2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Meadow View School is a comprehensive 3rd-5th grade school serving a student population of approximately 340 students. Meadow View School is located in northeastern California, and is one of three schools in the Susanville School District. The goal of Meadow View School is to provide a quality education in a safe, secure, and accepting environment in which students develop the academic, social, and emotional skills necessary to succeed here and in their future. In order to accomplish this goal, Meadow View has initiated and maintained a rigorous academic program based on State-adopted curriculum standards, which emphasize the social and instructional needs of each child.

The highly qualified staff here at Meadow View are committed to providing our students with the skills necessary to be successful learners, while emphasizing the highest standards of good citizenship on the part of every student.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Susanville School District Board of Trustees holds a Public Hearing annually. At the annual meeting, the Board of Trustees determined that the students in the Susanville School District, grades K- 8, have sufficient textbooks or instructional materials, or both, in each subject that are consistent with the content and cycles of the Curriculum Framework adopted by the State Board of Education. In addition, the Board by resolution determined that every pupil, including English learners, has sufficient textbooks or instructional materials consistent with the content and cycles of the Curriculum Framework adopted by the State Board of Education in the following subject areas: mathematics, science, history/social science, and English/language arts, pursuant to settlement the of Williams vs. the State of California (Education Code Section 60119). All students, including English learners, are given their own individual Standards- aligned textbooks and instructional materials in the core subjects for use in the classroom and to take home.

Textbooks used in all schools in the Susanville School District are purchased from the State-adopted list. Teachers in the District form textbook adoption committees to decide which series best meets the learning needs of our students. All students are provided texts for classroom and homework practices. Additionally, newly adopted materials include online support, tutoring and assignment potential for all students in both English and Spanish. The textbooks are evaluated for currency and quality on a regular basis.

School Facility Conditions and Planned Improvements

Meadow View School opened in the fall of 1992, making it the newest school in the District. There are four permanent buildings containing 12 classrooms, a library, office complex, and multipurpose room/cafeateria. In addition, there are 14 modular classrooms on campus to provide additional classrooms and space for support programs. The playground is very large, encompassing approximately six acres. A portion of this area is hard landscape (asphalt) playground, with the remainder devoted to grass playing fields and playground equipment areas. Both the library and labs are well equipped and up-to-date by elementary school standards. For example, the robot lab has some computer workstations, chromebooks, and robots; all of which have high-speed Internet connections. In addition each classroom is equipped with one to one devices for the students use and teachers have updated devices and projectors on which to present lessons.

The school is in good repair and has two custodians. The day custodian works from 6:00 A.M. to 2:30 P.M. and the evening custodian begins work in the afternoon through early evening. The night custodian also works at Meadow View to provide in-depth cleaning during the summer.

Through the Local Control Accountability Plan (LCAP), the District prioritizes facility and maintenance needs for the school each year and provides budgetary resources to keep Meadow View in top condition for student learning.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	28	28	23	23	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

There are many opportunities for parents to become involved at Meadow View ranging from school-wide leadership roles, School Site Council membership, and volunteering in the classrooms. Meadow View also has a Parent Teacher Association (PTA) that conducts a number of fundraising events to provide extra opportunities for our students. Involvement in field trips, assemblies, and student awards events are other important ways for parents to become involved with the school. Annually, parents are invited to be a part of the District's LCAP committee to help prioritize the District's goals and actions.

The most valuable parent involvement practices is to meet regularly with teachers for conferences, maintain frequent communication with staff concerning the progress of your child, and your support of the school's educational and behavioral goals for all students.

Meadow View utilizes a parent-dialing service (SchoolWise) to communicate with parents regarding important events on campus and about student life. This communication is sent through e-mails, direct calls, and text messages. The Meadow View Staff in grades 4 & 5, post student grades and scores on an online grading book so that parents can view their child's progress throughout the school year.

For more information on how to become involved, contact Charlotte Klinock, Principal, at (530) 257-3000.

2023-24 School Safety Plan

The safety of students, staff, and visitors is of primary importance at this school. The School Emergency Response Plan was most recently reviewed, updated, and discussed with the Board of Trustees in February of 2023. The plan was reviewed with school faculty in September 2023. The Plan covers safety procedures for natural disasters and other emergency situations and includes various emergency drills, lock-down procedures, intruder procedures, and other emergency actions in response to safety threats. To keep students prepared, the school implements at least one fire evacuation drill per month, an annual bus evacuation drill, and one earthquake drill. All visitors to the school are required to sign in at the office and wear a visitor's tag at all times; new protocols were implemented in the fall of 2022, requiring parents and visitors to sign-in through School Pass, an electronic sign-in process which allows the school to track and monitor all visitors on campus. This is in an effort to further increase campus security.

A very important part of our overall efforts to maintain a safe school is based on our partnership with parents and individual staff members. Staff members contact the school office when they observe practices, situations, or equipment conditions that could threaten the safety of our students. In addition, the school employs a licensed vocational nurse in the health office, and both custodial and groundskeeper staffs help us monitor and correct any safety concerns on the campus. The School Safety Plan is reviewed regularly and changes are made as needed.

Professional Development

Prior to the beginning of the 2023-2024 school year, a Certificated Summer Learning Academy was offered for Susanville teachers. In-person sessions were taught by Susanville staff members and included: English Learner Support, Reading Support, Math Practices, and Really Great Reading.

The focus this year in the Susanville School District is on improving student outcomes. We have early release time each Monday to allow teachers to meet in Professional Learning Communities. We continue working with WestEd to improve instruction and student achievement through the development of standards-aligned learning intentions, building a classroom culture for learning, student engagement, and increasing the depth of knowledge of questions teachers ask students. District and Site Administrators and Instructional Coaches are receiving professional development regarding teacher feedback and coaching.

This year at Meadow View School, we have implemented data-driven reading intervention, a spelling mastery program, as well as, Learning Without Tears. Some of Meadow View's teachers are also participating in a book study led by a district instructional coach using the book Building Thinking Classrooms. Staff development days and weekly PLCs provide time for teachers to collaborate and learn new material throughout the school year. Other opportunities for professional development may include, but are not limited to:

- Visits to other classrooms and other schools to observe and analyze instructional strategies
- Attendance at professional education conferences or committee meetings
- Courses in regionally accredited institutions of higher education, including courses delivered online
- Peer conferences and/or joint staff preparation time
- Assistance from or service as a mentor teacher or consulting teacher
- Service in a leadership role in a professional organization
- Follow-up activities that help staff to implement newly acquired skills

LCOE provides an annual professional development day for employees throughout Lassen County. They also provide ongoing staff development for best practices for new teachers and special education teachers.
