2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Principal's Message

It is an honor to serve as the principal of Robert H. Goddard Middle School, a California Distinguished School and Gold Ribbon School, with a tradition of high academic standards and a positive school culture. At Goddard Middle School, we believe all students can meet high expectations on a daily basis. We expect that all students will achieve at their highest potential and we hold all students to high expectations each and every day. We focus on both the academic and social-emotional success of our students. Our goal is to cultivate well-rounded individuals who will become productive members of our society and future leaders.

Our academic standards are among the highest in the State and our dedicated teachers and support staff are among the best the profession has to offer. Our teachers regularly collaborate to analyze data and improve their practice so they can provide rigorous, challenging, and engaging lessons to our students. Goddard teachers and counselors regularly analyze student data, review lesson plans and share best practices, and develop rubrics and common formative assessments to provide rigorous and engaging lessons for all students.

Goddard embeds positive recognition through "The Goddard Way" and extra-curricular activities throughout the entire school community. We continually strive to improve our program and to provide our students with many academic, social, and extracurricular opportunities. In addition to rigorous curriculum, we offer athletics, intramurals, AVID, WEB, honor society, band, orchestra, choir, the arts, many student led clubs, and access to relevant and engaging technology.

Goddard strives to create a culture where every student has opportunities to belong and feels like a member of our Goddard family. Through the Associated Student Body (ASB) and Where Everybody Belongs (WEB) student leadership, we work hard to teach our students the importance of community service, hard work, perseverance, and leadership.

We are always willing to answer questions and to listen to suggestions for strengthening our program of powerful teaching and learning. One of Glendora Unified School District's core belief statements says, "Successful education is the shared responsibility of the parents, students, educators, and the community." Our team at Goddard wholeheartedly believes this and asks that every student, parent, and educator fully embrace this belief statement and do their part to help our Goddard Titans succeed academically and thrive socially and emotionally. This year, we will also start the Goddard Student Voice Council. The

2023-24 School Description and Mission Statement

Goddard Student Voice Council is an advisory group, comprised of 30 students (10 per grade level) and the school principal. Students in the Goddard Student Voice Council will regularly meet throughout the school year to provide feedback and share experiences and perspectives on various issues affecting our school. Listening to our students and elevating student voice is something that we highly value at Goddard.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Sufficient standards-aligned textbooks and other instructional materials are available for each pupil, including English learners, and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education in the core curriculum areas of reading/language arts, mathematics, science, history/social science.

Glendora Unified School District adopted new Science textbooks and instructional materials in 2023-2024, for elementary, middle, and high school.

School Facility Conditions and Planned Improvements

Goddard was built in 1964 and has 38 classrooms, a cafeteria, an administrative office, a library, a gymnasium, and locker rooms. The athletic fields, tennis courts, and park area are jointly used and maintained in cooperation with the City of Glendora. The modernization of Goddard, sponsored by a community-voter supported Bond Measure G, was completed in 2011.

The facility is maintained in a manner that assures that it is clean, safe, and functional as determined pursuant to an interim evaluation

School Facility Conditions and Improvements:

The state requires districts to report general information about the safety, cleanliness, and adequacy of school facilities, including the condition and cleanliness of the school grounds, buildings, and restrooms. Additional information about the condition of Goddard may be obtained from the District Business Office. The safety inspection was completed on 12-11-23 and the findings are listed below.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Goddard is one of two middle schools in the Glendora Unified School district and serves the eastern section of Glendora. Feeder schools include Sellers and Sutherland as well as a percentage of students from Cullen, La Fetra, and Stanton. Goddard also accepts students on inter- or intra-district transfers dependent upon space available.

Goddard has an active PTA that provides varied enrichment activities. The PTA Board actively seeks the involvement of all parents and neighbors of Goddard School. For more information regarding parent involvement, please contact PTA President Malissa Apodaca at (626) 852-4500 or mjapodaca.pta@gmail.com. Parents also participate through our School Site Council (SSC) and English Language Advisory Committees (ELAC) which provide them with information and shared decision making for school events and policies and provides additional opportunities to engage and participate in the Goddard community. Additionally, there are numerous parent meetings, trainings, and supports throughout the year at a district level including parent participation and input at the LCAP parental meetings, the district DELAC meetings, and involvement in the Superintendent's Parent Committee.

In 2023-24, Goddard introduced an additional way parents can actively participate and show parental involvement through the Parents as Partners Project.

2023-24 School Safety Plan

School/District safety and disaster plans are evaluated annually and are available for review in the school office. Earthquake, disaster, lock-down, and fire drills are practiced regularly. Teachers and school staff are asked to reflect after each drill and to provide additional feedback on ways we can improve our safety procedures. School fundraisers, the PTA, and District contributions have enabled us to continually upgrade our stock of food, water, first aid supplies, and other necessary items. The District has distributed specially designed emergency cards to be used in case of a disaster. The school safety plan was presented to the English learner Advisory Committee (ELAC) for feedback on Tuesday, January 10, 2023. The school safety plan was presented and approved at the School Site Council (SSC) meeting on January 31, 2023 and will be approved by the board in the February/March board meetings. The school safety plan will be updated and presented to the School Site Council and English learner Advisory committee in January of 2024. Updated information will be presented to parents regarding our plans for reunification. New signs, runner cards, and other supplies have been purchased to help support our reunification protocols using the SRP model. The school has also formed a school safety committee comprised of teachers and administrators to review the safety plans and offer recommendations offered by the committee regarding school safety. The plan is to extend an invitation to parents and students to join the school safety committee.

Professional Development

Staff training is ongoing in the Glendora Unified School District. The district calendar includes two orientation days prior to the start of the school year in August, one staff development day in the fall, and one staff development day in spring. Staff development is ongoing and takes place throughout the year, by use of release time for teacher self-selected learning and collaboration, district-provided or teacher/site initiated professional learning opportunities, and use of weekly early-put and late-start days. Release time continued weekly, using a collaboration and ongoing training calendar, to occur every Monday (Glendora High School) or Thursday (all TK-8 sites.) For the 23-24 school year Educator Effectiveness Academies will be implemented for individualized professional development.
