2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Diamond View School is a middle school serving a population of approximately 300 students in grades six, seven, and eight. Diamond View School is located in northeastern California and is one of three schools in the Susanville School District. Diamond View School's mission is to prepare our students for successful college and career paths through collaboration, communication, critical thinking, and an emphasis on mutual respect, reflected by high expectations for behavior and academic success. In addition, Diamond View School aims to create rigorous, innovative learning opportunities for all students by building partnerships with parents to promote a culture where everyone is valued and essential.

The Diamond View staff will utilize community, state, and federal guidelines to develop programs that fulfill this obligation. Diamond View's school staff is committed to promoting achievement in all curricular areas. The school is organized around a 7-period academic day, providing intensive and strategic instruction in the areas of math and language arts. These classes consist of a two-period block for math and a two-period block of language arts. Students also attend a period of social studies, science, and physical education each day. In addition, the school provides many excellent enrichment activities through the Gifted and Talented Education (GATE) program, drama, art club, outdoor education camp, and sports teams. Other academic activities include the yearbook, student government and leadership activities, and Career and College Exploration opportunities.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	3.00	1.00
Misassignments	1.00	1.80
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	4.00	2.80

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.30	0.00
Total Out-of-Field Teachers	0.30	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	8.3	17.4
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	24.7	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Susanville School District Board of Trustees holds a Public Hearing annually. At the annual meeting, the Board of Trustees determined that the students in the Susanville School District, grades K- 8, have sufficient textbooks or instructional materials, or both, in each subject that are consistent with the content and cycles of the Curriculum Framework adopted by the State Board of Education. In addition, the Board by resolution determined that every pupil, including English learners, has sufficient textbooks or instructional materials consistent with the content and cycles of the Curriculum Framework adopted by the State Board of Education in the following subject areas: mathematics, science, history-social science, and English/language arts, under the settlement the of Williams vs. the State of California (Education Code Section 60119).

All students, including English learners, are given their Standards-aligned textbooks and instructional materials in the core subjects and Chromebooks for use in the classroom. The option for students to check out Chromebooks and textbooks for home is also available. In addition, the most current adoptions contain a specific curriculum for technology use where teachers and students can take advantage of our computer lab with Dell Optiplex computers.

School Facility Conditions and Planned Improvements

On March 21, 2008, the primary school structure was closed for the remainder of the 2007-08 school year, and the students moved to temporary classrooms. For the 2008-09 and 2009-10 school years, Diamond View was housed on the Meadow View Campus located on Paiute Lane in Susanville. Meadow View School opened in 1992, making it the newest school in the District. With support from the Susanville Community, the Susanville School District passed a bond Measure on the November 2008 ballot, and plans were made to begin modernizing the Diamond View campus in January of 2009. On August 30, 2010, Diamond View School reopened after a complete renovation of our classroom and hallway facilities. One permanent building contains 15 classrooms, a library, an office complex, and a multipurpose room/cafeteria. In addition, three modular units house two computer labs and additional classroom space. The playground is very large, encompassing approximately six acres. A portion of this area is a blacktop playground, with the remainder devoted to grass playing fields and playground equipment areas. The library and computer lab are advanced and state of the art by middle school standards. The computer lab has 31 workstations, all of which have high-speed Internet connections. A second computer lab has been designated as a graphic lab where a laser printer and new iPads are available for student use. Diamond View has a full-functioning gymnasium with boys' and girls' lockers and showers as a community asset.

The school and community use the facility extensively for athletic and social functions. We also have a functioning multipurpose facility used throughout the year for student and community activities. In addition, Diamond View has become the host school for significant inter-scholastic events in Lassen County, such as Lit Jam and the County-wide Spelling Bee.

The District employs one full-time lead maintenance and grounds staff member and one part-time grounds/maintenance employee. District maintenance staff utilize the Facility Inspection Tool (FIT) developed by OPSC to survey facility needs regularly. The most recent inspection was done in November 2023. Our schools custodial staff consists of one full-time custodian that is assigned to the school during the school day and one full-time custodian is assigned in the evenings. The day custodian assures that restrooms are clean and stocked throughout the day and provide custodial services to classrooms, cafeteria, and the kitchen. All custodians follow the daily cleaning schedules that the site administrator establishes. The daily cleaning schedules reflect the cleaning standards identified by the California Association of School Business Officials (CASBO) Custodial handbook.

Through the Local Control Accountability Plan (LCAP), the District prioritizes facility and maintenance needs for the school each year. It provides budgetary resources to keep Diamond View in top condition for student learning.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

There are opportunities for parents to become involved at Diamond View School ranging from school-wide leadership roles such as School Site Council to volunteering in the classroom and special focus areas that match various parent interests. Parents can also support athletic events and special student events such as graduation and field trips.

Parent involvement begins with the vital partnership between staff and parents to support their children. The most valuable parent involvement practices are to meet regularly with teachers for conferences, maintain frequent communication with staff, and continue support of the school's educational and behavioral goals for all students. Annually, parents are invited to be a part of the District's LCAP committee to help prioritize the District's goals and actions. Diamond View utilizes a parent-dialing/email service (SchoolWise) to communicate with parents regarding important events on campus, attendance, discipline, and student life. Additionally, school events are posted frequently on social media sites where parents can stay informed about events and activities on campus. The Diamond View Staff post student grades and scores in an online grade book so that parents can view their child's progress throughout the school year. Assignments and classroom information are frequently posted on the school web page (www.diamondviewschool.org) to maintain communication with parents and families.

For more information on becoming involved, contact Dede Heimbigner, Principal, at (530) 257-5144.

2023-24 School Safety Plan

The safety of students, staff, and visitors is of primary importance at Diamond View School. Diamond View has one full-time day custodian and one full-time evening custodian. In addition, the Susanville School District employs one full-time maintenance/groundskeeper and one part-time maintenance/groundskeeper. Diamond View is a closed campus, with four-yard monitors on duty during lunch daily to ensure the safety of students. Teachers provide morning supervision on the playground, in the hallways, and in front of the school to monitor drop-offs. After school, teachers and the principal provide bus and pick-up supervision. Buses are equipped with video cameras to provide security information.

The School Safety Plan was most recently reviewed, updated, and approved by the School Site Council in February of 2023 and subsequently by the District Board of Trustees in March of 2023. It was then shared with the school faculty in September 2023. The Plan addresses:

- Evacuation procedures for bomb threats, fire, and post-earthquake situations.
- School alert and lockdown procedures address intruders, hostages, or violent situations.
- Emergency drills, such as fire, earthquake, and lockdown, are conducted monthly.

The plan also addresses collapse or death on campus, sexual assault, smoke, grass or forest fire, gas leaks, sewer leaks, other safety-related protocols. Additionally, the Safety Plan is monitored continuously and adjusted as needs dictate a change. All visitors to the school are required to sign in at the office and wear a visitor's tag at all times. We continually strive to improve and increase campus safety.

Professional Development

Prior to the beginning of the 2023-2024 school year, a Certificated Summer Learning Academy was offered for Susanville teachers. In-person sessions were taught by Susanville staff members and included: English Learner Support, Reading Support, Math Practices, and Really Great Reading.

The focus this year in the Susanville School District is on improving student outcomes. We have early release time each Monday to allow teachers to meet in Professional Learning Communities. We continue working with WestEd to improve instruction and student achievement through the development of standards-aligned learning intentions, building a classroom culture for learning, student engagement, and increasing the depth of knowledge of questions teachers ask students. District and Site Administrators and Instructional Coaches are receiving professional development regarding teacher feedback and coaching.

This year at Diamond View Middle School, we have implemented data-driven interventions through WIN (What I Need) time. Some of Diamond View's teachers are also participating in a book study led by a district instructional coach using the book Building Thinking Classrooms. Staff development days and weekly PLCs provide time for teachers to collaborate and learn new material throughout the school year. Other opportunities for professional development may include, but are not limited to:

- Visits to other classrooms and other schools to observe and analyze instructional strategies
- Attendance at professional education conferences or committee meetings
- Courses in regionally accredited institutions of higher education, including courses delivered online
- Peer conferences and/or joint staff preparation time
- Assistance from or service as a mentor teacher or consulting teacher
- Service in a leadership role in a professional organization
- Follow-up activities that help staff to implement newly acquired skills

LCOE provides an annual professional development day for employees throughout Lassen County. They also provide ongoing staff development for best practices for new teachers and special education teachers.

This table displays the number of school days dedicated to staff development and continuous improvement.
