2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	2.00	0.00
Misassignments	1.00	0.00
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	3.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.00
Total Out-of-Field Teachers	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	4	0
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	14.2	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The school district held a public hearing and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

The table displays information collected about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Given that the next ELA/ELD adoption is not scheduled to begin until 2027, we are looking to extend our current resources for 4 years. We will also look to provide additional training to teachers that haven't used the curriculum.

School Facility Conditions and Planned Improvements

Orangewood Elementary School was originally constructed in 1955 and is comprised of twenty three permanent classrooms, nineteen portable classrooms, a multipurpose/cafeteria room, a library/computer lab, and four playgrounds.

The table shows the results of the most recent school facilities inspection. While reviewing this report, please note that even minor discrepancies are reported in the inspection process.

Cleaning Process

The MOTT Director works daily with the custodial staff to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office for review.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. An on-line work order process (FMX) is used to ensure efficient service and highest priority are given to emergency repairs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	27	38	18	20	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement	State Priority: Parental Involvement The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.
---------------	---

2023-24 Opportunities for Parental Involvement
Parent involvement plays a crucial role in the success of our students. At Orangewood Elementary, parents are encouraged to volunteer, assist with large activities, and participate in awards assemblies, field trips, or student activities. We have a parent center (Community Schools Center) to discuss things such as tutoring tips, parent/teacher communication, home/school communication, ways to get involved, family literacy, social media awareness, as well as district and school policies. One such way to get involved is by joining our Parent Teacher Club (PTC). Our PTC provides parents and staff the opportunity to be involved in a number of student centered activities. Another way parents can get involved is by running for School Site Council (SSC). Parents in this group are involved in writing the school safety plan, and the single school plan for student achievement. We also have an ELAC/DELAC group. This group assists and seeks input from our English Language Learner (ELL) families. Each parent is also encouraged to create a Parent Portal Account. This account allows the parents to track grades and attendance. It also serves as a communications platform between home and school. Contact Information Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the Orangewood Elementary office at (661) 366-8440.

2023-24 School Safety Plan

Orangewood has a safety plan that was written and approved by the School Site Council. Our plan spells out the responsibilities of each staff member as well as detailed procedures to ensure proper accounting and safety for staff and students in the event of an actual emergency. In addition to the plan, Orangewood staff and students practice fire drill exits monthly and earthquake drills quarterly, and active shooter drills yearly to ensure that all students and staff can exit the facilities in a safe, orderly manner. A drum of emergency supplies is housed in the book room, next to room one, and each classroom has a bag with first aid and other emergency supplies to have on hand. The plan is revised annually and the updates are reviewed with school staff each fall. Copies of the plan are available to the public at the school office.

D. Other SARC Information Information Required in the SARC

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

2020-21 Elementary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per class). The “Other” category is for multi-grade level classes.

Fiscal Year 2022-23 Types of Services Funded

Orangewood has many programs for our students outside the basic educational services. We have Title I services for our students needing additional help getting their reading and math skills up to grade level. Our campus has 3 intervention specialists and 6 aides providing additional help with language skills. We also provide EL services for our second language learners. We have 1 TOSA and 6 aides to assist these kids in language acquisition. We also provide tutoring after school in the areas of reading, math, and ELD. We have an after school program (ASES) that provides free after school enrichment and educational activities. Students that are enrolled are given time to complete homework and also receive a free snack and meal during their day. Orangewood also has a GATE teacher who works weekly with our gifted and talented students. They work on oral language presentations and science projects to prepare them for future competitions.

Professional Development

As part of the growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. We have 5 days of staff development prior to the start of the school year. These days are now part of the teaching contract. The district offered another staff development day in January. Other professional development can be granted by teacher request. We also have additional after school staff development when we adopt new curriculum and implement new programs.

This table displays the number of school days dedicated to staff development and continuous improvement.
