2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Vision Statement: McKinley School will foster a safe environment that builds a foundation in which students can grow academically, socially, and emotionally so that they are motivated to contribute to their classroom, school, and community. McKinley Elementary School is one of three schools in the Susanville School District which is located in Northeastern California where the Sierras meet the Cascades about 80 miles northwest of Reno. We are a TK-2nd grade school with an enrollment of roughly 375 students. We provide a quality education in a safe, secure, and welcoming environment. Our students develop the academic, social, and emotional skills necessary to succeed. We work with our students to help them become more well-rounded individuals both in our school and our community. McKinley Bulldogs embody our school motto: Be Safe, Be Responsible, and Be Respectful. The McKinley staff utilizes local, state, and federal guidelines to provide programs that support our commitment to a meaningful education for our students. Our program is academically rigorous and supports student achievement in all areas. We also provide enrichment opportunities that are unique to our rural location. McKinley is an outstanding place to grow and learn. We welcome and encourage parents to be an active part of our wonderful school community. We look forward to serving our students and families each day.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Susanville School District Board of Trustees holds a Public Hearing annually. At the annual meeting, the Board of Trustees determined that the students in the Susanville School District, grades TK-8, have sufficient textbooks or instructional materials, or both, in each subject that are consistent with the content and cycles of the Curriculum Framework adopted by the State Board of Education. In addition, the Board by resolution determined that every pupil, including English learners, has sufficient textbooks or instructional materials consistent with the content and cycles of the Curriculum Framework adopted by the State Board of Education in the following subject areas: mathematics, science, history-social science, and English/language arts, pursuant to settlement the of Williams vs. the State of California (Education Code Section 60119). All students, including English learners, are given their own individual Standards-aligned textbooks and instructional materials in the core subjects for use in the classroom and to take home. The most current adoptions contain specific curriculum for technology use where teachers and students can take advantage of Chromebooks for each student, our computer lab, and high-speed internet access.

Textbooks used in all schools in the Susanville School District are purchased from the State-adopted list. Teachers in the District form textbook adoption committees to decide which series best meets the learning needs of our students. All students are provided texts for classroom and homework practices with support in online tutoring opportunities.

School Facility Conditions and Planned Improvements

McKinley School was built in 1949, with an additional wing added in 1964. The original portion of the building was remodeled in 1994. Including our portables, we currently have 24 classrooms, a library, computer lab, and one portable for use as a staff lounge/meeting room. The school has two large grass ball fields and playground sets to provide recreational activities for our students and for the community during non-school hours. Through passage of a local bond measure, extensive work was completed during the summer of 2013 as the playgrounds were redesigned and new asphalt was installed. Additionally, security cameras and a new bell/intercom system was installed replacing the old, inadequate devices. Drainage was improved on the back of the school and new play equipment was installed. In the summer of 2016, a maintenance project to repair the parking lot areas was completed which increased the safety of student pick-up/drop-off. Additionally, a new boiler was installed to better control the heat throughout the campus during the cold winter months. The district worked with an architect to develop a master plan for the campus and several priorities were identified. Plans exist for a modernization project should funding become available in the future. Recent projects and improvements include: new carpet, paint, and furniture in 3 classrooms and a hallway designated as our new TK Zone; and the computer lab, a private, dedicated space for our .5 FTE counselor to meet with students; and outdoor shade cloth and picnic tables to provide an area for our students both during the school day and during expanded learning.

Owing to its age, the facility requires a great deal of custodial and maintenance attention to keep it operating in a way that supports student learning, comfort, and safety. The school is in good repair and has two full-time and one part-time custodians. The day custodian works from 6:00 A.M. to 2:30 P.M. and the evening custodian works from 12:30 P.M. to 9:00 P.M. An additional "floating" custodial position was added in the district to help with projects or to assist the other custodians. The school receives an in-depth cleaning during the summer.

Our students are supervised on the playground or in the multipurpose room starting at 7:55 A.M. Staff members have assigned duty times throughout the day including during dismissal. Teachers are asked to use a buddy system and passes during the day. All visitors to our campus are asked to register and receive a visitor pass. All volunteers are required to attend a training and print a badge on School Pass when on site. All classrooms have internet capable computers and the computer lab is able to accommodate a whole class of students at one time. Wireless access points allow connectivity throughout the campus as well. Chromebook carts in classrooms house 1:1 Chromebooks for each student.

Through the Local Control Accountability Plan (LCAP), the District prioritizes facility and maintenance needs for the school each year and provides budgetary resources to keep McKinley in top condition for student learning.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

There are many opportunities for parents to become involved at McKinley ranging from school-wide leadership roles such as School Site Council to volunteering. McKinley has a very active and supportive Parent Teacher Association (PTA). Participating in school events focusing on math, literature, and/or fine arts is another important way for parents to become involved. The most valuable parent involvement happens when parent join with a child's teacher in regular conversations and/or conferences about the progress the child is making and ways to work as a team to support each individual child's academic, social, and behavioral needs. Parents who talk with their child every day about what happened at school—in class and outside of class—are communicating to their child the importance of education. Annually, parents are invited to be a part of the District's LCAP committee to help prioritize the District's goals and actions.

McKinley School utilizes a parent-dialing service (Schoolwise) to communicate with parents regarding important events at the school and about student activities. The principal shares a weekly electronic newsletter through Schoolwise, our website, and our Facebook page. Teachers send weekly class announcements home and use Class Dojo to communicate with families. Increasing parent engagement is a goal for McKinley. For more information on how to become involved, contact Traci Cockerill, Principal, at (530) 257-5161.

2023-24 School Safety Plan

The safety of students, staff, and visitors is of primary importance at this school. The School Safety Plan was most recently reviewed, updated, and approved by the School Site Council in February 2023. The plan is reviewed periodically with school faculty throughout the school year. The School Safety Plan covers safety procedures for natural disasters and other emergency situations and includes the various emergency drills, lock-down procedures, intruder procedures, and other emergency actions in response to safety threats. To keep students prepared, the school implements at least one fire evacuation drill per month, an annual lock-down drill, and an earthquake drill. All visitors to the school are required to sign in at the office and wear a visitor's tag at all times. A very important part of our overall efforts to maintain a safe school is based on our partnership with parents and individual staff members. Staff members contact the school office when they observe practices, situations, or equipment conditions that could threaten the safety of our students. Our school custodians and groundskeeper help us monitor and correct any physical safety concerns on the campus. We have a full-time nurse's aide to assist with first aid.

Professional Development

Prior to the beginning of the 2023-2024 school year, a Certificated Summer Learning Academy was offered for Susanville teachers. In-person sessions were taught by Susanville staff members and included: English Learner Support, Reading Support, Math Practices, and Really Great Reading.

The focus this year in the Susanville School District is on improving student outcomes. We have early release time each Monday to allow teachers to meet in Professional Learning Communities. We continue working with WestEd to improve instruction and student achievement through the development of standards-aligned learning intentions, building a classroom culture for learning, student engagement, and increasing the depth of knowledge of questions teachers ask students. District and Site Administrators and Instructional Coaches are receiving professional development regarding teacher feedback and coaching.

This year at McKinley, we have implemented data-driven reading intervention for grades K-2. We also have a dedicated Math Intervention time. McKinley's teachers are implementing math strategies from the book Building Thinking Classrooms. Our TK teachers are provided on-going professional development through LCOE on the implementation of their curriculum. Staff development days and weekly PLCs provide time for teachers to collaborate and learn new material throughout the school year. Other opportunities for professional development may include, but are not limited to:

- Visits to other classrooms and other schools to observe and analyze instructional strategies
- Attendance at professional education conferences or committee meetings
- Courses in regionally accredited institutions of higher education, including courses delivered online
- Peer conferences and/or joint staff preparation time
- Assistance from or service as a mentor teacher or consulting teacher
- Service in a leadership role in a professional organization
- Follow-up activities that help staff to implement newly acquired skills

LCOE provides an annual professional development day for employees throughout Lassen County. They also provide ongoing staff development for best practices for new teachers and special education teachers.

This table displays the number of school days dedicated to staff development and continuous improvement.
