General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Contact Information

School Name	Discovery Charter Preparatory #2
Street	13570 Eldridge Avenue
City, State, Zip	Sylmar, CA 91342

Email Address	ksmith@discoveryprep.org
School Website	www.discoveryprep.org
County-District-School (CDS) Code	19647330115253

2023-24 District Contact Information

District Name	Discovery Charter Preparatory School #2
Phone Number	818-897-1187
Superintendent	Dr. Karen Smith
Email Address	ksmith@discoveryprep.org
District Website	www.discoveryprep.org

2023-24 School Description and Mission Statement

Discovery Charter Preparatory was started in 2002 by local parents who did not want to send their children to the regional high schools after middle school. D.P. was the first startup charter high school in L.A.U.S.D. The school added tenth grade in 2003, eleventh grade in 2004, and twelfth grade in 2005. It has an enrollment of about 249 students. From 2015 to 2016, D.P. purchased a new school in Sylmar, California. Our partnership with Los Angeles Mission College blossomed when we took ownership of the new location. Professors come to our school to teach students here on our campus, and we are fortunate to utilize Los Angeles Mission's athletic fields for Volleyball and Basketball.

ACCOMPLISHMENTS

- 91% graduation rate
- (2021) 6-year Accreditation - Discovery Charter Preparatory was granted 6-year accreditation from last year's W.A.S.C. Accreditation

Committee (Western. Association of Schools and Colleges)

- 29% of graduating seniors in the past have been accepted to 4-year College/University.
- . 43% of students accepted to two-year colleges/Universities
- . 28% of students in other (military, work trade, etc.)

2023-24 School Description and Mission Statement

- Advisory Program where students are monitored by their assigned Advisor for 4-years
- Schoolwide implementation of Technology Devices: iPads, Clickers, Calculators, Starboards, Chromebooks 1 per pupil
- Partnership with Los Angeles Mission College for dual-enrollment
- Implementation of weekly grade checks.
- Schoolwide Professional Development individualized to meet the needs of teachers.
- 70% of graduating seniors apply to at least 1 College/University.
- 100% of students who graduate on-stage take at least one college entrance exam.
- The School Counselor hosts at least 6-college application workshops during the school year to provide students with individual assistance in completing their college applications.
- The School Counselor hosts at least 1 College financial aid workshop to provide students with assistance in applying for various forms of financial aid, including the FAFSA.
- Discovery Prep graduates have gone on to attend and graduate from universities such as U.C.L.A., U.C. Berkeley, Dartmouth, University of Pennsylvania, Lewis and Clark College, and many other prestigious schools.

The University of California A-G Requirements:

Since its inception, Discovery Prep has maintained the rigorous standard of requiring students to satisfy the A-G requirements as a prerequisite for graduation. The mission of Discovery Prep is "to provide the necessary skills and support so that every student is prepared to attend college upon graduation from high school." As a college preparatory school, Discovery Prep believes that all its graduates should be college-eligible. In keeping with the school's mission, the graduation requirements of Discovery Prep are the same as the UC A-G requirements. That means 100% of students who graduate from Discovery Prep have met the UC/CSU requirements and are ready to enroll in college upon graduation.

Discovery Prep is a college preparatory school that takes multiple steps to ensure that students have the ambition to go to college and are prepared once they arrive. Due to the one-on-one nature of the student-teacher relationship in Advisory, the Advisory curriculum is designed to give students the necessary skills needed to succeed in college. In addition, the Advisory curriculum helps students to understand that high school course requirements are necessary to graduate from Discovery Prep, and the curriculum is geared towards assisting students to grow at each grade level and emphasizes graduation from Discovery Prep. Discovery Prep students have the same teacher (Advisor) from 9th through 12th grade and can connect on a deeper level with their Advisor. Advisors help their Advisees at every step of the college application process to make sure they are on track to graduate from Discovery Prep. Discovery Prep's counselor, administrators, and faculty help guide students toward completing the necessary courses and graduation requirements.

GOALS & PHILOSOPHY

Discovery Prep provides a small high school environment, which is the ideal setting for many students. Many of our students will be the first in their families to attend college, and some will be the first to graduate high school. As such, our school's students benefit significantly from the small, supportive learning community and college-going culture that guides them on their way to higher education. Discovery Charter Prep graduates have gone on to attend and graduate from universities such as U.C.L.A., UC Berkeley, Dartmouth, University of Pennsylvania, Lewis and Clark College, and many other prestigious schools. The senior class of 2016 includes three students currently interviewing with Harvard University. Discovery Charter Prep's culture of high expectations is dedicated to closing the achievement gap for students by providing them with supportive, individualized attention for academic success. Small class sizes support this goal, with a maximum of 25 students per class. At Discovery Charter Prep, students see how academics play a part in becoming productive citizens and lifelong learners. Teachers and staff focus on providing a positive and nurturing environment, emphasizing professional behavior, courtesy, and hard work. When students graduate, they have a solid and well-rounded academic foundation, which will supply them with the motivation and the tools to complete college successfully.

2023-24 School Description and Mission Statement

Mission, Vision, and Learner Outcomes:

MISSION

The mission of Discovery Charter Prep is to expand access to higher education by providing "the necessary skills and support so that every student is prepared to attend college upon graduation from high school." We deliver the skills students of all achievement levels need to reach their highest academic potential.

VISION

Our vision is to provide a safe and nurturing learning environment in which instruction is rigorous and meaningful. We are dedicated to closing the achievement gap for our students by equipping them with supportive, individualized attention and high expectations for academic success. We believe that every student can overcome obstacles and make college a reality.

Discovery Prep purchased a school site in Sylmar after serving the Pacoima community for fifteen years. Our demographics have not changed, and the school provides transportation for students at the Pacoima location. Many of our students will be the first in their families to attend college, and some will be the first to graduate high school. As such, our school's students benefit significantly from the small, supportive learning community and the college-going culture that guides them on their way to higher education.

At Discovery Prep, students see how academics play a part in becoming productive citizens and lifelong learners.

Discovery Charter Prep has established Expected Schoolwide Learning Results (E.S.L.R.s) and actively promotes these learner outcomes throughout the school year.

Every Discovery Prep graduate will be:

Effective Communicators who:

- Write and speak competently.
- Utilize technology skillfully.
- Articulate opinions with supporting evidence.
- Exchange ideas cooperatively.

Critical Thinkers who:

- Read and write with comprehension.
- Identify problems and use various strategies to reach solutions for academic challenges.
- Process, synthesize, and evaluate information.

Responsible Individuals who:

- Respect themselves, other people, and property.
- Contribute to their community.
- Exercise personal and academic self-discipline. Create plans, options, and opportunities for the future

Students will become self-motivated, competent, lifelong learners by completing Discovery Prep's curriculum. Through a curriculum and school atmosphere dedicated to college preparation, as well as a rigorous college counseling and advisory program geared towards motivating and giving students the tools to be accepted to four-year colleges, students will see the importance and the benefits of going to college and becoming educated citizens in the 21st Century.

About this School

2022-23 Student Enrollment by Grade Level	
Grade Level	Number of Students
Grade 9	47
Grade 10	40
Grade 11	42
Grade 12	62
Total Enrollment	191

2022-23 Student Enrollment by Student Group	
Student Group	Percent of Total Enrollment
Female	45.5%
Male	54.5%
Filipino	0.5%
Hispanic or Latino	97.9%
Two or More Races	0.5%
White	0.5%
English Learners	6.3%
Homeless	1%
Socioeconomically Disadvantaged	60.2%
Students with Disabilities	9.9%

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	13.40	83.75	22369.20	82.26	228366.10	83.12
Intern Credential Holders Properly Assigned	0.00	0.00	714.60	2.63	4205.90	1.53
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	1.10	7.44	1398.60	5.14	11216.70	4.08
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	0.00	0.00	1060.30	3.90	12115.80	4.41
Unknown	1.30	8.69	1651.30	6.07	18854.30	6.86
Total Teaching Positions	16.00	100.00	27194.20	100.00	274759.10	100.00

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	12.40	82.93	23128.20	84.33	234405.20	84.00
Intern Credential Holders Properly Assigned	0.00	0.00	804.50	2.93	4853.00	1.74
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	0.70	4.67	1474.90	5.38	12001.50	4.30
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	0.20	1.67	1009.60	3.68	11953.10	4.28
Unknown	1.60	10.67	1009.30	3.68	15831.90	5.67
Total Teaching Positions	15.00	100.00	27426.80	100.00	279044.80	100.00

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	1.10	0.70
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	1.10	0.70

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.20
Total Out-of-Field Teachers	0.00	0.20

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	2.2	12
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	2.4	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All curriculum and instruction is implemented using google classroom. Listed below are various software used in the implementation of technology.

School Facility Conditions and Planned Improvements

Discovery Charter Preparatory School moved into a new facility in August 2016. The address is 13570 Eldridge Avenue, Sylmar, California 91342, three blocks from Los Angeles Mission College.

The new 28,000-square-foot facility sits on approximately 3.88 acres. Property features include classrooms, offices, a non-commercial kitchen, a multi-purpose room/theater, 100 on-site parking spaces, outdoor Basketball courts, and an athletic field.

Unfortunately, Discovery Charter Preparatory School was given access to the new property only ten days before the 2016-2017 School Year started. All planned renovations and repair work had to be postponed. Beginning June 12, 2017, construction will commence to address all deficiencies. The project will include, but not be limited to, a new roof, new HVAC units, repair of Solara Panel System, new water fountains, paint, flooring, etc.

In June 2023, we conducted an ADA Compliance Report. All necessary concerns are being updated gradually.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
English Language Arts/Literacy (grades 3-8 and 11)	35	44	41	41	47	46
Mathematics (grades 3-8 and 11)	6	10	27	29	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Student Groups	CAASPP Total Enrollment	CAASPP Number Tested	CAASPP Percent Tested	CAASPP Percent Not Tested	CAASPP Percent Met or Exceeded
All Students	39	39	100.00	0.00	43.59

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Student Groups	CAASPP Total Enrollment	CAASPP Number Tested	CAASPP Percent Tested	CAASPP Percent Not Tested	CAASPP Percent Met or Exceeded
All Students	39	39	100.00	0.00	10.26

Students with Disabilities	--	--	--	--	--

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
Science (grades 5, 8 and high school)	7.41	20.95	20.02	20.46	29.47	30.29

2022-23 CAASPP Test Results in Science by Student Group

This table displays CAASPP test results in Science by student group for students grades five, eight, and High School. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Not Tested	Percent Met or Exceeded
All Students	106	105	99.06	0.94	20.95

Socioeconomically Disadvantaged	62	61	98.39	1.61	19.67
Students Receiving Migrant Education Services	0	0	0	0	0
Students with Disabilities	12	12	100.00	0.00	0.00

2022-23 Career Technical Education Programs

We currently offer dual enrollment college courses at DCPS and students participate in concurrent enrollment after school hours. Plans are being made to work with Los Angeles Mission College (LAMC) to create a pathway for CTE courses. Our Counseling Department and Administration attended a conference at Santa Barbara Community College with the intent of providing a more advanced CTE program.

2022-23 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	28
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	
Percent of CTE Courses that are Sequenced or Articulated Between the School and Institutions of Postsecondary Education	

Course Enrollment/Completion

This table displays the course enrollment/completion of University of California (UC) and/or California State University (CSU) admission requirements.

UC/CSU Course Measure	Percent
2022-23 Pupils Enrolled in Courses Required for UC/CSU Admission	99.47
2021-22 Graduates Who Completed All Courses Required for UC/CSU Admission	100

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
Grade 9	92	97	93	93	88

2023-24 Opportunities for Parental Involvement	
PARENT INVOLVEMENT	Parent involvement is an integral part of DCPS' mission and vision to promote student achievement and is strongly encouraged at DCPS. DCPS families recognize that the entire community must be involved in student education. - Monthly Parents' Night DCPS hosts a monthly "Parent Meeting Night" to discuss current issues and hear from community speakers, college representatives, parents of DCPS graduates who attend college, financial aid advisors, and others. Additionally, community agencies often refer guest speakers to address current social issues relating to tutoring, counseling, parenting classes, and extracurricular activities designed to motivate and support students and their parents. Parent meetings have included guest speakers from the Los Angeles County Department of Mental Health Services and community agencies such as the Comprehensive Community Health Centers to educate parents regarding mental health services and strategies to help support students' social and behavioral development. Due to the dynamic services offered, parent attendance is high at these meetings and is a bridge between school and home. Parent meetings reinforce DCPS' goals of promoting higher education and professional success. - Parent Advisory Committee (PAC) The Parent Advisory Committee (PAC) is essential in monitoring the school-wide action plan. As aforementioned, parent involvement at DCPS is strongly encouraged. PAC members provide a strong parent voice by reviewing DCPS's programs and offering advice to administrators and faculty—The Parent Advisory Committee (PAC) meets monthly. PAC provides an authentic parent voice by engaging in review and generating advice and feedback to DCPS. Parents are viewed as an integral stakeholder group and are invited to attend school board meetings and participate in extracurricular activities. Parents from the PAC committee also help coordinate "Parent Meeting Nights." Recognizing parents as an integral part of the students which impacts the culture of the school. Parents play a major role in school community. DCPS has an annual Parent Dinner Night, where the school provides dinner and welcomes parents to bring various dishes to share in a community-building experience with teachers, parents, administrators, and staff. - Parent Liaison DCPS has a Parent Liaison. Through our open-door policy, if a parent has a concern or wants to become more involved with the direction of the school, they are welcome to join the PAC (Parent Advisory COMMITTEE\ meetings or conference with the Parent Liaison or Principal. Based on our recent parent survey, parents are well informed about whom to contact to assist and advocate for parents and students when they have concerns. The role of DCPS' parent liaison is to support parents at all times making sure the parents understand their voice is being heard. DCPS actively solicits parents' feedback and engages parents to help their children academically and behaviorally. Committee parents may join or attend. - Board Meetings - School Site Council

2023-24 Opportunities for Parental Involvement

The School Site Council (SSC) is vital in monitoring the school-wide action plan and provide regular feedback. SSC meets regularly and listens to the voices of teachers, faculty, staff, students, and community members in monitoring the school-wide action plan. The SSC works with the principal to develop, review, and evaluate school programs and budgets to support quality implementation. These ideas are then incorporated indirectly or directly in many different areas of the school-wide action plan.

- ELAC

What is the ELAC?

- The ELAC is a group of English Learner parents and community members who advise and assist schools in making important decisions related to services for English Learners.
- The California Education Code requires an ELAC to be formed at schools with more than 20 identified English Learners.

Who can serve on the ELAC?

- Any student's parent/guardian or community member can serve on the ELAC. The ELAC executive board comprises five ELAC members who can only be elected by parents of English Learners. At least three executive board members must be parents of English Learners themselves. The chairperson must be a parent of an English Learner in attendance at the school.

What are the responsibilities of the ELAC?

- Consult with parents regarding academic services provided to English learners. All ELAC meeting agendas are publicly posted and are public record.
- Advise developing and implementing the school site plan programs for English learners and submit them governing board.
- Review the school's language census report and academic achievement results when developing the school's plan for English Learner services and programs.
- Help make parents aware of the importance of daily attendance and the positive impact that it has on the academic and emotional well-being of the student.

School/Advisory

- DCPS connects with parents and students through our BlackBoard messages, emails and calls home. The parent/student PowerSchool portal provides instant access to their child's current grades. Advisors meet and review grades with students on a weekly basis. They also provide a copy for them to take home to their parents.
- Any student that has a D is required to attend afterschool tutoring. provided by individual teacher and tutors. Tutors observe teachers in classrooms of students so that they are aware of the expectations of the teachers.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school Dropout Rates;
- High school Graduation Rates; and
- Chronic Absenteeism

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School 2020-21	School 2021-22	School 2022-23	District 2020-21	District 2021-22	District 2022-23	State 2020-21	State 2021-22	State 2022-23
Dropout Rate	13.2	17.9	18.8	8.1	7.8	8.5	9.4	7.8	8.2
Graduation Rate	86.8	82.1	81.3	83.5	87.4	86.1	83.6	87	86.2

2022-23 Graduation Rate by Student Group (Four-Year Cohort Rate)

This table displays the 2022-23 graduation rate by student group. For information on the Four-Year Adjusted Cohort Graduation Rate (ACGR), visit the CDE Adjusted Cohort Graduation Rate web page at www.cde.ca.gov/ds/ad/acgrinfo.asp.

Student Group	Number of Students in Cohort	Number of Cohort Graduates	Cohort Graduation Rate

2023-24 School Safety Plan

Discovery Charter Preparatory School (DCPS)

The plan addresses all aspects of in-school safety, including behavior, environment, and emergencies. (still included in the plan. COVID 19 testing and procedures.) It can be found on the website: www.discoveryprep.org

The safety plan was reviewed and updated in October 2023. The final draft was submitted for approval in October 2023. Faculty and student representation was examined in October 2023.

Key Elements:

Creating a Supportive and Positive Schoolwide Climate

DCPS is proud to have established a safe, caring, and supportive atmosphere for parents, students, faculty, and all stakeholders. With the renewed emphasis on restorative practices and school-level community-building, DCPS is continuing to focus on its commitment to creating a positive school culture through extensive training on restorative practices, Positive Behavior Intervention and Support (PBIS) strategies, as well as learning to use group activities to reinforce positive academics, behavioral supports, and progressive discipline strategies.

DCPS has implemented a 3-tiered Positive Behavior Intervention and Support Plan (PBIS).

- Tier 1 supports focus on the entire student population by creating a school culture and climate conducive to academic and behavioral excellence. This includes positive incentives and a reward token program, which recognizes students for exemplifying outstanding academics and behavior as school community members. Each month, the Coordination of The Services Team (COST) meets to determine the effectiveness of support.

- Tier 2 and Tier 3 interventions and supports target students requiring more individualized support. This includes weekly grade checks during Advisory, meetings with the Principal for low-achieving students, and after-school tutoring. Attendance interventions occur at least once a month, in which students and parents meet with the attendance counselor and the assistant Principal. Students are referred to the Student Success Team (SST) for more intensive support and interventions if necessary.

In-class Discipline Issues

When students have disciplinary issues, teachers implement in-class strategies and progressive discipline procedures to redirect student behavior and teach expectations through PowerSchool BEHAVIOR. Teachers use the following steps: conference with the student to reteach behavioral expectations, contact parents, and assign detention and tutoring. When a student is sent to the administration, alternatives to suspension or expulsion are implemented instead. Restorative practices include counseling, psychological services, social justice circles, and community service.

PBIS

Positive Behavioral Interventions and Supports- PBIS is a "multi-tiered prevention framework guiding the implementation and sustainability of evidence-based interventions to meet the academic, behavioral, and social-emotional needs of all students." PBIS is our behavioral support system that teaches students the importance of positive behaviors, intelligent decisions, and better choices through appropriate recognition and consequences.

DCPS strives to create a positive learning environment that gives students clear expectations of safety, Respect, and responsibility. All students are to review and abide by the rules in our Student Handbook. Teachers may also have more detailed and specific class rules that students must know and follow.

Recognize Any Student, Anywhere!

A key aspect of PBIS is focusing on more positive behaviors and less on negative behaviors. PBIS Rewards makes this fundamental step in PBIS much easier in a schoolwide support setting. Our convenient suite of PBIS Apps and the Desktop Portal makes it easy for the whole school to participate in student recognition, providing consistency throughout the school. With PBIS Rewards, teachers, administrators, and staff can all support student growth and development by acknowledging student successes with PBIS expectations.

PBIS Rewards is About Student Acknowledgement

When teachers see students exhibiting positive behavior, they acknowledge the action: "Thank you, Tommy, for following our hallway expectations!" With the PBIS Rewards system, teachers, staff, and administrators can recognize and acknowledge student behavior in a fun and inviting way. We commonly refer to this as the ability to identify any student, anywhere. We want to allow schools to focus on positive behaviors that foster growth in the classroom and build positive teacher-student relationships.

PBIS-Rewards

Discovery Charter Preparatory School staff implements PBIS Rewards, which stands for Positive Behavior Interventions & Supports. PBIS Rewards is an electronic token system that has proven to help create a positive climate where every student can learn and grow academically. It is an evidence-based framework schools use to improve school culture and student behavior, promoting a safe environment for learning. This framework supports students who display exemplary behaviors aligned with the school's Mission, Vision, Student Learning Outcomes, and Schoolwide Expectations. Rewards such as gift cards and school appearance end-event admission can be redeemed year-round. Please visit our school store and teacher store in the PBIS Rewards application.

PBIS Rewards will help generate data reports to celebrate student achievement by presenting students certificates monthly to acknowledge academic achievements and behavioral improvements. Points are distributed throughout the month and may be redeemed in the classroom, the student store, or at the end of the year for various rewards.

- Demonstrating Perseverance
- Demonstrating Respect
- Demonstrating Integrity
- Demonstrating Discipline

- Demonstrating Empathy
- Anti-bullying Reward
- Respect Student Reward
- Safe Student Reward
- Responsible Student Reward
- Perfect Attendance
- Perfect Punctuality
- Academic improvement
- Behavior improvement
- Completing goals

Character Building

DCPS has instituted character-building programs such as the Anti-Defamation League's Peer Trainers to combat bullying on campus and the "No Cussing Club" curriculum in Advisory.

Mind UP

DCPS has partnered with the Hawn Foundation's "Mind Up" Program to implement brain training for all students and staff. The Mind UP training teaches a better understanding of how the brain operates under stress. DCPS staff has undergone Mind Up training to apply "mindfulness" strategies in the classroom for all students.

Open-door policy

DCPS's open-door policy encourages a comfortable environment for all students and staff. It reinforces that students', parents', and staff members' thoughts, ideas, and ambitions are most important at DCPS. It also allows for early intervention in the event of potential conflicts at DCPS, including student-to-student conflict, student-teacher conflict, disciplinary objections, etc.

Advisory

DCPS's "Advisory" program places students with the same teacher/Advisory daily for all four years. This allows the Advisory to establish bonds with their Advisory students, remind them of DCPS's schoolwide norms, and let the DCPS Advisory problem-solve with and mentor at-risk students. To this end, DCPS can manage potential disciplinary problems by giving at-risk students a one-on-one mentor, their advisor, with whom they may speak (or, in other words, vent) and problem-solving to minimize potential disciplinary issues.

Discovery Charter Preparatory School Standards of a Supportive Schoolwide Atmosphere for All Students (Campus Expectations) are as follows:

- **Be Safe:** At all times while on campus, students are required to be safe. This includes keeping hands and feet to themselves, waiting in line safely and avoiding horseplay or fighting will result in negative consequences.
- **Be Responsible:** Students must be responsible for their words and actions on campus. Students are taught to interact responsibly with teachers and peers to help maintain a clean campus by putting trash and recyclables in proper containers, and be responsible for completing classwork and homework and following through on school commitments.
- **Be Respectful:** At all times while on campus, students must show Respect for themselves, their peers, teachers, administrators, and staff. This includes being respectful in their interactions with others, using respectful language at all times, and respecting opinions and property.

DCP's Standards of An Optimal In-Class Learning Environment for All Students (Classroom Expectations) are as follows:

- **Attendance:** Important learning experiences take place in class. Class time is valuable, and students are expected to attend class regularly. Absences negatively affect a student's academic and social progress.
- **Punctuality:** Honoring an appointment and arriving on time is not just an act of courtesy to others but also an essential trait of successful people. Students are expected to come on time, be in their assigned seats, and work on

the daily review and preview (RAP) once the first bell rings. Students not in their allocated seats and operating by the time the final bell has rung are considered tardy.

- **Focus:** Students are expected to come to class focused. This includes concentrating ahead of time on bringing the appropriate materials to class, taking off backpacks, hoods, hats, etc., and turning off and putting away all electronic devices. Focus also includes maintaining a positive and focused attitude toward achieving the learning objectives in class by avoiding distractions, not distracting others, following directions, and completing all tasks. The classroom is a sacred environment where profound learning experiences take place. Students are expected to focus on the day's learning objectives and leave internal/external conflicts outside the classroom.
- **Effort:** Students are expected to give their best effort in class by answering, questioning, commenting, and striving to provide a good-faith and honest attempt to achieve the daily learning goals. Students must take pride in their work and aim always to give their best effort.
- **Respect:** Students are expected to respect others, themselves, class rules, and property. The classroom is a sacred environment where profound learning experiences occur, and students must appreciate the teacher's authority and agenda of activities. Students should strive to be cooperative and helpful participants in class. Students should respect themselves through behavior that demonstrates their desire to learn and the right of others in the class to know. Students must appreciate the classroom as a comfortable, creative setting for profound learning experiences.

Health and Safety Procedures

DCPS has implemented total health and safety procedures and risk management policies in consultation with its insurance carriers and risk management experts to provide safety for all students and staff. DCPS will comply with all health and safety laws and regulations for non-charter public schools, including those required by CAL/OSHA, the California Health and Safety Code, the EPA, and the California Healthy Schools Act.

Pupils and Staff

California Education Code 47605 (b) (5) (F) by following the provisions and procedures to ensure the health and safety of pupils and staff, as described in Section 44237, by requiring that:

- Employees of the school will be directed to submit to criminal background checks by both the Department of Justice and the FBI before beginning work at the school as required by Ed. Code 44237 and 45125.1.
- Employees will submit fingerprints to the Department of Justice via Live Scan processing.
- New employees not possessing a valid California Teaching Credential must submit two sets of fingerprints to the California Department of Justice to obtain a criminal record summary.
- An employee will not be permitted to work at the charter school until the charter school receives clearance from the Department of Justice regarding that employee.
- Employees must comply with all applicable laws governing charter schools, including furnishing the school with a criminal record summary where applicable.

Immunizations, Tuberculosis Testing and Screening

- All enrolling students, faculty, staff, and volunteers are required to provide records documenting immunizations as would be needed if the pupils attended non-charter public schools under Health and Safety Code Section 120325-120375 and Title 17, California Code of Regulations Section 6000-6075.
- Records of student immunizations shall be maintained, and staff shall follow requirements for periodic TB tests using the Mantoux tuberculosis test.
- Faculty, staff, and volunteers will be tested for tuberculosis before commencing employment and working with students as required by California Education Code Section 49406.
- All enrolling students will have a screening of vision, hearing, and scoliosis to the same extent as would be required if the pupils attended a non-charter public school.

2023-24 School Safety Plan

Safe and Drug-Free School

- A policy establishing DCPS as a drug, alcohol, and tobacco-free workplace. The policy will adhere to Title IV of the Safe and Drug-Free Schools and Communities Act to ensure that the campus is kept safe and is tobacco, drug, and alcohol-free.

Medication in School

- DCPS will adhere to California Education Code Section 49423 regarding medication administration in school.

Emergency Preparedness

- DCPS's Emergency Preparedness Handbook includes, but is not limited to, the following responses: fire, flood, earthquake, terrorist threats, and hostage. Situations.

School Safety Plan

- There is a school safety plan, and school staff is trained annually on the safety procedures outlined in the plan. (See Attachments. Also, on the Website www.discoveryprep.org)

Emergency Plan:

- DCPS has an evacuation plan in case of fire or earthquake. Emergency cards are available in the Administration building and with the Principal. In the case of an emergency, all teachers and designated staff take with them the Emergency Folder containing classroom rosters routes to follow when exiting the classroom, procedures of where to go, and a copy of emergency plan and procedures with assigned duties. If a designated person listed is not present, there are two back-ups indicated so that all necessary roles will be filled in an emergency. DCPS off-site location is Los Angeles Mission College which is located three blocks south from DCPS campus.

Fire Safety

- DCPS tests fire extinguishers and fire alarms annually at its facilities to ensure that they are maintained in an operable condition at all times.
- DCPS is required to conduct fire drills monthly.

Auxiliary

- Compliance with all health and safety laws and regulations that apply to non-charter public schools, including those regarding auxiliary services (food services, transportation, custodial services, hazardous materials, etc.) and those required by CAL- OSHA, the California Health and Safety Code, and the EPA.

Field Trips

- All DCPS personnel are required to:
- take a first aid kit on the field trip
- retain copies of the permission slips with the most updated information
- leave a copy of Permission slips in the office with the Attendance Clerk

Coaches are required to:

- leave a list of students participating in the Main Office with the Attendance Clerk.
- take a first-aid kit with them.
- Carry copies of emergency information for each participating student.

Security

- DCPS has ensured that all students and staff have completed emergency cards.

2023-24 School Safety Plan

- The DCPS campus is staffed by two Campus Aides from 7:30 am – to 6:00 pm and after school.

Comprehensive Sexual Harassment Policies and Procedures

- DCPS has developed a comprehensive policy to prevent and immediately re-mediate any concerns about sexual discrimination or harassment at the school, including employee-to-employee, employee-to-student, and student-to-employee misconduct.

Role of Staff as Mandated Child Abuse Reporters

- All non-certificated and certificated staff are mandated child abuse reporters and will follow all applicable reporting laws. All mandated reporters with actual knowledge or reasonable suspicion of child abuse/neglect must:
 - 1) Call the appropriate local law enforcement department or the Department of Children and Family Services (DCFS) immediately, or as soon as practically possible, and
 - 2) Submit the written report to the agency called within 36 hours of receiving the information.

2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	17	13	2	0
Mathematics	16	14		0
Science	22	3	4	0
Social Science	17	10	2	0

2021-22 Secondary Average Class Size and Class Size Distribution

This table displays the 2021-22 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	16	12	3	0
Mathematics	16	8	1	0
Science	16	9	1	0
Social Science	17	12	2	0

2022-23 Secondary Average Class Size and Class Size Distribution

This table displays the 2022-23 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	15	13	2	0
Mathematics	14	7	0	0
Science	14	5	0	0
Social Science	17	12	3	0

2022-23 Ratio of Pupils to Academic Counselor

This table displays the ratio of pupils to Academic Counselor. One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Ratio
Pupils to Academic Counselor	95.5

2022-23 Student Support Services Staff

This table displays the number of FTE support staff assigned to this school. One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School
Counselor (Academic, Social/Behavioral or Career Development)	2
Library Media Teacher (Librarian)	
Library Media Services Staff (Paraprofessional)	
Psychologist	
Social Worker	
Nurse	
Speech/Language/Hearing Specialist	
Resource Specialist (non-teaching)	
Other	

Fiscal Year 2021-22 Expenditures Per Pupil and School Site Teacher Salaries

This table displays the 2021-22 expenditures per pupil and average teacher salary for this school. Cells with N/A values do not require data.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Restricted)	Expenditures Per Pupil (Unrestricted)	Average Teacher Salary
School Site	14,277	3,386	10,891	56,839
District	N/A	N/A	8,068	\$81,337
Percent Difference - School Site and District	N/A	N/A	29.8	-32.2
State	N/A	N/A	\$7,607	\$87,885
Percent Difference - School Site and State	N/A	N/A	49.2	-40.1

Fiscal Year 2022-23 Types of Services Funded

ASSESSMENTS

- o Results of ELPAC, CAST, CAASPP, teacher-made and Edgenuity. Edgenuity is an intelligence platform that provides teachers with a standards-aligned, easy-to-use assessment a platform that includes robust reporting on various qualitative and quantitative measures. The school provides PSAT for 9,10, and 11 workshops and tests.

Programs available at DCPS

- o DCPS has partnered with Los Angeles Mission College (LAMC) to provide our students with dual enrollment benefits. This allows our students to enroll at LAMC while enrolled at our school, and our school also has LAMC instructors teaching college-level courses on our school site as part of our School's College and Career Readiness efforts to increase the percentage of students pursuing post-secondary education.

DCPS has taken steps to ensure that students who excel academically can access honors, A.P., and dual enrollment courses. We have also confirmed that Rtl supports and interventions are in place for our struggling students. This has involved professional developments that focus on best practices and strategies for all students.

College and Career Readiness Platform: Naviance

- DCPS is utilizing the College, Career and Life platform NAVIANCE to provide students with college planning and career assessment tools. With the implementation of this platform, students will be able to search colleges, career and personal interests which will support them on their post-secondary journey. Naviance is a collaborative tool that allows the student, staff, and families to build and track the student's progress throughout their years at Discovery Charter.

DCPS offers the following courses for academic intervention/remediation:

- Performance Matters

Performance Matters specializes in education technology and redesigns assessment as a catalyst for student success. K-12 educators use the Performance Matters flagship product, Unify, to author instructional materials, individually or in collaboration, and administer authentic assessments and observations. We empower users to analyze student and educator data from multiple sources and act on that information using instructional resources that improve teaching and learning.

- Renaissance - Star Assessments ELA and Math

Students learn better when we all work together. That's why our products function together to provide the assessment-driven instruction your students need to grow.

Fiscal Year 2022-23 Types of Services Funded

Our open platform approach enables teachers and administrators to access content and target delivery aligned to each student's needs.

English Language Learners- To address the needs of English Language Learners in the classroom, DCPS provides differentiated instruction, SDAIE techniques, alternative assessments to ascertain subject competency, and textbooks/supplementary material for E.L. students. In addition to this, afterschool tutoring and English enhancement classes help supplement instruction. DCPS utilizes ELPAC, CAST, CAASPP, Edgenuity, teacher assessments, and school assessments to identify and monitor the progress of ELL students.

Response to Intervention (RtI) - DCPS uses the Response to Intervention framework to provide additional intervention to students who need remediation.

Tier I. Interventions that the teacher will implement in the classroom. These interventions may include flexible groupings, learning stations, study guides, graphic organizers, instructional aides, and cooperative learning.

9th Graders. 9th-grade students who come to DCPS significantly below grade level reading will be assigned to an English 9 block period designed to raise their reading levels by several years in one year. 9th graders who come to DCPS 2-3 years below grade level will be scheduled for an additional period of math and English in or to the achievement gap so that these students will have succeeded in the "A-G" curriculum.

Tier II. Interventions are more intensive and targeted for the individual child's needs, such as small groups, research-based interventions targeted at specific strengths/needs, small group counseling, and afterschool tutoring—students who do not progress while on an action plan will be referred to the RtI team.

Tier III. Students referred to the RtI team will receive Tier III intensive interventions, which include specialized texts/software/curriculum, one-on-one instruction, small group instruction with staff members who have expertise in their area of need, and individual counseling. These students have an individualized plan created with input from the student's teachers, advisor, counselor/administrator, parent(s), and the student. This plan includes frequent progress monitoring to ensure the effectiveness of the assigned intervention.

Students of Low Socio-economic Status - DCPS will provide increased opportunities to all its students, many of whom are socio-economically disadvantaged, including travel opportunities, exposure to various colleges around the country, personalized college counseling, and test-preparation programs. DCPS also works with parents and families, providing workshops on college entrance requirements and financial aid, community support services, and family/teen counseling.

Unique Education Program - DCPS will adhere to all terms and conditions of the Chanda Smith Modified Consent Decree (MCD) and any other court orders and consent decrees imposed upon the LAUSD about special education. DCPS must ensure that no student otherwise eligible to enroll in their charter school will be denied enrollment due to a disability or to DCPS' inability to provide necessary services. Policies and procedures are in place to ensure the recruitment, enrollment, and retention of students with disabilities at charter schools.

MindUP Goldie Hawn Foundation

Overview: MindUP uses a personalized, consultant-to-school approach to train educators and families on the MindUP program, the four pillars, evidence-based curriculum, and engaging ways to integrate MindUP lessons into online and in-person settings. This introductory model introduces staff members and parents to the MindUP program, focusing on the neuroscience of mindfulness and our signature Brain Break. This model includes the items below:

- The Brain & The Brain Break · Mindful Awareness · Parent Workshop
- Perspective Taking, Kindness, Gratitude · Acts of Kindness & Optimism

GRANTS & FUNDING

We are learning to work, develop, align, and improve academic and behavioral resources, programs, supports, and services. We utilize a coherent MTSS framework that engages all systems, enhancing student outcomes.

Fiscal Year 2022-23 Types of Services Funded

California's Multi-Tiered System of Support (MTSS) is a comprehensive framework that aligns academic, behavioral, and social-emotional learning in a fully integrated system of support for the benefit of all students. MTSS offers the potential to create needed systematic change through intentional design and redesign of services and supports to quickly identify and match students' needs.

The evidence-based domains and features of the California MTSS framework provide opportunities for LEAs to strengthen school, family, and community partnerships while developing the whole child in the most inclusive, equitable learning environment, thus closing the equity gaps for all students.

The Every Student Succeeds Act (ESSA) requires state educational agencies to determine school eligibility for comprehensive support and improvement (CSI). Local educational agencies (LEAs) with schools meeting the criteria for CSI must partner with stakeholders to develop and implement a plan to improve student outcomes locally. There are ESSER 1, ESSER II , ESSER III

Learning Loss Mitigation Funding

The Learning Loss Mitigation Funding (LLMF), authorized by the 2020–21 budget package, appropriates \$5,334,997,000 from three different funding sources to be allocated to local educational agencies (LEAs) to support pupil academic achievement and mitigate learning loss related to COVID-19 school closures.

Section 59(i) of SB 820 defines eligible LEAs for each formula calculation and establishes charter school eligibility based on classroom-based or non-classroom-based status. The funding calculation for a charter school is non-classroom-based if deemed non-classroom-based at the 2019–20 P-2 Apportionment based on reported average daily attendance. Classroom-based charter schools generate funding under all three formula calculations. In contrast, non-classroom-based charter schools will only generate funding for the Section 59(c) formula based on the proportion of statewide LCFF entitlement.

The focus for using the funds and distribution formula is outlined in the 2020–21 budget package. The funds will be employed for activities that directly support pupil academic achievement and mitigate learning loss related to COVID-19 school closures. Funds may be utilized to help individuals served by LEAs, including, but not limited to, those enrolled in a childcare program, California state preschool program, kindergarten, any of grades 1 to 12, inclusive, and adult education programs. Specifically, funds are to be used for:

- Addressing learning loss or accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports that begin before the start of the school year and the continuation of intensive instruction and back into the school year.
- Extending the instructional school year by adjusting the academic calendar, increasing the number of instructional minutes provided each week or schoolday, or taking any other action that improves instructional time or services supplied to pupils based on their learning needs.
- Providing additional academic services for pupils, such as diagnostic assessments of pupil learning needs, intensive instruction for addressing gaps in core academic skills, other instructional materials or supports, or devices or connectivity to provide in-classroom and distance learning.
- Providing integrated pupil support to address other barriers to learning, such as the provision of health, counseling, or mental health services, professional development opportunities to help teachers and parents support pupils in distance-learning contexts, access to school breakfast and lunch programs, or programs to address pupil trauma and social-emotional learning.
- Addressing health and safety concerns, including, but not limited to, purchasing public health testing, personal protective equipment, supplies to sanitize and clean the facilities and school buses of a local educational agency, and other related needs.

COMMUNITY PARTNERSHIPS

DCPS ensures students and their parents receive every opportunity to be exposed to a wide array of community resources and public service announcements to bring greater awareness of current social trends and life skills strategies.

To provide the optimal support and resources for students and parents, DCPS has established strong relationships with community agencies. DCPS partners with California State University of Dominguez Hills's ISLI Grant (Innovative School Leadership Initiative), City Hearts, Comprehensive Community Health Centers, Los Angeles County Department of Mental Health, Plus Me Project, Think Together, Los Angeles Mission College, Puebla y Salud, Kaiser Permanente Educational Theatre, Los Angeles Police Department, and the Los Angeles Mayor's Council. These local and federal partnerships provide DCPS's students and parents with a resource-rich campus environment and classroom instruction.

Anti-Bullying and Drug Awareness Curriculum

- Both six-week programs involve weekly one-on-one counseling and small group therapy.

Drug Awareness Program:

Purpose: An addiction refers to an over-indulgence in, and a physical and emotional dependence on, a variety of substances, activities, and behaviors. Teen addictions come in many different shapes and forms. When most people hear the word addiction, they usually think of drug use and abuse. In reality, many kinds of addictive behaviors exist.

An addiction is a disease that negatively affects emotions, thinking, and behavior. Once a person begins the path to an addiction, the effects on the person's brain and body will make them want to continue. That person will know that they have an addiction problem when continuing to do it even though it causes problems in relationships at home or school, with money, with the law, or with health. Addiction usually forces one to engage in that activity more and more to stay satisfied. Often, what is perceived as positive effects are harmful in the long run.

Purpose and expected outcome:

- To increase awareness of how drugs affect society.
- To increase the participants' sense of community responsibility
- To encourage individual responsibility over drug decisions.
- To see personal drug use in a broader context.
- To challenge attitudes to drug use.
- To reinforce drug prevention messages.

Warriors For Justice Program:

Purpose: Research shows that millions of high school students are bullied every year. It's estimated that nearly twenty percent of students in grades 9 through 12 are bullied on school grounds, and a similar percentage of adolescents and teens are repeatedly bullied via cell phones and the Internet.

The stress and discomfort caused by bullying contribute to an untold number of young people staying home from school out of fear and desperation. How many unoccupied chairs in your school today because someone is treated like an outcast and feels unwelcome? How many students are sitting in lectures right now obsessing over how to avoid a tormentor instead of concentrating on an academic lesson?

Purpose and expected outcome:

- Students will gain a better understanding of what bullying looks and sounds like and be able to distinguish bullying from other acts of aggression or conflict by examining situations and experiences from their own lives.
- To provide opportunities for Peer Trainers to participate in an interactive educational process designed to increase their understanding of the manifestations and implications of prejudice and intolerance;
- To provide Peer Trainers with an understanding of their roles in making justice and equity realities in the world around them. Research shows that millions of high school students are bullied every year. It's estimated that nearly twenty percent of students in grades 9 through 12 are bullied on school grounds, and a similar percentage of adolescents and teens are repeatedly bullied via cell phones and the Internet.

Anti-Defamation League (ADL):

- ADL has trained student leaders at DCPS to promote respect, inclusiveness, and civility in our culture. Teacher sponsors meet weekly with DCPS students to reinforce and support the ADL's anti-bullying curriculum.

Comprehensive Community Health Centers (CCHC):

- Comprehensive Community Health Center's vision is to provide everyone with accessible, culturally-appropriate, high-quality health and wellness services. CCHC's instructors present to DCPS students and at monthly Parent Meetings covering topics such as Cyberbullying/Sexting, Healthy Relationships, STDs, Teen Pregnancy Prevention/Birth Control, and Values/Intimacy.

Fiscal Year 2022-23 Types of Services Funded

Los Angeles County Department of Mental Health:

- The Department of Mental Health provides parent presentations in Spanish focusing on mental health issues. Parents and students become more familiar with the early signs of mental illness, suicide, and other mental health issues.

21st Century Grant run by Think Together :

- Think Together, as of January 2020, formerly run by The Youth Policy Institute, transforms Los Angeles neighborhoods using a holistic approach to reducing poverty by ensuring families have access to high-quality schools, wrap-around education, and technology services, enabling a successful transition from cradle to college and career. Afterschool programs include driver's education, sports, and academic tutoring.
- Think Together works with L.A. Cash for College to help students achieve their aspirations by hosting FAFSA workshops. In addition, Think Together is currently working to establish a fitness club, computer literacy club, biking club, and art club at DCPS. Think Together also offers a college savings program for students.
- 21st Century Grant provides afterschool programs, such as: Along with afterschool programs, The following list of some programs currently provided offered after school. Boys' Soccer, Boys' Baseball, Girls' Softball, Girls' Soccer, Boys'/Girls' Cross Country, Girls' Volleyball, Afterschool Tutoring, and Driver's Ed.
- 21st Century Grant also offers a meal after school. Students come to depend on these meals as a dinner, and students report that most of their meals occur at school since families cannot provide consistent meals at home.

GEAR UP:

- GEAR UP, which stands for Gaining Early Awareness and Readiness for Undergraduate Programs, is a federal program It is designed to help students from high-poverty middle and high schools get through the first year of college. The goal of GEAR UP is to dramatically increase the number of students from our community attending college by fostering early awareness and readiness. DCPS will engage students who have graduated from the middle school GEAR UP program and continue the support process until they enter college.

Los Angeles Mission College (LAMC):

- DCPS is currently collaborating with Los Angeles Mission College, a two-year community college, to establish a Permanent presence on its college campus. This has significantly increased the number of students taking college classes at LAMC and on our campus. Interested students will be able to attain college credit before graduating from high school.

Kaiser Permanente Educational Theater:

- Kaiser Permanente's Educational Theatre (E.T.) uses music, comedy, and drama to inspire audiences of children, teens, and adults to make healthy choices for themselves and their communities. The performances and workshops, led by professional Actor-educators address the most pressing health issues of the day, including healthy eating and active living, conflict management, and STD prevention. The program supports the Health Education Content Standards for California Public Schools in mental, emotional, and social health, injury prevention and safety, growth, development, and sexual health.

Phoenix House:

- Since 1979, Phoenix House California has provided recovery and rehabilitation services to thousands of men, women, and teens struggling with addiction and dependency. Our professional, experienced staff provides evidence-based services that help patients draw from their strengths to lead healthy, productive, and rewarding lives. Recognizing the long-term nature of recovery,

Fiscal Year 2022-23 Types of Services Funded

Phoenix House addresses patients' behavioral health issues through a continuum of care, including prevention, early intervention, treatment, and recovery support throughout Los Angeles and Orange counties.

LAPD CADET Program/Los Angeles Mayor's Youth Council:

· DCPS students are also involved in community activities such as the LAPD Cadet Program and the Los Angeles Mayor's Youth Council. The purpose of the LAPD Cadet Program is to recruit young men and women who are interested in building positive relationships between police and the youth of our communities, to provide a forum in which young people can provide community service while working with law enforcement, provide character training, public-speaking and academic instruction that prepares young people for their future and offers physical training that will result in improved physical fitness for all who participate in the program.

Fiscal Year 2021-22 Teacher and Administrative Salaries

This table displays the 2021-22 Teacher and Administrative salaries. For detailed information on salaries, see the CDE Certification Salaries & Benefits web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average for Districts in Same Category
Beginning Teacher Salary	\$48,916	\$55,550
Mid-Range Teacher Salary	\$78,133	\$80,703
Highest Teacher Salary	\$97,008	\$109,418
Average Principal Salary (Elementary)	\$124,723	\$137,703
Average Principal Salary (Middle)	\$136,178	\$143,760
Average Principal Salary (High)	\$139,415	\$159,021
Superintendent Salary	\$440,000	\$319,443
Percent of Budget for Teacher Salaries	25.32%	30.35%
Percent of Budget for Administrative Salaries	4.83%	4.87%

2022-23 Advanced Placement (AP) Courses

This table displays the percent of student in AP courses at this school.

Percent of Students in AP Courses	15.5
--	------

This table displays the number of AP courses offered at this school where there are student course enrollments of at least one student.

Subject	Number of AP Courses Offered
Computer Science	0
English	0
Fine and Performing Arts	0
Foreign Language	1
Mathematics	0
Science	0
Social Science	2
Total AP Courses Offered Where there are student course enrollments of at least one student.	3

Professional Development

DCPS's schedule is shortened every Tuesday from 8:30am to 2:10 pm. PD is from 2:30 pm to 4:30 pm and is dedicated to professional Development, grade level, department meetings, planning, and collaboration.

DCPS has invested much time and funds in preparing teachers with a multi-array of strategies for the classroom, and DCPS has created a uniform lesson plan template to help teachers structure their lessons using these strategies. Also, DCPS is a pilot school for integrating Explicit Direct Instruction (EDI) methods, which contain targeted interventions for English Learners and Special Needs students.

To support teacher development, DCPS is one of a handful of schools receiving training and professional Development under the Innovative School Leadership Initiative (ISLI) grant administered through Cal State Dominguez Hills.

In past years, DCPS has partnered with the Hawn Foundation's "Mind Up" Program to implement brain training for all students and Staff. The Mind UP training teaches a better understanding of how the brain operates under stress. DCPS staff has undergone Mind Up training to apply "mindfulness" strategies in the classroom for all students. To minimize stress on campus.

Last year, some Leadership attended the yearly CCSA conference in Sacramento. Returning, they shared what they learned with the Staff.

Each year, each department is encouraged to attend training or conferences off-site. Math usually attends Palm Springs, National Math Conference (NCM). English department attended CATE, and the history department has more difficulty finding ones they are interested in. Usually, history teachers tend to apply for summer school training for AP classes. Language Department (Spanish) also attends AP training in the summer.

During this year, we invested in a specialist from CSUN, Northridge, to work with the teachers during the entire year. The focus was to present expectations that encourage the student since most students fear math or think they are not good at it. The Professor came at least once a week to work with math teachers.

DCPS administrators, including the Principal, Student Success Counselor, School Counselor, and School Psychologist, maintain an ongoing "open-door" policy where students are encouraged to communicate with administrative Staff about issues that arise, including student-to-student doesn't conflict, student-teacher conflict, disciplinary objections, and so forth. This

Professional Development

enables a comfortable environment for all students and Staff and reinforces that students", parents", and staff members' thoughts, ideas, and ambitions are most important at DCPS. It also allows for early intervention during potential conflicts at D.

Professional Development

DCPS provides ongoing opportunities for professional growth and Development. The goal of Professional Development is to increase student achievement through reflective practice. Teachers and Staff model what it means to be a lifelong learner by constantly striving to improve their practices.

DCPS also provides new teachers with a mentor for support and guidance. Teachers are given time for planning/collaboration, peer observations, workshops, and conferences. Faculty and Staff are encouraged to attend off-site professional development trainings. LAUSD's Option 3 and Los Angeles County Department of Education offer a variety of trainings that are valuable experiences for anyone who listens.

DCPS employs expert consultants with experience training teachers to expand our Staff's knowledge of research-based strategies with our administrators. The consultant uses student achievement data, the teacher needs assessments, and a solid research base to design their professional development program. Every teacher attends summer orientation/professional development and monthly professional development workshops designed to meet the needs of our teachers. Teachers also work individually and within grade level groups, small groups, and individually on Professional Development. The consultants also work one-on-one with teachers, providing individualized coaching and support. Teachers also receive ongoing mentoring and coaching from their department chairs, grade-level chairs, mentor teachers, administrators, and professional development coaches.

Professional development topics for the new charter term will focus on building our teachers' repertoire of intervention and instructional strategies to provide more differentiated and individual instruction. With several new teachers, we are in the process of identifying and practicing instructional strategies. We encourage mentors and mentees to observe classrooms to learn how to replicate it in their classrooms. For example, "If Johnny is always good in this class, why isn't he good in mine?" So, to identify and practice strategies, being more collaborative, using experimental inquiry so that students become more active participants in constructing their learning. In the 2022-2023 school year, DCPS hired a consultant from CSUN to help the math department teach the students to better align with the CCSS-CA. DCPS will monitor data from the CAASPP and Renaissance Star test to see whether the consultant will be necessary for future years and whether more support is needed.

Creating a Supportive and Positive Schoolwide Atmosphere

DCPS is proud to have established a safe and welcoming atmosphere for parents, students, faculty, and all stakeholders. DCPS believes in maintaining a caring and supportive atmosphere for all students. With the renewed emphasis on restorative practices and school-level community-building, DCPS continues to focus on its commitment to creating a positive school atmosphere. Staff and faculty have been provided with extensive training on restorative practices. The initial professional Development for Staff at the beginning of the school year focuses on creating a positive school culture, and teachers use group activities to reinforce positive academic and behavioral supports and progressive discipline strategies. DCPS is also participating in a five-year grant to help implement PBIS (Positive Behavior Interventions and Support). Implementing PBIS helps support all students by creating a positive schoolwide atmosphere focused on achievement and excellence.

Due to the Pandemic, teachers have become very savvy with technology. Many applications are used in the classroom. Teachers have been creating professional Development and assisting one-on-one as a support for teachers.

Academic Intervention/Remediation Supports

DCPS offers the following courses for academic intervention/remediation: Purchases include various educational technology platforms to support in-person and remote instruction, such as new Biology and Chemistry Programs, which have textbooks, workbooks, experiments, and online components.

DCPS offers the following courses for academic intervention/remediation:

Technology

Each student was given a headphone with a speaker to talk into to support students with noise-home interference. Technology equipment for student use that includes laptops, Chromebooks, and other digital tools to prepare them to meet the rigors of State Standards; equipment for Staff use that provides notebooks, software, and other digital tools to support students; and a computer monitoring system to keep high needs student progress and identify needed changes to instruction.

Professional Development

Academic tutoring to address learning loss and accelerate progress in closing learning gaps. During the 2022-2023 school year, DCPS began providing iPads and new projectors to teachers. DCPS intends to get all teachers Apple TVs to be able to project from their iPads.

PadLet is an online tool best described as an online notice board that students and teachers can use to post notes on a standard page containing links, videos, images, and document files.

EdPuzzle is a web-based interactive video and formative assessment tool that lets users crop existing online videos and add content to target specific learning objectives.

NearPod is a student engagement platform that can be used to create presentations containing qQuiz'sze, polls, videos, images, drawing boards, and web content, and it can also access over 7,000 K-12 standards-aligned lessons.

Kahoot
With the free Kahoot! Android app, your students can answer questions that you hand select yourself. Head to the Kahoot! Website and set up your next game. Give your students the game pin, and away they go. The true beauty of Kahoot! is that it's available to play on Android devices or any device with a web browser. Please set up your next lesson and watch your students light up as they correctly answer questions. Enjoy engaging with today's lesson.

Flocabulary – Educators use this program to support the three principles of Universal Design for Learning. Text-to-speech, peer discussion prompts, and slower speeds are just a few ways it supports ELLs.

Quizlet helps teachers engage students of all levels through curriculum-based materials through interactive study methods and games. With seven different study modes, students can pick which mode works best for their learning.

Edgenuity

Edgenuity's student online environment includes several tools to support learning. Students can take notes, look up words, access video captions and transcripts, highlight text, annotate text, access a standard calculator and graphing calculator (in math courses), and access an interactive periodic table (in chemistry courses).

Edgenuity's next generation of MyPath is designed to personalize learning in reading and math for every student by using assessment data to pinpoint learning gaps, then prioritizing and adapting lessons to provide students with the precise instruction they need to stay on track or get back to grade level as quickly as possible.

Standards PLUS

DCPS has just implemented this program for intervention students below grade level in ELA, math, and ELD. It supports the teacher-delivered lessons. This program, Standards Plus, is used primarily for afterschool tutoring or in resource. Teacher assistance: sit with one-on-one students and read the scripted lesson.

The strengths of the program benefit all students in need of extra support. Standards Plus explicitly targets specific standards and emphasizes academic vocabulary, which supports accelerating language development and improves students' confidence.

NAVIANCE

- DCPS is utilizing the College, Career and Life platform NAVIANCE to provide students with college planning and career assessment tools. With the implementation of this platform, students will be able to search colleges, career and personal interests which will support them on their post-secondary journey. Naviance is a collaborative tool that allows the student, staff, and families to build and track the student's progress throughout their years at Discovery Charter.

This table displays the number of school days dedicated to staff development and continuous improvement.

Subject	2021-22	2022-23	2023-24
Number of school days dedicated to Staff Development and Continuous Improvement	10	8	5
