2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

RENAISSANCE PAU

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Renaissance County Community Schools Principal Administrative Unit (PAU) is comprised of 3 County Community Schools (CCS) and 4 Independent Studies Programs (ISP). Our schools are located in Monrovia (Boys Republic CCS), Monterey Park (Mujeres Y Hombres Nobles CCS and Bermudez IS) and Hawthorne (Jonas Salk CCS and La Brea IS). Most of our students are referred to us by their districts of residence due to expulsion and/or chronic attendance per their School Attendance Review Board (SARB); including the referral of at-promise youth needing a smaller class size learning environment that meet their needs. The probation department also refers students to CCS or IS, usually those recently released from the Juvenile Court Schools or Camps. We pride ourselves in building and sustaining a positive relationship with districts and the community.

Currently, all County Community Schools offer 300 minutes of daily in person instruction. The CCS and IS programs operate a twelve-month program based on three 80-day semesters. At our CCS, we implement the Road To Success Academy framework - a project-based learning with thematic approaches to challenge and engage students academically and social-emotionally. Our core belief is all students under our care learn best when the content is relevant to a real-life context. Our curriculum integrates themes with essential questions that drive projects through a cycle of learning. It is aligned with the California Common Core State Standards and supports students with critical thinking, communication, and collaboration. Our goal for CCS programs is to provide extra support and interventions for students who struggle. After completing their terms, students are able to return back to their home district or graduate from our programs. Renaissance PAU supports students with intervention programs that specifically target language acquisitions, reading comprehension, and mathematics.

Our Independent Study Program (ISP) is designed to meet the needs of students in situations where their special interests, abilities, or individual needs are not being accommodated in a traditional instructional classroom setting.

School's Mission

Our mission is to offer a safe and supportive learning environment for students who need an alternative setting. We embrace our stakeholders by expanding partnerships with parents/guardians, school districts, probation and community agencies. We provide a multi-discipline, standards-based education that is comprehensive, challenging, and engaging. We also support the development of life skills and individual talents. We graduate students from a rigorous educational program that produces goal-oriented, industrious citizens who are independent thinkers and able to compete in a global society.

2023-24 School Description and Mission Statement

School Vision

We expect success. Our vision is to be an action oriented community that values collaboration, communication, and commitment to enhance student academic achievement. As dynamic educators, we continue to develop and deliver rigorous standards-based education. We emphasize high expectations and promote excellence for our diverse student population.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. School Facility Conditions and Planned Improvements

The Los Angeles County Office of Education takes great effort to ensure that all its Educational Program sites are clean, safe and functional. The Site Safety Committee conducts a monthly inspection of each site. A Facilities Inspection Checklist is used to record conditions observed and to recommend corrective action for all unsafe conditions. If any unsafe conditions are noted during the inspection, the information is sent to LACOE Risk Management for oversight and follow-up. A request for services is sent to LACOE Building Services if on-site staff cannot correct the condition. Facility reports can be found contacting the Building Services Department in LACOE at 562-922-6111.

The most recent inspection rated the overall facility as "Good" with a rating of 98.90% @Mujeres Y Hombres located at 1260 Monterey Pass Road, Monterey Park, CA 91754.

B. Pupil Outcomes	State Priority: Pupil Achievement The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4): Statewide Assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities). The CAASPP System encompasses the following assessments and student participation requirements: 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven. 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven. 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve). College and Career Ready The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 Career Technical Education Programs

LACOE Career Technical Education (CTE) pathways provide students with the opportunity to explore potential careers while developing modern and in-demand technical and soft skills needed to be successful in post-secondary college and/or career. LACOE's JCS currently offers CTE pathway programs in Culinary Arts, Building Construction, and Graphic Communications at various camp schools. In partnership with Los Angeles Mission College and Glendale Community College, some sites offer dual enrollment depending on the pathways. LACOE's career and technical education (CTE) courses are aligned with California Department of Education Career Technical Education Model Curriculum Standards and are integrated into the student's academic plan as elective courses. When possible, LACOE offers paid work experience and a mentorship program that promotes leadership, develops job-related skills, provides on-the-job experience, and increases interest in school, as well as college and careers. LACOE's goal is to increase overall CTE participation and completion of industry recognized certification.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Renaissance PAU recognizes parents as an integral part of our program. Parents and families can become involved in school activities and are contacted pertaining to organized opportunities. The Title I Parent & Family Education and Consultation Program (PFCEP) provides resources, information, engagement opportunities and parenting classes in a language that is accessible to parents and families. PFCEP's Parent Liaisons (teachers, counselors, and other school staff) host at least two virtual engagement opportunities per month at their school site/Principal Administrative Unit (PAU). All LACOE parents may connect to any workshop, class, informational session, or town hall meeting, whether hosted by their student's school site or a different one. PFCEP has been flexible to pivot and accommodate virtual engagements as vigorous as the in-person learning opportunities for families, in response to the pandemic. Topics of engagements for families include presentations on social-emotional learning, academics, resources/information, and empowerment/self-care.

Parent Liaisons contact parents and families via weekly phone calls, texts, or e-mails. Staff also mail invitations to all parents and families to connect to advisory meetings scheduled bi-monthly; and follow up with individual phone calls to families prior to the scheduled meeting. These communications convey the family engagement opportunities scheduled for that week, serve as a wellness check, and are a courtesy reminder. In addition, PFCEP maintains a website, in English and Spanish, that advertises a monthly calendar of activities for families, a directory of Parent Liaisons, and a resource bank that categorizes County-wide basic services. PFCEP also has a presence on social media, including Instagram, YouTube and Facebook to post advertisements for events and archive sessions for the benefit of those unable to attend on the scheduled day of the event.

PFCEP Parent Education Specialists focus on furthering relationships with families by connecting them to resources as needed and empowering them to participate in decision-making and consultation forums such as the School Site Councils, English Learner Advisory Committees and Shared-Decision Making Committee. PFCEP supports LACOE parents and families as they complete their requirements for family reunification. Cohort-style parenting classes are offered in English and in Spanish. In addition, parents and families may receive a certificate of completion once they participate in any five (5) PFCEP workshops. Families can provide their thoughts and input on plans, programs and services at each engagement opportunity. Standing

2023-24 School Safety Plan

A virtual meeting for public input is scheduled to be held on 2/6/2023 at Mujeres y Hombres Nobles CCS. All school community members and law enforcement will meet to review, discuss, and approve the plan.

Renaissance Principal Administrative Unit (PAU) is comprised of six county community schools and 4 independent studies programs within a widespread coverage of Los Angeles County. Thus, every school site is tailored to meet the needs and service the community they reside in. The school safety plan is comprehensive and addresses all the requirements listed by the CDE. Below is the Table of contents for all sections. Thus, each school-site may have additional safety mandates to reflect that particular physical environment. However, each school site must abide by and remain in compliance with the PAU's comprehensive PAU-wide Safety Plan. The following are the key elements of the PAU-wide School Safety Plan as discussed and planned by all stakeholders:

1. PAU and School Site(s) Overview
2. 2023-2024 Staff Directory
3. 2023-2024 Bell Schedule(s)
4. 2023-2024 Master Schedule

Fiscal Year 2022-23 Types of Services Funded

The school invests its Title 1 funds in supplemental staff and programs to facilitate parent involvement and enhance student learning and achievement. The school has two Parent Liaisons who are under the direction of the Parent Family Education and Consultation Program (PFCEP). Parent Liaisons conduct parent and family education and consultation activities. The Parent Liaisons offer workshops on topics such as substance abuse, violence prevention, community resources, gang intervention, mental health, cognitive and emotional learning, parenting, college/career and technical education, and community resources. The Parent Liaisons also facilitate collaborative meetings to provide opportunities for parents to give input on LACOE policies and plans, including LACOE's Strategic Plan, the Local Control Accountability Plan, Title I Parent and Family Engagement Policy, and the Master Plan for English Learners.

LACOE provides funding for various Teachers on Special Assignment (TOSA) at the JCS and CCS school sites. Each school has an English Learner Teacher TOSA, and a Math Teacher on Special Assignment. All TOSAs support and coach teachers in the delivery of quality instruction. They model best practices and the delivery of instruction to students in their respective academic area of expertise. Each school also has Para-Educators to further support students to meet their academic needs. Para-Educators support classroom work and assist students with supplemental programs such as Apex and Aztec Software which helps credit deficient students to earn their diploma. The school also utilizes programs such as Read 180, Achieve 3000, and Imagine Learning to further enhance academic skills and address gaps in learning. AVID and the Jane Schaffer writing Program are used to provide strategies students can apply to executive functioning and writing skills. The school contracts with community-based organizations to provide enrichment programming to students in life skills, art, music, conflict resolution skills, music, dance, reading comprehension, and tutoring.

To further impact student learning and achievement, the school offers Extended Learning Opportunity (ELO) to students. The ELO Program is offered after school and is designed to provide supplemental direct services to students through additional interventions for those students who are not meeting the challenging state standards. A Behavior Counselor, who promotes a positive school climate using the Positive Behavior Interventions and Supports (PBIS) framework and restorative practices, is also funded through Title 1. The Behavior Counselor consults and provides interventions and supports to increase student school attendance and decrease school suspensions. There is also a Transition Counselor who serves as an advocate for students as they transition out from their current setting to their school of residence, an institution of higher education, a vocational training program or employment. The Transition Counselor provides guidance, support, and resources for students transitioning back to the community.

Professional Development

The Division of Student Programs provides administrators, support staff, Paraeducators and teachers with evidence-based professional learning opportunities that address the social, emotional and academic goals of all students as indicated by assessment data results. Educators participate in professional learning designed to be on ongoing and embedded in best practices that are aligned with the LCAP goals and objectives, which are aligned to the instructional and cultural foci . The school site regularly meets each Thursday afternoon, from 1-3, to participate in professional learning communities in addition to the district-wide opportunities provided by the Central Office.
