2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

About Our School

McKinleyville High School is one of two comprehensive high schools in the Northern Humboldt Union High School District.

The school serves a broad area in northern Humboldt County including the communities of McKinleyville, Big Lagoon, Fieldbrook, Orick and Trinidad.

I am proud of our school and firmly believe that Mack High offers something for everybody. At McKinleyville High School students have access to rigorous college prep and college level curriculum (through AP and Honors courses) to help students maximize their potential while creating their own individual plan for success. We have a strong career education program that includes opportunities for students including a thriving Agriculture program, a growing Makers program which are in addition to the traditional offerings of wood, auto and metal shop. We celebrate the fine arts with a highly successful theater arts program, music, art and ceramics. We are home to an excellent Yurok language and culture class and support an Indian Education program that celebrates the rich history and cultures of all of our North Coast Native peoples. The Indian Ed program develops leadership skills and provides opportunities for students to give back to the greater community. Mack High has a Special Education program that is the home to a diverse group of learners that are served by a devoted and talented staff that work hard to challenge students to meet their potential and ensure that every student has access to quality education and support services designed to meet individual needs. By working collaboratively with parents, students, community, Board of Trustees and District administration, programs are designed and implemented around the needs of the student. Building a strong vision and mission has been paramount to our strength as a learning community and through this cooperation; our school is planning with the future in mind. Thank you for taking time to review our SARC. If you have any questions about the information included in this report or would like to discuss any aspect of McKinleyville High School please call our office at 839-6400.

Sincerely,

Dustin Dutra

Principal

2023-24 School Description and Mission Statement

McKinleyville High School

McKinleyville High School is one of two comprehensive high schools in the Northern Humboldt Union High School District. The school serves a broad area in northern Humboldt County including the communities of Big Lagoon, Fieldbrook, McKinleyville, Orick and Trinidad.

Staff at McKinleyville High School understands their responsibility to ensure that every student has access to quality education and support services designed to meet individual needs. By working collaboratively with parents, students, community, Board of Trustees and District administration, programs are designed and implemented around the needs of the student. Building a strong vision and mission has been paramount to our strength as a learning community and through this cooperation; the school is planning with the future in mind. The following statements provide a foundation of beliefs which guide decision-making, allow for assessment of current practice and assist in planning for the future.

Vision Statement

"McKinleyville High School fosters an inclusive community where all individuals can excel both personally and academically by empowering learners with meaningful skills in a safe and supportive environment."

School Norms and Student Learning Outcomes

Panthers are

To build a supportive community (social)

To gain the skills necessary to achieve personal and community goals (academic)

Engaged

In personal, academic and social growth (personal)

In local, national and global communities (social)

In developing as lifelong learners (academic)

McKinleyville High School enjoys a position of respect and prominence within the local community. High school events from athletics to student productions to graduation draw support from a broad spectrum of the community. With such a caring and supportive population, the school and students have access to a network of parents, residents and alumni who are concerned about the best interests of the school and students. This relationship between the school and community is definitely one of the significant and unique aspects contributing to the success of our school.

There are several well-organized opportunities for parents to get involved in McKinleyville High School. The School Site Council and the Safe School Committee are required to have parent representatives. Historically, our parent representatives on these organizations have played vital roles in helping establish school policy and the allocation of resources to fund various programs.

The Panther Partners is an organization completely made up of parents and volunteers. They meet the first Monday of each month in the school library. This organization supports a wide range of curricular and extra-curricular activities at the school. Through membership fees and fundraising, they assist school programs financially. These parents also serve as volunteers at various school events such as Homecoming, the music department's "Sweets and Tweets" fundraiser, and the freshmen orientation day, "LINK."

The Grandmas and Grandpas Club is another booster group that supports curricular and extracurricular activities. These elders

2023-24 School Description and Mission Statement

of the community help to assemble mass mailings for the school, sell and take tickets at athletic events, and prepare and organize food for a number of school events. Many have put their children through McKinleyville High School and continue to help their grandchildren and the school.

Lastly, parents are encouraged to become school volunteers. They can assist teachers, coaches, and support personnel in a variety of ways and simply need to complete an intake process by contacting principal Dustin Dutra.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Each year, the school board reviews the materials used in Northern Humboldt. The following is from the September 13, 2022 School Board meeting.

Whereas, sufficient textbooks and instructional materials were provided to each student, including English learners that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in the following subjects:

- Mathematics
- Science
- History-social science
- English/language arts, including the English language development component of an adopted program

Whereas, sufficient textbooks or instructional materials were provided to each student enrolled in foreign language or health classes, and;

Whereas, laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive;

Therefore, it is resolved that for the 2022-23 school year, the Northern Humboldt Union High School District, has provided each student with sufficient textbooks and instructional materials aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks.

School Facility Conditions and Planned Improvements

During this past decade, McKinleyville High School completed a seven-year modernization project. Most recent improvements include a new Student Services building that rivals any such facility in the entire Humboldt County region. This structure has been expanded and completely remodeled to more adequately accommodate the numerous student support efforts. The chemistry room was completely updated to reflect a true state of the art facility. In addition, all of the classroom wings have been renovated to provide an exemplary learning and teaching environment. The maintenance and safety of the facilities available to MHS students and staff is of utmost importance to the administration of the Northern Humboldt Union High School District. Safety inspections are conducted monthly and safety-related problems are dealt with promptly and effectively to insure a safe educational environment.

The \$25.8 Measure Q general obligation passed by the voters in November of 2010 has and will continue to enhance our campus. Completed projects include communication and technology upgrades across the campus, renovated bathrooms in the Gym, a remodelled Library Media Center and new bleachers and a snack bar for our athletic facility. A new athletic field, tennis courts and storage facilities were completed during the 2020-21 school year.. For more information on Measure Q with current and future site and District plans please refer to the Northern Humboldt Union High School District website.

McKinleyville High School is one of the nicest school facilities on the North Coast. Visitors consistently comment on the cleanliness of the buildings, the beauty of the grounds, and the overall visual appeal of our school. The custodial staff and district administration take great pride in presenting a facility that creates an environment that fosters success.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	22	27	25	31	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 Career Technical Education Programs

McKinleyville High School offers a variety of educational experiences to help prepare students to enter the work force. In addition to job skill programs included in our regular course offerings, McKinleyville High School also provides many specialized programs that offer students the opportunity to prepare for gainful employment.

A number of departments include within their curriculum two- and three-week career-oriented programs designed to prepare students for entry-level positions.

Students are able to explore career opportunities, conduct job searches, develop cover letters and resumes, complete mock job applications, and practice

interview techniques. With the use of the Career Center, students will have an increased opportunity to receive career information and participate in

career related

decision-making. Beginning with the 2010-11 school year, the Career Choices curriculum was introduced for all freshmen. This curriculum integrated with

the existing Technology Essential's, Health, and freshmen English curriculums, helps students develop the knowledge, skills, and attitudes needed to successfully

examine their own lives, explore and evaluate a wide range of education and career options, and make reasoned and researched goals for their future. As part of

the integration of career information into the mainstream curriculum, the school's academic counselors and some classes utilize the Kuder Navigator Planning

System to explore college and career opportunities. Guided by a Career Planning Timeline, Navigator helps students learn about themselves with Kuder's

research based

assessments, build an education plan, and prepare for various options after high school. Students also access tools that prepare them for a world beyond

school walls. All data that is saved or created is populated into an electronic portfolio, which students can access throughout their lifetime and share online.

Academic counselors also utilize California Career Zone website to assist students with their career needs. Students are also encouraged to take the Armed

Services Vocational Aptitude Battery (ASVAB) Test. The test includes an extensive interest inventory that is helpful to many students in making career choices.

In addition to our HROP Work Experience course, many other courses on campus promote entry into the work force through specialized instruction. The

automotive program's application for an automobile technician-training program in the area of General Service Technician through the National Automotive

Technicians Education Foundation, Inc., (NATEF) has been approved and certification was granted in November 2007 and renewed in 2013. This certification

allows our students immediate entrance into the work force or give them advantages if they choose to continue their education in automotives upon graduation.

Accounting, agriculture, art, building trades, computer applications and programming, drafting, drama, foods, journalism, music, and photography are a sample of

other courses and programs taught at McKinleyville High School that provide skills for students to enter the work force directly after graduation. A complete list

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

McKinleyville High School enjoys a position of respect and prominence within the local community. High school events from athletics to student productions to graduation draw support from a broad spectrum of the community. With such a caring and supportive population, the school and students have access to a network of parents, residents and alumni who are concerned about the best interests of the school and students. This relationship between the school and community is definitely one of the significant and unique aspects contributing to the success of our school.

There are several well-organized opportunities for parents to get involved in McKinleyville High School. The School Site Council, The Athletic Advisory Committee and the Safe School Committee are required to have parent representatives. Historically, our parent representatives on these organizations have played vital roles in helping establish school policy and the allocation of resources to fund various programs. For the past three years MHS has also held annual stakeholder meetings with students, parents and staff in support of updating and revising the school's LCAP goals and action plans. In this process there are two meetings one in November and one in February. Starting in September of 2020 McKinleyville High School began holding an equity meeting each week with staff, students and community members, this group continues to meet and is open to all family members.

The Panther Partners is an organization completely made up of parents and volunteers. They meet the first Monday of each month in the school library. This organization supports a wide range of curricular and extra-curricular activities at the school. Through membership fees and fundraising, they assist school programs financially. These parents also serve as volunteers at various school events such as Homecoming and the freshmen orientation day, "LINK."

The Grandmas and Grandpas Club is another booster group that supports curricular and extracurricular activities. These elders of the community help to assemble mass mailings for the school, sell and take tickets at athletic events, and prepare and organize food for a number of school events. Many have put their children through McKinleyville High School and continue to help their grandchildren and the school.

Lastly, parents are encouraged to become school volunteers. They can assist teachers, coaches, and support personnel in a variety of ways and simply need to complete an intake process by contacting principal Nic Collart.

2023-24 School Safety Plan

McKinleyville High School takes pride in maintaining a safe physical and emotional environment for our students, staff and our extended community. We have close working relationships with the Humboldt County Sheriff's Department, the Arcata Police and Fire Departments and the Humboldt County Office of Education. We work as a District team to promote professional development for our staff. We start each year with safety drills so students and staff practice all of our emergency protocols, including earthquake, fire and active threat on campus.

Our comprehensive School Safety Plan is posted on our website and anyone interested on serving on our Safety Committee please contact Assistant Principal Dustin Dutra. The School Safety Plan is updated, reviewed and approved by our school council and then approved yearly at the NHUHSD Board Meeting in February.
