2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Middle school years are a time of important transition for students. A supportive, nurturing, and positive environment is essential in the creation of a successful middle school. As you review our School Accountability Report Card you will see our core beliefs, which are the foundation of everything we do at Dana. We believe that everyone should be treated with dignity and respect and that a partnership including students, parents, and school personnel is essential to meeting the ever-changing needs of our young people. We believe everyone benefits from an environment that promotes student learning and accountability. All Dana students need to be connected to their school. We recognize that it is the school's responsibility to set high standards for achievement and to support our students in meeting and exceeding those standards.

Dana Middle School's Mission Statement - The Dana community fosters positive relationships, engaged learning, and responsible citizenship. At Dana, we are Positive Communicators, Engaged Learners, and Responsible Citizens.

We also highly value kindness and work to promote it throughout our school campus. Our yearly theme is Anchored Around Community.

We have implemented student success programs at Dana, including the following: AVID (Advancement Via Individual Determination), a college awareness and readiness program designed to create a college-going culture school-wide; Leader in Me, Character Strong (Social-Emotional Learning program) Restorative Practices which builds trust, communication, and community among students and staff; and our signature program, Where Everybody Belongs (WEB), which trains 8th graders to be supportive guides to incoming 6th graders and new students.

We feel it is important for students and parents to be an integral part of the Dana community. There is open access to the office and to teachers with proper notification. Please feel free to drop by or call for an appointment.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

School Facility Conditions and Planned Improvements

Dana Middle School was built in 1954 and provides a safe, clean environment for students and staff. The school employs two full-time custodians and one part-time custodian who maintain the facilities and ensure classrooms, restrooms, and campus grounds are kept clean and safe. A scheduled maintenance program is administered by the district to ensure that all classrooms and facilities are well maintained. The Dana Middle School campus currently has 32 classrooms, one staff room, a library/media center, a computer lab, a multipurpose room, two locker rooms, and an onsite daycare.

Dana Middle School underwent two years of construction, which concluded at the end of the 2011-2012 school year. The construction was funded through a general obligation bond approved by the community in 2006. All of our classrooms were remodeled to reflect "classrooms of the future." The school added a joint-use Dana Gym shared by the school district and the city of Arcadia, a new music building to house our 350+ music students in band and orchestra, a new library and computer lab complete with a reading patio, and a remodeled courtyard with a stage for student productions. In 2018, new rubber flooring was installed in the Utility Room. The school looks beautiful. The park-like landscaping and college campus feel make Dana Middle School a "jewel in the crown" of AUSD.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	69	70	69	68	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents and the community are very supportive of the educational programs at Dana Middle School and are encouraged to participate in all aspects of the school's program, including the PTSA (Parent Teacher Student Association). The PTSA provides the school and staff with services and financial aid for activities such as Ports O' Call (student registration), book fairs, chaperoning dances, hosting an eighth-grade promotion party, helping with hearing and vision screening, and assisting with grade-level theme days and field trips.

Parents also support Dana Middle School's outstanding music program through the Dana Music Boosters Club. Parents who wish to participate in Dana Middle School's leadership teams, school committees, school activities, or to become a volunteer can contact the school at (626) 821-8361 or visit the school's website at <https://da.ausd.net>.

School Site Council is also an opportunity for parents to become involved at Dana. Three parents are elected for two-year terms. Meetings are held six times during the year to discuss the school budget, the School Site Plan, the Local Control Accountability Plan for the district, and various events and programs throughout the year.

Our English Language Advisory Committee (ELAC) holds three meetings during the year as well. Parents of English Language Learners (ELL) can attend these meetings to find out about the ELL program at Dana, review the School Site Plan as it applies to ELL students, and give input for ELL and the school support of these programs.

2023-24 School Safety Plan

To safeguard the well-being of students and staff, a Comprehensive School Safety Plan has been developed by the Safety and Disaster Committee which consists of classified staff, teachers, principal, and is led by the assistant principal. The committee sets goals for the school to continually improve in three areas: School Climate (students, parents, and programs), Emergency Preparedness (disasters and crisis), and School Environment (facilities and campus). The plan addresses various safety issues, including creating procedures that detect and prevent bullying, ensuring appropriate campus supervision, maintaining disaster kits, and monitoring emergency procedures. The Comprehensive School Safety Plan is updated yearly and approved by the School Site Council and the Board of Education. The plan is reviewed with all staff members at the beginning of each school year. Safety drills are held on a regular basis; fire drills are held monthly, earthquake drills are held twice a year, and intruder/lockdown drills are held at least once a year. Staff members also receive disaster training on a regular basis.

To ensure student safety, teachers, administrators, and school proctors supervise students on campus before and after school and during breaks and lunch. Dana Middle School has a closed campus, and permission is required for students to leave school grounds. Any visitors to the campus are required to check in at the school's main office and wear the proper identification badge at all times.

2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	21	10	12	4
Mathematics	23	8	12	2

Fiscal Year 2022-23 Types of Services Funded

Dana is primarily funded by the Local Control Funding Formula (LCFF). These funds are applied toward the cost of salaries, benefits, energy, supplies, technology, training, and all other aspects of school operations. The Arcadia Unified School District also receives federal, special education, and other state funding. Our school utilizes funding to provide:

Full-time counselor
 School nurse in the health office
 English Language Learner program and Title III EL support services
 Instructional Aides and Proctors
 Special Education: Resource Specialist Program, School Psychologist, Special Day Classes, and other Itinerant services
 Free and parent-funded transportation
 Free nutrition program
 Leader in Me and AVID programs
 Free and parent-funded after-school programs
 Intervention and supplemental support services for targeted students
 Title II funded professional development for staff
 Specialized Services for Homeless and Foster Youth

The school also receives additional support from local community partners including the Dana Parent Teacher Student Association (PTSA), Arcadia Educational Foundation, Arcadia Rotary Club, and various organizations, businesses and community groups.

Professional Development

Arcadia schools offer staff members professional development that is both district and site-coordinated. Staff development topics include effective pedagogy, assessments, using data to inform instruction, developing critical thinking, implementation of the electronic grade book, the California Academic Standards, identification, development, and curation of online resources, pedagogical shifts, brain research and Universal Design for Learning (UDL), and Innovative Instruction. Focus is also being given to equitable practices in education. We have been able to create a clear vision toward professional development and an increased awareness of how all our programs, including the ones listed below, coordinate to better educate students through improved classroom and lesson design from both an academic and social-emotional level.

Individual school sites have been tasked with working with the Instructional Coaches Team to collaborate with teachers and staff to improve educational outcomes for all students, provide resources, and be thought partners for implementing initiatives.

Different data points are reviewed and evaluated to design and determine professional development needs. Survey data is collected annually to identify needs from all stakeholders, bargaining unit forums offer both qualitative and quantitative data to determine staff needs. Self-reflection tools are used to determine professional development needs for standards implementation. Professional development sessions are determined by the various needs determined by stakeholders and state mandates.

Professional development has traditionally been delivered by in-district training and local or regional conferences. During the pandemic, professional development was offered through virtual synchronous and asynchronous training. Modules that can be accessed independently have been designed to allow teachers access to information on their own time. Mini-workshops/webinars presented through the International Study for Technology in Education (ISTE) were offered to TK-12 teachers covering topics such as Assessment in the Virtual Classroom, Building Community in the Virtual Classroom, and Strategies for Engagement in the Virtual Classroom.

Arcadia’s innovative, collaborative structures allow for teachers to meet together on a monthly basis: The Small Working Arcadia Groups (SWAG) meet seven times a year and focus on teacher-selected topics such as Universal Design for Learning (UDL), Multi-Tiered Systems and Support (MTSS), or NGSS (Next Generation Science Standards), etc.

Full implementation of the Advancement Via Individual Determination (AVID) program continues to be a focus of professional development dollars. Almost all teachers at Dana have been trained in AVID strategies and we have implemented school-wide focus at the three different grade levels. In 6th grade, the focus is on organizing students’ planners and backpacks. In 7th grade, the focus is Cornell Notes. In 8th grade, the focus is creating SMART goals.

Newer topics include CharacterStrong (Social-Emotional Learning program); Leader in Me; Restorative Practices, an alternative approach to communicating, discipline, and community at the school (2016 to the present); as well as the adoption of new curriculum (Big Ideas in Mathematics: 2016, HMH in ELA: 2017, and TCI for Science and Social Studies.

An emphasis is placed on professional development where teachers gather at the district office to learn about new programs, curriculum, and instruction. These are not one-time professional development opportunities, but rather a systemic approach to ongoing professional development.
