a daily basis with accommodations as needed. When students are eligible and willing to participate a school lunch program is provided. The teacher serves as the teacher/principal/superintendent. They teach full time, and performs most administrative duties before and after school hours. They spend approximately 90% of their time teaching grades Kindergarten-8th.

Professional Development

The district holds four professional development days per year. Three to four of these days are used to provide opportunities for staff to update skills and to learn about current research and trends in public education. The activities are determined by the staff and administration collaboratively. They discuss their needs and then self select activities for staff development. The district also has collaboration days each week on Fridays where staff meet to train and improve their skills from noon till the end of the day.

This table displays the number of school days dedicated to staff development and continuous improvement.
