2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

This School Accountability Report Card is designed to provide you with a general understanding of Foothills Middle School and Arcadia Unified School District. Keep in mind that this report card describes information for the 2022-2023 school year.

Middle school years are a time of transition. A supportive, nurturing, and positive environment is critical in a successful middle school. As you review our School Accountability Report Card, you will see that our core beliefs are evident. These beliefs serve as the foundation for everything we do at Foothills Middle School. We believe that everyone should be treated with dignity and respect. We believe that a partnership between parents and the school is essential in meeting the ever-changing needs of our young people. We believe everyone benefits from an environment that promotes student learning, accountability, collaboration, wellness, and innovation. We believe that all students need to be “connected” to our school. We believe that it is our responsibility to set high standards for achievement and to support our students in meeting and exceeding those standards.

Foothills Middle School is dedicated to academic excellence and to the personal, physical, and social development of students. All students are challenged to reach their full individual potential in a positive, student-centered, teacher-guided environment. Our staff believes that a school-wide emphasis on providing opportunities for students to develop sound decision-making skills will help prepare them in their transition from the elementary school level to high school and beyond. In recognition of our school’s focus on excellence, Foothills was honored in 2022 as a National Blue Ribbon School, and in 2013 with the California Distinguished School award.

In the Arcadia Unified School District, families and the community are partners for student success. The policies, personnel, and resources of the District ensure that all students are provided engaging and meaningful learning opportunities. As a result, students are challenged to think and reason, to develop responsibility for lifelong learning, to respect diversity, and to make a positive and profound impact on their world. It is the mission of the District and the obligation of each school to provide quality work that engages students, has meaningful content, and challenges every student to learn more.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.00	0.00
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.80	0.50
Total Out-of-Field Teachers	0.80	0.50

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	0
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

School Facility Conditions and Planned Improvements

Foothills Middle School was built in 1961 and provides a safe, clean environment for students and staff. All schools in the Arcadia Unified School District underwent complete renovation from 1995–1996.

Foothills Middle School campus currently has 35 classrooms, one staff room, a library/media center, a multipurpose room, two locker rooms, and two athletic fields. At the time of this publication, all of the school's restrooms were fully functioning. The front of Foothills Middle School was re-landscaped in 2002. In 2003–2004 the patio in the quad area was enlarged and trees and benches were added. In 2005–2006 the planters by the main building were re-landscaped. In 2006–2007 a curved brick wall was constructed along the driveway entrance to the school. In 2007–2008 a brick planter was constructed in the quad and was landscaped with flowers, ferns, and a tree.

Measure I was passed by the community in 2006. This general obligation bond resulted in major upgrades to all classrooms and facilities. Construction began at Foothills in April 2013 and was completed during the 2014-2015 school year.

In 2018, artificial turf was installed near the library, providing a beautiful and low-maintenance landscape, and new sheet vinyl flooring was installed in the game room.

In 2019, the Restorative Circle Garden project was completed, providing classrooms and student groups with a place to hold community circles and class meetings outdoors in a tranquil setting. Facilities projects including a student wellness center, a student leadership room, a digital communications studio, and an office quiet room--which support both the academic and social-emotional needs of students--are currently in progress.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	70	70	69	68	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents and the community are highly supportive of the educational, cultural, and enrichment programs at Foothills Middle School. Parents are a vital component in Foothills Middle School's school-to-home partnership. The school's dedicated Parent Teacher Student Association (PTSA) supports numerous activities throughout the school year, including theme days, grade-level field trips, the annual book fair, classroom projects, Red Ribbon Week, Open House, the National PTA Reflections program, and Back-to-School Night.

The Parent Music Club supports the student band and orchestra programs at Foothills by providing volunteers for special events and funding the school's participation in music festivals and parades. Parents also serve as active members of the School Site Council (SSC) and English Language Advisory Committee (ELAC). The Chinese Parent Club meets monthly to help newly-arrived families access school resources and partner with school personnel for student success.

Parents who wish to participate in Foothills Middle School's leadership teams, school committees, school activities, or who wish to volunteer, can contact the school at (626) 821-8363 or visit the school's website at <https://fh.ausd.net>.

2023-24 School Safety Plan

To safeguard the well-being of students and staff, a Comprehensive School Safety Plan has been developed by the Safety and Disaster Committee which consists of classified staff, teachers, and the principal. The committee sets goals for the school to continually improve in three areas: School Climate (students, parents, and programs), Emergency Preparedness (disasters and crisis), and School Environment (facilities and campus). The plan addresses various safety issues, including creating procedures that detect and prevent bullying, ensuring appropriate campus supervision, maintaining disaster kits, and monitoring emergency procedures. The Comprehensive School Safety Plan is updated each year and approved by the School Site Council and the Board of Education. The plan is reviewed with all staff members at the beginning of each school year. Safety drills are held on a regular schedule: fire drills are held five times per year, earthquake drills are held four times a year, and lockdown/shelter-in-place drills are held at least three times per year. Staff members also receive disaster training on a regular basis. Many staff complete CPR and First Aid training.

To ensure student safety, teachers, administrators, and school proctors supervise students on campus before and after school and during break and lunch. Foothills Middle School is a closed campus, and permission is always required for students to leave school grounds. All visitors to the campus are required to check in at the school's main office and must wear the proper identification badge at all times.

Professional Development

Arcadia schools offer staff members professional development that is both district and site-coordinated. Staff development topics include effective pedagogy, assessments, using data to inform instruction, developing critical thinking, implementation of the electronic grade book, the California Academic Standards, identification, development, and curation of online resources, pedagogical shifts, brain research, Universal Design for Learning (UDL) and Innovative Instruction. Focus has shifted to developing protocols to fully implement Multi-Tiered Systems of Support, including equitable practices in education to support the needs of every learner.

Individual school sites have been tasked with working alongside the Instructional Coaches Team to support professional development around the California Academic Standards, including rigor, focus, coherence, instructional strategies, shifts in curriculum, pacing and instructional materials, writing instruction, and problem-solving.

Multiple data points are reviewed and evaluated to design and determine professional development needs. Survey data is collected to identify needs from all stakeholders, bargaining unit forums offer both qualitative and quantitative data to determine staff needs. Self-reflection tools are used to determine professional development needs for standards implementation. Professional development sessions are determined by the various needs determined by stakeholders and state mandates.

Professional development has traditionally been delivered by in-district training and local or regional conferences. Virtual professional development offerings developed during COVID-related school closures via virtual synchronous and asynchronous training have remained in use as an additional option for staff, both internally and from outside organizations. This extends professional development opportunities beyond traditional in-person instruction, including during staff, department, grade-level meetings, and staff development days.

Arcadia’s innovative, collaborative structures allow for teachers to meet together on a regular basis: The Small Working Arcadia Groups (SWAG) meet seven times a year and in the past focused on teacher-selected topics such as Universal Design for Learning (UDL), Multi-Tiered Systems and Support (MTSS), or NGSS (Next Generation Science Standards), Opportunities for teachers have continued to enhance the work of community-building in the classroom, the social and emotional needs of students, and supporting positive student behavior.
