2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Rancho Learning Center is home to innovative educational opportunities for students/families interested in independent study learning options for students in grades TK-12.

In all of our Rancho programs, you will find a learning environment that challenges each student's intellect while remaining focused on the 'whole child'. You won't find school bells, and you won't find passing periods or a designated recess time. You will find Mindfulness activities, Physical Education, and a beautiful outdoor classroom. We also have an outdoor sports activity court for recreation and class instruction.

We offer small academic and learning groups to meet our students' individual needs. We embrace a Strengths-based model as our students use the Naviance platform to explore their personal post-secondary college/career path. We embrace character education through the Leader in Me program and we utilize Restorative Practices as a means to build community. We celebrate that community in various ways each month of the school year. We have an electronic Kindness Wall platform where students can anonymously submit kind thoughts to their classmates or teachers. We are intentional about cultivating and sharing kindness at Rancho!

Students at Rancho are afforded the opportunity to design an educational program to meet their needs. Students can participate in percussion/performing arts instruction and can perform at various school and district events. Students are invited to 'hybrid' enroll at their home-school sites to participate in a selected elective class, or perhaps join a theater or athletic program. Also, students can have the opportunity to participate in a 'community classroom', where students earn elective credit while working side-by-side with a local business mentor. An ongoing guest speaker series gives students a glimpse into the career paths of local entrepreneurs.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Permits and Waivers	0.00	0.00
Misassignments	0.00	0.00
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	4.20	6.20
Total Out-of-Field Teachers	4.20	6.20

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	0
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Rancho Learning Center utilizes Pearson Connexus, an online learning management system, and other online services which are supported by the use of one-to-one Chromebook Devices for Curricular Instruction. The Grade 1-8 In-person Independent Study classroom utilizes the same textbooks as the Grades 1-8 elementary and middle school curriculum at our other district sites.

School Facility Conditions and Planned Improvements

Rancho Learning Center opened in 1980. Our district passed a school building/renovation bond in a local election which led to the modernization of the new Rancho Learning Center that was completed in 2013. We have new paint and flooring inside classrooms, energy efficient HVAC, and advanced technology in every classroom. The facilities are kept clean by a hardworking and dedicated custodian. A landscaping service maintains the school grounds on a weekly basis. The school currently has 6 classrooms, serving students from grades TK through 12.

In 2017, an outdoor basketball court, lunch area and sensory garden were built.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	58	33	69	68	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2022-23 Career Technical Education Programs

Rancho Learning Center does not offer a CTE designated program. Students are afforded the opportunity to access CTE courses at the comprehensive high school site through our 'hybrid' enrollment program. Rancho students are introduced to a wide variety of careers through a regular and routine Guest Speaker Series, and students have regular access to the Naviance College/Career online program to explore career options, prepare resumes and other post-secondary school options and services. Our teachers and school Counselor have made connections with our local Trade Technical school and have scheduled field trips so that our students are aware of current opportunities in CTE. We have partnered with our local Community College and now offer Dual Enrollment Courses. As students access the Dual Enrollment courses taught by the college instructors, they will be informed of and will have access to the CTE programs available on campus at Pasadena City College.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

In our elementary and middle school independent study program, parents are critical to the academic progress of their children. Parents meet on a regular basis with the teacher to assist in the implementation of the individual educational plan. In addition, parents are welcome to attend class with their child. Beyond this, all of our parents are afforded the opportunity to be involved in their child's education in a variety of ways, including Welcome Receptions, Informational Evenings, Community Board Meetings, Local Control and Accountability Plan (LCAP) meetings, Back-to-School Night, Open House, and monthly Student Recognition assemblies. Parents are elected to serve as members of the School Site Council. Parents are always welcome to meet with teachers, the counselor, and administrators when requested. School faculty and staff welcome the partnership with our parents.

2023-24 School Safety Plan

To safeguard the well-being of students and staff, a Comprehensive School Safety Plan has been developed by the Safety and Disaster Committee which consists of classified staff, teachers, and the principal. Rancho Learning Center developed a School Safety Plan in concert with the entire Arcadia Education Center (AEC). The committee sets goals for the school to continually improve in three areas: School Climate (Students, Parents, and Programs), Emergency Preparedness (Disasters and Crisis), and School Environment (Facilities and Campus). The plan addresses various safety issues, including creating procedures that detect and prevent bullying, ensuring appropriate campus supervision, maintaining disaster kits, and monitoring emergency procedures. The Comprehensive School Safety Plan is updated each year and approved by the School Site Council and the Board of Education. The plan is reviewed with all staff members at the beginning of each school year.

Staff members receive disaster training and information on a regular basis, and procedures are routinely rehearsed and practiced. After careful practice and review, the safety plan is updated annually and throughout the year. Disaster bins and supplies for emergencies are inventoried at least once a year and updated as needed. Emergency drills are held on a regular basis as required at each grade level. Annual drills include an earthquake drill which is typically held on the day of the California ShakeOut. School staff members share in the duty of proctoring before and after school as well as at break and lunchtime. Visitors on campus, including alumni, are required to check in at the school's main office and are required to wear a visitor badge.

Fiscal Year 2022-23 Types of Services Funded

In addition to General Education instruction (multiple and single subject instructors), the Rancho Learning Center staff includes credentialed instructors in ELD and Special Education (RSP authorization). With these instructors on site, we are able to serve students who need these additional support programs in order to meet their educational needs. Our Counselor provides an ongoing Speaker series program for students. High school students are afforded opportunities to participate in field trips to local community colleges. Students who desire other arts opportunities can 'hybrid' to other comprehensive school sites to participate in those programs. The teachers/counselor have applied for and received local grants from participating community businesses and agencies. These funds have assisted the school site in offering recognition and awards to our students. Our community Assistance League has connected our students with vital medical assistance from local doctors when needed. Local community service groups have also provided scholarship support to our graduating seniors. Partners who support Rancho Learning Center include our Arcadia High School PTSA, Arcadia High School Chinese Parent Booster Club, Arcadia Educational Foundation, Arcadia Rotary Club, Foothill Federal Credit Union, the Lions Club, and In-n-Out Burgers.

Professional Development

Arcadia schools offer staff members professional development that is both district and site-coordinated. Staff development topics include effective pedagogy, assessments, using data to inform instruction, developing critical thinking, implementation of the electronic grade book, the California Academic Standards, identification, development, and curation of online resources, pedagogical shifts, brain research, Universal Design for Learning (UDL), and Innovative Instruction. Focus is also being given to equitable practices in education.

Arcadia's innovative, collaborative structures allow for teachers to meet together on a monthly basis: The Small Working Arcadia Groups (SWAG) meet seven times a year and focus on teacher-selected topics such as Universal Design for Learning (UDL), Multi-Tiered Systems and Support (MTSS), or NGSS (Next Generation Science Standards), etc.

We also received professional development with Jessica Minahan and teachers received her book "The Behavior Code Companion".
