2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Rio Bravo-Greeley (RBG) is a rural middle school on the outskirts of Bakersfield, California. The school contains grades 5-8 with self-contained classes in 5th grade and a middle school format for grades 6-8. Our school's mission is to combine a positive, nurturing environment with a strong academic program to provide every child the best opportunity to achieve the maximum of their abilities. Rio Bravo-Greeley provides a comprehensive educational program that encourages a positive learning environment for all children. We strive to make every child feel safe and secure when they come to school. We believe in high expectations for all students and encourage children to have strong character. Our school is dedicated to nurturing our students' needs by providing a well-balanced and structured program using a growth mindset philosophy to guide this process. We have highly qualified teachers committed to ensuring that every student's needs are met through strong first instruction in the classroom. Rio Bravo Greeley understands each child is special with their unique talents and gifts; therefore, we foster an environment that allows each child's gifts to be explored, recognized, and encouraged.

Rio Bravo Greeley has an active Parent Teacher Club and Educational Foundation that support the school in a variety of ways. We strongly encourage parents to become involved in their child's education and become part of one of these organizations. We pride ourselves on having positive relationships with our community. We know communication with our parents and the community is key to providing the best environment for our students.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Rio Bravo Greeley maintains a safe and clean environment and has adequate facilities to support its students. The facilities and the maintenance thereof meet all the requirements of the Williams Settlement. The school consists of 21 classrooms, an office, health room, library, band room, auditorium, cafeteria, boys' locker room, girls' locker room, and a gymnasium. The playground has swings, a play structure, asphalt basketball courts, and tetherball courts, as well as a football field with a track. The district's custodial and maintenance staff maintain all school facilities. Classrooms and restrooms are cleaned daily. The school site has made efficiency improvements and installed solar panels in 2018 and a water treatment facility is to be completed in the Spring of 2024.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

The School Site Council is a group of elected parents and staff members that provide input to help guide the administration in making decisions regarding the school's operation and instructional programs. They achieve this by giving input about The School Plan for Student Achievement. Each year the plan is updated and the School Site Council, which is comprised of an equal number of parents and staff examines data to identify areas of the educational program in need of improvement. From this list, several school goals are identified for the school year, along with the resources required from the appropriate funding source to implement and achieve these goals.

The English Language Advisory Committee meets three to four times a year to examine how our program can be enhanced to better meet the needs of English Learners within the District. Parents and committees provide valuable input to the Site Council that is crucial in helping them develop strategy and budget revenues to programs.

The Parent Teacher Club is as an organization of dedicated parents that is instrumental in organizing and implementing a wide range of activities throughout the school year and raising funds to provide equipment, field trips, and materials not covered by the budget. Events organized by the PTC include the Fall Carnival, Father/Daughter dance, Pastries with Parents, and many other special activities for our community. Requests are made by staff and the administration throughout the year for special projects and materials which cannot be financed in the school site budget. PTC members can also volunteer to help in their children's classrooms.

The Rio Bravo-Greeley Educational Foundation is a group of volunteers that have been instrumental in generating money to improve our technology goals. The Educational Foundation. has been involved in identifying sources of funding, both institutional and private, to fund projects identified by the board. One of the most recent projects funded by the Education Foundation was the donation of funds to purchase our Robotics competition practice components and science lab materials in 5th grade. With their generous donations, we are able to provide our students with modern 21st Century classrooms.

2023-24 Opportunities for Parental Involvement

Another organization that gives parents the opportunity to become involved at school is our sports program. Parents can coach basketball teams and be a part of the many sporting events we have at Rio Bravo Greeley. Parents can also help with uniforms and equipment and provide their assistance where it is needed. Our athletic program is outstanding for a school of our size. We also have an outstanding Band and Color Guard program. Parents have the opportunity to fundraise and be a part of these outstanding programs.

We welcome parent volunteers to come help in classrooms and on campus. Parents can volunteer to read with students or just help teachers in any way the teachers need help.

2023-24 School Safety Plan

The school comprehensive safety plan was developed to assure a safe learning environment for our school community. The plan addresses disciplinary policies and student programs that foster a nurturing educational environment. Discipline policies are discussed by staff, administration, and the Site Council at the end of each year. Adjustments are made in policy and/or procedure upon consensus and the changes recorded in the Safety Plan.

The Plan also outlines procedures and a chain of command in the event of emergencies. Responsibilities have been assigned to the majority of the staff at the district and site level to assure coordinated efforts and a defined chain of command should an emergency situation occur. The Plan outlines specific steps to follow during an emergency.

School safety is a high priority for our school, in the case of emergency, all teachers' roles are clearly stated. If we need to evacuate our campus, we have an off-site location arranged. All secretaries and additional office staff will retrieve all student information cards so that we may contact all parents and/or emergency contacts listed on the information card. Each teacher is provided with a binder with all the emergency procedures and all the students contact information and health plans. In the event of an emergency all teachers have the resources to help contact parents.

Fiscal Year 2022-23 Types of Services Funded

Our core program is augmented by a number of supplemental programs that benefit students with specific needs. We have a Response to an Intervention program (RTI) for underachieving students. We have an advanced math pathway for students in grades 6th through 8th. This advanced path is to prepare students for Geometry in high school. We have a Limited English Proficiency (LEP) program for English Learners and Special Education for students with learning challenges. Our RTI program offers services to students in English Language Arts and Math. Students who are not at grade level in the subject are eligible for the program and receive targeted instruction. Teachers meet frequently during PLC time to evaluate student data for RTI entrance and exit of students. Our staff has been trained in differentiated instruction to help the teachers modify instruction and assignments to accommodate those students that need more of a challenge as well as those struggling to master the curriculum. We feel that gifted students are gifted all the time and need the challenge throughout the day and the curriculum.

In addition, RBG offers a variety of electives to help students with organizational and study skills, work on critical thinking and asking probing questions, receive academic help from peers, and participate in enrichment and motivational activities which steer them on a path toward college. Our electives offer the students a variety of choices and enrichment opportunities. These electives include Science, Technology, Engineering, and Math (STEM) electives, drama, robotics, art, band, color guard, novel studies, and art classes.

Our Special Education Program consists of a Resource Specialist Program (RSP) a Special Day Class for children with mild to moderate learning disabilities and speech services. RSP provides academic assistance and accommodations to students that participate in the regular education program for the majority of their day. In RSP, the students receive individual and small-group academic assistance from the Resource Teacher and instructional aides.

Professional Development

Rio Bravo-Greeley School provides time each week for staff development. Teachers and administrators attend these staff development sessions to improve the overall instructional program at our school. In addition, faculty meet weekly for approximately 45 minutes in Professional Learning Communities and have the opportunity to gain knowledge in the following areas: Social Emotional Learning, Trauma Informed Classrooms, Equitable Practices, Explicit Direct Instruction, Response to Intervention (RTI), STEM, Social Studies, Math, and Positive Behavior Intervention Supports (PBIS). Some of the topics covered during our professional development sessions have been refining priority standards, Common Core Writing (Write From the Beginning), Common Core Math, ELA curriculum development, English Learner Strategies, Response to Intervention strategies, Next Gen Science Standards, Google Classroom training, Classroom Management, Critical Reading, Thinking Maps, PBIS, Growth Mindset, Aeries data systems, CAASSP data analysis, grading, STAR Math, and STAR Reading. Additionally, teachers have had Solution Tree training to better develop our PLC process. Teachers have one day in their contract to go off-site or on campus to observe best practices by fellow teachers.
