2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Our Mission Statement:

Arcata Elementary School provides a rich and stimulating academic program, which encourages individuality, cultural diversity, and critical thinking. In our safe and secure environment, students build excellent character and maximize their potential. As educators we value the partnership between families, school, and community.

Arcata Elementary School is located in Arcata, a small university town in the heart of Redwood Country in Northern California, on Humboldt Bay. Arcata Elementary is part of the TK-8 Arcata Elementary School District. Arcata Elementary is a TK-5 school and Sunny Brae Middle School is our 6-8 grade site. Arcata Elementary School serves over 300 children in transitional kindergarten through fifth grades. Arcata Elementary School, "AES", has a before school and extended school day program; as well as an on-site preschool program. Our school also hosts a satellite class from the Glen Paul program. The Glen Paul School classroom is a special day class for severely handicapped students.

Our students are the focus at AES. Students receive a stimulating academic program that encourages individuality, cultural diversity, and critical thinking. The staff of AES integrates 21st century skills students need to develop in order to succeed in our information based economy. Students develop the ability to think deeply about issues, solve problems creatively, work in teams, and to communicate their ideas clearly using a variety of technology. Students are immersed high quality visual and performing arts program. AES has highly qualified certificated classroom teachers, a reading intervention program that utilizes Fountas and Pinnell materials, and a credentialed music teacher. Our teachers create a safe and supportive environment that allows students not only to thrive academically, but to grow emotionally and socially. The cultural diversity of our students and families is celebrated throughout the school day and school year.

Our school is implementing Positive Behavioral Interventions and Supports (PBIS). PBIS is a school-wide, multi-tiered, behavior framework comprised of evidence-based practices and systems, established to improve behavior and academic outcomes for ALL students. School-wide PBIS has certain critical components: a school leadership team that guides, implements, and monitors PBIS; school-wide expectations are defined, taught, and acknowledged; a consistent system is established to discourage problem behaviors; and teams utilize data to inform decisions.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Arcata Elementary School is located on a quiet neighborhood street in Arcata, California. Arcata Elementary has a large grassy playing fields, a large blacktop for games and two areas with play and climbing structures. In September 2013, AES started a vermi-composting program which is now thriving. The school garden includes raised beds, one for each class and the after school educational program. The school has worked with the City of Arcata to build a nature trail with native plants along the north end of campus above Sunset Creek. The nature trail is used by classes throughout the school year.

The Arcata Elementary School site consists of 20 classrooms, which accommodate transitional kindergarten (TK) through fifth grade, a Resource Specialist Program, a Special Day Class, a reading and math intervention programs, a music and dance room, and the kindergarten/first grade after school education program. Our school library is located in the heart of our school and it features an extensive book collection. The library completed a book audit in December 2020 and new books featuring inclusion and diversity are being added to reflect our school and community members. The Arcata Elementary site has a speech and language specialist room, the school psychologist's office, a nurse's office, a multipurpose room, the front office, a staff room, a staff workroom, and several storage rooms. The bus garage and maintenance buildings are located at the Arcata Elementary School site. The Arcata Elementary site has a combination of 1:1 devices and mobile carts with Chromebooks for use in the classroom and other device to support technology skill building.

In addition, two portable buildings house the after school program for grades 2-3 and the Arcata Family Resource Center. A modular building, with over 2300 square feet, houses the after school education program and the preschool program.

The multipurpose room is used as a cafeteria, as well as for physical education classes, assemblies, and daytime and evening student drama performances. The custodial/maintenance team maintain the facilities and grounds. As a result of the passage of our School Bond through Measure F, modernization of AES classrooms, multipurpose room, bathrooms, and resurfacing of all paved areas was completed during the summer of 2014.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

We welcome and appreciate the many ways that Arcata Elementary School parents and community members strengthen our school through their support from home and involvement in the classrooms. It is our belief that a sense of family and community is the fundamental force in the development of a child. We believe that parents are the most important and influential teachers of their children. Therefore, we encourage and maintain a strong parental and community partnership. Getting involved sends a critical message to children. Education is important!

There are a number of opportunities for parental involvement at Arcata Elementary School. When parents get connected to the school, children get better grades, do better on tests, and have fewer discipline problems. When you build a relationship with your child's teachers, principal, and office staff, it will be far easier to communicate about any problem (or victory) that occurs throughout the year. There are several ways you can contribute to the school community.

At AES we have two levels of volunteers:

Level 2 Volunteer - Classroom Parent, weekly classroom volunteers, one or more field trips, 2nd grade parents to help during swimming lessons in the Spring

Volunteer form on file and volunteers will need to be fingerprinted and have a current TB test

Level 1 Volunteer - One field trip and in classroom 1-3 times per year

Volunteer form on file

Classrooms: Each year teachers ask for volunteers for the classroom and the time commitment varies by grade level.

Sometimes they ask for a commitment for a single field trip and other times they ask for a volunteer in the classroom at the same time each week to help with an activity.

Time Commitment: approximately 1 hour per week

Volunteers need a Level 2 Volunteer Clearance

Field trips: Experiences outside of the classroom give students a chance to connect classroom lessons to real-life experiences and tangible artifacts. They give students access to culture, history, and art that may be left out of the regular curriculum. The sensory, physical, and social aspects of field trips enrich learning experiences.

Time Commitment: varies depending on activity

Volunteers need a Level 2 Volunteer Clearance (more than one field trip)

2023-24 Opportunities for Parental Involvement

Booster Club: The Booster Club needs volunteers to help with events and activities throughout the year. For the upcoming school year we will be asking for a parent (or two if you'd like to share the responsibility) to be a Classroom Parent. The classroom parent is the liaison for the Booster Club
 Time Commitment: approximately 1 hour per week
 Volunteers need a Level 2 Volunteer Clearance

District and School Committees: We have both school level and district level opportunities.
 School Committees and School Site Council (SSC)
 Time Commitment: approximately 1 hour per month
 Volunteers need a Level 1 Volunteer Clearance

District Advisory Committee (DAC)
 Time Commitment: approximately 1 hour per month
 Volunteers need a Level 1 Volunteer Clearance

2023-24 School Safety Plan

A district-wide safety plan exists for all disaster situations. The Comprehensive School Safety Plan is annually reviewed, updated and discussed with school to meet the needs of the school and change in personnel. Information gathered from parents, students and staff was used to determine areas of need.

Arcata Elementary School has a long history of low crime rate, with only a few incidences of vandalism in the past several years. Additionally, security cameras for the safety and well-being of students and staff were installed during the 2014 summer remodel. IN 2023 additional financing was installed along the perimeter and inside the campus to increase security.

The school campus is secure during all school hours. All visitors are required to ring a bell at the front door before gaining admittance to the school office. Visitors sign in and out at the front office and check out a visitor's badge as a form of identification. All staff is required to wear their name badge during their working hours.

In order to reinforce consistency, a school-wide assembly is held each school year to introduce all staff members to the students, meet new students and to discuss rules and appropriate behaviors. Students and staff are encouraged to add positive comments or bring up issues that concern the school. Additional gatherings are held throughout the year to reinforce and remind students and staff of student expectations. To ensure a safe learning environment, the staff consistently enforces school, bus and classroom rules.

Arcata Elementary School uses the Second Step Program, which is an anti-violence and bullying prevention program. The program is part of our Safe School Plan. AES also utilizes Positive Behavior Interventions and Supports (PBIS). PBIS is a proactive approach to establishing the behavioral supports and social culture and needed for all students in a school to achieve social, emotional and academic success. On the first staff development day, they met with teachers, support staff, other school personnel, district board members, and site council members to train them in this anti-violence/ anti-bullying program. Parent involvement is a critical component of this implementation plan. Additionally, each year grades 3-5, staff, and families participate in the California Healthy Kids Survey.

Fiscal Year 2022-23 Types of Services Funded

The Arcata School District is a two-school district, which funds a number of services and programs. These services include one elementary school and one middle school; maintenance, operations, and transportation; before and after school program; school libraries; special education; student support materials and staff; district office (business, personnel, and payroll); and food services. A management team composed of the superintendent, principals, director of student services, director of extended day services, and classified managers coordinates all of these services.

Each year the Arcata Elementary School Site Council, made up of representatives from the teachers, support staff, parents, community members and the principal, update the Single School Plan for Student Achievement, analyzing and reviewing information from standardized and district assessments; and student, parent, and staff surveys. The school plan is updated, stating goals to meet student needs, each year.

We are proud of the partnership and collaboration of Site Council members, staff and educational staff; and their understanding of the ideas that lead to the implementation of innovative programs and activities for the benefit of our students and school family community.

Professional Development

The Arcata School District schedules minimum days each Monday during the academic school year. This time is used for professional development, grade level collaboration, and planning. Twelve minimum days are set aside for fall and winter parent conferences. Teachers and paraprofessional staff are encouraged to attend professional development training throughout the school year. Substitutes and funds to pay for the trainings are provided, using school site funds and district professional development funds.

Because of the wealth of professional development opportunities offered through Humboldt County Office of Education (HCOE), staff in the Arcata School District are able to avail ourselves of many excellent workshops and classes. For the 2022-2023 school year our professional development focuses on distance learning, diversity and inclusion, and PBIS/MTSS. Both classified and certificated staff have attended training sessions to support our focus areas. The district is participating in a four year grant for PBIS and MTSS that includes both district and school level teams to implement the programs with fidelity. Our district is also focused on Equity and staff members have participated in numerous opportunities.
