2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Sunny Brae Middle School (SBMS) is a school for 6th through 8th students in the Arcata School District. There is one elementary school and one middle school in the district with a total population of 525 students. Arcata is a small university town located 265 miles north of San Francisco on the Northern Coast of California. Arcata is home to California Polytechnic Humboldt University and is best known for its redwood trees and university town atmosphere.

Sunny Brae has an enrollment of 226 students. The school population draws from a wide range of socioeconomic groups, including university faculty, staff, and students; professionals; blue collar workers; and artists. The school has approximately 55% of its students on free and/or reduced lunch.

Sunny Brae has a full time principal, a 5 day a week psychologist/counselor, 11 regular education teachers, 2 Specialized Academic Instructors, and 1 half-time music teacher. We have a comprehensive library/technology center open to students and staff. Title 1 funds support study groups at each grade level, and are staffed with intervention teachers. The office staff is composed of two full time employees, an attendance clerk and school secretary. Sunny Brae Middle School has been recognized for excellence over the last eight year period. In 2021, 2022, and 2023 SBMS received the Silver Award Implementation recognition from the State of California PBIS Coalition. In 2009, SBMS was one of only 320 schools nationwide to receive a National Blue Ribbon Award. Sunny Brae has been recognized four times as a California Honor School and four times as a Title 1 High Achieving school. Many of our students go on to serve as student leaders and academic scholars in high school.

SBMS students have a core academic program that consists of Mathematics, Language Arts/English, Social Studies/History, Science, and Physical Education. This is complimented by electives, and core support classes. In 2023 SBMS added a full time Spanish Immersion teacher to serve our Spanish speaking populations and offer Spanish as an option for new learners. In 2023 SBMS added a full time Spanish Immersion teacher to teacher students who are native speakers as well as students coming from Dual Language schools like Fuente Nueva.

SBMS offers a rich elective schedule each trimester for 6th, 7th and 8th grade students. Our strong elective program offers students the opportunity to expand their learning and have an element of choice in doing so. Electives include, but are not limited to Art, Spanish, Integrated 1/2 math, Choir, Instrumental Music, School Musical, Math Counts, Computer Lab, Literature enrichment, Science Exploration, and Video technology.

2023-24 School Description and Mission Statement

Sunny Brae Middle School is committed to providing a comprehensive program in a safe environment that serves the academic, physical, social and emotional needs of our students as they move from childhood to adolescence. Working as a team with parents and the community, we will assist students in developing the necessary skills to become responsible, independent, and self-sufficient learners in a global community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

SBMS was built in 1951. The classrooms and offices were completely modernized in the summer of 2000/2001. New cabinets, walls, lighting, intercoms, updated electrical system, Internet connections, new phone systems, and floors were installed. Major repairs were made to the multi-purpose room in the summer of 2011. Two boilers at Sunny Brae were replaced in the summer of 2011. The library, computer lab, culinary arts room, music room and science complex were renovated during the summer of 2013. The HVAC, windows, and gym were renovated for energy efficiency in 2019-2020.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents are invited to visit our school at any time. Parents are encouraged to be involved in all aspects of the school. The school has an active School Site Council. Parents can monitor their child's academic progress by using our online system – Synergy. Synergy is our primary website and hosts an array of information. Back to School Night, Open House, New Student Information Night, and the 5th Grade Transition Night are evening events that provide parents with information about the school. Additional events are held throughout the school year that provide opportunities for families. Parents are encouraged to be a part of our SBMS Boosters, which helps support athletics and school culture which are a big part of the SBMS experience. Time Commitment: approximately 1 hour per month to attend regular meetings.

District and School Committees: We have both school level and district level opportunities.

School Committees and School Site Council (SSC)

2023-24 School Safety Plan

The Arcata School District has a District Safety Committee to review, update, and monitor school and district safety concerns and procedures. Under the leadership of the team, each school maintains a School Safety Plan that deals with disaster preparedness, campus safety, and character education. Parents, staff, and students are surveyed every year with the California Healthy Kids Survey. The information gathered from the survey helps determine areas that might need to be addressed in the school safety plan. The plan is reviewed and updated each year. A copy of the complete plan is available in the school office.

All adults on campus are required to wear an identification badge. Staff members have a picture I.D. that is worn each day. Visitors check in at the office and wear a visitor badge while on campus. Substitute teachers are issued a badge upon arrival. The badges clearly indicate that individuals have permission to be on the school grounds.

Regular earthquake, fire and lockdown drills are held during the school year; SBMS uses the HERO curriculum for school safety during lockdown drills. Regular inspections are done by the maintenance/custodial staff to insure that the playgrounds, classrooms, and school sites are safe and hazard free. SBMS is a PBIS school, which is a proactive approach to establishing the behavioral supports and social culture and needed for all students in a school to achieve social, emotional and academic success. Then on the first staff development day, they met with teachers, support staff, other school personnel, district board members, and site council members to train them in this anti-violence/ anti-bullying program. Parent involvement is a critical component of this implementation plan. Additionally, each year grades 3-5, staff, and families participate in the California Healthy Kids Survey.

Fiscal Year 2022-23 Types of Services Funded

The Arcata School District is a small school district. There are a variety of services funded in the district. These services include one elementary school and one middle school; transportation; before and after school programs; libraries; special education; student support; district office/business services, behavioral support personnel, and food services. All of these services are coordinated by the district management team and support the educational programs in the district.

Each year the Arcata Elementary School Site Council, made up of representatives from the teachers, support staff, parents, community members and the principal, update the Single School Plan for Student Achievement, analyzing and reviewing information from standardized and district assessments; and student, parent, and staff surveys. The school plan is updated, stating goals to meet student needs, each year. We are proud of the partnership and collaboration of Site Council members, staff and educational staff; and their understanding of the ideas that lead to the implementation of innovative programs and activities for the benefit of our students and school family community.

Professional Development

The district provides four days of professional development prior to the beginning of the school year, and weekly minimum days each year for professional development. This year, the district included 4 additional professional development days during the calendar year for staff training. In addition, staff has opportunities to attend workshops at our County Office of Education, in neighboring districts and around the State. New teachers are assigned a BTSA mentor and attend classes and trainings related to being a "new teacher". The primary focus for 2022-2023 is the development of a PBIS/MTSS behavior management systems, and a focus on Math. Staff members meet as a group, in grade level teams, in subject matter teams, and with the staff from the elementary school. Teachers are supported via teacher-principal meetings, and professional learning community meetings. Equity, PBIS, trauma informed practices, and distance learning are the main areas of focus for the 2022-2023 school year for professional development.

Because of the wealth of professional development opportunities offered through Humboldt County Office of Education (HCOE), staff in the Arcata School District are able to avail ourselves of many excellent workshops and classes. For the 2023-2024 school year our professional development focuses on distance learning, diversity and inclusion, and PBIS/MTSS. Both classified and certificated staff have attended training sessions to support our focus areas. The district is participating in a four year grant for PBIS and MTSS that includes both district and school level teams to implement the programs with fidelity. Our district is also focused on Equity and staff members have participated in numerous opportunities.
