2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

<https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Dorothy Kirby Center is a unique residential facility for adjudicated youth with mental health issues. The Dorothy Kirby Center treatment utilizes a team approach with education, mental health, and probation staff. It is a co-ed facility, but residences and school groups are single-sex classes. The facility has 8 living units, two Hope Centers, and a school with eight classrooms, including a reading and English Language Learners' room and a math specialist classroom. The facility can house approximately 80 and although the population numbers vary there are currently 55 students housed here. The ages officially range from 11 years old to 18 years old. Currently, youth ages range from 11-18 in grades 6-12. The average time in placement is approximately 6 to 9 months.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The Los Angeles County Office of Education takes great effort to ensure that all its Educational Program sites are clean, safe and functional. The Site Safety Committee conducts a monthly inspection of each site. A Facilities Inspection Checklist is used to record conditions observed and to recommend corrective action for all unsafe conditions. If any unsafe conditions are noted during the inspection, the information is sent to LACOE Risk Management for oversight and follow-up. A request for services is sent to LACOE Building Services if on-site staff cannot correct the condition. Facility reports can be found contacting the Building Services Department in LACOE at 562-922-6111. The most recent inspection rated the overall facility as "Exemplary" with a rating of 100%.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	0	0	22	24	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2022-23 Career Technical Education Programs

LACOE Career Technical Education (CTE) pathways provide students with the opportunity to explore potential careers while developing modern and in-demand technical and soft skills needed to be successful in post-secondary college and/or career. LACOE's JCS currently offers CTE pathway programs in Culinary Arts, Building Construction, and Graphic Communications at various camp schools. In partnership with Los Angeles Mission College and Glendale Community College, some sites offer dual enrollment depending on the pathways. LACOE's career and technical education (CTE) courses are aligned with the California Department of Education Career Technical Education Model Curriculum Standards and are integrated into the student's academic plan as elective courses. When possible, LACOE offers paid work experience and a mentorship program that promotes leadership, develops job-related skills, provides on-the-job experience, and increases interest in school, as well as college and careers. LACOE's goal is to increase overall CTE participation and completion of industry-recognized certification.

Dorothy Kirby has our students participate in prevocational workshops and training provided by OSHA courses online. Our students also participate in the Transition Partnership Program (TPP) where they work in jobs around campus receiving hourly pay. Our SPED Students can participate in the Workability Program where they are coached and mentored while working here at DKC. Last year we hosted an online job and career fare and all of our students 14 years and older participated, their parents were also invited to participate, and many did. This year we have brought two agencies into school to discuss careers and job training with our students. We offer opportunities for credit recovery and for students to take the Hi Set so that they can enroll in college if desired. We recognize that many of our students have not been successful in school and have a history of school failure. Thus we look for career training opportunities and educational support to bolster their academics to prepare them to transition to either college or career.

Our students have the opportunity to enroll in various OSHA classes. The OSHA classes include topics in construction, general industry, maritime industry, disaster and site work, agriculture, and health care. Students select and enroll in each course and during their educational software period they participate in the training program selected. Upon completion of each course, students receive the appropriate certificate and are able to enroll in another class if they desire.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Dorothy Kirby recognizes parents as an integral part of our program. Parents and families can become involved in school activities and are contacted pertaining to organized opportunities. The Title I Parent & Family Education and Consultation Program (PFECP) provides resources, information, engagement opportunities and parenting classes in a language that is accessible to parents and families. PFECP's Parent Liaisons (teachers, counselors, and other school staff) host at least two virtual engagement opportunities per month at their school site/Principal Administrative Unit (PAU). All LACOE parents may connect to any workshop, class, informational session, or town hall meeting, whether hosted by their student's school site or a different one. PFECP has been flexible to pivot and accommodate virtual engagements as vigorous as the in-person learning opportunities for families, in response to the pandemic. Topics of engagements for families include presentations on social-emotional learning, academics, resources/information, and empowerment/self-care.

Parent Liaisons contact parents and families via weekly phone calls, texts, or e-mails. Staff also mail invitations to all parents and families to connect to advisory meetings scheduled bi-monthly; and follow up with individual phone calls to families prior to the scheduled meeting. These communications convey the family engagement opportunities scheduled for that week, serve as a wellness check, and are a courtesy reminder. In addition, PFECP maintains a website, in English and Spanish, that advertises a monthly calendar of activities for families, a directory of Parent Liaisons, and a resource bank that categorizes County-wide basic services. PFECP also has a presence on social media, including Instagram, YouTube and Facebook to post advertisements for events and archive sessions for the benefit of those unable to attend on the scheduled day of the event.

PFECP Parent Education Specialists focus on furthering relationships with families by connecting them to resources as needed and empowering them to participate in decision-making and consultation forums such as the School Site Councils, English Learner Advisory Committees and Shared-Decision Making Committee. PFECP supports LACOE parents and families as they complete their requirements for family reunification. Cohort-style parenting classes are offered in English and in Spanish. In addition, parents and families may receive a certificate of completion once they participate in any five (5) PFECP workshops. Families can provide their thoughts and input on plans, programs and services at each engagement opportunity. Standing

2023-24 School Safety Plan

The Kirby School Safety Plan is updated annually. The safety committee meets monthly and performs quarterly walk-throughs of school grounds to assess for possible hazards. Fire and disaster drills are coordinated by probation and our staff and students participate with our probation, department of mental health, and LACOE personnel. There is a semi annual earthquake, fire, and disaster drill for the entire facility. During these drills the residents practice evacuating their quarters or their classrooms and are loaded onto vans for emergency transport. Safety is of primary concern in this facility and it can be easily observed when watching school and cottage movement as the ratio of staff is at its highest during these transitions. There is 24 hour nursing available at our facility and these professionals are responsive to any calls made to them throughout the entire day.

The staff are trained annually in child abuse recognition and reporting. They are also trained and certified annually in Nonviolent Crisis Intervention, suicide prevention, and PREA. Each of these is essential for working in this facility as our students safety is paramount to our success. The Kirby Safety plan includes basis information unique to Kirby in terms of our schedule, staff names, phone numbers, and bell schedules. The plan also includes valuable information regarding the school climate and school related crimes and offenses. At Kirby we look closely at behavior and we continue to decrease our suspensions for our students. The plan includes child abuse reporting, notification of dangerous students, dress codes to prevent gang related apparel, rules and procedures on school discipline, suspension policies and procedures if necessary, hate crimes policies and procedures, bullying prevention, sexual harassment prevention, and information concerning Covid precautions. The plan is utilizes district and site policies to insure the safety and security of our students and our staff recognizing that our obligation is to serve the learner while simultaneously protecting our staff and students from harm.

Fiscal Year 2022-23 Types of Services Funded

The school invests its Title 1 funds in supplemental staff and programs to facilitate parent involvement and enhance student learning and achievement. The school has a Parent Liaison who is under the direction of the Parent Family Education and Consultation Program (PFCEP). Parent Liaison conducts parent and family education and consultation activities. The Parent Liaison offers workshops on topics such as substance abuse, violence prevention, community resources, gang intervention, mental health, cognitive and emotional learning, parenting, college/career and technical education, and community resources. The Parent Liaison also facilitates collaborative meetings to provide opportunities for parents to give input on LACOE policies and plans, including LACOE's Strategic Plan, the Local Control Accountability Plan, Title I Parent and Family Engagement Policy, and the Master Plan for English Learners.

LACOE provides funding for various support each school has an English Learner Teacher and Literacy Specialist Teachers (LST). The LST collaborates with teachers and provide professional development on topics related to literacy strategies to impact low level readers and English learners. Each school also has Para-Educators to further support students to meet their academic needs. Para-Educators support classroom work and assist students with supplemental programs such as Apex and Aztec Software which helps credit deficient students to earn their diploma. The school also utilizes programs such as Read 180, Achieve 3000, and Imagine Learning to further enhance academic skills and address gaps in learning. AVID and the Jane Schaffer writing Program are used to provide strategies students can apply to executive functioning and writing skills. The school contracts with community-based organizations to provide enrichment programming to students in life skills, art, music, conflict resolution skills, music, dance, reading comprehension, and tutoring.

To further impact student learning and achievement, the school offers Extended Learning Opportunity (ELO) to students. The ELO Program is offered after school and is designed to provide supplemental direct services to students through additional interventions for those students who are not meeting the challenging state standards. An Educational Behavior Technician promotes a positive school climate using the Positive Behavior Interventions and Supports (PBIS) framework and restorative practices, is also funded through Title 1. The Educational Behavior Technician consults and provides interventions and supports to increase student school attendance and decrease school suspensions. There is also a Transition Counselor who serves as an advocate for students as they transition out from their current setting to their school of residence, an institution of higher education, a vocational training program or employment. The Transition Counselor provides guidance, support, and resources for students transitioning back to the community.

Professional Development

The Division of Student Programs provides administrators, support staff, Para-educators and teachers with evidence-based professional learning opportunities that address the social, emotional and academic goals of all students as indicated by assessment data results. Educators participate in professional learning designed to be on ongoing and embedded in best practices that are aligned with the LCAP goals and objectives, which are aligned to the instructional and cultural foci. The school site regularly meets each Thursday afternoon to participate in Professional Learning Communities in addition to the district-wide opportunities provided by the Central Office. The Dorothy Kirby Staff also have the option to participate in our monthly Camp Kirby training for teachers where we evaluate data, look at best practices, and enhance curriculum to offer greater engagement of our students.

Using the RTSA acclaimed curriculum the Kirby school has identified four themes for the year including: Enlightenment, Self Actualization, Transformation, and Advocacy. Thus our staff development and continuous improvement are geared to these themes so that students are able to see the interconnectedness of our learning, behaviors, and our society past and present. The thematic presentation and project based learning require our staff to be committed to their individual and group professional development which in turn provides a rich and nurturing experience for our students.

This table displays the number of school days dedicated to staff development and continuous improvement.
