2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Ambrosini School is a community of students, families, and staff dedicated to the development of every individual's ability and desire to learn and achieve. Collectively, we provide a safe, supportive environment that fosters curiosity, inquiry, and a life-long passion for learning.

Our mission is for our students to strive for and believe they can develop:

- proficiency in literacy and mathematics
- writing skills for self expression and effective communication
- a passion for learning
- a variety of technological, critical thinking, and collaborative skills
- a sense of creativity
- positive character traits

We believe we will accomplish this through collaboration, dedication, and the use of research-based instructional strategies and materials. It is vital to the success of our Ambrosini students for their families and the greater community to be active and involved in the educational process.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

School Facility Conditions and Planned Improvements

Ambrosini School meets and exceeds Field Act requirements, and state and federal handicapped access requirements, and is inspected on a regular basis for a wide variety of health and safety items by qualified District and non-District employees including, but not limited to, the state Fire Marshall, insurance, JPA Loss Control and Safety Analyst, Humboldt County Health department and outside private vendors. The District employs a full-time maintenance director who works at all four sites. Ambrosini School has a full-time custodian and two part-time custodians who establish and maintain high-quality cleanliness and the availability of necessary supplies. The safety and comfort of our students and staff is our highest maintenance priority.

Ambrosini was built in 1959. The school has sixteen general education classrooms, a mild to moderate special day classroom, a library, a multipurpose room, a speech therapy classroom, and a special education classroom. Athletic facilities include a separate playground for kindergarten, a first through fourth grade playground, and a playing field.

Students are kept safe on campus due to a schedule of staff supervision that places staff members in key locations during recess, passing periods, before school, and after school. The school grounds are fully covered by a video surveillance system and an integrated fire alarm system. Our school maintains a Comprehensive School Safety Plan and an Emergency Management Response Plan.

Norman G. Ambrosini Elementary School has a custodial staff of one full-time staff member working from 7:00 a.m. to 3:30 p.m., two part-time custodians who work from 4:00 to 8:00 p.m., plus a maintenance supervisor with district responsibilities who works from 6 a.m. to 2:30 p.m.

The District employs a gardener to maintain the lawns and grounds. Deferred Maintenance Program and safety funds are allocated to keep our site fully operational, functional and safe. Ambrosini School's classroom interiors were completely modernized in 2003. Most recently, the old multipurpose room was remodeled into two new classrooms.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	30	35	23	24	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Ambrosini School is a dedicated community working toward the primary goal of success for every student. Communication and collaboration are the binding factors along with shared leadership. Our parents are an active and essential part of their children's education. They act as participants in classroom programs, leaders in school advisory and parent groups, as board members, and as supporters and volunteers in school activities. They also support our students by extending their child's learning after the school day.
Parents are urged to contact their child's teacher and/or Fortuna Elementary Parent Teacher Organization at (707) 725-4688 to find out ways they can participate in their child's educational experience.

2023-24 School Safety Plan

Student safety, health and well-being are essential to learning. Safety training in the classroom, on the playground, and to and from classrooms is practiced and monitored. Regular safety drills are taught and practiced. Each classroom has a safety backpack and emergency binder near its exit. The staff has been trained for disaster response. Many have had current first aid and CPR training. The District safety committee meets regularly and is responsible for updating the school plan and School Crisis Response Kit each year and for coordinating safety training.

The School Safety Plan was most recently reviewed and discussed with school faculty in August 2023. The key elements in the Ambrosini School Safety Plan include procedures, responsibilities, and student and staff training.

Participation in the Regional Emergency Management grant has broadened our safety plans to include regional aspects of emergency response.

Professional Development

In 2020-2021, 2021-2022, 2022-2023, and 2023-2024 there were four days each school year dedicated to professional development. There is one early-release day each week also dedicated to staff development activities.

Teachers are provided substitute teachers, so they can attend professional development of their choice, or they can meet as a grade level team to attend professional development or develop a grade level plan.

Implementation of our programs is supported by monthly grade-level meetings, monthly staff meetings, and by using staff and resources from the Humboldt County Office of Education to provide extra assistance.

This table displays the number of school days dedicated to staff development and continuous improvement.
