2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

It is the mission of Holly Avenue and the Arcadia Unified School District to provide quality work that is engaging, results in students learning meaningful content, and challenges every student to learn more. Holly Avenue is an excellent place for a child to be educated. The school employs a highly dedicated teaching staff of outstanding quality and professionalism. The variety of talent among the teachers, as well as their commitment to excellence, provides an exciting learning atmosphere for the students at our school. We provide a high-quality, comprehensive educational program for all students in a safe but challenging environment. Teachers use Advancement Via Individual Determination (AVID) strategies to help students learn, differentiate instruction, and prepare students for the future. Students are encouraged to develop socially, emotionally, physically, and intellectually. We are committed to preparing and motivating our students to become lifelong learners and productive citizens who can contribute to a global society. This is accomplished through the cooperative efforts of educators, support staff, parents, community members, and students. The staff at Holly Avenue Elementary School has created an excellent instructional program based on California Academic Standards. Our vision is to prepare students academically in a way that balances skill development with critical and complex thinking skills, encourages creative thinking, and maximizes our individual student's strengths.

At Holly Avenue, teachers build capacity and strive to make a profound impact. We recognize and celebrate our differences. Our teachers work diligently to ensure that we instill growth mindsets in our students and that we provide all students with the best individualized instruction possible so that they are prepared to become contributing citizens in a global community. We believe in collective efficacy with embedded weekly collaboration time where we discuss student growth, visible learning, and impact through the lens of Multi-Tiered System of Support (MTSS). Under the umbrella of MTSS, teachers implement a number of Tier I and Tier II supports. The focus on effective classroom feedback (task, process, self-regulation, self) and visible learning have strengthened instruction and enhanced learning. We emphasize universally designed learning environments and support our classrooms with varying furniture and even different lighting depending upon needs. Through our many discussions on MTSS and Universal Design for Learning (UDL), we recognize the importance of inclusion and the need for Social-Emotional Learning (SEL). By looking at data and discussing best teaching practices, we defined our desired outcome - success for ALL students. As the curriculum intensifies, our new English Language Development (ELD) students and special education students, as well as some students not in special programs, sometimes struggle to perform at the proficient level. Teachers constantly reevaluate their instructional strategies to meet the needs of all students while working closely with families and collaborating together on a weekly basis. In addition to the support within the classroom, our school has a Literacy

2023-24 School Description and Mission Statement

for All program where general education students receive targeted instruction in English Language Arts. We also teach Number Talks to support students in math. Because having a safe environment for students to learn in is essential, we are committed to SEL. Teachers are trained in Restorative Practices, and community circles are used frequently. We established relaxation stations within our classrooms so that students have accessible and integrated spaces where they can go to reset. Our counselor teaches lessons such as Second Step and Kimochis. District transition counselors work with fifth graders as they transition to middle school. We strive to provide a natural setting that fosters positive relationships. Caring adults play an important role in building strong relationships with students and in facilitating student connection to school.

As a community, we work diligently to be proactive and have consequently seen growth in our students, both socially and emotionally. Additionally, we teach students the importance of leadership and contributing to their community. Through the implementation of the Leader in Me habits and AVID strategies, we nurture student leaders. All students have the opportunity to take on leadership roles, and we have many student-created clubs. Students are also mentors. General education students often help students with moderate disabilities in our special education classes. Primary students are paired with upper-grade level students in special buddy classes. It is not unusual to find fifth-grade students reading to kindergartners or helping them create writing projects on their 1:1 Chromebooks. We also have high school buddies who come to our school for cross-age reading and P.E. We recognize that not every family has the same financial resources, so we have developed many programs that provide exposure to our students. Through a grant from the United States Tennis Association, we teach our 5th graders how to play tennis and we built an outside exercise area. We offer instrumental music for all upper graders, and we work with a nonprofit organization to provide visual arts. The use of 1:1 devices within all classrooms also supports student learning. After school, students have additional opportunities such as being part of drama, the garden club, and learning Kung Fu or Mandarin. Community support plays an important role in the success of our students. The Parent-Teacher Association (PTA) is supportive and helps with outreach. Every month they offer free family activities such as STEAM night. Our PTA meetings include guest speakers to help educate and support families. We offer Latino Literacy and parenting support. Our ELD teacher offers newcomers' meetings to families just arriving in the United States. Our Academic Program Coach (APC) and Math Specialist offer training focusing on reading, writing, and math support. Our Transitional Kindergarten teacher reaches out to families and trains them on how to support our youngest scholars at home. We see this community as an extended family, and our dedicated staff wants the best for every child. Holly Avenue is a caring and academically-enriched school. We are fortunate to have a staff and community that works so well with each other. We not only educate our students to ensure that they are meeting academic standards, but we focus on the whole child. We encourage students to explore, work together, ask questions, and be engaged in their own learning. Our goal is to create strong leaders who are prepared to work in a global society. Holly Avenue has been recognized with several awards, including the California Distinguished School Award, the AVID Teacher Advocacy Award, and a Leader in Me Leadership Award. We are proud of all our students and their accomplishments.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Holly Avenue Elementary School is a beautiful early-California-style school. Built in 1926, it is the oldest elementary school in the district. Modular buildings have been added to the site. The school was modernized in 1995 and again in 2009–2010. It provides a safe and clean environment for students, staff, and parents. The school employs two full-time custodians and one part-time custodian who maintain the facilities and ensure classrooms, restrooms, and campus grounds are kept safe and clean. The district also administers a scheduled maintenance program. Children participate in the beautification of the school site.

In recent years Holly completed major improvements and construction including a new three-classroom building, reconstruction of student-support offices, updated classrooms, and fencing surrounding the school buildings and fields. Air conditioning was added to the cafeteria and auditorium. Upgrades are thanks to a large bond issue passed by the City of Arcadia. Summer of 2017 deferred maintenance projects consisting of roofing maintenance to several buildings and exterior painting was completed. In 2018, a fitness equipment playground area was installed, along with an artificial turf surface; the carpet flooring in Room 20 was replaced, and several window panes were replaced.

In the next years, we will be replacing 12 portables and build a two-story building to replace the portables. Additionally, the outside play area will be replaced and shade structures will be added.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	71	70	69	68	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Holly Avenue encourages volunteering and our volunteers are highly valued. Many parents work in the classroom; they present and read with students, prepare material for teachers for use at school and for students at home, and they are also important chaperones on field trips. We have many ways for parents to participate in the daily activities at our school and we appreciate all their contributions. Parents are members of our School Site Council (SSC), an important committee that reviews student data and develops our School Improvement Plan for Student Achievement. Parents of English Learners are vital to our English Learner Advisory Committee (ELAC) and to our outreach efforts on behalf of new families. We offer Latino Literacy classes to our Spanish-speaking community and newcomers' meetings for families that are new to this country. Parents in the Holly Avenue community are engaged and well informed. They are interested in the school and are actively involved and proud of its accomplishments. We ask all parents to attend Back-to-School Night in the fall, Open House in the spring, holiday programs, and student-led conferences in October and February. Parents are crucial partners in their children's education.

Our active PTA provides support for our school. Many parent and community volunteers help in the classrooms with special projects, serving on special committees like organizing our STEAM Night, Legislative Action, and helping with school activities and fundraising. Our PTA hosts many events for parents. Some events include: Donuts with Dads, Muffins with Mom, Father-Daughter Dance, Mother-Son Bowling, and Movie Nights. In addition, they help with meet and greet events such as the first-day coffee, Kindergarten Round-up, and our Welcome Back Picnic. All parents are invited to attend monthly PTA meetings that include guest speakers to help inform and educate them. The Arcadia Educational Foundation consists of parents and community members and raises funds from the overall community to support selected instructional programs. It has provided funding for new technology, and several Holly Avenue teachers have been awarded mini-grants.

For more information about volunteering at the school, contact Principal Teresa Oakland at (626) 821-8355.

2023-24 School Safety Plan

To safeguard the well-being of students and staff, a Comprehensive School Safety Plan has been developed by the Safety and Disaster Committee which consists of classified staff, teachers, and the principal. The committee sets goals for the school to continually improve in three areas: School Climate (students, parents, and programs), Emergency Preparedness (disasters and crisis), and School Environment (facilities and campus). The plan addresses various safety issues including creating procedures that detect and prevent bullying, ensure appropriate campus supervision, maintain disaster kits, and monitor emergency procedures. The Comprehensive School Safety Plan is updated each year and approved by the School Site Council and the Board of Education. The plan is reviewed with all staff members at the beginning of each school year. Safety drills are held on a regular basis; fire drills are held monthly, earthquake drills are held four times a year, and intruder/lockdown drills are held at least once a year. Staff members also receive disaster training on a regular basis.

To ensure student safety, teachers, administrators, and school proctors supervise students on campus before and after school and during breaks and lunch. Holly Avenue Elementary School has a closed campus, and permission is always required for students to leave school grounds. Any visitors to the campus are required to check in at the school's main office and must wear the proper identification badge at all times.

Fiscal Year 2022-23 Types of Services Funded

Holly Avenue is primarily funded by the Local Control Funding Formula (LCFF). These funds are applied toward the cost of salaries, benefits, energy, supplies, technology, training, and all other aspects of school operations. The Arcadia Unified School District also receives federal, special education, and other state funding. Our school utilizes funding to provide:

Full-time counselor
 School nurse in the health office
 English Language Learner program and Title III EL support services
 Instructional Aides and Proctors
 Special Education: Resource Specialist Program, School Psychologist, Special Day Classes, and other Itinerant services
 Free and parent-funded transportation
 Free nutrition program
 Leader in Me and AVID programs
 Free and parent-funded after-school programs
 Intervention and supplemental support services for targeted students
 Title II funded professional development for staff
 Title I Intervention and Support Programs
 Specialized Services for Homeless and Foster Youth

The school also receives additional support from local community partners including the Holly Avenue Parent Teacher Association (PTA), Arcadia Educational Foundation, Arcadia Rotary Club, and various organizations, businesses and community groups.

Professional Development

Arcadia schools offer staff members professional development that is both district and site-coordinated. Staff development topics include effective pedagogy, assessments, using data to inform instruction, developing critical thinking, implementation of the electronic grade book, the California Academic Standards, identification, development, and curation of online resources, pedagogical shifts, brain research and Universal Design for Learning (UDL), and Innovative Instruction. Focus is also being given to equitable practices in education.

Arcadia’s innovative, collaborative structures allow for teachers to meet together on a monthly basis: The Small Working Arcadia Groups (SWAG) meet seven times a year and focus on teacher-selected topics such as Universal Design for Learning (UDL), Multi-Tiered Systems and Support (MTSS), or NGSS (Next Generation Science Standards), etc. We have also offered many refreshers on Thinking Maps, Write from the Beginning, and training in Cognitive Guided Instruction (CGI).

In the last two years, we have also received professional development with Jessica Minahan and all teachers received her book "The Behavior Code Companion".
