2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Principal's Message

Welcome to Reef Sunset Secondary Community Day School! The purpose of this School Accountability Report Card is to provide parents and the community with information about academic achievements, adequacy of instructional materials, the status of campus facilities, student safety practices, qualifications of professional staff, and progress in meeting state standards. This report is provided in accordance with Proposition 98; every school in the state of California is required to publish this report annually. We have made a commitment to provide the best educational program possible for our students. The excellent quality of our program is a reflection of our highly committed staff. Our school provides a welcoming, stimulating environment where students are actively involved in learning academics through a standards-based curriculum. We hold both staff and students accountable for their work, as we provide educational programs that meet or exceed state standards. Using assessment data to drive curricular programs, teachers analyze this information to develop effective instructional strategies and differentiated instruction that enables our students to reach proficiency. Collaborative efforts among administration, teaching staff, and parents will ensure students thrive in an environment that fosters emotional and academic success.

District Mission

Reef-Sunset Unified School District is committed to providing a rigorous, inspiring and nurturing educational program.

School Description

Reef-Sunset Unified School District is located in the city of Avenal which is situated on the coastal range foothills in the Western San Joaquin Valley in Kings County. More than 2,600 students in grades TK-12 receive a rigorous, standards-based curriculum from dedicated and highly qualified professionals. The district is comprised of three elementary schools, one junior high school, one comprehensive high school, two continuation high schools, and one secondary community day school.

Reef Sunset Secondary Community Day's campus is adjacent to the district office in the northeast area of town. During the 2019-20 school year, the attendance snapshot was three students on CalPads data retrieval date; however, due to the nature of alternative education settings and year-round admissions, enrollment fluctuates to upwards of 15 students at one time and overall services to upwards of 30 students. The demographic composition of students on CalPads date included 0% receiving special education services, 40% qualifying for English Learner support, and 100% enrolled in the free and reduced-price meal program. Enrollment continuously fluctuates throughout the year simply due to the temporary nature of the program. The community day school serves students who have been expelled, placed on probation, or referred under special circumstances.

2023-24 School Description and Mission Statement

by the primary and secondary schools in the district. A low student-to-teacher ratio enables students to receive individualized instruction and assessment in a small, self-contained classroom environment. Students typically return to their home school after they have completed a semester or one-year term in the community day program.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Instructional Materials

All textbooks used in the core curriculum throughout Reef-Sunset Unified School District are being aligned to the Common Core State Standards. Instructional materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards-based and approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in a foreign language, visual and performing arts, and health. District textbook review and adoption activities occur the year following the state's adoption.

On September 21, 2023, the Reef-Sunset Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution #2023:16 which certifies as required by Education Code §60119 that (1) textbooks and instructional materials were provided to all students, including English learners, in the district, (2) each pupil has a textbook or instructional materials, or both, to use in class and to take home, (3) textbooks and instructional materials are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, language arts, social studies, and science, (4) sufficient textbooks or instructional materials were provided to each student enrolled in foreign language or health classes.

School Facility Conditions and Planned Improvements

Facilities Profile

Reef Sunset Secondary Community Day provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Ongoing maintenance ensures school facilities are kept safe and in good working condition and continue to provide adequate space for students and staff. Students at the primary campus have access to the Avenal Elementary School's library and a designated play area for recess activities. Secondary students have access to a lunch area and basketball courts.

School Inspections

Reef Sunset Secondary Community Day works closely with M&O for larger projects, routine facilities maintenance projects, and school inspections. The most recent facilities inspection took place in August 2021. Schools are required by state law to report the condition of their facilities; the School Site Inspection table illustrated in this report identifies the state-required inspection areas and discloses the operational status in each of those areas. During the 2021-22 school year, 100% of restrooms were fully operational and available for student use at all times.

Facilities Maintenance

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations (M&O) employs a work order process enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Teachers submit a request form for unscheduled projects and special requests to M&O for resolution. Emergency situations are immediately resolved either by the school custodian or district maintenance staff. One full-time day custodian is shared by Adelante, Sunrise, Secondary Community Day School, and RSUSD district offices. Custodians work closely with the site teacher to manage routine maintenance, daily custodial duties, and special events. SCDS's site teacher, the principal, and custodians communicate daily concerning cleaning needs and safety issues. Every morning before school begins, the lead custodian inspects facilities for safety hazards, graffiti, or other conditions that require removal prior to students and staff entering school grounds. Custodians are responsible for the general cleaning of restrooms, classrooms, and office areas. Every morning and afternoon, custodians check restrooms for cleanliness and supplies. Each site teacher checks the restrooms after the morning nutrition break and after lunch as a proactive measure in keeping restrooms adequately stocked and sanitary. Groundskeepers are dispatched by the district office as needed to perform general gardening and maintenance work.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 Career Technical Education Programs

College Preparations & Career Readiness

Reef-Sunset Unified School District offers a variety of opportunities to help students get a head start on the college preparation and work readiness process. The principal and staff meets with each student frequently during the year to address interests, goals, and long-term planning. College and military representatives visit the campus to discuss future opportunities and offer pre-planning guidance. Students are encouraged to enroll in West Hills Community College courses and/or adult school after graduation from Reef-Sunset Unified School District. The adult school staff meets with students to discuss post-secondary options and available college/career resources.

Admission Requirements for California Public Universities

University of California: Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the University of California Web site at www.universityofcalifornia.edu/admissions/general.html.

Admission Requirements for California State University: Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web site at www.calstate.edu/admission/.

Career Readiness

Students receive post-secondary and career planning literature from the district office and informal guidance from their teachers and school administration. Students are introduced to the district's regional occupational programs and workability programs. Students are encouraged to concurrently enroll in West Hills College for a more diverse selection of career-oriented electives and programs. Workability provides work experience opportunities outside the school day that meet the students' interests and aptitudes while providing real-world job experience prior to graduation. The program is available to all students with disabilities who have an Individualized Education Plan. For more information, contact the principal. Through the California Employment Development Department (EDD), students may qualify for job placement assistance through the WIA (Workforce Investment Act) program. Eligible youth must be 14 to 21 years of age, low income, and meet at least one of six specific barriers to employment. The program emphasizes the attainment of basic skills competencies, enhance opportunities for academic and occupational training, and provides exposure to the job market and employment. For more information on the availability of vocational education programs, contact the principal. General information about career technical education can be found at www.cde.ca.gov/ci/ct/.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

At Secondary Community Day School, entry meetings take place with each parent and student with goal to get to know each other and develop a plan for the time the student attends our school. Parents are given the necessary school information and contact information and are welcomed to contact us at any time. Teacher communicates regularly with the parents via text and school messages. Parents are also welcomed to attend meetings such as School Site Council, Back to School Night, English Learner Advisory Council, District English Learner Advisory Council, and regular family events offer opportunities for parents to get involved with the educational process and support their child's achievements. The principal and staff welcomes parents to visit the school and sit in on classroom instruction to gain a better understanding of the schools programs. Parents who want more information on school activities or committees may contact Jicela Soto or the school secretary at (559) 386-9083 ext 1013.

All school-to-home communication is provided in English and Spanish. Letters are issued every quarter to keep parents up to date on school news, exam dates, and classroom activities. Flyers are generated as needed for important announcements and reminders. School staff contact parents directly to share positive accomplishments as well as serious concerns. Progress reports are distributed every six weeks; students meet with the principal once every quarter to discuss progress in meeting academic goals and fulfilling graduation requirements. Parents may access the Parent Portal (Aeries), an Internet-based student information system, to securely obtain their student's grades, attendance record, academic progress, and teacher contact data; a link is available on the district's website home page at www.rsusd.net. All families are provided with free

2023-24 School Safety Plan

The Comprehensive School Site Safety Plan was developed for Reef Sunset Secondary Community Day in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, dress code policy, and bully prevention policy. Reef Sunset Secondary Community Day School's site safety plan is incorporated into Sunrise High School's safety plan which was reviewed, updated, and shared with school staff in January 2022 and will be reviewed again January 2023.

Campus culture promotes a secure learning environment that encourages mutual respect, safe and healthy relationships, dignity, and equality. Bullying and harassment are not tolerated. The district has employed policies, procedures, and practices to reduce and eliminate bullying and harassment as well as the means to address such incidents when they occur. Students and their parents receive information annually regarding district policies concerning anti-bullying and harassment.

Fiscal Year 2022-23 Types of Services Funded

Expenditures Per Student

For the 2022-23 school year, the Reef-Sunset Unified School District allocated funds based on per-pupil expenses to educate each student. These funds are based on 2019-20 audited financial statements and in accordance with calculations defined in Education Code §41372. The table in this report (1) compares the school's per-pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and (2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding expenditures and salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

In addition to general fund state funding, Reef-Sunset Unified School District receives state and federal categorical funding for special programs. For the 2022-23 school year, the district received federal, state, and local aid for the following categorical, special education, and support programs:

- After School Education programs
- Agricultural Career Technical Education Incentive
- Career Technical Education Incentive Grant Program
- College Readiness Block Grant
- Education Protection Account
- Lottery: Instructional Materials
- Medi-Cal Billing Option

Ongoing curriculum support and training

FCOE representatives worked with the principal and teaching staff to develop an effective classroom observation/self-assessment system to evaluate daily instructional practices. Following a highly structured rubric, classroom observations address the teacher's use of employing state standards instruction and instructional strategies techniques. Observation results are used to identify individual and schoolwide strengths and weaknesses in delivering lessons that successfully convey course content and concepts. The district supports ongoing staff training for new teachers and teachers new to the district. At the beginning of each school year, the district conducts a training session covering the math and language arts curricula. During the school year, teachers receive follow-up training at the county office location in Kings County and other neighboring districts and county agencies.

Reef-Sunset Unified School District and the Kings County Office of Education jointly support new and veteran teachers in developing their teaching skills. New Teacher Induction (NTI), a state-accredited program, is designed for first- and second-year preliminary credentialed teachers and provides skills assistance over a two-year period. Staff members are encouraged to attend professional workshops and conferences. New teachers, experienced teachers, mentor/teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by neighboring county offices of education. Long-term substitutes who are actively teaching in the classroom are expected to participate in Wednesday staff meetings and training activities. The classified support staff is provided job-related training from vendors, department supervisors, and professional agencies.

Site-Based Staff Development
Alternative Ed teaching staff meet weekly to discuss each student's progress and subsequent instructional needs based upon individual performance results. The teaching staff participates in district-level Professional Learning Community activities and third-party sponsored professional workshops to access current trends and strategies related to continuation high school curricula.
