2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Principal's Message

Port of Los Angeles High School (POLAHS) is an independent, public charter school in San Pedro. Its location near the world's largest port complex adds to the unique character and mission of the school. POLAHS inspires and educates all students by integrating a maritime theme into a rigorous academic curriculum, with optional pathways in Career Technical Education. In its eighteen year history, POLAHS has achieved recognition for its success in supporting student learning. Port of Los Angeles High School was recognized as a California Distinguished School in 2011 and as a California Gold Ribbon School in 2015. In 2018, POLAHS renewed its Charter for the 2018- 23 term and was awarded re-accreditation from the Western Association of Schools and Colleges (WASC) for the 2018-2024 term. POLAHS' Board of Trustees and its faculty and staff are committed to providing the highest quality educational experience to each and every one of our students. POLAHS students are also supported by a dedicated network of community organizations, businesses and parents. We pride ourselves in creating an academic setting that fosters student success and opportunity for youth in the harbor area.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	28	43	27	29	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 Career Technical Education Programs

In the 2022-2023 school year, 245 out of 928 POLAHS students participated in the CTE program on campus. 95% of CTE students continued their pathway in the 2023-2024 school year. The graduating seniors of 2023 boasted a 100% pathway completion rate.

POLAHS was able to maintain the post secondary articulation agreement with El Camino College for the Residential Construction pathway. Additionally, POLAHS was able to create an approved articulation agreement for students in the welding pathway. Finally, POLAHS is in the process of dually enrolling photography 1 and 2 students with El Camino College.

POLAHS continues to maintain a full-time Career Counselor, who supports students and their families through enrollment, informational workshops, trade program exploration and application processes. The Career Counselor is also the primary representative of the CTE Advisory Committee.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

POLAHS promotes parental involvement through a student /parent portal, school events, resources, parent organization membership, surveys and committees.

Strategies to promote Parental Participation include:

- The use of Aeries Student Portal for communication method regarding grades, attendance and behavior
- The use of Parent Square for announcements, events, and fundraising
- Monthly calendar available on school's website
- Invitations to POPS (Parents of POLAHS Students) events and volunteering opportunities
- School Events
- Open House
- Back to School Night
- Parent Conferences
- Special Education Parent Night for Incoming Freshmen
- College and Career Workshops
- School Surveys (digital and mailed)
- School Committee Meetings (Executive Council, Finance Committee, Personnel Committee, Facilities Committee, School Safety Committee)
- School Site Council Meetings
- Board of Trustee Meetings
- Title I Meeting
- English Learner Advisory Committee
- Coffee with the Principal
- South Bay Families Connected (Mental Health)
- Care Solace (Mental Health)

Family engagement policies and procedures are jointly agreed upon through committees and parent engagement opportunities on campus, such as the Parent of POLAHS Students committee (POPS), the School Site Council and the English Learner Advisory Committee. Policies and procedures are shared electronically and/or printed, through the use of a Parent/Student Handbook. Parents acknowledge and agree to the handbook by returning a signature at the start of the school year. Parents are provided a "Beginning of the Year Packet," which includes: Academic Calendars, a-g requirements, student's schedule, student planner and food program information.

2023-24 Opportunities for Parental Involvement

POLAHS parents are provided optional training for Aeries, the POLAHS student/parent portal. Parents are invited to learn how to access the program and practice the tools needed to monitor progress from home. POLAHS maintains a Data Coordinator and a Tech Department, who provides assistance with access to school applications and school technology.

The POLAHS School Reports website page is user friendly for all visitors who aspire to learn more about POLAHS. School reports are translated in Spanish and posted for public viewing. Parents with accommodation requests are surveyed at the start of the year to ensure accommodations/modifications are made. Translation services for parent events is always provided. Yearly, School Counselors will communicate and develop a plan with families of migratory children to ensure educational disruption is as minimal as possible.

2023-24 School Safety Plan

The Comprehensive School Safety Plan specifies POLAHS' responsibilities in ensuring a safe and orderly environment. The scope of the CSSP encompasses the Port of Los Angeles High School campus. It addresses a broad range of concerns, including student discipline, emergencies, policies and safety related practices, and newly added, COVID practices. This information is made known to staff and students through appropriate training and communication. The plan is updated and board approved every 6 months.

The intent of the plan is to address all areas of school safety, in an effort to establish a safe and secure campus where they are free from physical and psychological harm. Administration, teachers and staff are committed to maximizing school safety and to creating a positive learning environment that emphasizes high expectations for preparedness, student conduct, responsible behavior, and respect for others.

As required by Education Code 32282- 32289, the CSSP is to be reviewed and updated annually and subsequently submitted for approval to the School Site Council, as well as to POLAHS's governing board. Additionally, POLAHS's School Safety

2023-24 School Safety Plan

Committee, including members from the local law enforcement agency and the Port Administration Building, collaborate on the creation of the School Safety Plan.

The Comprehensive School Safety Plan can be found here: <https://drive.google.com/file/d/1ZmxnN9r1QoDsy-Z3fshp-fGyP9CtU7vI/view>

POLAHS Safety Plan includes four major sections:

- Introductory Material, which gives a general background of Port of Los Angeles High School as well as development of the Comprehensive School Safety Plan.
- Emergency Response, which details the information, procedures and preparation involved in responding to an emergency.
- Campus Environment, which outlines routines and practices ensuring a safe and healthy school environment.
- Addendums, which provide additional detailed information for the CSSP. For documents not included in the CSSP itself (4.2-4.7), each graphic contains a link that can be clicked on to access the complete document itself.

The Comprehensive School Safety Plan was finalized by the Student Well-Being Committee on January 24, 2023. A hearing was held February 6, 2023 during a School Cite Council meeting to obtain public input pursuant to (EC 32288(b)). School Staff was advised of the updates school safety plan during a staff meeting on February 6th, 2023.

The Port of Los Angeles High School governing Board of Trustees approved the Comprehensive School Safety Plan on February 8, 2023.

Parents, Students and Staff were made aware of the finalized CSSP Plan via email/Parent Square on February 13, 2023.

Fiscal Year 2022-23 Types of Services Funded

Special Education

POLAHS funds a comprehensive Resource Program and related services, which serves 114 students with intellectual or developmental disabilities in the 2022-23 school year. POLAHS employs one Special Education Coordinator, six resource teachers, and five special education aides. POLAHS also contracts with outside agencies for additional instructional aide support, and behavioral services. POLAHS's full-inclusion approach includes assistance by Resource teachers and instructional aides, inside the General Education setting. Through LCFF funding, POLAHS also employs one Moderate-Severe credentialed teacher, who supports students through individualized, modified instruction for part of the students' school day.

College and Career Center

Through the use of LCFF funding, POLAHS provides all students with a College and Career Center, equipped with technology for college and career exploration and application processes, as well as a full-time College Counselor and full-time Career Tech Education Counselor. Students and their families benefit from year-around support through parent and student workshops and in-class seminars on application processes. Students are able to explore post-secondary goals through our partnership with the local Boys and Girls Club. Students attend college exploration field trips and receive assistance with post-secondary exploration through College and Career Counselors, as well as Boys and Girls Club College Bound and Career Bound Programs.

Fiscal Year 2022-23 Types of Services Funded

Physical Health Services

POLAHS applies for Title IV funding, which is typically used for Physical Education. This funding is designed to support activities that ensure a well-rounded education experience. POLAHS maintains a partnership with local community gyms in order to provide access to various physical activity opportunities, despite the school's location and campus size. During the 2023-24 school year, the Physical Education Department offered Crossfit and Kickboxing curriculum as 10th grade elective, community-based, course offerings. Other Physical Education courses include: 9th grade traditional PE classes, Weight Lifting, and Dance. This current academic school year, we added additional course offerings such as Advanced Dance, Recreational Sports, and Advanced Weight training.

Mental Health Services

POLAHS has taken a proactive approach to mental health and social-emotional learning(SEL) to ensure the well-being of both students and staff. The integration of SEL into the core curriculum by teachers reflects a commitment to fostering an emotionally supportive environment throughout the school.

The Grade Level Coordinators have been instrumental in leading professional development on SEL, underscoring a dedication to equipping everyone with the tools needed to provide emotional support. The adoption of CASEL competencies, introduced during the Summer Institute, serves as a comprehensive framework, ensuring a holistic approach to SEL.

POLAHS has not only embraced SEL as a core component of its educational philosophy but has also implemented a multi-tiered approach to cater to the diverse needs of the student body.

SEL Programs/Resources

Tier I, interventions like Suicide Awareness Activities, Substance Abuse Activities, and grade-specific Tilly's SEL Workshops were implemented. POLAHS Families Connected Virtual Teen Center and Mental Health Awareness initiatives aimed at involving families in the process.

Tier II interventions, included "Motivation Mondays" in Credit Recovery that engaged students, indicating a targeted effort to address individual needs. Social-emotional teacher referrals, interventions, and risk assessments highlight the school's commitment to early identification and support. Noteworthy is the provision of targeted interventions for specific demographics, such as low-income and English learners.

Tier III interventionists for POLAHS demonstrate a high level of individualized support, with on-campus counseling for both individual students and groups. The engagement with Care Solace referrals further strengthens the network of support available to students.

Within the classrooms, SEL activities take on proactive and practical form. Mood check-ins, goal setting, problem-solving, perspective-taking, teamwork, self-efficacy measurement, journaling, as well as welcoming and closure routines, collectively contribute to a nurturing learning environment.

Professional Development

During the 2022-23 school year, POLAHS provided professional development opportunities through LCFF funding and Effective Educator Grant funding. Administrators were able to attend off-campus professional development opportunities related to topics such as school leadership, finance and school safety. They continue to be supported by the Board of Trustees and adapt their professional development each year through board meeting discussions and needs assessments. Lead teachers continue to provide individualized pedagogical support to teachers, as well as coordinate professional development opportunities on campus. Through the use of survey data and observation/evaluation feedback from department and grade level coordinators, professional development needs continue to be identified and altered year to year. Lead Teachers continue to meet weekly to discuss the needs of their teachers and staff. They attend professional development opportunities that address their area of expertise, as well as their leadership skills in both academics and classroom management.

A Professional Development schedule is released at the start of the school year. For the 2022-23 school year, professional development took place every Wednesday morning. The schedule includes:
General Staff Meetings
Department Meetings
Grade Level Meetings
Department Meetings

During the 2021-22 school year, POLAHS also changed the school start time to 8:30am, allowing the opportunity for one hour of professional development time each morning, if needed.

Teachers are also encouraged to attend professional development opportunities off-campus, and meet common planning requirements determined by department chairs. Substitute teachers are provided through LCFF funding and grant funding related to CA State Priorities 2 and 4 (Professional Development and Pupil Achievement).

LACOE Mentor Program: Through the use of Title II funding, Port of Los Angeles High continues to financially support beginning teachers in their efforts to clear preliminary education specialist or single-subject teaching credentials and officially become highly qualified teachers with the Los Angeles County Office of Education’s Induction Program. Through the support of a trained mentor, who is typically also on staff, teachers work towards mastery of the California Standards of the Teaching Profession.
