

Duarte High School

2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Contact Information

School Name	Duarte High School
Street	1565 Central Ave.
City, State, Zip	Duarte, CA 91010
Phone Number	626.599.5700
Principal	Luis Haro
Email Address	lharo@duarteusd.org
School Website	https://duartehigh.duarteusd.org
County-District-School (CDS) Code	19644691932482

2023-24 District Contact Information

District Name	Duarte Unified School District
Phone Number	(626) 599-5000
Superintendent	Dr. Gordon Amerson
Email Address	gamerson@duarteusd.org
District Website	http://www.duarteusd.org/

2023-24 School Description and Mission Statement

Vision: The vision of Duarte High School is to provide a learning environment that fosters in students the ability to make informed choices; to develop the ability to respond and adapt to change; to acquire an appreciation for learning as a life-long process and to develop the skills and knowledge necessary to form their own vision for a life in a diverse and changing world.

Mission: We will provide a caring and respectful environment that assures high student achievement in all subject areas.

Duarte High's School Personal Accountability Report Card (SPARC) reflect the vision and mission of the school.

Duarte High School graduates will be:

Socially Responsible Citizens who will:

Demonstrate integrity, respect for others, and conflict resolution skills when working with diverse groups.
Make decisions that promote non-violence, ecological and healthy choices.

Problem Solvers who will:

Work effectively as an individual and/or on a team to complete complex tasks.
Think creatively and apply acquired skills and knowledge to newsituations.

Analytical Thinkers who will:

Analyze, synthesize, and/or evaluate data to develop hypotheses, predict outcomes, and drawconclusions based on evidence.
Develop creative, informed, and objective claims by contrasting a variety of credible sources on a issue.

Reflective Communicators who will:

Read and listen using critical reasoning and clear logic and reflective lens.
Write and speak using formal language, concise and articulate phrasing, and correct grammar.

Knowledgeable 21st Century Learners who will:

Use technology and the internet to acquire, organize, manipulate, interpret, and communicate information.
Adapt, integrate and responsibly utilize various emerging technologies in order to compete in the workplace and connect with their passions.

2023-24 School Description and Mission Statement

Duarte High School is an exemplary learning environment comprised of talented teachers, committed support staff, dedicated administrators, loyal parents, a generous community, and Fabulous Falcon students. We received the California Distinguished School Award in 2007. All stakeholders strive to provide Duarte High School with the resources, strength and opportunities necessary to create a culture for college and career readiness.

In addition to the California adopted Common Core State Standards (CCSS), Duarte High School offers the Advanced Placement Program (AP) and honors courses, Advancement Via Individual Determination (AVID) and Career and Technical Education (CTE). The Early College Program in partnership with Citrus Community College creates a unique opportunity for students to be dually enrolled in college and high school courses earning college credits while in high school for all 4 grades.

Duarte High School believes in equipping learners with the 21st century learning skills: collaboration, creativity, communication and critical thinking. Offering a rigorous curriculum, establishing high expectations, and providing real-world experiences create an environment that challenges students to reach their full potential. Through partnerships with the City of Hope, the California Institute of Technology (Cal Tech), we offer our students experiential opportunities from world-renowned organizations. In accordance with the Duarte Unified School District vision, the school strives to prepare graduates for the ever-changing global economy. In addition, our mathematics and English Departments, in partnership with the Leadership and Learning Center, have embarked on creating interdisciplinary units and assessments aligned with CCSS based on the principles of Rigorous Curriculum Design (RCD).

The school, recognizing that it needed to implement Common Core State Standards, began to look for curriculum that would provide a rigorous and relevant experience for students. In the winter of 2014, the principal met with the Instructional Leadership Team (ILT) to begin discussions on implementing a more challenging CCSS curriculum in ELA and math. The principal presented the concepts of (RCD) to the ILT and how this would assist the departments in designing curriculum and assessments aligned with CCSS. A commitment was secured from the math and ELA departments at that time. A commitment was also secured from the middle school ELA and math departments.

Training in RCD for both English and math began in the late summer of 2015. Training has involved the English and math departments in a study of the standards, assessments, and unit planning. In addition, the math department has emphasized the use of Common Core standards for mathematical practices (SMP). The math and ELA departments will begin instruction of new CCSS aligned units in late spring of 2016. Training will continue for the ELA department to review units and assessments for the 2016-17 school year. The math department will begin writing units and assessments for Math II implementation in the 2016-17 school year. In the 2017-18 school year, ELA will continue to review and reassess curriculum and assessments, while math will write units and assessments for Math III, the final integrated math course. For the 2018-2019 school year RCD is working with social science, science and the Writing Across the Community (WAC) multi-disciplinary team.

The high school benefits from the support of many active parent groups. School groups include: a number of active athletic parent groups, and a Band Booster Club. In addition, the school boasts a School Site Council (SSC), an English Language Advisory Committee (ELAC) and its partner at the district level, the District Language Advisory Committee (DELAC), the District Advisory Committee (DAC), and the Community Education Committee (CEC).

In May of each year, stakeholders gather for the Senior Breakfast, an awards ceremony that truly demonstrates the enduring power of community bonds. Scholarships are given to graduates, many by former Falcons wishing to 'pay it forward,' from feeder schools proud of what their alumni have become, and from community partners wishing to help educate a workforce which will return to Duarte and further the cycle.

The Duarte Education Foundation (DEF) is an excellent example of how parents and community members work together to benefit the students of Duarte High School. During the year, the DEF hosts fund-raisers, including community dinners. This money is then used to benefit different grants given to staff and teachers as well as scholarships given at the Senior Breakfast. Recently, the DEF has mounted a 'Music Matters' campaign to build and sustain a comprehensive, K-12 music education program for all students in the Duarte Unified School District.

In summary, Duarte High School is a small institution meeting and exceeding the demands and the challenges facing education. The staff works together as a team to ensure continuous improvement and increased learner achievement. Throughout all of the changes, the concepts of family and community remain important touchstones, and the community continues to enjoy a sense of connection between itself and the various parts of the school district.

Duarte High School is tied to the city and to the wider Duarte community through a network of programs and services that benefit students. The Teen Center, Duarte Library, the City of Hope, and the City of Duarte work closely with the school in creating such programs as the Foothill Cities College Fair, Career Expo, Job Shadow Day, and Senior Conferences. The co/extra-curricular activities programs are tied to all school programs including the achievement of some of our school-wide Student Learning Outcomes.

2023-24 School Description and Mission Statement

Duarte High School joined a career service organization named SkillsUSA in 2012. SkillsUSA is an organization that develops leaders in career and technical education through participation and skills activities. Every year our students have participated in SkillsUSA regional competitions. Our SkillsUSA team started off with just Video Production students in 2012 and, four years later, the program has now grown to include business entrepreneurship, technical computer applications, web design, introduction to woodworking, photography, and culinary courses. Our students also participated in leadership competitions in pin design and chapter display.

The Duarte High School SkillsUSA students have won medals and have even qualified to compete in the state and national SkillsUSA competitions. We had two students win silver medals in Video Production the first year of competing. In 2013, the Broadcast News team won gold medals at the state competition in San Diego and traveled to Kansas City to represent the State of California in the National competition. The Broadcast News team won silver medals in the state competition and, in 2012, the team again won a gold medal in state competition to qualify to compete in Nationals in Louisville, Kentucky.

In 2014 Duarte High School won a gold medal in technical computer applications and silver in web design. A week later, our students won a gold medal in the chapter display category. Some of our students had a qualifying score to advance to the state competition, so Duarte will be sending students in broadcast news business entrepreneurship to San Diego to compete.

As Duarte High School is nearly adjacent to the City of Hope, partnerships with this noble entity are important to the school. We have three such partnerships. The first was created by the recent award of a 1.3 million dollar SEPA grant. This allows selected juniors to work four hours a day on Tuesdays and Thursdays during the summer for a stipend of four hundred and sixty dollars. A select few of these students continue on a volunteer basis during their senior year, in effect participating in a research fellowship with the scientists at the City of Hope.

We are also honored to have the Duarte Unified School District City of Hope Summer Mentorship program. Students go to the City of Hope from 10:30 a.m. to 5:00 p.m. every Tuesday, Wednesday, and Thursday during the summer. For two of those days, they work with a department mentor at the City of Hope; on the third day, they receive instruction from a CTE teacher on various medical occupations and careers. For this, they earn five credits.

About this School

2022-23 Student Enrollment by Grade Level

Grade Level	Number of Students
Grade 9	206
Grade 10	223
Grade 11	175
Grade 12	160
Total Enrollment	764

2022-23 Student Enrollment by Student Group

Student Group	Percent of Total Enrollment
Female	50%
Male	49.6%
Asian	4.5%
Black or African American	2.9%
Filipino	5%
Hispanic or Latino	78.5%
Native Hawaiian or Pacific Islander	0.4%
Two or More Races	1.7%
White	6.5%
English Learners	18.2%
Foster Youth	0.5%
Homeless	4.5%
Socioeconomically Disadvantaged	59.7%
Students with Disabilities	19%

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	32.00	86.70	183.90	77.19	228366.10	83.12
Intern Credential Holders Properly Assigned	0.00	0.00	0.00	0.00	4205.90	1.53
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	2.10	5.76	19.70	8.29	11216.70	4.08
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	1.00	2.70	24.90	10.47	12115.80	4.41
Unknown	1.70	4.78	9.60	4.05	18854.30	6.86
Total Teaching Positions	37.00	100.00	238.30	100.00	274759.10	100.00

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	29.70	80.51	191.40	74.93	234405.20	84.00
Intern Credential Holders Properly Assigned	0.00	0.00	0.60	0.23	4853.00	1.74
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	0.00	0.00	4.10	1.61	12001.50	4.30
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	0.40	1.08	24.10	9.45	11953.10	4.28
Unknown	6.70	18.41	35.10	13.77	15831.90	5.67
Total Teaching Positions	36.80	100.00	255.50	100.00	279044.80	100.00

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	2.10	0.00
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	2.10	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	1.00	0.00
Local Assignment Options	0.00	0.40
Total Out-of-Field Teachers	1.00	0.40

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	2.3	0.5
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	1.2	3.2

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Visual and Performing Arts

The school provides students in grades 9-12 with a variety of visual and performing arts electives; band, choral, drama, art, photography and video production.

School Facility Conditions and Planned Improvements

The buildings of Duarte High School have numerous corridors and face the street, quad area, and basketball courts. Much of the campus is comprised of grass, concrete and asphalt and includes basketball and volleyball courts, baseball diamonds, football stadium and a track. Duarte High School is enclosed by a fence with gates, which are kept locked during school hours. There are several wings and/or clusters of classrooms. Other ancillary structures include main office, activities/athletics office, cafeteria, restrooms, library, staff lounge, and Performing Arts Center.

Duarte High School has had extensive modernization and work in recent years. Upgrades and improvements to facilities include: a new stadium, track, a new artificial turf field, new bleachers, an expanded concession facility and restrooms, scoreboard, press box, new lighting for the athletic complex sports field lighting, paving, as well as trees and plants to surround the stadium facility.

A new Weight room and Wrestling building was added with hoists and anchors to suspend wrestling mats in order to increase facility usage. Donations of new weight equipment assisted the school in enhancing the updated weigh room.

The Woodshop facility was remodeled and updated. Improvements include: a new air conditioning system, lockers for student storage, dedicated space for teacher lecture and lab work, improved lighting in all areas, a new sawdust collector, and air hoses.

A Biotech lab was also included to support science. The Biotech lab enables students to clone genes using restrictive enzymes to cut DNA. Specialized equipment for this process include water baths, a gel electrophoresis, nine dedicated lab tables, a mini incubator, a fume hood to allow for sterile work, an thermal cycler, and a gel doc EZ imager. The equipment replicates equipment found at the City of Hope, an industry partner serving the school. The Bio Tech lab helps make the invisible world visible. A new Culinary Arts room was completed in the spring of 2019. In the Culinary Arts room, industry standard equipment allows for students to receive hands on training in food service.

Visual and Performing Arts also received upgrades to their existing structure. Additional video equipment was provided: New Graphic Arts rooms (2), remodeled Band and Chorus rooms and new Drama room. New CBI & Occupational Therapy facilities were added to support students with disabilities. An island, three storage units, and computer accessories were added.

North and northwest of the cafeteria, shade structures and turf were installed to allow for additional student eating areas during the day.

Surrounding areas of the campus were also improved including new asphalt, slurry and striping. A student Eagle Scout project has replaced sod with drought tolerant foliage in one area of the campus. The district office matched this drought tolerant design by adding foliage in the area.

In November 2020, the voters approved a \$79,000,000 Measure S to support all schools in the Duarte Unified School District. Finally, a new electrical service and switch gear for school site was provided from Southern California Edison.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
English Language Arts/Literacy (grades 3-8 and 11)	43	58	48	48	47	46
Mathematics (grades 3-8 and 11)	22	26	30	27	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Student Groups	CAASPP Total Enrollment	CAASPP Number Tested	CAASPP Percent Tested	CAASPP Percent Not Tested	CAASPP Percent Met or Exceeded
All Students	169	158	93.49	6.51	58.23

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Student Groups	CAASPP Total Enrollment	CAASPP Number Tested	CAASPP Percent Tested	CAASPP Percent Not Tested	CAASPP Percent Met or Exceeded
All Students	169	156	92.31	7.69	25.81

Socioeconomically Disadvantaged	95	85	89.47	10.53	22.62
Students Receiving Migrant Education Services	0	0	0	0	0
Students with Disabilities	22	18	81.82	18.18	0.00

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
Science (grades 5, 8 and high school)	18.28	24.91	25.32	22.84	29.47	30.29

2022-23 CAASPP Test Results in Science by Student Group

This table displays CAASPP test results in Science by student group for students grades five, eight, and High School. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Not Tested	Percent Met or Exceeded
All Students	322	294	91.30	8.70	24.83
Female	170	151	88.82	11.18	21.85
Male	151	142	94.04	5.96	27.46
American Indian or Alaska Native	0	0	0	0	0
Asian	15	14	93.33	6.67	50.00

2022-23 Career Technical Education Programs

To complete this section, provide:

- A list of programs offered by the school district in which pupils at the school may participate and that are aligned to the model curriculum standards adopted pursuant to Education Code Section 51226
- Business Management/Entrepreneurship
- Virtual Business Enterprise
- Culinary Arts
- Culinary Arts II
- Business Technology
- Advanced Business Technology
- Film and Video Production, I
- Intermediate Video Production
- Advanced Video Production
- Digital Photography

Offered 2023-2024 School Year:

- Business Management/Entrepreneurship
- Virtual Business Enterprise
- Culinary Arts
- Culinary Arts II
- Business Technology
- Advanced Business Technology
- Film and Video Production
- Digital Photography

A list of program sequences offered by the school district. The list should identify courses conducted by a regional occupational center or program, and those conducted directly by the school district

- Business Management/Entrepreneurship, Virtual Business Enterprise
- Culinary Arts, Culinary Arts II
- Business Technology, Advanced Business Technology
- Film and Video Production, I, Intermediate Video Production, Advanced Video Production
- Digital Photography, Advanced Photography
- A listing of the primary representative of the district's CTE advisory committee and the industries represented on the committee
- Kevin Morris, Director of College, Career and Community Services
- Emerita Bustos, Business
- Sean Siks, Engineering
- Veronica Peltekian, Culinary
- Levon Yotnakhparian, Graphic Arts/Video Production
- Araceli Sanchez, Career and Guidance Counselor

Programs and classes offered that are specifically focused on career preparation and or preparation for work:

- Business Management/Entrepreneurship & Virtual Business Enterprise
- Culinary Arts and Culinary Arts II
- Business Technology and Advanced Business Technology
- Film and Video Production, I, Intermediate Video Production, and Advanced Video Production
- Digital Photography

These CTE classes are integrated with academic courses, and they support academic achievement:

- The CTE program supports the high school by providing 80% of the elective CTE classes for students.
- The CTE classes provide certificates of completion for a majority of courses.

The school addresses the needs of all students in career preparation and/or preparation for work including needs unique to defined special populations of students:

- Career needs assessment is taken every year by students through "Choice Planner"

2022-23 Career Technical Education Programs

Measurable outcomes of CTE programs and classes are evaluated by:

- Measurable outcomes of these classes are assessed through Perkins, and are evaluated by the Director of College, Career and Community Services
- The primary representative of the district's CTE advisory committee and the industries represented on the committee:
 - Kevin Morris, Director of College, Career and Community Services
 - Emerita Bustos, Business
 - Sean Siks, Engineering
 - Veronica Peltekian, Culinary
 - Levon Yotnakhparian, Graphic Arts/Video Production
 - Araceli Sanchez, Career and Guidance Counselor
- The primary CTE representative is Kevin Morris, Director of College, Career and Community Services.

2022-23 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	377
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	52.5
Percent of CTE Courses that are Sequenced or Articulated Between the School and Institutions of Postsecondary Education	

Course Enrollment/Completion

This table displays the course enrollment/completion of University of California (UC) and/or California State University (CSU) admission requirements.

UC/CSU Course Measure	Percent
2022-23 Pupils Enrolled in Courses Required for UC/CSU Admission	95.42
2021-22 Graduates Who Completed All Courses Required for UC/CSU Admission	31.48

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
Grade 9	94%	94%	94%	94%	94%

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Duarte High School benefits from the support of many active parent groups. These include a host of active athletic parent groups, a Band Booster Club, and Community Advisory Council. In addition, the school boasts a School Site Council (SSC), an English Language Advisory Committee (ELAC) and its partner at the district level, the District Language Advisory Committee (DELAC), the District Advisory Committee (DAC), and the Community Education Committee (CEC). Parents are invited to enjoy Coffee with the Principal every month and are able to participate in our Parent University where guest speakers present on important topics that benefit them and their children. Duarte High School has a dedicated classroom on campus that was dedicated for the sole purpose to engage parents and provide support. This room is known as our Falcon Family Center, and houses a food pantry, collects and gives out lightly used clothing, shoes, hygiene supplies, backpacks, and school supplies. Additionally, we have a Virtual Family Center, which was started during the COVID-19 school closure, and features local resources such as food, mental health, wellness, academic, technology, financial, and legal resources that can benefit our families.

The school provides many services to parents, such as regular parent education opportunities. We regularly partner with community and county organizations to meet the needs of our parents. At the beginning of the school year, we conduct a parent survey to determine the best times to host parent events and to gather information on what our parents would like to see on campus. We have worked with the Parent Institute for Quality Education (PIQE), LA County Library, LA County Department of Mental Health, TeenLine, 211 LA County, Margaret's Place, and more.

We constantly work to ensure that parents are informed of upcoming school events. Our school website is frequently updated with announcements, events, schedules, and achievements. Messages are delivered to parents/guardians through ParentSquare, which emails and texts families and is connected to our student information system, Aeries, so that we always have the most up to date contact information for our families. We also use Blackboard to make automated calls to ensure that parents are aware of important school events. A digital marquee is also frequently updated to provide parents with valuable information related to upcoming school events. We also utilize social media (Instagram, Facebook, and Twitter) to better engage and inform our students and stakeholders. We send out a weekly newsletter to all parents/guardians, staff, and students, which highlights all school events, includes community events, and resources that may be useful to families. Additionally, we strongly encourage parents/guardians to monitor their child's academic progress through Aeries Parent Portal.

2023-24 Opportunities for Parental Involvement

All of our teachers utilize Aeries, which parents and students can access 24 hours a day. We have hosted parent workshops to ensure that all parents can utilize Aeries Parent Portal.

Through our partnership with the Los Angeles County Office of Education’s Community School Initiative, we have two full time dedicated staff members, a Community School Specialist and Educational Community Worker, as well as a Social Work Intern, that focus on engaging our parents and community, and ensuring that our families’ needs are met. Families and stakeholders were engaged through our Competitive Action Plan (CAP) in 2015-2016 to discuss key needs and processes for the DUSD. In 2018-2019 Superintendent Gordon Amerson initiated a parent feedback web-based application for ideas and insights.

In late May or June of each year, stakeholders gather for the Senior Breakfast, an awards ceremony, which truly demonstrates the enduring power of community bonds. Over seventy scholarships are given to graduates, many by former Falcons wishing to ‘pay it forward’, from feeder schools proud of what their alumni have become, and from community partners wishing to help educate a workforce, which will return to Duarte and further the cycle.

The Duarte Education Foundation is an example of howparents and community members work together to benefit the students of Duarte High School. During the year, DEF hosts fund raisers, including community dinners. This money is then used to benefit different grants given to staff and teachers as well as scholarships given at the Senior Breakfast.

Students, parents, staff, and the community have formed an educational community that supports high achievement. In summary, Duarte High School is a small institution meeting and exceeding the demands and the challenges facing education. The staff works together as a team to ensure continuous improvement and increased learner achievement. Throughout all of the changes, the concepts of family and community remain important touchstones, and the community continues to enjoy a sense of connection between itself and the various parts of the school district.

Duarte High School is also tied to the city and to the wider Duarte community through a network of programs and services that benefit students. The Teen Center, Duarte Library, the City of Hope, and the City of Duarte work closely with the school in creating such programs as the Foothill Cities College Fair, Career Expo, Job Shadow Day, and Senior Presentations. The co/extra-curricular activities programs are tied to all school programs including the achievement of some of our school-wide

The Duarte High School Interact Club is sponsored by the Rotary International Duarte chapter. Duarte High School students work closely with the local club to conduct volunteer projects. In addition, the club fund raises for Rotary’s third-world projects. Key Club, sponsored by the Kiwanis Club, is also active on campus.

Beginning in February of 2011, the community banded together to create an annual event at Duarte High School, the Martin Luther King, Jr. Remembrance Assembly. Community members come to the school to sing, to speak, and to educate students on the contributions of Martin Luther King, Jr., and other important African-American inspirations. Although the subject matter directly reflects the African-American history, the assembly itself is inclusive and inspirational; the local NAACP has taken part. Dr. Terence Roberts, civil rights pioneer and a member of the “Little Rock Nine,” spoke at this event in 2013. What makes this a moving experience is the fact that parents, uncles and aunts, and neighbors are on the stage sharing their talents with the students. It is truly a time for students to reflect on what the previous generation has done for them and the ways in which they can continue the legacy – a prime belief of the community at large. The City of Duarte’s Youth and Family Master Plan is a community vision that is committed to meeting the changing needs of the youth and families in the city. Duarte High School students play an instrumental role. Activities include the Monrovia/Duarte Youth Summit, the Mayor’s Youth Council, the Youth Prayer Breakfast, and a Youth Health and Wellness Committee. The Duarte Area Resource Team (DART) is collaborative effort between students and various public safety organizations.

C. Engagement	State Priority: Pupil Engagement The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5): • High school Dropout Rates; • High school Graduation Rates; and • Chronic Absenteeism
---------------	---

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School 2020-21	School 2021-22	School 2022-23	District 2020-21	District 2021-22	District 2022-23	State 2020-21	State 2021-22	State 2022-23

Socioeconomically Disadvantaged	5.95	0.21
Students Receiving Migrant Education Services	0	0
Students with Disabilities	6.54	0

2023-24 School Safety Plan

This section of the Comprehensive School Safety Plan will describe programs in place at our school, as well as strategies and programs of our School Site Council for continued improvement in providing a safe, orderly, school environment conducive to learning. The School Safety Plan is reviewed, revised and approved by the School Site Council each year in December. The Board of Trustees views and approves each plan in February of each year. The Mayor of the City of Duarte is invited to view the document and the parents are invited to view the completed plan.

During the school day, staff members and administrators shall provide campus supervision. Identified problem areas receive increased supervision to reduce discipline, crime, or other school safety concerns. Duarte High school employees three full time Campus Safety personnel to assist in providing a safe and nurturing campus. We have doubled the number of security cameras and quality.

The district employs a school resource officer through the sheriff's department to provide support as needed and scheduled evening events. He also, although infrequently, assists on situations that involve drugs and alcohol, violence, trancies, and many other suspension offenses. When a situation arises that needs the attention of law enforcement, office personnel is directed by an administrator to contact the Sheriff's Department. On emergencies, 911 is called immediately by staff members.

Staff provides opportunities and additional activities open to students in the areas of clubs, speech contests, participation in various community contests (talent shows, posters and essays), participation in community events and activities, Career Day, College Fairs, and Diversity Assemblies.

Duarte High School celebrates a safe and family-like atmosphere which in part can be attributed to our staffs commitment to the MTSS process and our schoolwide PBIS approach to school culture. Duarte High School has been recognized for the 3 consecutive years by the California PBIS Coalition.

2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	20	21	12	7
Mathematics	24	13	2	14
Science	24	8	8	10
Social Science	20	12	10	5

2021-22 Secondary Average Class Size and Class Size Distribution

This table displays the 2021-22 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	19	26	8	8
Mathematics	21	16	5	10
Science	22	11	7	8
Social Science	19	16	3	7

2022-23 Secondary Average Class Size and Class Size Distribution

This table displays the 2022-23 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	19	24	7	8
Mathematics	21	14	6	9
Science	21	13	8	7
Social Science	18	16	4	6

2022-23 Ratio of Pupils to Academic Counselor

This table displays the ratio of pupils to Academic Counselor. One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Ratio
Pupils to Academic Counselor	382

2022-23 Student Support Services Staff

This table displays the number of FTE support staff assigned to this school. One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School
Counselor (Academic, Social/Behavioral or Career Development)	2
Library Media Teacher (Librarian)	
Library Media Services Staff (Paraprofessional)	
Psychologist	
Social Worker	
Nurse	
Speech/Language/Hearing Specialist	
Resource Specialist (non-teaching)	
Other	

Fiscal Year 2021-22 Expenditures Per Pupil and School Site Teacher Salaries

This table displays the 2021-22 expenditures per pupil and average teacher salary for this school. Cells with N/A values do not require data.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Restricted)	Expenditures Per Pupil (Unrestricted)	Average Teacher Salary
School Site	\$19,217.71	\$8,154.04	\$11,063.67	\$91,528.32
District	N/A	N/A	\$10,017.41	\$85,653
Percent Difference - School Site and District	N/A	N/A		
State	N/A	N/A	\$7,607	\$81,984
Percent Difference - School Site and State	N/A	N/A		

Fiscal Year 2022-23 Types of Services Funded

Title III is a part of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act of 2015 (ESSA). The purpose of Title III is to help ensure that English learners (ELs) attain English language proficiency and meet state academic standards. Duarte High School utilizes a share of Title III funds for books, conferences, and computer based resources.

Title II applies to state and local government entities, and, in subtitle A, protects qualified individuals with disabilities from discrimination on the basis of disability in services, programs, and activities provided by state and local government entities. Duarte High School utilizes a share of Title II funds for professional development training and for substitute costs.

Title I, Part A (Title I) of the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act (ESEA) provides financial assistance to local educational agencies (LEAs) and schools with high numbers or high percentages of children from low-income families to help ensure that all children meet challenging state academic standards. Duarte High School utilizes a share of Title I funds for Kiosk Tutoring, supplemental science equipment, AP exams, Early College textbooks, computer programs, and professional development.

The LCFF distributes funding from the state to districts primarily through three grants: the base grant, the supplemental grant, and the concentration grant. School districts and charters receive supplemental funding equal to 20 percent of the base grant for each high-need student.

Concentration grants go to districts in which more than 55 percent of students are high need. For each student above the 55 percent threshold, districts receive funding equal to 50 percent of the base grant. Duarte High School utilizes a share of LCFF supplemental and concentration funds for instructional materials, computer programs, professional development, and PBIS activities.

Fiscal Year 2021-22 Teacher and Administrative Salaries

This table displays the 2021-22 Teacher and Administrative salaries. For detailed information on salaries, see the CDE Certification Salaries & Benefits web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average for Districts in Same Category
Beginning Teacher Salary	\$54,314	\$50,875
Mid-Range Teacher Salary	\$78,543	\$79,761
Highest Teacher Salary	\$106,088	\$103,045
Average Principal Salary (Elementary)	\$134,568	\$128,154
Average Principal Salary (Middle)	\$0	\$131,774
Average Principal Salary (High)	\$156,300	\$142,676
Superintendent Salary	\$245,916	\$211,462
Percent of Budget for Teacher Salaries	31.58%	30.11%
Percent of Budget for Administrative Salaries	5.9%	5.49%

2022-23 Advanced Placement (AP) Courses

This table displays the percent of student in AP courses at this school.

Percent of Students in AP Courses	8.9
-----------------------------------	-----

This table displays the number of AP courses offered at this school where there are student course enrollments of at least one student.

Subject	Number of AP Courses Offered
Computer Science	0
English	2
Fine and Performing Arts	1
Foreign Language	1
Mathematics	2
Science	1
Social Science	3
Total AP Courses Offered Where there are student course enrollments of at least one student.	10

Professional Development

This table displays the number of school days dedicated to staff development and continuous improvement.

Subject	2021-22	2022-23	2023-24
Number of school days dedicated to Staff Development and Continuous Improvement	41	42	42
