2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

In both 2012 and 2023, Highland Oaks School was honored as a California Distinguished School, a testament to our unwavering commitment to educational excellence. At Highland Oaks, our mission is to enrich the learning experience for every student, emphasizing advanced critical thinking skills as foundational to their growth. Our success is anchored in key principles: a robust and flexible curriculum designed to cater to diverse learning needs, opportunities for students to engage in problem-solving across all academic domains, and a faculty of dedicated lifelong learners collaborating on effective instructional strategies. From Transitional Kindergarten to fifth grade, our approach is individualized, ensuring students from varied backgrounds are challenged and supported.

Under the MTSS (Multi-Tiered System of Support) initiative, we focus on holistic student development. By considering the entire child and analyzing comprehensive student data, our staff collaborates to foster academic and social growth for all. Highland Oaks School upholds rigorous academic standards within a dynamic learning environment, supported by exceptional resources. Our teaching professionals are not just educators; they are mentors, guiding our enthusiastic and inquisitive students. Together with our engaged parent community, we envision an educational landscape that prioritizes academic excellence, technological proficiency, and artistic expression, all within a nurturing child-centered ethos. Our goal is clear: we aim to equip every student with the skills, knowledge, attitude, and values necessary to flourish as productive citizens in the 21st century. To achieve this, we have instilled a culture where student voices matter. Through daily leadership opportunities, students develop independence and self-confidence. Our discipline philosophy centers on promoting self-respect, empathy, problem-solving, and responsibility in a fair and just manner.

Respect, inclusivity, and kindness are the cornerstones of our school community. We embrace diversity and treat every individual with dignity, fostering a safe, stimulating, and joyful learning environment. The partnership between parents, teachers, and students is pivotal to our community spirit, ensuring collective support for academic and social growth. Recently, after collaborative discussions with staff, students, and parents, we unveiled our new vision statement: "Highland Oaks - Where Kindness, Leadership, and Student Voices Soar." This encapsulates our core values and aspirations, symbolizing our ongoing commitment to nurturing compassionate leaders and empowering student voices to reach new heights.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Highland Oaks School was built in 1949 and is a safe, clean environment for students, staff, and volunteers. All schools in the Arcadia Unified School District underwent complete renovation in 1995–1996. In 2006–2007 Highland Oaks had the roof repaired, the sound system in the multipurpose room upgraded, and the faculty lounge renovated. As a result of Measure I passing by a strong local voter response in November 2006, Highland Oaks School was one of the first schools in the Arcadia Unified School District to undergo major renovations beginning in the winter of 2008. The renovations included a spacious new state-of-the-art library and media center, cutting-edge technology in each classroom to enhance interactive instruction and learning, a new enlarged covered outdoor lunch pavilion, new restrooms, and a new student services building as well as new flooring in every classroom and new double-paned window systems for most classrooms. The multipurpose room has new flooring, restrooms, and new stage drapes. Most renovation projects, including landscaping and a new drainage system serving the entire site, were completed by August 2011. In 2018, the asphalt was redone and new game lines were striped.

The Operations Supervisor, in cooperation with the principal, works with the custodial staff of two to ensure a clean and safe school. District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and gives high priority to emergency repairs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.

2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.

3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP						
This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment. Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Highland Oaks School owes its remarkable success to the unwavering support and active involvement of our dedicated parents. Throughout the school year, parent volunteers generously contribute numerous on-campus hours, playing a vital role in our school community. We maintain an open line of communication with parents through various channels, including student-led conferences, one-to-one teacher-parent meetings, emails, classroom newsletters and websites, the school website, social media groups, and text threads in parents' native languages. Hybrid PTSA meetings further facilitate discussions about classroom activities and campus events. We offer diverse opportunities for parents to engage in our school's life, relying on their invaluable support to ensure the seamless operation of our enrichment programs. Parents take charge of organizing and teaching the art docent program and Foundations in Art for each classroom. They also supervise outdoor Rockin' Recess activities, fostering a positive environment for students to thrive. Moreover, our school boasts a performing arts committee within the PTSA organization, actively fundraising each year to support our unique Performing Arts Program, enriching the educational experience for all students. Those interested in volunteering can contact the school office or visit the PTSA website to get involved. Active participation of parents is evident in our School Site Council, collaborating closely with the administration to make decisions regarding the School Plan for Student Achievement and School Safety Plan. Parents of English Learners play a pivotal role in our English Learner Advisory Committee (ELAC) and engage in outreach efforts to support new families joining our school community. Room parents play a crucial role in organizing volunteers for PTSA activities, classroom projects, and field trip chaperones. Parent volunteers sponsor cultural- and curriculum-based field trips, procure books for the library, and provide essential resources like playground equipment and classroom computers through well-organized fundraisers. PTSA-sponsored community events such as First Day Coffee, Hawk Walk, STEAM Night, Spring Carnival, and Family Fun Nights enhance the sense of community at Highland Oaks School. We encourage all parents to attend student-led conferences in the fall and spring, fostering a strong connection between home and school.

2023-24 School Safety Plan

To prioritize the safety and well-being of our students and staff, a Comprehensive School Safety Plan has been meticulously developed by the Safety and Disaster Committee, comprising dedicated classified staff, teachers, and the principal. This proactive approach focuses on continuous improvement in three crucial areas: School Climate (involving students, parents, and programs), Emergency Preparedness (for disasters and crises), and School Environment (including facilities and campus). This comprehensive plan tackles various safety concerns, such as implementing procedures to detect and prevent bullying, ensuring vigilant campus supervision, maintaining well-equipped disaster kits, and constantly monitoring emergency protocols. Updated annually, the Comprehensive School Safety Plan undergoes scrutiny and approval by both the School Site Council and the Board of Education. Furthermore, the plan is thoroughly reviewed with all staff members at the onset of each school year.

Our commitment to safety is further demonstrated through regular safety drills. Monthly fire drills, quarterly earthquake drills, and at least annual intruder/lockdown drills are conducted to prepare both students and staff for potential emergencies. In addition to these drills, staff members receive ongoing training to handle various disaster scenarios effectively.

To bolster student safety, our teachers, administrators, and school proctors diligently supervise students on campus before and after school, as well as during breaks and lunchtime. Highland Oaks Elementary School maintains a closed campus policy, requiring permission for students to leave school grounds at any time. All visitors to the campus are strictly required to check in at the school's main office and wear the designated identification badge throughout their visit, ensuring a secure environment for everyone. In addition, every volunteer must present a TB clearance.

Our 2022-2023 School Safety plan was last reviewed on 5/4/23. Our 2023-2024 was reviewed by the School Site Council on 11/6/23 and presented to staff on 11/14/23.

Fiscal Year 2022-23 Types of Services Funded

Highland Oaks is primarily funded by the Local Control Funding Formula (LCFF). These funds are applied toward the cost of salaries, benefits, energy, supplies, technology, training, and all other aspects of school operations. The Arcadia Unified School District also receives federal, special education, and other state funding. Our school utilizes funding to provide:

Full-time counselor
 School nurse in the health office
 English Language Learner program and Title III EL support services
 Instructional Aides and Proctors
 Special Education: Resource Specialist Program, School Psychologist, Special Day Classes, and other Itinerant services
 Free and parent-funded transportation
 Free nutrition program
 Leader in Me program
 Free and parent-funded after-school programs
 Intervention and supplemental support services for targeted students
 Title II funded professional development for staff
 Specialized Services for Homeless and Foster Youth

The school also receives additional support from local community partners including the Highland Oaks Parent Teacher Student Association (PTSA), Arcadia Educational Foundation, Arcadia Rotary Club, and various organizations, businesses and community groups.

Professional Development

Arcadia schools are dedicated to enhancing the professional growth of our staff through a comprehensive and diverse array of district and site-coordinated professional development opportunities. These sessions cover a wide range of topics, including assessments, data-driven instruction, critical thinking strategies, electronic grade book implementation, California Academic Standards, online resource curation, pedagogical shifts, brain research, Universal Design for Learning (UDL), Multi-Tiered Systems and Support (MTSS), Restorative Practices (RP), Leader in Me (LIM), Social Emotional Learning (SEL), Cognitively Guided Instruction (CGI), Next Generation Science Standards (NGSS), technology integration, and innovative teaching methods. Additionally, there is a strong focus on promoting equitable practices in education.

Traditionally, professional development has been delivered through in-district training sessions and participation in local or regional conferences. Site-based professional development occurs during faculty meetings, early release grade level collaboration days, and minimum days, ensuring that learning opportunities are integrated into the school calendar. To accommodate various schedules, staff members engage in virtual professional development during the school day, after school, or even on weekends. Moreover, we have designed self-paced modules that empower teachers to access valuable information at their convenience.

Arcadia's innovative approach includes monthly gatherings of Small Working Arcadia Groups (SWAG), where teachers convene seven times a year. These sessions, which were previously centered around teacher-selected topics aligned with district initiatives, provide a platform for collaboration and ongoing professional growth among our dedicated educators.
