Principal's Message

The Lucerne Elementary School Board issues this School Accountability Report Card (SARC) to provide parents and the community with information about the conditions and progress at Lucerne Elementary School. At Lucerne Elementary School, we feel all students have a unique contribution to make to the future. We also believe all students can be successful and that communication and collaboration among students, parents and school staff are the keys to success. By continuing to work together, students will realize their potential, build skills and begin to contribute as citizens in our changing society.

As you read our SARC, you will see the programs offered to your children to help them develop academically, physically and socially.

School Safety

The board of trustees recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The school has a comprehensive safety plan, which it reviews and updates annually. The plan is in the main office and is available for review. It includes strategies for violence prevention and emphasizes high expectations for student conduct, responsible behavior and respect for others.

The emergency safety plan addresses preparedness for earthquake, fire, intruder on campus, bomb threat, chemical accident, civil disturbance, explosion, fallen aircraft, flood, severe storm and war. The entire campus is fenced, and we lock the gates while school is in session. Visitors must sign in at the office and are required to wear a badge.

All staff members wear identification while on duty. Key staff members have two-way radios. All classrooms have phones and email capability. Staff members regularly receive CPR training as well as first-aid training. Several staff members are on supervisory duty during all breaks, recesses and lunches.

The school safety plan was most recently reviewed, updated and discussed with school faculty in February 2024.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

School Mission Statement

The mission of Lucerne Elementary School District is one of assisting students in becoming capable and responsible individuals. Our district will focus on the intellectual, emotional, social, academic and physical development of all students. Recognizing the widely differing interests, needs and abilities of students, the district will provide quality programs to teach valued common knowledge and skills and will facilitate growth in independent reasoning and creativity.

Acknowledging that effective and responsible citizenship requires a personal commitment to lifelong learning, it is our vision that students will learn to assume individual responsibility for continued learning. Since schools share the educational function with the family and other institutions, the district will work with students, parents and community members to meet the needs of developing children while they are entrusted to our district's school.

Enrollment by Student Group

The total enrollment at the school was 299 students for the 2022-23 school year. The pie chart displays the percentage of students enrolled in each group.

Class Size Distribution

The bar graphs display the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development

Lucerne Elementary School District has contracted with the teachers an additional four days before students return to school and one day after students have ended the school year for staff development.

The school provides ongoing professional development for the school staff (certificated, classified and board) as an important part of improving quality programs. All teachers have received training designed to promote specific skills and information related to school priorities and objectives set forth in the Local Control and Accountability Plan (LCAP). The district is focused on the four main goals of the LCAP, which include Conditions of Learning, Pupil Outcomes, Engagement and Learning Loss. The district also provides seven teacher collaboration days during the school year (minimum days for students) to allow time to foster a collaborative effort in order to develop and implement strategies for the improvement of student achievement and success.

In addition to the formal staff development days, staff members are encouraged to participate in other curriculum workshops outside of the local area during the school year to enhance instructional and curriculum strategies.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. Due to changes to the 2021–22 and 2022–23 PFT administration, only participation results are required for the five fitness areas.

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students participating in each of the five fitness components for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade 10, 11 or 12).

CAASPP Test Results in Science for All Students

The table below shows the percent of students meeting or exceeding the State standard on the CAASPP—California Science Test (CAST) and the California Alternate Assessment for Science (CAA for Science) for grades 5, 8 and once in high school (i.e., grade 10, 11 or 12).

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The “percentage met or exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Textbooks and Instructional Materials

Lucerne Elementary School takes pride in the fact that all students enrolled have access to their own copy of standards-aligned textbooks to use in class and to take home. The State Board of Education and local school board approve all the textbooks in the core curriculum. We order new materials and textbooks as soon as a need arises. The books are in good condition, and we quickly replace or repair damaged books. The Lucerne Elementary School Board holds a public hearing annually at the September regular school board meeting to ensure the above standards are upheld.

Restrooms/fountains	One toilet in girls' restroom not flushing. Repair made.	August 8, 2023
Safety	Missing fire extinguisher in school office. Fire extinguisher was replaced.	August 8, 2023
Structural	Water stained ceiling tile in staff room. Stained tiles were replaced.	August 8, 2023

Parental Involvement

Lucerne Elementary School provides many opportunities for parental involvement both directly and indirectly. Parents are encouraged to volunteer in their child's classroom and sit on various committees. They may also seek an elected position on the School Site Council and the Lucerne Elementary School Board. We invite parents to attend a minimum of two conferences with their child's teacher each year. Several evenings are set aside for parents to visit the school—these include back-to-school night, open house and family nights. We also ask parents to chaperone activities and field trips, and parents can give indirect support through fundraising activities and donations.

For more information on how to become involved at the school, please contact Assistant Principal Rebecca Kenner at (707) 274-5578 or email rkenner@lucerne.k12.ca.us.

School Facilities

Lucerne Elementary School was built in 1975. We have 17 classrooms; a multi-purpose room; and a large, well-stocked library with more than 10,000 titles. The school has added many upgrades since it was built, including playground areas, kindergarten buildings, classrooms and furnishings. All rooms are accessible for people who have disabilities. A modernization project has been completed for the kitchen, gymnasium and one set of student bathrooms.

Our school provides a safe, clean and functional environment for learning through proper maintenance of facilities and campus supervision.

All toilets are kept in good repair and are always in working condition. Classrooms are cleaned on a daily basis.

A thorough maintenance plan keeps the school in excellent condition. One part-time and two full-time janitors strive to ensure the campus is clean and safe for students at all times. A member of the maintenance crew is on-site weekdays from early morning to night.

Lucerne Elementary School is a closed campus surrounded by chain-link fencing. Staff members supervise students before, during and after school at release time. Visitors must check in at the office and obtain a visitor's badge to be allowed on campus during school hours. Lucerne Elementary School is equipped with surveillance cameras.

Lucerne Elementary School strives to maintain a safe and well-maintained campus.

A general obligation bond was passed by the voters of Lucerne, which was used to fund the building of two primary classrooms. Additional plans for new construction of the school site have been approved by the California Department of Education. The district is working on beginning a new four-classroom project in the future.

The district received grant funding for a TK building. This project will fund two new TK buildings. The project is in the planning stages with construction expected to begin in the 2023-24 school year.

Teacher Preparation and Placement

The teacher data displayed in this SARC is from the 2020-21 and the 2021-22 school years. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included. These tables display the number and percent of teacher authorization/assignment as well as the total number and percent of teaching positions at the school, district and state levels. For questions concerning the assignment of teachers outside their subject area of competence or the credential status of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsupdfdash201.asp>.

Supplemental/restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at <http://dq.cde.ca.gov/dataquest>. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1.

All data accurate as of January 2024.
