2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Maxwell Academy is an authorized International Baccalaureate World School in the Duarte Unified School District offering both Primary and Middle Years Program. The school is committed to a constructivist, inquiry based approach to teaching and learning that promotes inquiry and the development of critical thinking skills. The mission of Maxwell is to provide our students with an inquiry-based learning environment, where they develop into compassionate internationally minded citizens who create, collaborate, communicate, and think critically in order to be successful in the world. Team Maxwell is committed to providing the best educational program possible for our students. Our high quality program is a reflection of commitment and dedication of every member of "Team Maxwell." We are excited about the progress of our students and we are committed to making sure they "Succeed to the Max Plus1!" Team Maxwell provides a safe learning environment ensuring that all children grow to their full educational, emotional and social potential. We work collaboratively to deliver standards-based instruction using an inquiry-based learning approach across the curriculum. We recognize that educating today's children is a community partnership. To that end, we work with parents to provide regular ongoing communication of their child's progress. Together, parents, teachers and administration actively participate in the students' education. All stakeholders are afforded the opportunity to engage in the decision making process through participation in School Site Council and English Language Advisory Council. All decisions are driven by data aligned with Maxwell's mission statement to provide our students with an inquiry-based environment, where they develop into compassionate, internationally-minded citizens who create, collaborate, communicate, and think critically in order to be successful in the world.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The Maxwell Academy facilities are in good condition. Six classrooms and four restrooms were added to facilitate conversion to a K-8 campus in recent years. Additional security cameras were installed. Maxwell Academy was originally constructed in 1952 and is comprised of 32 classrooms, one multipurpose room/cafeteria, library, staff lounge, computer lab, and separate playgrounds for kindergarten students and students in grades first through eighth. The principal works daily with the custodial staff that includes a full time head custodian, a full time and 2 hour night custodian to ensure that the cleaning of the school is maintained to provide a clean and safe school. The district maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An online work order process is used to ensure efficient service and highest priority are given to emergency repairs. The principal meets weekly with custodial team to discuss the basic needs of the campus and addresses facility and safety concerns. The school safety committee meets monthly to discuss school safety. In 2018-19, the school became a K-8 school. Four new Generation X classrooms, two 2 portables and a courtyard were installed in spring of 2018 to accommodate the increase in enrollment. In 2018, the campus underwent renovation. The main office was remodeled making the entrance more accessible to parents. A student drop-off drive was added along with an awning, digital marquee and landscaping. A new building was constructed that houses the library, computer lab, collaborative classroom and full kitchen. The multi-purpose building was expanded, and an outdoor lunch shelter was constructed. Exterior lighting throughout the campus was improved. Sports field lighting was added as well. Each room is equipped with technology that allows the teachers to provide engaging instruction.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Maxwell School supports parent involvement and recognizes that it takes a community of people working together to make the difference in the lives of children. To that end, parents are strongly encouraged to volunteer to the greatest extent possible. We provide a School Handbook for all parents that includes policies and procedures, standards for student behavior and curriculum expectations. Parents are encouraged to share their knowledge and expertise with students. Parents are invited to be guest speakers and share their experiences and professional knowledge when it adds value to the units of inquiry. Team Maxwell recognizes that parents are an asset and whatever contributions they can make to enhance teaching and learning is welcomed and valued. Parents are involved in the decision-making process and participate in the School Site Council meetings and District Community Education Council. Parent meetings are scheduled to give parents opportunities to provide input, ask questions and make recommendations on new initiatives as they arise. The school benefits from several community partnerships, including a strong partnership with the City of Duarte Parks and Recreation Department, Sheriff's Department, and the Office of the County Supervisors of Los Angeles.

2023-24 School Safety Plan

Maintaining a safe and orderly campus is a priority at Maxwell. The leadership team meets monthly to brainstorm ways to ensure the school climate and culture is positive and productive for all team members. The Positive Behavior Intervention and Support Team meets monthly to discuss school climate and safety. The site administrator meets weekly with the head custodian to discuss maintenance and operations issues, concerns and needs. The Safety Committee meets bimonthly to discuss safety procedures to ensure that the school is in compliance with laws and regulations related to state earthquake standards, staff training, and to monitor emergency supplies. Elements of the Comprehensive Site Safety Plan are reviewed monthly during the Safety Committee meetings. The school Safety Committee and Leadership Team met on October 11, 2023 to review board policy and administrative regulations on the School Safety Plan. The school's Disaster Preparedness Plan includes steps for ensuring student and staff safety during a disaster. The following areas are addressed in the school plan: four major disaster preparedness steps, emergency jobs, evacuation route and maps, and organizational chart. Fire and disaster drills are conducted on a monthly basis throughout the school year. Lockdown drills are held twice a year. Students are supervised before and after school by classified staff, and classified staff supervises students during lunch. Maxwell is a locked campus. All visitors are expected to sign in the main office or to entering the campus.

Fiscal Year 2022-23 Types of Services Funded

Maxwell structures its day to provide specialized instruction to meet the specific needs of each student. Students participate in "MaxTime", math and reading intervention four days a week. Students are placed in skill specific groups and teachers target the group's unique needs. The groups are fluid and change frequently based upon how well students perform on formative and summative assessments. English learners receive Designated English Language Development instruction four days a week for 30 minutes. Students grouped by their English proficiency level. Afterschool academic enrichment and support programs are available to students. The Student Study Team (SST) meets every six to eight weeks. SST is a group formed within the school to further examine a student's academic, behavioral and social-emotional progress. The SST Team convenes every six to eight weeks to analyze student data, propose interventions for the student, and monitor and track progress. The team consists of a classroom teacher, administrator, teaching and learning coach, school psychologist, International Baccalaureate Coordinator and parent.: Students with exceptional needs receive specialized instruction based on Individualized Education Plans (IEP). We offer a Resource Specialist Program (RSP), where students receive additional assistance from a RSP Teacher, an Occupational Therapist, and/or a Speech/Language Specialist. Maxwell offers school-based mental health services through McKinley Mental Health , including counseling services and referrals for students and their families. Maxwell offers library services to students. Our Digital Media Specialist works with the students each week to expose them to rich literature, as well as teaching them the skills necessary to use the resources available to them in the library. During the library period, students are exposed to award-winning literature, library skills and technology.
