2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Sandburg Middle School is a place unlike any other—an innovative, twenty-first century school nestled against the awe-inspiring Southern California foothills, a place where diversity is celebrated, collaboration flourishes, and students are presented with opportunities for academic and personal growth on a daily basis. Sandburg has been honored by receiving both the California Distinguished School Award and Gold Ribbon Award for our implementation of Advancement Via Individual Determination (A.V.I.D.) strategies sitewide, benefitting all students on campus. At Sandburg Middle School, we believe all students can meet high expectations on a daily basis. We focus on the academic and social emotional success of our students. Our goal is to cultivate well-rounded, independent individuals who will become productive and fruitful members of our society.

There are many programs and intentional strategies that make Sandburg an exceptional school.

Unparalleled opportunities- Our talented faculty offers an expansive and challenging program in the arts, sciences, and humanities. Our students are encouraged to be scientists, artists, athletes, mathematicians, musicians, designers, writers and innovators. Our extracurricular activities, clubs, and sports programs are designed to complement student academic programs while being engaging, relevant and fun. Unique clubs and activities such as our A.S.B., Honor Society and Interscholastic Sports provide opportunities for students to excel outside of the classroom. Our clubs give students opportunities to connect with like-minded friends and staff. All programs are designed to help build connectedness, confidence, and a school culture that is inclusive of all students.

Each child is known and valued- Our diversity is our greatest strength. Students step on campus and are immediately greeted by Dr. Porcell and Dr. Perez, our administrative team, as well as members of our incredibly friendly and caring staff. The Sandburg staff and administration work extremely hard to understand the unique and diverse needs of each student. Success is measured one child at a time, on an individual basis. Our academic program and qualified staff is supported by a variety of tiered intervention supports that ensure all students have the support needed to access the curriculum and meet target goals. Sandburg has two full-time counselors, a student support specialist, and a strong partnership with community agencies. These supports allow Sandburg to offer intensive social emotional support to students and families through individual and group counseling services. As Spartans, we believe in serving the whole child and differentiating programs to meet diverse student needs.

2023-24 School Description and Mission Statement

At Sandburg, we strive to maintain a nurturing, joyful learning environment. Our rigorous academic programs and strategies are scaffolded to meet unique student needs. Our staff is intentional about building cohesive, professional student-teacher relationships. Our students grow and flourish in an environment that allows children to be children, with the added support of a faculty that understands and cares about each child, while nurturing their independent spirit.

What are the results of a Sandburg education? Each year we promote poised, articulate, empathetic, creative, and intellectually flexible young adults, the strongest evidence for the positive impact of our school. As you read our annual report, I hope you will find the information useful. Please call me at (626) 852-4530 or email me adjones@glendora.k12.ca.us if I can assist you or your child in any way. Please be sure to check out our website at www.sandburgspartans.com for additional information. I hope you take the time to come and visit our campus and learn more about our unique learning opportunities and programs. I am confident that there is no better place for teachers to teach or students to learn.

Sincerely,

Marie A. Porcell
Principal

Mission Statement:

At Sandburg Middle School, we embrace diversity and are committed to excellence. We strive for empathy, academic growth, and accountability to produce outstanding Spartans. Sandburg's community will find themselves better for having been a Spartan.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Sandburg was built in 1966 and has 36 classrooms, a cafeteria, an administrative office, a library, a gymnasium, locker rooms, two computer labs, and a fitness lab. Outside facilities include large fenced in filed areas doe drills practice and organized sports. Sandburg completed it's modernization project in 2009. All facilities have been upgraded and improved. These efforts were sponsored by a community-voter supported Bond Measure G.

The facility is maintained in a manner that assures it is clean, safe, and functional as determined pursuant to an interim evaluation instrument developed by the Office of Public School Construction.

The state requires districts to report general information about the safety, cleanliness, and adequacy of school facilities, including the condition and cleanliness of the school grounds, buildings, and restrooms. Additional information about the condition of Sandburg may be obtained from the district. For the 2023 reporting school year, the safety inspection was completed on December 21, 2023 and the findings are listed below.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	38	40	49	51	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Sandburg is one of two middle schools in the Glendora Unified School District. We serve the western side of Glendora. Our feeder elementary schools include La Fetra and Stanton, as well as a smaller percentage of students from Cullen, Sellers, and Sutherland elementary schools. In addition to serving our Glendora residents residing within our school boundaries, Sandburg is also home to students from surrounding districts attending our school on District of Choice, Allen Bill and interdistrict permits. We are proud to accept students on transfers from within and outside of GUSD, pending space availability.

Sandburg is proud to partner with an active PTA which supports school programs and fundraises to provide additional extracurricular events and activities for students and families. Some of the activities sponsored by PTA include school dances, educational assemblies, volunteerism in classrooms and around campus, and parent education events. Staff work collaboratively with PTA to bring enrichment opportunities to our students for increasing connectedness and a sense of belonging. For additional information regarding parent involvement, please contact our PTA President Mrs. Teresa Quijano at presidentsandburgpta@gmail.com.

We believe in involving all education partners in school decision-making and parents have many opportunities to volunteer on campus and to assume leadership roles on campus. We encourage parents to get involved through PTA membership, as well as serving as representatives on our School Site Council (SSC) and English Learner Advisory Committee (ELAC). Participation in these school committees provides parents with opportunities to take on active roles in reviewing school programs and protocols and to assist in guiding decision-making, with the goal of improving policies and practices.

2023-24 School Safety Plan

School/district safety and disaster plans are evaluated annually and are available for review in the school office. This year, the Comprehensive School Safety Plan was reviewed and approved by our School Site Council on December 11, 2023. The district has adopted a standard response protocol and standard reunification system and staff has been trained to respond appropriately based on the emergency circumstance. Earthquake, disaster, lock-down, and fire drills are practiced regularly. The PTA provides minimal food, water, and medical supplies for disaster preparedness. Sandburg utilizes Parent Square to facilitate communication with students, staff, and families. In the event of an emergency, we are able to make school-wide contact with parents and guardians. This year, we are piloting the Catapult Emergency Response System for quickly communicating threats to safety on and around campus and to alert staff with timely information throughout any emergency or crisis situation. Every year, the Sandburg staff works closely with our site Safety Team to refine emergency protocols and update our comprehensive safety plan.

Fiscal Year 2022-23 Types of Services Funded

Sandburg School provides a Resource Specialist Program and a Special Day Class for students who qualify for Special Education. These students receive specialized academic instruction (SAI) in smaller classroom settings with highly qualified special education teachers and paraprofessionals. We also offer three ELA intervention sections, two ELD sections, and three math intervention sections, providing small-group intensive support to identified students. Students are identified as requiring additional intervention support through the Intervention Study Team (IST) process. Bilingual aides are assigned to support English learners who are new to the country or who have been identified as performing at a Level 1 or 2 on the ELPAC assessment.

Breakfast and lunch are offered to all students daily at no cost under the Universal Lunch Program. Additionally, identified students may participate in the district Gifted and Talented Education (GATE) Program. We also house a parent-financed Extended Day Care Program on campus, before and after school.

Sandburg is proud to have been implementing the AVID Program for 17 years! AVID sections are offered to students in grades 6-8, and the majority of our instructional team has participated in AVID Foundational training, implementing WICOR strategies across content areas. Sandburg also offers advanced math classes in all grades as well as two Pre-Advanced Placement English and U.S. History sections in 8th grade.

At Sandburg, we provide opportunities for intervention as well as enrichment. As such, teachers provide after-school math tutorials and homework club opportunities for struggling students and serve as advisors for student-led social clubs that take place during lunch periods and after school on a weekly or biweekly basis. After school math tutorials and homework club are funded through Title I.

Professional Development

Staff training is provided throughout the school year in GUSD. The district calendar includes two orientation days prior to the start of the school year in August, one staff development day in the fall, and one staff development day in the spring. Staff development is ongoing and takes place throughout the year, by use of release time for teacher self-selected learning and collaboration, district-provided or teacher/site initiated professional learning opportunities, and use of weekly early-out days. Release time is continued weekly, using a collaboratively generated Professional Development to include district, site, department, and teacher PD days. PD occurs each Thursday beginning at 1:30 p.m. For the 23-24 school year, Educator Effectiveness Academies will also be implemented for individualized, self-selected professional development.

Site professional development will focus on site-based initiatives aligned with academic goals and district LCAP goals. Depth and Complexity training will be one area of focus for improving instructional strategies and increasing critical thinking opportunities in classrooms.

This table displays the number of school days dedicated to staff development and continuous improvement.
