2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Jacoby Creek School District includes students from transitional kindergarten through eighth grade. We are a one-school district serving the community of Humboldt County.

Our school enjoys a strong local and statewide reputation for academic excellence. Approximately 50% of our students attend from outside our school district. School enrollment for the 2022-2023 school year was around 455 students. Jacoby Creek School has an outstanding staff consisting of nineteen regular education teachers, one counselor, one special education teacher, one librarian, one superintendent/principal, one technology coordinator and five special program teachers including: reading support, vocal music, instrumental music, and Spanish.

The mission of Jacoby Creek School District, in partnership with the parents and the community, is to provide in a structured, safe and supportive atmosphere, a high quality program of academic instruction which meets the needs of all students and equips them with the skills necessary for success in the homes, workplaces, and communities of today and tomorrow.

The district also strives to develop the qualities of good character, self-discipline, and responsible citizenship in our students. We encourage them to pursue excellence and embrace new challenges without fear of failure. Finally, we nurture and encourage each student's respect of self and the needs and rights of others.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. School Facility Conditions and Planned Improvements

Jacoby Creek School is proud of the safe and clean environment we provide for our students. Our facilities are maintained by 1.5 FTE maintenance employees and three custodians. During the 2005- 2006 school year our site received a million dollar grant from the state to perform a facilities upgrade consisting of new windows, siding, roofing, technology infrastructure and phone system. In 2010 we completed construction of 3 new energy-efficient classrooms for our 7th and 8th grade students. Additionally, five classrooms, the staff work room and the staff lounge were all modernized within the recent past. A fairly new play field with recreation equipment provided a very enjoyable play environment for our students. We have completed our California Clean Energy Jobs Act projects. These projects which have greatly increased our energy efficiency. Our district recently passed at 2.6 million dollar facilities bond which will be used to repair and improve our school's facilities and ADA compliance updates, painting, and other exciting facilities projects were completed during the summer of 2019.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

As a community school, we appreciate our parent and community volunteers who enable us to provide students with more individual attention, special study programs, special equipment and supplies. In 2022-2023 we have parents volunteer in the following ways: Parent Advisory Committee, Jacoby Creek Children's Education Foundation, JCS School Board, Parent Teacher Organization, library program helpers, and special event helpers. Parents also volunteer in classrooms helping with paperwork and supporting students.

The Parent Advisory Committee (PAC) serves as the District's LCAP advisory committee. The PAC will survey families and host focus group meetings annually in order to seek parent input.

2023-24 School Safety Plan

Jacoby Creek School has policies and plans in place to assure the safety of our students. Our comprehensive school safety plan was updated in 2019 and covers the details of all emergency responses. This plan is reviewed annually by what was formally known as the School Site Council, but is now the Parent Advisory Committee. Each month we practice one emergency situation. We strive to ensure effective communication by equipping all classrooms with telephones and access to the Internet. Our office maintains a weather radio alert as well as a CB to cover emergency situations. Visitors are required to register in the school office and display a guest badge during their visit. Additionally, all staff has been trained in first aid, CPR and threat assessment. Student comfort and safety is a very high priority.
