2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Principal's Message

Proposition 98, an initiative passed by California voters in November 1988, established the annual school report. This report, to be issued by local school boards for each elementary and secondary school, provides parents and other interested citizens with information about each school's resources, successes, and areas to be improved.

The educational program at Glendora High School is well-balanced, with a primary emphasis on standards-based instruction and the safety and well-being of our students. Teachers focus on data-driven decisions to craft lessons that address state standards and specific learning needs. Formative assessments are administered to assist teachers with monitoring student progress in mastering state content standards. The GHS staff adjusts curriculum and instruction to help all students learn at their fullest potential. Proficiency on the Smarter Balanced Assessment (SBAC) in English and Mathematics serves as the performance target. As a school, we are proud of our school culture and the activities we put together to help students feel a sense of belonging as a member of the Tartan Family. Student connectedness remains a priority for our school.

In 2021-2022, Glendora High School received a six-year WASC accreditation term, and will have a three-year midterm WASC review in 2025. The action plans established through the accreditation process continue to guide Glendora High School's efforts to assist all students in their efforts to attain their learning potential. Assessment indicators such as the SBAC program, Advanced Placement (AP), PSAT, SAT, and ACT, demonstrate overall school high academic excellence.

As Glendora High School continues its focus on enhancing student achievement, we will continue to promote college and career readiness, which includes an emphasis on Career Technical Education (CTE) for the students we serve. I hope as you read our annual report; you will find the information meaningful and useful. If you have any questions, please let us know. Visit us on the web at <http://www.glendorahigh.net>.

2023-24 School Description and Mission Statement

Mission Statement

Glendora High School is committed to the education and development of the whole person: academically, socially, emotionally, and morally. This commitment is a shared, collaborative effort of students, support staff, teachers, parents, businesses, industry, higher education, and interested organizations. Upon graduation, students will be equipped to adapt to the ever-changing world of cultural diversity, technology, employment, and society.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.40	0.00
Local Assignment Options	4.60	2.90
Total Out-of-Field Teachers	5.00	2.90

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	2.4	0
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	6.1	1.1

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Sufficient standards-aligned textbooks and other instructional materials are available for each pupil, including English learners, and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education in the core curriculum areas of reading/language arts, mathematics, science, history/social science.

Glendora Unified School District adopted new Science textbooks and instructional materials in 2023-2024, for elementary, middle, and high school.

School Facility Conditions and Planned Improvements

Glendora High School was built in 1957 and includes 90 classrooms, food service areas, administrative offices, college career center, multimedia center, event center, theater, art classrooms, a gymnasium, locker rooms, weight room, and an outdoor pavilion. Outside facilities also include tennis courts, swimming pool, and multi-sport areas. In the spring of 2000, a successful bond measure was passed which will enhance the GHS campus for years to come. Glendora High underwent construction of a new pool, event center, theater, weight room, and art classrooms. Modernization of most classrooms has been completed.

The facility is maintained in a manner that assures that it is clean, safe, and functional as determined pursuant to an interim evaluation instrument developed by the Office of Public School Construction. School Facility Conditions and Improvements: The state requires districts to report general information about the safety, cleanliness, and adequacy of school facilities, including the condition and cleanliness of the school grounds, buildings, and restrooms. Additional information about the condition of GHS may be obtained from the District Business Office. The safety inspection was completed on 01/18/2023 and the findings are listed below.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	44	47	49	51	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 Career Technical Education Programs

Glendora High School collaborates with SGVROP to offer CTE classes that students can take as single electives. During the 2021-2022 school year, GHS offered a multitude of CTE courses including robotics, computer architectural design, photography, video production and sign language levels one through three.

Off campus, ROP offers many classes that lead to job skills that include the areas of visual design, automotive, fashion design, hospitality/foods/restaurant management, urban farming, water technology, and more. These programs provide rigorous course work that follows the CTE standards. These programs also offer certificates of completion and some lead to state or national certification in their areas.

Glendora High School continues to work with surrounding colleges such as Citrus College, Mt. San Antonio College and the Art Center College of Design to develop career pathways for our students, along with a target of growing dual enrollment options.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Glendora High School is the only comprehensive high school in the Glendora Unified School District.

Glendora High has an active and involved PTA that provides varied enrichment activities and support, including staff and student recognition, opportunities for student leadership, student community service projects, scholarships, student assemblies, and a PTA newsletter. The PTA Board meets monthly and seeks the involvement of all parents, teachers, students, and neighbors of GHS to keep communication at an optimal level. Last year, PTA volunteers gave countless hours to the school. For additional information regarding parental involvement, please contact PTA President Virna Johnson (PTA contact information can be found on our website). Glendora High school also communicates to stakeholders through the School Site Council and our ELAC parent group. Glendora High School has several parent and stakeholder meetings throughout the year to give general as well as high school and college information.

2023-24 School Safety Plan

School/District safety and disaster plans are evaluated annually and are available for review in the school office. The District has distributed specifically designed emergency cards to be used in case of a disaster. Earthquake, disaster, lock-down, and fire drills are practiced regularly. Food, water, and medical supplies for disaster preparedness are evaluated annually.

2020-21 Secondary Average Class Size and Class Size Distribution

Professional Development

Staff training is ongoing in the Glendora Unified School District. The district calendar includes two orientation days prior to the start of the school year in August, one staff development day in the fall, and one staff development day in winter. Staff development is ongoing and takes place throughout the year, by use of release time for teacher self-selected learning and collaboration, district-provided or teacher/site initiated professional learning opportunities, and use of weekly early-put and late-start days. Release time continued weekly, using a collaboration and ongoing training calendar, to occur every Monday (Glendora High School) or Thursday (all TK-8 sites.) For the 23-24 school year Educator Effectiveness Academies will be implemented for individualized professional development.

This table displays the number of school days dedicated to staff development and continuous improvement.
