Principal's Message

It is the hope of the administration and staff of Wilson Junior High School that you will find this annual report informative, and that it will give you a better understanding of our instructional program and our school. We invite your comments about this report and any comments you may have for better serving our students or informing you of Wilson Junior High School's policies and curriculum. You may call us at (760) 352-5341 if you have any questions or concerns.

School Mission

Our mission is to prepare all students for success in higher education and beyond by fostering the development of our school pride.

District & School Description

The El Centro Elementary School District is located in Imperial County, and is surrounded by thousands of acres of California's most productive farming land. El Centro Elementary School District is comprised of nine elementary schools, two middle schools, and one home school academy which educates approximately 5,500 students in transitional kindergarten through eighth grade per school year. The district is committed to preparing its students for the future and dedicated to excellence in the realm of academics. All programs within the district are founded on the principle that "children come first."

Wilson Junior High School serves students in seventh and eighth grade. During the 2022-23 school year, the school had an enrollment of 630 students including 13% in special education, 31.4% qualifying for English Language Learner support, 0.2% homeless youth, 1% foster youth, 3.7% migrant, and 80.6% qualifying for free or reduced price lunch.

Local Control Accountability Plan (LCAP)

As part of the Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP).

The SARC provides the following information relevant to the State priority: Basic (Priority 1)

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- School facilities are maintained in good repair

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4)

- Statewide assessments (i.e., California Assessment of Student Performance and Progress (CAASPP) System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS) for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical sequences or programs of student.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8)

- Pupil outcomes in the subject area of physical education

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3)

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5)

- High school dropout rates; and
- High school graduation rates

The SARC provides the following information relevant to the State priority: School Climate (Priority 6)

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or attending school events.

Parents stay informed of upcoming events and school activities through student agenda/daily planners, monthly calendars, flyers, email, parent conferences, the school marquee, the school website, and ParentSquare (web-based message delivery system). Contact the principal at (760) 352-5341 for more information on how to become involved in your child's learning environment.

Curriculum & Instruction

School Leadership

The administrative team is comprised of the principal and the assistant principal who work closely with the leadership team, reading coach, counselor, teachers, and school staff. Principal Maria Ambriz is responsible for the day-to-day operations of the school and the overall instructional program. Coordinating efforts with the principal is the Leadership Team, comprised of the principal, assistant principals, instructional coach, the social worker, and department representatives. The Leadership Team meets monthly throughout the year to discuss instructional strategies, evaluate student assessment data, develop or modify programs to meet students' learning needs, and to steer the school on budgets and programs.

Principal Ambriz has been in the educational field for 27 years and serving Wilson Junior High School since the 2013-14 school year. Previous positions held in other schools include: teacher, resource teacher, assistant principal and coordinator. Principal Ambriz holds a bachelor's in Liberal Studies and a masters in Educational Administration.

Specialized Instruction

All curriculum and instruction is being aligned to the California State Standards approved by the State Board of Education. The instructional program is structured so that all students receive instruction appropriate to their learning level. Teachers use a variety of research-based instructional strategies and techniques using state-approved instructional materials to ensure academic success.

Students with special gifts and talents need more challenging curriculum and instruction. Honors classes are offered to students in grades 7 and 8

who have been identified as academically gifted through district-administered assessments.

For students whose primary language is not English and who have limited English proficiency, Wilson Junior High School offers programs to help them acquire English as quickly as possible and prepare them to meet the state's academic content standards. All classes are Structured English Immersion (SEI) and English learners may be clustered during ELD instruction. Instruction focuses on reinforcement of class lessons, reading intervention, and targeted support in areas of need. Some students receive English Language Development instruction as a supplement to their regular Language Arts instruction. Students provided ELD instruction take this course in lieu of an elective and receive targeted instruction at their proficiency level. Wilson Junior High School's teachers utilize Study Sync series, a state-approved reading intervention program and textbook adoption. English Learners are assessed annually using the ELPAC exam (English Language Proficiency Assessment for California); results are used to evaluate student progress, intervention programs, and teaching strategies.

Wilson Junior High School's special education program is staffed by special education teachers and instructional aides. Instruction is provided in the least restrictive environment based on each student's Individual Education Plan (IEP). Students have access to a comprehensive curriculum and are mainstreamed into the general education class with in-class support in both small group and individual settings. A portion of instruction may be provided in one of two special day classes. The IEP team meets annually to establish goals and objectives, define academic instruction, evaluate the effectiveness of the student's plan, and make instructional adjustments as necessary. Wilson Junior High School takes advantage of the district's participation in the Imperial County Office of Education's Special Education Local Plan Area (SELPA), which provides a pool of professional resources and expertise in the field of special education.

Wilson Junior High School provides a variety of intervention and remediation programs to support students' efforts to achieve academic success and reach grade level expectations. Using Focused Interim Assessment Blocks (FIABs), as well as, modules and end-of-unit exams, teachers and administrators can identify students who are struggling or performing below state proficiency grade level standards. For those students who need extra help in any subject area, a Student StudyTeam pulls together school and family resources to identify and develop strategies to help students improve academic and/or behavioral performance. Intervention strategies include:

- ELOP (morning)
- StudySync
- After School & Saturday Academies (Language Arts & Math)
- ELA & Math Intervention
- Extended Tutoring (After School)
- After School Education & Safety (ASES)
- Homeroom/SEL

Supplementary instructional materials are purchased as needed to support intervention programs. Classroom teachers monitor student performance on modules and end-of-unit tests to measure ongoing academic progress and adjust instructional needs.

Enrichment Programs

Wilson Junior High School offers yearbook activities, marching band, orchestra, chorus, auxiliary team, STEM, Spanish, music, AVID, Circle of Friends, and an after school ASES program (arts, dancing, sports, academics, and drama) or Expanded Learning Opportunities Program (ELOP) for all students who wish to participate.

Staff Development

All training and curriculum development activities in the El Centro Elementary School District are aligned to the California State Standards.

During the 2022-23 school year, Wilson Junior High School held site-based professional development devoted to:

- AVID
- ELA StudySync
- ELA/Math Online Assessments
- ELD Strategies
- Honors
- GO Math!
- Learning Intervention/Success Criteria
- Next Generation Science Standards (NGSS)
- Positive Behavior Intervention & Support
- Second Step
- Writing Buckets
- Universal Design for Learning (UDL)

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Wilson Junior High School supports ongoing professional growth throughout the year on Thursdays. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need.

During the 2021-22, 2022-23, and 2023-24 school years, El Centro Elementary School District provided districtwide professional development training on these topics:

2021-22 Trainings:

- AVID
- Intro to Phonics Reading
- Grade Level PLC Meetings - K-3 (Phonics to Reading Training, Curriculum Guides, Mindset Mathematics)
- Dual Immersion
- Grade Level PLC Meetings - 4-6 (Eduprotocols, Curriculum Maps, Mindset Mathematics)

- PBIS "Back to the Future" Training - Tiers 1-3
- Multi-Tiered Systems of Support (MTSS) Training

Wilson Junior High School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at Wilson Junior High School are aligned to the California State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The District follows the State Board of Education's adoption cycle for core content materials (English/Language Arts, math, science, and social science).

On Tuesday, October 10, 2023, the El Centro Elementary School District held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Governing Board adopted Resolution No. 101023-4048 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English Learners, in the District to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English Learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/Language Arts, including the English Language Development component of an adopted program, and 3) each pupil enrolled in a foreign language has sufficient textbooks or instructional materials that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board for those subject.

In addition to core subject areas, districts are required to disclose in their SARC's the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2023-24 school year, El Centro Elementary School District provided each student, including English Learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

Classroom Environment

Discipline & Climate for Learning

Wilson Junior High School's discipline policies are based upon a schoolwide discipline plan, which is used as a guide to develop school rules, develop behavior management programs, promote responsibility, promote respect, and minimize classroom disruptions. Teachers clearly identify and explain behavior expectations to their students and discuss consequences for poor or disruptive behavior in the classroom. Wilson Junior High School employs a progressive approach in managing students who make poor choices in behavior, do not follow school rules, or are disruptive in the classroom.

Wilson Junior High implements the Positive Behavioral Interventions and Supports (PBIS) program. Its emphasis is to create school-wide systems of support that include proactive strategies for defining, teaching, and supporting appropriate social skills to create positive school environments. Through PBIS, the school community provides intentional structures for student success through positive behavior expectations. Students are taught to be respectful, responsible, and safe. Positive behavior expectations are posted in the classrooms and throughout the campus. Staff members address students who violate behavior expectations and remind them of location expectations and appropriate social skills.

Wilson Junior High School also provides a social-emotional learning (SEL) lesson during advisory period each day, and there is an on-site sensory room for de-escalation purposes.

Chronic Absenteeism

The chart in this report identifies the chronic absenteeism rates by student group for Wilson Junior High School for the 2022-23 school year. A "chronic absentee" has been defined in EC Section 60901(c)(1) as "a pupil who is absent on 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays."

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who receive scores.

Student Achievement Physical Fitness

In the spring of each year, Wilson Junior High School is required by the state to administer a physical fitness test to all students in seventh grade. The physical fitness test (PFT) for students in California schools is the FITNESSGRAM®. The main goal of the test is to help students in starting life-long habits of regular physical activity. disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

Professional Staff

Counseling & Support Staff

Wilson Junior High School provides professional, highly qualified staff who provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Wilson Junior High School's students.

Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teacher Preparation and Credentials

The charts in this report identify the number of teachers at Wilson Junior High School, El Centro School District and the State who are 1) fully credentialed; 2) intern credential holders who are properly assigned; 3) teachers without credentials and misassignments; and 4) credentialed teachers who are assigned out-of-field under ESSA.

The charts also report Wilson Junior High School information related to 1) the number of teachers on permits and waivers; 2) the number misassigned; 3) the number of vacant positions; 4) the number of credentialed teachers authorized on a permit or waiver; 5) the number of local assignment options; 6) the percent of misassignments for English Learners; and 7) the percent with no credential, permit or authorization to teach.

Facilities & Safety

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Wilson Junior High School's original facilities were built in 1964, and ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the past 12 months the following campus improvements have been completed:

2022-23 Campus Improvements:

- Installation of new carpet in the IT Room and Room 28
- Remodel one set of girls' and one set of boys' student restrooms
- Roof repairs on the gymnasium
- Remodel of the library

2021-22 Campus Improvements:

- Installation of new carpet in rooms 10 and 14
- New roofing on the library wing and art room

Every morning before school begins, the lead custodian inspects facilities for safety hazards or conditions that need attention prior to students and staff entering school grounds. Three day custodians and one evening custodian are assigned to Wilson Junior High School. The day custodians are responsible for:

- Cafeteria setup/cleanup
- Classroom cleaning
- General grounds maintenance
- Restroom cleaning
- Trash removal

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Cafeteria cleaning
- Office area cleaning
- Restroom cleaning

The district custodial supervisor and the principal communicate with custodial staff weekly concerning maintenance and school safety issues.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the principal, assistant principals, campus security, and pupil supervisors are strategically assigned to designated entrance areas and school grounds. The principal, assistant principals, campus security, and pupil supervisors monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, the principal, assistant principals, campus security, and pupil supervisors monitor student behavior to ensure a safe and orderly departure.

Wilson Junior High School is a closed campus. During school hours, all visitors must sign in at the school's office with their valid state issued identification to be scanned through the Raptor system and wear the printed identification sticker while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Wilson Junior High in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's safety plan is reviewed, updated and discussed with school staff in December 2023.

Facilities Inspection

The district's maintenance department inspects Wilson Junior High on an annual basis in accordance with Education Code §17592.72(c) (1). Wilson Junior High uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on April 24, 2023. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2022-23, all restrooms were fully functional and available for student use.

District Expenditures

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2021-22 salary comparison data was the most recent data available at the time this report was published.)

Expenditures Per Student

For the 2021-22 school year, El Centro Elementary School District spent an average of \$18,791 of total general funds to educate each student (based on 2021-22 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the District and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

SARC Data & Internet Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about Wilson Junior High School and comparisons of the school to the district and the county. DataQuest is a dynamic system that provides reports for school accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation and the ability to print documents.

Disclosure

The statistical information disclosed in this report is obtained from the California Department of Education and the El Centro Elementary School District. At the time of publication, this report met all SARC-related state and federal requirements, using the most current data available. Data to prepare the instructional materials and the school facilities section were acquired in October 2023.
