2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

We are proud of the excellent middle school program at First Avenue Middle School. Our teachers and staff work hard to provide the support needed for every child to meet or exceed our high expectations. We have very strong beliefs that guide everything we do at First Avenue Middle School. We believe middle school students are young people in transition between childhood and adulthood. They have very distinctive physical, intellectual, social, and emotional needs that set them apart from elementary and high school students.

First Avenue is an educational community that promotes an environment of academic challenge with high expectations for student learning and strong character development. The school is centered on nurturing the educational spirit of each student in a safe learning environment that accommodates diverse learning styles, the pursuit of powerful learning through experimentation and exploration, and the opportunity to do so without fear of failure. Instruction at First Avenue focuses on a thinking, meaning-centered curriculum. Lessons take a variety of forms, incorporate a variety of methods of student assessment, and allow for student self-directed learning through the exploration of a broad range of materials and activities.

The First Avenue Middle School community continually develops the distinctive characteristics of the “First Avenue Experience” for our students: an ability to meet rigorous academic standards through the design of high-quality work, a passion to learn, an ability and willingness to think creatively to solve the challenges of the 21st century, a strong sense of identity and voice, and a highly developed sense of personal and social responsibility and leadership fostered by real-world applications. Students at First Avenue are involved in activities at school that help them grow in self-confidence, self-discipline, and self-esteem. The development of these personal attributes leads to an increase in learning competency, perseverance, and preparedness for the future.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.50	0.10
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	0.50	0.10

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00

School Facility Conditions and Planned Improvements

First Avenue Middle School provides a safe, clean environment for students and staff. All schools in the AUSD underwent complete renovation in 1995–1996. The campus currently has 28 regular classrooms, a staff room, a library/media center, two locker rooms, a cafeteria, and an auditorium. At the time of this publication, 100 percent of the school's restrooms were fully functioning.

In 2006 a general obligation bond issue was passed for Arcadia Unified School District. In November of 2007, First Avenue Middle School broke ground on a multistep project that included classroom renovations and technology upgrades; renovations and improvements to the performing arts auditorium; installation of a new running track and field; new lunch facilities, including a Speed Line; extensive subterranean utilities and infrastructure improvements; office facility renovations; hardscape and landscape improvements, including exterior fencing and planting of trees; and a brand-new, state-of-the-art music building housing more than 550 students who are involved in our magical music program. Measure I construction was completed in April 2010 at First Avenue. The recent addition of an electronic marquee will enable district and site leadership to clearly communicate activities, accomplishments, and the school calendar with parents and community members who pass by the school.

In 2018, the asphalt was redone and new game lines were striped, roofing maintenance to all buildings was performed, and the carpet flooring was replaced in Room 39. In 2020, in response to the COVID-19 compliance rules, the HVAC/air purification system was upgraded to improve the health & safety of all throughout our campuses district-wide. The iWave unit is integrated into the HVAC system as a means to achieve air purification.

New benches and patio tables have been installed in the past three years. A wellness garden was created on the campus in August of 2020. A robotics room was created in an unused room in 2019. A bottle filling station was installed in the lunch patio area and one more will be installed soon. A makerspace area was created in an area that used to be an unused tech lab in the library in 2017. Planned improvements include a shade structure on the field with bleacher-style benches. The most recent improvements include fixing the concrete in the south quad so that the rain doesn't flood that area, a revamping of the makerspace, removing existing carpet and placing new gym-style flooring in Room 39, and replacing the carpet in the main building hallways with durable padded flooring.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
First Avenue is dedicated to partnering with parents and families in order to carry out the mission and vision that has been established. We believe that all stakeholders are imperative to the well-being of First Avenue Middle School students, and we encourage parent and family involvement. First Avenue Middle School provides parents and guardians with opportunities to connect with the school in a multitude of ways to support students and improve student academic achievement. We have developed a parent compact in order to build community between parents, students, teachers, and administration. Our family engagement has been agreed upon among parents and family members of participating families and can be updated at any time. The PTSA parents provided input into the writing of the parent engagement compact during discussions at PTSA meetings and monthly meetings with the PTSA President. First Avenue provides opportunities for the participation of all parents/guardians of students, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. Information and school reports are provided in a format and language that parents understand. Parents receive email and phone blasts, flyers and information through Peachjar, emails and information through the PowerSchool platform, Google Classroom, the FA Website, Twitter, the FA PTSA Facebook page, the AUSD website, AUSD Facebook page, and district communication to families. Parents in the community are very supportive of the educational programs at First Avenue Middle School. The active Parent Teacher Student Association (PTSA) is engaged in fundraising efforts and supports various parent nights and school activities such as theme days, school-wide grade level activities, community concerts, night markets, lunchtime speakers, PTSA evening seminars focusing on adolescent brain development and middle school parenting, family fun nights, Open House, and Back-to-School Night. PTSA also sponsors the Reflections competition, challenging our students to explore their artistic interests by submitting art/video/performance/essay/photography or other entries for local and statewide competitions. First Avenue parents are very active and well represented at district-wide parent information nights such as the district Local Control and Accountability Plan (LCAP) Committee, English Learner Advisory Committee (ELAC), District English Learner Advisory Committee (DELAC), Community Engagement Nights, Positive Prevention, and Board Learning Walks. Parents who are interested in volunteering can contact the school office at (626) 821-8362.

2023-24 School Safety Plan

To safeguard the well-being of students and staff, a Comprehensive School Safety Plan has been developed by the Safety and Disaster Committee which consists of classified staff, teachers, the assistant principal, and the principal. The committee sets goals for the school to continually improve in three areas: School Climate (Students, Parents, and Programs), Emergency Preparedness (Disasters and Crisis), and School Environment (Facilities and Campus). The plan addresses various safety issues, including creating procedures that detect and prevent bullying, ensuring appropriate campus supervision, maintaining disaster kits, and monitoring emergency procedures. The Comprehensive School Safety Plan is updated each year and approved by the School Site Council and the Board of Education. The plan is reviewed with all staff members at the beginning of each school year. Safety drills are held on a regular basis; fire drills are held four times a year; earthquake drills are held four times a year; and intruder/lockdown drills are held twice a year. Staff members also receive disaster training on a regular basis. The safety plan was updated in the 2022-2023 school year and approved by the School Site Council in February 2023.

To ensure student safety, teachers, administrators, and school proctors supervise students on campus before and after school and during breaks and lunch. First Avenue Middle School has a closed campus, and permission is always required for students to leave school grounds. Any visitors to the campus are required to check in at the school's main office and must wear the proper identification badge at all times.

Fiscal Year 2022-23 Types of Services Funded

First Avenue MS is primarily funded by the Local Control Funding Formula (LCFF). These funds are applied toward the cost of salaries, benefits, energy, supplies, technology, training, and all other aspects of school operations. The Arcadia Unified School District also receives federal, special education, and other state funding. Our school utilizes funding to provide:

- Full-time counselor
- School nurse in the health office
- English Language Learner program and Title III EL support services
- Instructional Aides and Proctors
- Special Education: Resource Specialist Program, School Psychologist, and other Itinerant services
- Free and parent-funded transportation
- Free nutrition program
- Elective classes for all students
- Leader in Me and AVID programs
- Free and parent-funded after-school programs
- Intervention and supplemental support services for targeted students
- Title II funded professional development for staff
- Title I Intervention and Support Programs
- Specialized Services for Homeless and Foster Youth

The school also receives additional support from local community partners including the First Avenue Parent Teacher Student Association (PTSA), Arcadia Educational Foundation, Arcadia Rotary Club, and various organizations, businesses, and community groups.

Professional Development

Arcadia schools offer staff members professional development that is both district and site coordinated. At the site, staff development topics have included effective pedagogy, assessments, executive functioning skills, SEL, platforms and tools like Listenwise, Flocabulary, Nearpod, Jamboard, etc., instruction, and critical thinking, development, and curation of online resources, pedagogical shifts, brain research and MTSS, Universal Design for Learning (UDL) and Innovative Instruction. Focus is also being given to equitable practices in education, cultural proficiency, diversity, equity & inclusive practices, restorative practices, and mental health and wellness.

Individual school sites have been tasked with working with the Instructional Coaches Team to collaborate with teachers and staff to improve educational outcomes for all students, provide resources, and be thought partners for implementing initiatives.

Different data points are reviewed and evaluated to design and determine professional development needs. ThoughtExchange data is collected annually to identify needs from all stakeholders, bargaining unit forums offer both qualitative and quantitative data to determine staff needs. Self-reflection tools are used to determine professional development needs for standards implementation. Professional development sessions are determined by the various needs determined by stakeholders and state mandates.

Professional development has traditionally been delivered by in-district training and local or regional conferences, as well as in site-specific faculty meetings that address MTSS, executive functioning skills, and social-emotional wellness.

Arcadia’s innovative, collaborative structures allow for teachers to meet together on a monthly basis. The Small Working Arcadia Groups (SWAG) meet seven times a year and in the past focused on teacher-selected topics such as Universal Design for Learning (UDL), Multi-Tiered Systems and Support (MTSS), and cultural proficiency. SWAG time encourages teachers to collaborate in departments or grade levels to implement community building, social and emotional needs, and adjust units and lessons to address learning loss.

We have also received professional development with Jessica Minahan and teachers received her book "The Behavior Code Companion".
