## 2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

The mission statement for Silver Fork School is “Our work today shapes tomorrow.” Silver Fork School is one of the last of a vanishing piece of Americana—the one-room schoolhouse. Although its roots can be traced to the past, its goals are set on tomorrow. The curriculum is comprehensive, broad-based, and relevant. Its students leave the 8th grade well prepared for high school. Students who attend Silver Fork School participate in robotics, take foreign language classes, and receive instruction in visual and performing arts. Students also participate in a variety of field trips designed to expand and enhance the curriculum.

Various factors are responsible for student achievement. First, the adult-student ratio allows for a more personalized and individualized educational approach. Second, the variety and comprehensiveness of the curricular offerings complement the different learning styles of the students. Third, the small setting encourages and teaches independent learning.

Silver Fork has an enrollment of 15 students. As a result of the small number of students, a great deal of the instruction is done in small groups or on a one-to-one basis. Cross-age tutoring and teacher specialists enhance the educational program at the school.

One of the greatest assets belonging to Silver Fork is its place in the community. The people of the American River Canyon, from Twin Bridges to Riverton, think of Silver Fork as “our” school.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Silver Fork School has implemented many excellent curricular resources and materials. For ELA Silver Fork uses Benchmark (2017), grades K-5 and Study Sync from McGraw Hill (2017) grades 6-8. The following texts are used in our other subject areas: Math – Houghton Mifflin (2009), K-5 and Larson Big Ideas Math 6-8 are used. 6-8; Social Science – Glencoe/McGraw Hill, grade 8, Prentice Hall (2006), grades 6-7, Harcourt (2007), grades K-5; and Science – Twig, grades K-6 (2023) and Amplify (2023, grades 7-8. All students have at least one textbook or digital license per subject area. Often, they have multiple books per publisher/subject area. All instructional materials are current and of excellent quality.

The teacher is continually updating instructional materials in all areas. Special emphasis is being placed on implementing computer instruction and hands-on, real-life experiences in all curricular areas through manipulatives, experiments, and a variety of field trips.

## School Facility Conditions and Planned Improvements

Community Partners have indicated the school facilities are clean, adequate and safe. There is plenty of space for the 15 students and three staff members who learn and work at Silver Fork.

The school was built in 1955 and is maintained regularly. Restrooms, floors, walls, roof, plumbing, and electrical systems are all in working condition. A play structure purchased in 2003 focuses on upper body development, in addition to aerobic equipment added for inclement-weather physical conditioning. The grounds are maintained daily for litter and graffiti, both of which are rarely a problem at Silver Fork. Other modernization and updating that has taken place in recent years include installation of a site generator, purchase of new desks and seating to facilitate flexible groupings, and installation of outside lighting.

There is a one-to-one ratio of Chromebooks for students at Silver Fork. Students can create multimedia presentations and access the Internet. The school is connected to the El Dorado County Office of Education through fiber optic connection.

The school has been fully modernized in 2012. The modernization included a new roof, modernized bathrooms, new ADA ramps, new finishes and windows, new carpet and shelving and upgraded technology.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

Parents and community members are always involved in the life of the Silver Fork School. Volunteers participate in various curriculum projects, assist with student support, help during field trips and generally are welcome to come in at any moment. Parents and community members assist to expand the opportunities available to our students. Silver Fork continues to have a high percentage of our parents participate in the school. We believe that positive adult interactions are critical for our students and we continually seek out our parents and ask them how they would like to participate in the Silver Fork School community.
