2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Principal's Message

Dear Students and Parents/Guardians,

Welcome to Whitcomb High School and Alternative Programs for the 2023-24 school year. We have a quality program that is recognized as a Model Continuation High School by the California Department of Education and is accredited by the Western Association of Schools and Colleges (WASC). We have a great staff that is committed to supporting students to achieve academic success within a safe, caring and personalized environment.

At Whitcomb, we serve students who are credit deficient or are in need of a specialized program. Our vision is to provide educational experiences and learning opportunities that promote personal responsibility, academic achievement, career preparation, and community involvement. Our primary goal is to prepare our students for graduation and life after high school. We are committed to holding true to our motto "where students come first." I hope that Whitcomb High School and Alternative Programs can make a difference in your student's education and help guide them to a positive and productive future.

Respectfully yours,

Val Shibata
Principal
Whitcomb High School

School Vision

Whitcomb High School strives to be a model for alternative schools by providing educational experiences and learning opportunities to its students that promote personal responsibility, academic achievement, career preparation, and community involvement.

2023-24 School Description and Mission Statement

Mission Statement

Our mission at Whitcomb High School is to meet the individual needs of all students to prepare them for graduation and life beyond high school. We will continue to provide a challenging curriculum, building students' critical thinking and problem solving skills, within a safe, caring, and personalized environment.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.00	0.00
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.60	0.00
Local Assignment Options	2.10	1.80
Total Out-of-Field Teachers	2.70	1.80

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	15	0
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	10.9	10.9

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

School Facility Conditions and Planned Improvements

Whitcomb High School, formerly Gordon School, was built in 1958 as a K-8 facility, which included 22 classrooms, a cafeteria, an administrative office, and a library. WHS moved to this location in 1979 and uses nine classrooms. The remaining classrooms are used by the District for other programs.

The facility is maintained in a manner that assures that it is clean, safe, and functional as determined pursuant to an interim evaluation instrument developed by the Office of Public School Construction.

The state requires districts to report general information about the safety, cleanliness, and adequacy of school facilities, including the condition and cleanliness of the school grounds, buildings, and restrooms. Additional information about the condition of WHS may be obtained from the District Business Office. For the 2023 school year, the safety inspection was completed on December 1st, 2023 and the findings are listed on the next page.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	6	0	49	51	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2022-23 Career Technical Education Programs

Whitcomb High School collaborates with the San Gabriel Valley ROP to offer career-technical classes that students can take as single electives, or as pathways. These courses include Graphic Arts, Criminal Justice and Health Careers. Students also have access to a handful of CTE classes located at the Pomona Fairplex. Students enrolled in these programs can gain certification as well as credits toward electives and graduation.

Off campus, ROP offers many classes that lead to job skills that include the areas of health, cosmetology, animal science, emergency technician, law enforcement, child care, apparel marketing, and more. These programs provide rigorous coursework that follows the CTE standards. These programs also offer certificates of completion and some lead to state or national certification in their areas.

At the community college level, students have the opportunity to take a variety of CTE and Tech Prep programs ranging from Automotive to Cosmetology. Whitcomb High School partners with Citrus College on a variety of levels, ranging from concurrent high school enrollment and application workshops to scholarships, tutoring, and more.

2022-23 Career Technical Education (CTE) Participation

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Whitcomb High School has an extremely active Parent Teacher Student Association (PTSA) that provides support for all our students and the entire faculty/staff. Whitcomb High School may very well be the only alternative school in the Valley with a PTSA. The PTSA meets quarterly and continues to seek the assistance and participation of all parents, students, family and friends of education. The PTSA volunteers continue to assist with numerous volunteer hours and financial assistance, so that all students will be given the opportunity to experience various activities throughout the year. Last year, the PTSA volunteers worked over 4,123 hours for the school. The PTSA holds its annual Ladies Night Out fundraiser on the Whitcomb campus each year, with a great deal of the proceeds coming back to the students for various activities. Our School Site Council is also a very valuable group here at Whitcomb. Parents are encouraged to participate on this committee in hopes of offering good guidance and possible solutions as to how we can best spend our budget money provided to us. Being a member of the school site council is just another opportunity for parents to be involved with everything that goes on at Whitcomb.

2023-24 School Safety Plan

School/District safety and disaster plans are evaluated annually and are available for review in the school office. The District has distributed specially designed emergency cards to be used in case of a disaster. Earthquake, disaster, lock-down, and fire drills are practiced quarterly. The PTA provides minimal food, water, and medical supplies for disaster preparedness. The safety plan is reviewed yearly by the SSC and when approved, is sent to the district office to be reviewed before being presented for approval by the board of education.

Fiscal Year 2022-23 Types of Services Funded

Whitcomb High School provides a Resource Specialist Program for students who have specific learning disabilities and qualify for an individual education plan. A specialized class for students who have emotional disturbance is also offered which include a behavior aid, classroom aid and one to one aid for students who qualify. There are three adult transition classes on campus which service students from the age of 18-21 who have moderate to severe disabilities. These classes also have multiple classroom aids and one to one aids for students who need more intensive support.

Students are able to take credit recovery classes and electives through a standards based online learning program called Edgenuity. GUDS has contracted with ROP to offer CTE courses. Currently our campus offers Health Sciences, Graphic Arts, and Administration of Justice through ROP.

A breakfast and lunch program is offered on campus.

Professional Development

Staff training is ongoing in the Glendora Unified School District. The district calendar includes two orientation days prior to the start of the school year in August, one staff development day in the fall, and one staff development day in spring. Staff development is ongoing and takes place throughout the year, by use of release time for teacher self-selected learning and collaboration, district-provided or teacher/site initiated professional learning opportunities, and use of monthly early-out days. For the 23-24 school year Educator Effectiveness Academies will be implemented for individualized professional development.

Staff also have the opportunity to attend professional conferences throughout the year, that have been district approved. Many teachers will be attending state conferences for their subject area and are also attending a conference specifically for continuation schools.

This table displays the number of school days dedicated to staff development and continuous improvement.
