2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Welcome to Mulberry Elementary School, "The Little School With A Big Heart."

We take pride in providing a positive learning environment where student success is our priority. Students' educational needs are met through multi-age classroom settings and a high quality teaching staff. We value the positive working relationship we have with our parents and community. Mulberry Elementary is a special place and I am honored to be the Superintendent/Principal.

Mission Statement

The mission of the Mulberry Elementary School District is to:

Develop in all students, confidence in their ability to fulfill their unique potential: academically, physically, and emotionally.

Educate students to be effective thinkers and lifelong learners.

Teach students about our unique American culture and develop respect and acceptance of social and ethnic diversity and culture.

Prepare students with the skills and knowledge to become productive citizens.

Mulberry School is located in the rural north eastern section of Imperial County, approximately 10 miles from the city of Brawley, California. Brawley is located in the south eastern section of southern California. Mulberry School is approximately 50 miles from the Arizona border and 25 miles north of the border with Mexico.

The school has a historical past linked to the early settlement of the Imperial Valley. The school district was formed in 1910. The school district has one school and receives some direct services from the Imperial County Office of Education. Mulberry school is dedicated to high academic and character standards. The school uses technology in the curriculum and instructional areas in all classes and all students have access to the Internet for classroom study.

2023-24 School Description and Mission Statement

Mulberry School serves students in grades K-8. The number of students has varied in recent years from 65-75 students. In the 2022-23 school year, the district had four (4) full time teachers and a Superintendent /Principal. Instructional assistants provided support to all grade levels and English Language Development.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

AGE OF SCHOOL BUILDINGS

The school consists of the original building, which was built in 1934. The building houses three of the four classrooms in the school. The school has undergone modernization and new construction projects. The original school building has been remodeled. The basement and old cafeteria/kitchen have been abandoned. The school added a kindergarten and first grade classroom facility complete with restrooms. A new cafeteria/kitchen/multipurpose room has been built and includes new restrooms. The remodeled and new facilities were occupied in February of 2004. Currently we have six restrooms on campus for student use: four new and two remodeled and all are handicap accessible. These projects were paid for through state construction funding. The district is a financial hardship district and qualified for 100% state funding for these projects. A new cement basketball/volleyball court was installed in June 2023.

MAINTENANCE, REPAIR, AND DEFERRED MAINTENANCE

The district received Federal Renovation funds in 2002. These funds were used to install a wheelchair accessible ramp to the bathrooms and auditorium and to repair and replace the school septic tank and sewer lines. The school has a part-time evening custodian and a combination bus driver/maintenance worker who take care of the custodial and maintenance needs of the school.

The district participates in the State School Deferred Maintenance Program which provides state funds to assist school districts with expenditures for major repairs or replacement of existing maintenance items. Typically, this includes roofing, plumbing, heating, air conditioners, electrical systems, interior or exterior painting, and flooring.

EMERGENCY CONDITIONS

In August of 2022, an evaluation of the eight emergency facility conditions specified in Education Code Section 17592.72 (c)(1) was conducted at the school. None of the eight emergency conditions exist at Mulberry Elementary School. The eight conditions are as follows: gas leaks; non-functioning heating, ventilation, fire sprinklers, or air-conditioning; electrical power failure; major sewer line stoppage; major pest or vermin infestation; broken window or exterior doors; abatement of hazardous materials previously undiscovered that pose an immediate threat to pupil or staff; and structural damage creating hazardous or uninhabitable condition.

During the Spring of 2011 the artesian well that service the toilets, lawns and the rental house, was found to be non-compliant with State regulations regarding discharge of excess free flowing water into the Mulberry drain ditch. We employed a well drilling company to repair and reroute the well to prevent the discharge of excess water. A new above ground storage tank was installed to meet the conditions set forth by the County Health Department.

During the Summer of 2015, the school discontinued the use of the artesian well and the school installed a water treatment facility which provides potable water to the school. New filtering systems were installed to meet the condition set forth by the County Health Department. The water continues to be potable and is tested on a regular basis and meets all applicable state standards.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Mulberry Elementary is a District of Choice. The enrollment of Mulberry School is predominately inter-district students from the neighboring districts of Brawley Elementary and Calipatria Unified. The parents of these students have chosen Mulberry Elementary for their children and maintain a high level of involvement and interest in the activities of their children and the school.

Teachers, office staff and the administration keep parents informed as to students' progress and attendance through the school website, phone contact, personal contact or the use of notes, the Remind app, bulletins, and emails. Bulletins about special functions and newsletters are used for general parent communication and are either sent home with the student and/or emailed.

A Back-to-School Night is held in September to allow the parents and the community an opportunity to visit the school. The Mulberry Community Club is a parent support organization that meets regularly during the school year. During the spring, the members, staff, and parents host a dinner as a fund raising event for the school.

Parents are supportive of the many school activities, which take place during the year, including a Halloween Carnival, Family Movie Night, History Fair, field trips, and other school projects. During October of each year, formal parent conferences are scheduled for every student. The parent conferences are held in the afternoon of shortened school days. These conferences help parents and teachers set goals for the student and promote better communication and understanding of each student's progress. First quarter grades are reviewed with the parent and specific areas in need of improvement are discussed. Report cards are sent home on a quarterly basis. State testing reports are mailed to parents when received by the school during the summer.
