2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Mad River High School is an alternative education continuation school located on the McKinleyville High School campus in McKinleyville, California. The site's goal is to provide an instructional program that includes self-paced academic curricula, direct instruction classes, social-emotional personal development and responsibility, academic planning, frequent transcript review, technology based instructional materials, and a focus on career-based transitional activities.

Mad River High School's mission is to serve and support all students through differentiated instruction and trauma-informed, restorative practices. We strive to encourage and provide opportunities for parent and community involvement, and to ensure a physically and emotionally safe learning environment in which students can and will thrive.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Each year, the school board reviews the materials used in Northern Humboldt. The following is from the September 12, 2023, School Board meeting.

Whereas, sufficient textbooks and instructional materials were provided to each student, including English learners that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in the following subjects:

- Mathematics
- Science
- History-social science
- English/language arts, including the English language development component of an adopted program

Whereas, sufficient textbooks or instructional materials were provided to each student enrolled in foreign language or health classes, and;

Whereas, laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive;

Therefore, it is resolved that for the 2023-2024 school year, the Northern Humboldt Union High School District, has provided each student with sufficient textbooks and instructional materials aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks.

School Facility Conditions and Planned Improvements

During this past decade, McKinleyville High School, on which Mad River High School is located, completed a seven-year modernization project. One highlight is the renovation of all classroom wings to provide an exemplary learning and teaching environment. The maintenance and safety of the facilities available to Mad River students and staff is of utmost importance to the administration of the Northern Humboldt Union High School District. Safety inspections are conducted regularly and safety-related problems are dealt with promptly and effectively to insure a safe educational environment. The \$25.8 Measure Q general obligation passed by the voters in November of 2010 has and will continue to enhance the campus. Completed projects include communication and technology upgrades across the campus, renovated bathrooms in the Gym, a remodeled Library Media Center and new bleachers and a snack bar for the athletic facility, all of which Mad River students may access. In short, Mad River shares a safe and clean campus with McKinleyville High where the custodial staff and district administration take great pride in presenting a facility that creates an environment that fosters success.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	0	0	25	31	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 Career Technical Education Programs

Through the work experience program, Mad River students have the opportunity to seek employment while continuing their education. Students have the added benefit of securing income while acquiring elective credits toward graduation requirements. A semester of Technology Essentials is included within the graduation requirements of the school district. Practical mathematics curriculum builds real-world skills as well as competency with the Common Core Standards. Mad River students have the opportunity to take Industrial Technology and Art classes through McKinleyville High School. Students in Special Education receive services via the Workability, WIOA, and TPP programs, which are all administered in-house. In addition, Mad River administration strives to pair students with community business partners for internships to foster interest in future employment opportunities.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Mad River High School has an open-door policy for parents/community/business partners to come and observe, participate in stakeholder meetings, ask questions, and volunteer. Parents may also take advantage of classes offered by "The Parent Project," which are sometimes held on the McKinleyville High campus. Mad River High School is included in McKinleyville High School's Site Council and holds annual Educational Partners meeting(s) to gather feedback from parents/students/faculty and community partners. Parents can inquire through the office for information about how to become involved in Site Council meetings. In the future, Mad River's staff looks forward to introducing more opportunities for parental involvement.

2023-24 School Safety Plan

Mad River High School takes pride in maintaining a safe physical and emotional environment for its students, staff and the extended community. As part of the McKinleyville High campus, we have a close working relationship with the Humboldt County Sheriff's Department, the Arcata Police and Fire Departments and the Humboldt County Office of Education. Mad River works within a district team to promote professional development for its staff, such as Crisis Prevention Institute training and a yearly Suspected Child Abuse Reporting training. Each year Mad River students participate in the McKinleyville High School's emergency drills in order to provide them with the opportunity to practice all of the district's emergency protocols, including lockdown, earthquake, and fire drills. As part of the district's Safety Committee, Mad River's principal is an active participant in keeping the district's Safety Plan up to date. The plan is located on the McKinleyville High School website and is reviewed and updated each school year.
