2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Beardslee Dual Language Immersion Academy where “Greatness Begins Here!” is more than just a motto. Greatness can be seen everywhere. Beardslee is situated at the base of the foothills in the San Gabriel Valley. The teachers and staff are exceptional and truly committed to providing an environment that fosters student achievement and quality instruction for our 500 students. Our families support achievement by volunteering time to our program and through their involvement in school activities and parent education opportunities.

English learners are supported in their acquisition of English with the aid of bilingual/bi-literate instructional aides. Students with disabilities have their needs met in general education classrooms and Special Day Classes (SDC). Our Response to Intervention (RtI) offers students in need of extra support to help them acquire the necessary skills in language arts, as well as, our students who are meeting and exceeding grade-level standards. Students in grades transitional kindergarten, kindergarten, first, second, third, fourth, fifth, sixth, and seventh have the opportunity to participate in the Spanish Dual Language Immersion 90:10 program, which was implemented during the 2017-18 school year. The program will add a grade level each subsequent year as the students move through the 8th grade. There are many benefits to the program, the students participating in the program will be bi-literate and bilingual in Spanish and English; have academic performance at, or above grade level in both languages, increased job opportunities in a global society, and acquire cognitive abilities that also lead to higher-order thinking skills and better problem-solving abilities.

In addition, students are encouraged to participate in the many extra-curricular activities that we have in place. Our Associated Student Body (ASB) provides students with an opportunity to develop their leadership skills. Band and/or choir programs are provided to all students, transitional kindergarten to eighth grade. Our Gifted and Talented Education (GATE) program supports students who are identified as GATE by providing enrichment classes that challenge our students. Students’ physical fitness goals are supported through our physical education program. Our fifth and seventh graders participate in the Physical Fitness Test each spring to demonstrate their agility, strength, and endurance. Students also participate in the district’s Track and Field Meet each spring, competing against students from other Duarte Unified Schools.

Mission Statement

The Mission of Beardslee Academy is to provide a child-centered environment, that develops a comprehensive educational foundation and supports the students to be college and career ready and equipped with 21st-century skills. Our goal is for every child to build a positive self-image, become a responsible member of society, and embrace the rich diversity of the global community.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The Beardslee Academy facilities are in good repair. Electronically controlled gates have been added to create a single point of entry through the main office during school hours, and security cameras were added, in addition to the installation of new fire alarms in all buildings.

Beardslee Academy was originally constructed in 1953 and is comprised of 29 classrooms, four of which are new construction, a multipurpose room/cafeteria, digital media center/library, staff lounge, and a large playground. Recent remodeling included four classroom modules, two outdoor learning areas, and a renovation of the school's front office, including, a new ceiling, carpet, paint, lighting and electrical. The principal works daily with the custodial staff that includes a full time head custodian and a full time night custodian to ensure that the cleaning of the school is maintained to provide a clean and safe school. The district maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An online work order procedure is used to ensure efficient service and highest priority are given to emergency repairs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.

2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.

3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP						
This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.						
Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.						
ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parent committees such as the English Language Advisory Committee, and School Site Council meet regularly to ensure issues and ideas are discussed with representatives from all stakeholder groups. Both committees are essential in the development of the School Plan for Student Achievement. The School Site Council (SSC) helps to develop, review, and assess the School Plan for Student Achievement (SPSA) and receives valuable input from the English Learner Advisory Committee (ELAC). Our Beardslee Parent and Staff Association (BPSA) not only raise funds to support our academic program, but they also support special Family Fun Night events for all our families, assemblies, and field trips. In addition, we have Dual Immersion Parent meetings monthly, BPSA meetings, and monthly meetings with the Principal. Parents are welcome to volunteer daily. They are required to be fingerprinted before volunteering in the classrooms. Many of our parents are fingerprinted to participate in the classroom, on field trips and at school events.

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

2023-24 School Safety Plan

Students at Beardslee Academy are guided by Positive Behavior and Intervention Supports (PBIS) and the school-wide PAWS: P-having PRIDE in myself and school; A-having a positive ATTITUDE; W-making WISE choices; and acting SAFELY. Positive Behavior and Intervention Supports (PBIS) are used to help motivate and reward students for making good choices and displaying positive behavior at school. Our goal is for all to work and play together positively and treat others respectfully. Parents and students are informed of school rules and discipline policies through the Parent/Student handbook, which is accessible to parents all year. When students do not make good choices or display negative behavior at school, a discussion is held with that student(s) so that he/she can reflect on his/her behavior, determine how to fix the problem, and how to implement that plan. Major and Minor infractions have been identified and through phases of the implementation of PBIS appropriate actions are taken. In addition, consequences are in place to use when necessary.

The safety of students and staff is a primary concern of Beardslee Academy. The school is always in compliance with all laws, rules, and regulations about hazardous materials and state earthquake standards. The School Site Comprehensive Safety Plan was last reviewed and updated on October 26, 2022, by the School Site Council and Leadership Team. The public safety plan was presented in a public meeting on November 8, 2022, and received final approval on February 23, 2023.

The plan was reviewed and assessed in the following areas: access to campus by visitors, anti-discrimination/harassment/bullying procedures, campus crime, crime activity findings, school crime assessment report, child abuse reporting procedures, crisis response plan, earthquake procedures, existing programs/procedures ensuring a safe environment; guidelines for roles and responsibilities of mental health professionals, counselors, school resource officers and police officers on campus; hate crimes, plan for tactical response to a dynamic event on campus, plan for responding to a nearby hazardous materials spill or evacuation, procedure for campus lock-down, procedures for safe ingress/egress, the procedure to notify teachers of dangerous pupils, public agency access during an emergency, school discipline rules and procedures, school dress code, self-initiated assessment, suspension/expulsion procedures.

2023-24 School Safety Plan

The school's Disaster Preparedness Plan includes steps for ensuring student and staff safety during a disaster. Fire, disaster drills (earthquake), and lockdown drills are conducted every month throughout the school year. Students are supervised before and after school and at lunch by classified staff under the direction of the school site principal. There is a designated area for student drop off and pick up. Visitors enter the school and must register in the office. All visitors wear a prominent visitor's badge.

Fiscal Year 2022-23 Types of Services Funded

It is the goal of Beardslee Academy to assist students in their social and personal development as well as academics. The school gives special attention to students who experience achievement gaps, difficulty coping with personal and family problems, and trouble with decision-making or handling peer pressure. Beardslee Academy is fortunate to have staff members who work diligently with students and families to address these needs.

At Risk Intervention

Beardslee Academy provides for all students during this Response to Intervention (RtI) time; students are grouped according to their level of mastery for specific standards in English Language Arts. Instruction is delivered in small group settings to ensure additional 1:1 attention from the instructors. Another intervention program offered at Beardslee Academy includes: Before and After the Bell intervention to support students, who are not meeting their academic goals; THINK Together, which is an after-school program that provides homework time, physical activities, and academic enrichment. Students are referred to the appropriate intervention through our Pre-SST Process, which meets bi-monthly to review student progress. Teachers also meet weekly to identify student needs during their Professional Learning Communities (PLC) and grade-level meetings.

English Language Learners

Beardslee Academy offers our English Language Learner (ELL) students assistance to master the English Language Development (ELD) standards. To meet those standards, teachers utilize a variety of resources, including English learner support materials. All ELL students are assessed each year to determine their current English fluency level and are grouped according to that level for up to 45 minutes of intensive, strategic English Language Development instruction during the day. This instruction occurs at a consistent time for each grade level to allow for team teaching to occur.

Differentiated Instruction

Differentiated instruction is the hallmark of an effective classroom. DUSD teachers, in their never-ending quest for excellence, have been trained to meet the unique needs of their students with the use of varied and unique instructional methods. Teachers have gone through specific professional development to sensitize them to the needs of their gifted students in their everyday lesson design and delivery.
