2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Welcome to Road To Success Academy at Campus Kilpatrick. A salient feature of Campus Kilpatrick is the award-winning Road To Success Academy model of instruction which features interdisciplinary project-based learning focused on themes that address students' academic and social mental health needs. The Common Core aligned curriculum supports students' social-emotional needs, motivates and engages young people who have not succeeded in traditional classroom settings. Learning modules allow students to explore content in direct and meaningful ways. Students are provided customized, personalized learning experiences that include direct instruction, technology integration and project based learning. In addition, our program incorporates Career Technical Education (CTE) opportunities and brings in Community-Based Organizations (CBO) to provide enrichment programs. The school employs PBIS, Restorative Practices and Trauma-informed care. In addition, the school collaborates closely with partner agencies to ensure a student-centered approach that is innovative, guided by research, and addresses the effects of trauma on youth. The school works to prepare students for transition to the community and to be productive, caring and responsible citizens.

The mission of the RTSA at Campus Kilpatrick staff is to provide highly effective, rigorous, educational programs specifically designed to meet the academic, social and emotional needs of our population and sustain our climate of responsibility, safety and respect, which maximizes opportunities for academic and social success, by implementing a project-based learning environment. The vision of RTSA at Campus Kilpatrick is to guide students to gain a deeper understanding of themselves and develop a robust academic Identity that will facilitate multiple pathways to Healing. From this foundation, students will develop a personal, local, and global Responsibility that will Empower them to respond to challenges with self-awareness, motivation, and confidence as they Persevere through life's challenges. RTSA at Campus Kilpatrick has received a new population, Secured Youth Track Facility (STYF), which have a longer stay than traditional camps. The adjudication of students has an impact on educational services. Students who enter Campus Kilpatrick have a history of chronic academic failure and truancy. As a result, they tend to have low literacy skills, minimal content knowledge, and only partial credits completed toward high school graduation. The school offers a variety of intervention programs such as Read 180 and Achieve 3000 to address literacy issues. Along with Math 180 and Imagine Math to address deficiencies in mathematics. In addition, the school embeds Community Based Organizations into the curriculum to enrich the learning experience. Students are given the opportunity to participate in the Workability program and learn important working skills while they get paid. Campus Kilpatrick staff are dedicated individuals who consistently work to add value to our students and help them be productive and contributing members of society.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The Los Angeles County Office of Education takes great effort to ensure that all its Educational Program sites are clean, safe and functional. The Site Safety Committee conducts a monthly inspection of each site. A Facilities Inspection Checklist is used to record conditions observed and to recommend corrective action for all unsafe conditions. If any unsafe conditions are noted during the inspection, the information is sent to LACOE Risk Management for oversight and follow-up. A request for services is sent to LACOE Building Services if on-site staff cannot correct the condition. Facility reports can be found contacting the Building Services Department in LACOE at 562-922-6111. The most recent inspection rated the overall facility as "Exemplary" with a rating of 100%

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 Career Technical Education Programs

The Division of Student Programs, Career Technical Education (CTE) program ensures that students are prepared for the twenty-first century economy. To ensure that all students are ready for post-secondary education and training and to help them transition successfully into the workforce, LACOE-CTE collaborates with community colleges, business and industry, labor organizations, employment agencies, and community organizations in planning workforce preparation training programs that meet the labor market needs in Los Angeles County. CTE courses in the Juvenile Court Schools (JCS) and County Community Schools (CCS) integrate technical training and academics to help students develop workplace and career management skills. Today's CTE program is aligned with the Partnership for 21st Century Skills, Career Technical Education (CTE) Model Curriculum Standards and Common Core English, language arts, and mathematics standards to help students meet college and career expectations. One way that students are equipping themselves to be competitive in the workforce is through attaining industry recognized certifications in their CTE courses. RTSA at Campus Kilpatrick currently offers students the opportunity to earn their OSHA General and the Cyber Safety certification, as well as the SafeServe Certification.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Santa Monica Mountains PAU, Kilpatrick High School recognizes parents as an integral part of our program. Parents and families can become involved in school activities and are contacted pertaining to organized opportunities. The Title I Parent & Family Education and Consultation Program (PFCEP) provides resources, information, engagement opportunities and parenting classes in a language that is accessible to parents and families. PFCEP's Parent Liaisons (teachers, counselors, and other school staff) host at least two virtual engagement opportunities per month at their school site/Principal Administrative Unit (PAU). All LACOE parents may connect to any workshop, class, informational session, or town hall meeting, whether hosted by their student's school site or a different one. PFCEP has been flexible to pivot and accommodate virtual engagements as vigorous as the in-person learning opportunities for families, in response to the pandemic. Topics of engagements for families include presentations on social-emotional learning, academics, resources/information, and empowerment/self-care.

Parent Liaisons contact parents and families via weekly phone calls, texts, or e-mails. Staff also mail invitations to all parents and families to connect to advisory meetings scheduled bi-monthly; and follow up with individual phone calls to families prior to the scheduled meeting. These communications convey the family engagement opportunities scheduled for that week, serve as a wellness check, and are a courtesy reminder. In addition, PFCEP maintains a website, in English and Spanish, that advertises a monthly calendar of activities for families, a directory of Parent Liaisons, and a resource bank that categorizes County-wide basic services. PFCEP also has a presence on social media, including Instagram, YouTube and Facebook to post advertisements for events and archive sessions for the benefit of those unable to attend on the scheduled day of the event.

PFCEP Parent Education Specialists focus on furthering relationships with families by connecting them to resources as needed and empowering them to participate in decision-making and consultation forums such as the School Site Councils, English Learner Advisory Committees and Shared-Decision Making Committee. PFCEP supports LACOE parents and families as they complete their requirements for family reunification. Cohort-style parenting classes are offered in English and in Spanish. In addition, parents and families may receive a certificate of completion once they participate in any five (5) PFCEP workshops. Families can provide their thoughts and input on plans, programs and services at each engagement opportunity. Standing

Fiscal Year 2022-23 Types of Services Funded

The school invests its Title 1 funds in supplemental staff and programs to facilitate parent involvement and enhance student learning and achievement. The school has one Parent Liaison who are under the direction of the Parent Family Education and Consultation Program (PFCEP). Parent Liaisons conduct parent and family education and consultation activities. The Parent Liaison offers workshops on topics such as substance abuse, violence prevention, community resources, gang intervention, mental health, cognitive and emotional learning, parenting, college/career and technical education, and community resources. The Parent Liaisons also facilitate collaborative meetings to provide opportunities for parents to give input on LACOE policies and plans, including LACOE's Strategic Plan, the Local Control Accountability Plan, Title I Parent and Family Engagement Policy, and the Master Plan for English Learners.

Support staff assist with classroom work and assist students with supplemental programs such as Apex and Aztec Software which helps credit deficient students to earn their diploma. The school also utilizes programs such as Read 180, Achieve 3000, and Imagine Learning to further enhance academic skills and address gaps in learning. AVID and the Jane Schaffer writing Program are used to provide strategies students can apply to executive functioning and writing skills. The school contracts with community-based organizations to provide enrichment programming to students in life skills, art, music, conflict resolution skills, music, dance, reading comprehension, and tutoring.

To further impact student learning and achievement, the school offers Extended Learning Opportunity (ELO) to students. The ELO Program is offered after school and is designed to provide supplemental direct services to students through additional interventions for those students who are not meeting the challenging state standards. A Behavior Counselor, who promotes a positive school climate using the Positive Behavior Interventions and Supports (PBIS) framework and restorative practices, is also funded through Title 1. The Behavior Counselor consults and provides interventions and supports to increase student school attendance and decrease school suspensions. There is also a Transition Counselor who serves as an advocate for students as they transition out from their current setting to their school of residence, an institution of higher education, a vocational training program or employment. The Transition Counselor provides guidance, support, and resources for students transitioning back to the community.
