At the time of Kennedy's initial recognition, there were only four schools selected for this designation and 47 nationwide. Kennedy is committed to continue the standard of excellence outlined in the "Schools to Watch" program by working to be responsive to student needs, and by providing rigorous academic instruction for all our students. In 2015, Kennedy Middle School was also awarded the Gold Ribbon Award and the Title I Academic Achieving School Award by the California Department of Education. These recognitions were given to schools who have embraced rigorous academic standards, provided excellence and creativity in teaching and creating a positive school climate.

Curriculum & Instruction

School Leadership

The administrative team is comprised of the principal and assistant principal who work closely with the leadership team, teachers, and school staff. Principal, Richard Sanchez, and Assistant Principal, Lynee Pacheco, are responsible for the day-to-day operations of the school and for the overall instructional program. Coordinating efforts with the administration is the Leadership Team, comprised of the principal, assistant principal, the reading coach, and grade level representatives.

The Leadership Team and AVID Site Team meet throughout the year to discuss school operational systems and educational concerns.

Specialized Instruction

All curriculum and instruction is being aligned to the California State Standards approved by the State Board of Education. The instructional program is structured so that all students receive instruction appropriate to their learning level. Teachers use a variety of research-based instructional strategies and techniques using state-approved instructional materials to ensure academic success.

Students with special gifts and talents need more challenging curriculum and instruction. Honors classes are offered to students in grades 7 and 8 who have been identified as academically gifted through district-administered assessments.

For students whose primary language is not English and who have limited English proficiency, Kennedy Middle School offers programs to help them acquire English as quickly as possible and prepare them to meet the state's academic content standards. Instruction focuses on reinforcement of class lessons, reading intervention, and targeted support in areas of need. All classes are Structured English Immersion (SEI) and English learners may be clustered during ELD instruction. Some students may receive English Language Development instruction as a supplement to their regular Language Arts instruction. Students provided ELD instruction are regrouped based on language fluency and receive targeted instruction at their proficiency level. English Learners are assessed annually using the ELPAC exam (English Language Proficiency Assessment of California); results are used to evaluate student progress, intervention programs, and teaching strategies.

Kennedy Middle School's special education program is staffed by special education teachers and instructional aides. Instruction is provided in the least restrictive environment based on each student's Individual Education Plan (IEP). Students have access to a comprehensive curriculum and are mainstreamed into the general education class with in-class support in both small group and individual settings. A portion of instruction may be provided in the special day class. The IEP team meets annually to establish goals and objectives, define academic instruction, evaluate the effectiveness of the student's plan, and make instructional adjustments as necessary. Kennedy Middle School takes advantage of the district's participation in the Imperial County Office of Education's Special Education Local Plan Area (SELPA), which provides a pool of professional resources and expertise in the field of special education.

Kennedy Middle School provides a variety of intervention and remediation programs to support students' efforts to achieve academic success and reach grade level expectations. Using Focused Interim Assessment Blocks (FIABs), as well as, district benchmark assessments, and end-of-unit exams, teachers and administrators can identify students who are struggling or performing below state proficiency grade level standards. For those students who need extra help in any subject area, a Student Success Team pulls together school and family resources to identify and develop strategies to help students improve academic and/or behavioral performance. Intervention strategies include:

- Computer Intervention Programs
- Freckle
- Imagine Learning
- Immigrant & EL Intervention
- Math 180
- Migrant Intervention (Grades 7-8)
- Read 180
- Special Education Inclusivity
- Study Skills
- Tutoring

Supplementary instructional materials are purchased as needed to support intervention programs. Classroom teachers monitor student performance on district benchmark assessments and end-of-unit tests to measure ongoing academic progress and adjust instructional needs.

Enrichment Programs

Kennedy Middle School offers band and orchestra for students who wish to participate. In addition, art class, MESA (Mathematics, Engineering, Science and Achievement) class and AVID Program are offered to students. Beginning in 2021-22, a foreign language class, an additional music elective, and a full-time visual arts teacher were added.

Kennedy Middle School supports ongoing professional growth throughout the year on minimum days. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need.

Instructional Materials

All textbooks used in the core curriculum at Kennedy Middle School are aligned to the California State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The District follows the State Board of Education's adoption cycle for core content materials (English/Language Arts, math, science, and social science).

On Tuesday, October 10, 2023, the El Centro Elementary School District held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Governing Board adopted Resolution No. 101023-4048 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English Learners, in the District to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English Learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/Language Arts, including the English Language Development component of an adopted program, and 3) each pupil enrolled in a foreign language has sufficient textbooks or instructional materials that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board for those subjects.

In addition to core subject areas, districts are required to disclose in their SARC's the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2023-24 school year, El Centro Elementary School District provided each student, including

Classroom Environment

Chronic Absenteeism

The chart in this report identifies the chronic absenteeism rates by student group for Kennedy Middle School for the 2022-23 school year. A "chronic absentee" has been defined in EC Section 60901(c)(1) as "a pupil who is absent on 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays."

Class Size

The Average Class Size & Distribution table in this report illustrates the distribution of class sizes by core subject, the average class size, and the number of classes that contain 1-22 students, 23-32 students, and 33 or more students.

Discipline & Climate for Learning

Kennedy Middle School's discipline policies are based upon a schoolwide discipline plan, which is used as a guide to develop school rules, develop behavior management programs, promote responsibility, promote respect, and minimize classroom disruptions. Teachers clearly identify and explain behavior expectations to their students and discuss consequences for poor or disruptive behavior in the classroom. Kennedy Middle School uses Positive Behavior Intervention and Support (PBIS) program focused on improving classroom behavior, establishing clear behavior expectations, reducing misbehavior, motivating students to put forth their best effort, increasing academic engagement, and teaching students to behave respectfully and to value diversity.

Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who receive scores.

Student Achievement

California Assessment of Student Performance and Progress (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

Physical Fitness

In the spring of each year, Kennedy Middle School is required by the state to administer a physical fitness test to all students in seventh grade. The physical fitness test (PFT) for students in California schools is the FITNESSGRAM®. The main goal of the test is to help students in starting life-long habits of regular physical activity.

One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The FITNESSGRAM® has six parts, though California currently requires five parts be completed annually, that show a level of fitness that offer a degree of defense against diseases that come from inactivity. The test results can be used by students, teachers, and parents. Comparative District and state results can be found at the CDE's web site www.cde.ca.gov/ta/tg/pf/.

Facilities & Safety

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Kennedy Middle School's original facilities were built in 1964, and ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months the following campus improvements have been completed:

2022-23 Campus Improvements:

- Installation of new carpet in rooms 18 and 21
- Installation of LVT in room 21
- New roof on building E

2023-24 Planned Campus Improvements:

- Installation of new carpet in rooms 16 and 1
- Installation of outdoor lighting for athletic field
- Installation of new building for ELOP Program

Every morning before school begins, the custodian inspects facilities for safety hazards or conditions that need attention prior to students and staff entering school grounds. Two day custodians and one evening custodian are assigned to Kennedy Middle School. The lead day custodian is responsible for:

- Cafeteria setup/cleanup
- Classroom cleaning
- General grounds maintenance
- Restroom cleaning
- Trash removal

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, pupil supervisors and the campus security officers are strategically assigned to designated entrance areas and school grounds. Pupil supervisors and the campus security officer monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, the administration, teachers, pupil supervisors, and the campus security officer monitor student behavior to ensure a safe and orderly departure.

Kennedy Middle School is a closed campus. During school hours, all visitors must sign in at the school's office with their valid state issued identification to be scanned through the Raptor system and wear the printed identification sticker while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Kennedy Middle in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's safety plan is reviewed, updated, and discussed with school staff in January 2024.

Facilities Inspection

The district's maintenance department inspects Kennedy Middle on an annual basis in accordance with Education Code §17592.72(c) (1). Kennedy Middle uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on April 26, 2023. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2022-23, all restrooms were fully functional and available for student use.

District Expenditures

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2021-22 salary comparison data was the most recent data available at the time this report was published.)

Expenditures Per Student

For the 2021-22 school year, El Centro Elementary School District spent an average of \$18,791 of total general funds to educate each student (based on 2021-22 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the District and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/.
