2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Our school mission statement is: We care. We learn. We lead at Hugo Reid.

Hugo Reid is comprised of two campuses that are both located east of Michillinda Avenue and south of the 210 Foothill Freeway in Arcadia. Our school sites are four blocks apart but are located in the same supportive neighborhood. We are nestled in an excellent community of diverse families and friends. In fact, many of our parents and teachers were Hugo Reid Raiders themselves. Therefore, we have a legacy of high commitment and family involvement since 1949. The primary site completed its final stages of construction in the spring of 2015. These enhancements were made possible with the passage of Measure I. The elementary site was completed in early October 2014 when the turf field reopened as the final phase within the scope of the project.

At the school site, we offer a variety of activities that are available to students both on a volunteer and try-out-based foundation. Students in grades 3-5 can run for the Student Council Leadership Team office in the fall and spring. Rocky's Green Team is an eco-friendly volunteer student action team at the elementary site that works to help reduce our school's carbon footprint. Students in grades 3-5 can sign up to participate in the site-based reading club "Rocky's Readers." Students in this group read a variety of pre-selected books and meet several times a year to discuss the book with teachers. A crafting club also takes place weekly before school with a group of teachers and is offered to all students, availability and space permitting. Leader in Me promotes student leadership, and 2nd-5th grade students can volunteer to join a Student Action Team to help plan schoolwide events, welcome new students to campus, and join PTSA planning efforts. Classroom teachers, school counselor, PTSA president, and the principal work with the various student action teams to help provide student voice and choice in schoolwide initiatives and events.

AVID, Leader in Me, and Restorative Practices in grades TK-5 are core programs and values that help enrich the lives of students, teachers, staff, and parents.

Hugo Reid implements small group targeted assistance for at-risk and struggling students. Differentiated instruction occurs daily in grades TK-5. Hugo Reid supports the implementation of Literacy for All and Intervention Programs for targeted academic instruction. Based on a variety of assessment results and data collection, students participate daily in small group lessons that focus on 21st-century skills within the English Language Arts/English Language Development Framework.

2023-24 School Description and Mission Statement

Hugo Reid utilizes a site-based decision-making model that incorporates all the various stakeholder groups on campus. There are different pathways and groups involved in decision-making that include but are not limited to the school leadership team, the entire faculty, School Site Council, and Parent Teacher Student Association (PTSA). Hugo Reid School finds value in stakeholder engagement, and the contributions help to shape a variety of school initiatives. As a school site, we are continuously posing the question surrounding the approaches for doing what is best for students. In meeting student needs, our focus will also be aimed at parent involvement/engagement. A variety of parent workshops, seminars, and educational support resources will continue as offerings to the parent community. Using results of district surveys and input from stakeholder groups, our school site is committed to providing the highest level of programming and instructional support to raise academic performance and provide the social/emotional skill sets necessary for success in the 21st century.

Our Parent Teacher Student Association (PTSA) continues to be a thriving and supportive entity on campus. Through their fundraising efforts, the school directly benefits from high-quality programming, events, and classroom materials. In addition to this, our Arcadia Education Foundation provides opportunities for teachers and non-administrative staff to apply for grants that directly impact classroom instruction.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The Operations Supervisor, in cooperation with the principal, works with the custodial staff of 2 full-time and 1-part time custodian to develop cleaning schedules that ensure a clean and safe school. District maintenance staff members complete work orders in a timely manner in order to keep the school in good repair. We use a work order process to ensure efficient service and the highest priority for emergency repairs. The district participates in the State School Deferred Maintenance Budget Program, which provides state matching funds to assist school districts with expenditures for major repairs or replacement of existing school building components. Typically this includes roofing, plumbing, heating, air conditioning, electrical systems, interior and exterior painting, and floor systems.

The passage of a bond measure in November 2006 allowed Hugo Reid to make major structural improvements. The plans included building an improved library/media center facility at Hugo Reid Primary, more student support areas, and updating the office area at each campus. Each classroom was enhanced to be a classroom of the future. The district standard includes interactive boards, added computers, a high-end projector, a document camera, and a sound system. Outdoor lighting, improved facility technology, boundary fencing, new signage, and restroom facilities were also part of the improvement package.

Construction began in the 2012/13 school year. Construction was completed during the 2013/14 school year. The Student Services building was completed late spring 2015.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	71	71	69	68	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Parents and the community are supportive of the educational programs at Hugo Reid School. We encourage participation in all aspects of the school's program, including volunteering as a room parent, chaperoning field trips, and sponsoring/organizing social activities for our school such as Trunk or Treat, Diwali Celebration, Winter Wonderland, Carnival, and the Back-to-School Picnic. The School Site Council (SSC) offers an opportunity for community input on the distribution of funds and recommendations for the School Plan for Student Achievement, which guides our instructional focus. For parents of students classified as English Learners, these stakeholders can participate in the site-based ELAC (English Learner Advisory Committee) to learn more about how students receive services, reclassification, and ELPAC testing. For more information about volunteering at our school, please contact the school office. Outside of PTSA, we have many volunteer opportunities for families to give back in the library and classrooms. Each year we hold morning and evening meetings to discuss different programs and resources with our parents. We make special accommodations for the parents of our English Learners. The principal, teachers, language translators in Chinese and Spanish, and district coordinators attend most meetings to show support and respond to parent concerns. We also use a listserv to communicate with all Hugo Reid families. The PTSA helps generate the listserv content using the school calendar and general PTSA information. Hugo Reid can send an email and/or phone messages instantaneously to all parents of Hugo Reid. This form of communication is very effective.

2023-24 School Safety Plan

To safeguard the well-being of students and staff, a Comprehensive School Safety Plan has been developed by the Safety and Disaster Committee which consists of classified staff, teachers, and the principal on the School Site Council. The committee sets goals for the school to continually improve in three areas: School Climate (students, parents, and programs), Emergency Preparedness (disasters and crisis), and School Environment (facilities and campus). The plan addresses various safety issues, including creating procedures that detect and prevent social-emotional barriers/challenges, ensuring appropriate campus supervision, maintaining disaster kits, and monitoring emergency procedures. The Comprehensive School Safety Plan is updated yearly and approved by the School Site Council and the Board of Education. The plan is reviewed with all staff members at the beginning of each school year. Safety drills are held on a regular basis; fire drills are held monthly, earthquake drills are held two times a year, and intruder/lockdown drills are held at least once a year. Staff members also receive disaster training on a regular basis.

To ensure student safety, teachers, administrators, and school proctors supervise students on campus before and after school and during breaks and lunch. Hugo Reid has a closed campus, and permission is always required to leave school grounds. Any visitors to the campus are required to check in at the school's main office and must wear the proper identification badge at all times.

Hugo Reid's Safety Plan was reviewed and updated in March 2023 by the School Site Council and was board approved in June 2023. The Safety Plan was discussed with school faculty at the first staff meeting of the school year.

Fiscal Year 2022-23 Types of Services Funded

Hugo Reid Elementary School is primarily funded by the Local Control Funding Formula (LCFF). These funds are applied toward the cost of salaries, benefits, energy, supplies, technology, training, and all other aspects of school operations. The Arcadia Unified School District also receives federal, special education, and other state funding. Our school utilizes funding to provide:

- Full-time counselor
- School nurse in both health offices
- English Language Learner program and Title III EL support services
- Instructional Aides and Proctors
- Special Education: Resource Specialist Program, School Psychologist, Special Day Classes, and other Itinerant services
- Free and parent-funded transportation
- Free nutrition program
- Leader in Me and AVID programs
- Free and parent-funded after-school programs
- Intervention and supplemental support services for targeted students
- Title II funded professional development for staff
- Title I Intervention and Support Programs
- Specialized Services for Homeless and Foster Youth

The school also receives additional support from local community partners including the Hugo Reid Parent Teacher Student Association (PTSA), Arcadia Educational Foundation, Arcadia Rotary Club, Arcadia Lions Club, and various organizations, businesses, and community groups.

Professional Development

Arcadia schools offer staff members professional development that is both district and site-coordinated.

Staff development topics include effective pedagogy, assessments, using data to inform instruction, developing critical thinking, implementation of multi-tiered systems of support (MTSS), the California Academic Standards, positive behavior strategies and interventions, pedagogical shifts, brain research and Universal Design for Learning (UDL), Cognitively Guided Math Instruction, Write From the Beginning, Leader and Me, and Innovative Instruction. Focus is also being given to equitable practices in education.

Arcadia's innovative, collaborative structures allow for teachers to meet together on a monthly basis: The Small Working Arcadia Groups (SWAG) meet seven times a year and focus on teacher-selected topics such as Universal Design for Learning (UDL), Multi-Tiered Systems and Support (MTSS), or NGSS (Next Generation Science Standards), etc.

Hugo Reid Faculty Workshops are held bi-monthly to provide opportunities for teachers to collaborate, evaluate data, strengthen MTSS Universal Practices, and build schoolwide initiatives through teacher-led presentations and instructional coach supports.
