2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Camino Grove is a caring, collaborative community where creativity, kindness, and confident learners and leaders are helped to grow. Camino Grove is a community working together so students develop their agency to learn and discover their leadership skills to make a positive impact at school. Camino Grove is a "Leader in Me" school and uses "Restorative Practices" to help develop effective habits and conflict resolution strategies in all students. Students actively create a positive school culture with classroom responsibilities and school leadership roles. We take pride in the high degree of parent involvement at Camino Grove Elementary School. Parents' engagement is put into use through participation in the School Site Council, English Language Advisory Committee, and Parent Teacher Association (PTA), classroom volunteers, supporting the preparation of classroom materials, and carline. Most importantly, the partnership between home and school is highly valued.

Our system of support and universally designed instructional program provides many opportunities for diverse academic, social, emotional, and behavioral needs in an energetic/changing learning conditions that prepare them to master the California Academic State Standards and maximize their college- and career-ready ability. Teachers are highly trained and dedicated as they continuously evolve their practices. Teachers work together weekly and work in teams during early-release Wednesdays to promote achievement and provide challenging experiences for all students. Also, they meet seven times yearly in up-and-down collaborative teams, TK-12. Teachers participate in professional conferences, staff development training, and learning walks to buy/own/receive new strategies to meet the diverse needs of students.

A great sense of pride is recognized when students and the community step on the school site. The staff and custodial crew ensure the school site is clean and safe for optimal learning conditions. Modernization and construction was completed in August 2013. Each classroom was updated with new digital monitors in October 2021. In September 2016, Camino Grove put into use 1-1 devices for all students TK-5. The Multipurpose Room was updated, and air conditioning was added to the building. The Multipurpose Room also received new lighting and an upgraded sound system. The main office building was renovated, and new landscaping was added throughout the campus. Security gates and blinds were installed around the campus to provide greater safety for students. The school has security cameras and a secured entry system.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Camino Grove Elementary School was built in 1953 and provides a safe, clean environment for students, staff, and volunteers. The district administers a scheduled maintenance program to ensure that all classrooms and facilities are well maintained. All schools in the Arcadia Unified School District were completely modernized in 1995–1996. As a result of Measure I passing by strong voter response in November 2006, Camino Grove underwent major renovations which began in the summer of 2011. That project was completed in August of 2013. The renovations included cutting-edge technology in each classroom to enhance interactive instruction and learning, a new student-services building, air conditioning in the multipurpose room, and upgraded restrooms, electrical, plumbing, and drainage. New digital monitors were added to the classrooms in October 2021. Camino Grove Elementary School campus currently has 34 classrooms, a staff room, a library/multimedia center, a multipurpose room, and two playgrounds. At the time of this publication, 100 percent of the school's restrooms were fully functioning and have been completely renovated.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	70	72	69	68	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Parents and the community are very supportive of the educational programs at Camino Grove Elementary School. We encourage participation in all aspects of the school's program, including volunteering at school, in the classroom, and in the Parent Teacher Association (PTA). There is a high degree of parent involvement at Camino Grove Elementary School. Our active PTA is engaged in fundraising activities that directly impact all classrooms. PTA also creates avenues for family involvement in the school and community through programs and events such as Family Fun Night, the annual school carnival, Pastries with Parents, Back-to-School Night, book fairs, and Open House dinner. The school has also created local community partnerships with the Arcadia Public Library, Arcadia Rotary Club, Arcadia Educational Foundation, American Legion, and the Arcadia Lion's Club. For more information about volunteering at the school, contact the school office at (626) 821-8353.

2023-24 School Safety Plan

To safeguard the well-being of students and staff, a Comprehensive School Safety Plan has been developed by the Safety and Disaster Committee which consists of classified staff, teachers, and the principal. The committee sets goals for the school to continually improve in three areas: School Climate (Students, Parents, and Programs), Emergency Preparedness (Disasters and Crisis), and School Environment (Facilities and Campus). The plan addresses various safety issues, including creating procedures that detect and prevent bullying, ensuring appropriate campus supervision, maintaining disaster kits, and monitoring emergency procedures. The Comprehensive School Safety Plan is updated each year and approved by the School Site Council and the Board of Education. The plan is reviewed with all staff members at the beginning of each school year. Safety drills are held on a regular basis; fire drills are held monthly, earthquake drills are held two times a year, and intruder/lockdown drills are held at least once a year. Staff members also receive disaster training on a regular basis.

To ensure student safety, teachers, administrators, and school proctors supervise students on campus before and after school and during breaks and lunch. Camino Grove Elementary School has a closed campus, and permission is always required for students to leave school grounds. Any visitors to the campus are required to check in at the school's main office and must wear the proper identification badge at all times.

Fiscal Year 2022-23 Types of Services Funded

Camino Grove is primarily funded by the Local Control Funding Formula (LCFF). These funds are applied toward the cost of salaries, benefits, energy, supplies, technology, training, and all other aspects of school operations. The Arcadia Unified School District also receives federal, special education, and other state funding. Our school utilizes funding to provide:

Full-time counselor
 School nurse in the health office
 English Language Learner program and Title III EL support services
 Instructional Aides and Proctors
 Special Education: Resource Specialist Program, School Psychologist, SELPA, and other Itinerant services
 Free and parent-funded transportation
 Free nutrition program
 Leader in Me and AVID programs
 Free and parent-funded after-school programs
 Intervention and supplemental support services for targeted students
 Title II funded professional development for staff
 Title I Intervention and Support Programs
 Specialized Services for Homeless and Foster Youth

The school also receives additional support from local community partners including the Camino Grove Parent Teacher Student Association (PTSA), Arcadia Educational Foundation, Arcadia Rotary Club, and various organizations, businesses, and community groups.

Professional Development

Arcadia schools offer staff members professional development that is both district and site-coordinated. Staff development topics include effective pedagogy, assessments, using data to inform instruction, developing critical thinking, implementation of the electronic grade book, the California Academic Standards, identification, development, and curation of online resources, pedagogical shifts, brain research and Universal Design for Learning (UDL), and Innovative Instruction. Focus is also being given to equitable practices in education.

Arcadia’s innovative, collaborative structures allow for teachers to meet together on a monthly basis: The Small Working Arcadia Groups (SWAG) meet seven times a year and focus on teacher-selected topics. Professional development is delivered by in-district training and local or regional conferences.

Evolving a system that provides multiple tiers of support is at the forefront as Camino Grove creates equitable learning conditions for all students. Teachers at Camino Grove have been actively engaged since 2016 in professional development that centers on the Universal Design for Learning framework. In recent years, instructional rounds and teacher self-assessments are data collections used to identify strengths and areas of growth of Camino Grove’s system. The data collected focuses the in-house professional development during staff meetings to sustain continuous learning and improvements. We have also received professional development with Jessica Minahan and teachers received her book "The Behavior Code Companion."
