2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Watts Learning Center Charter Middle School serves approximately 391 students in grades 6-8 with the following demographics: 85% Hispanic, 15% African American, 13% Students with Disabilities (SWD), 22% English Learners (EL), 0.2% Homeless Youth, and 100% qualify for free/reduced lunch.

The WLC Charter Middle School's mission is to provide a world-class education to inner-city students from low-income families to help them realize their full academic potential and to create a culture of learning in which all stakeholders-students, parents or guardians, faculty, and staff have clearly defined roles and expectations.

The middle school's vision is to make the Watts community synonymous with academic achievement rather than with riots and despair and to produce high-academic achievers who are self-confident, ethical, and motivated to be lifelong learners. Our students will possess proficient literacy skills, math and science proficiency, and technological competence. They will demonstrate knowledge and application of the arts, literature, history and social science, health, math, communication, science, problem-solving, and work ethics.

They will value friendship, responsibility, cultural diversity, quality of life, and the democratic process. They will become well-informed and highly aware of our interconnected world in order to pursue higher education and seek a professional career.

The ultimate goal of Watts Learning Center Charter Middle School is to serve as a national model of how public education can provide students from under served communities, especially, with a strong foundation in order to compete both academically and socially in this 21st Century global economy.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Watts Learning Center Charter Middle School is co-located on the campus of Mervyn M. Dymally High School, via a Proposition 39 facility lease agreement with LAUSD.

Watts Learning Center Charter Middle School ensures that its school site is safe, and clean at all times. The custodial staff has established cleaning standards outlined and recommended by the State and County Department of Health. Annually our staff conducts a facility inspection using the CDE's Facility Inspection Tool (FIT) Report which is then reported on the school's SARC and LCAP reports. The determination of repair status is based on the most recent SARC inspection as documented on the FITreport.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	14	16	27	29	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Watts Learning Center Charter Middle School provides all parents including those representing unduplicated pupils (UP), and Students with Disabilities (SWD) with numerous opportunities to engage as partners in their child's education through Coffee with the Director, schoolwide events, parent workshops, and parent award night.

The Parent Coordinator facilitates parent workshops, ensures the calendar of events/information is updated regularly on the website, communicates with families on schoolwide initiatives, and builds a community of trust between families and the school. Our school continues to use the ParentSquare application to unify all school-home communications.

The Parent Coordinator collaborates with the Director to implement Parent University - Parent Education Bridge for Student Achievement Foundation (PEBSAF) workshops on various topics; and PowerMyLearning Parent workshops. Additionally, parent workshops include transition to high school, grade level town hall, and preparing to reclassify. Parents have access to PowerSchool's Parent Portal where they can track their child's attendance, behavior, and academic progress and communicate with teachers/staff.

All correspondence sent to families/guardians is provided in English and translated to Spanish, as identified by our (primary) language survey and the "15% and above translation needs" criteria.

At Watts Learning Center Charter Middle School, parent input in decision making takes place through the following committees (that include parents representing Unduplicated Pupils (UP) and Students with Disabilities (SWD)).

- English Language Advisory Committee (ELAC), DELAC, EL-PAC, per CA EC 52062(a)(2)
- Parent Advisory Committee (PAC) per CA EC 52062(a)(1)

2023-24 School Safety Plan

Annually, Watts Learning Center – Charter Middle School's Leadership Team reviews, and revises, the school's Comprehensive School Safety Plan prior to the start of the school year, and at least every 6 months. School staff receives training on the contents of the School Safety Plan including the COVID-19 Health & Safety Plan, and monthly drills take place in compliance with the plan. Each classroom is equipped with an emergency backpack, that contains a first aid kit, snacks, classroom student roster, and emergency contact information. The evacuation plan is clearly posted on the wall of every classroom.

The School Safety Plan will continue to be reviewed, and updated with school staff, stakeholders, and guidance from the County and State Health Departments, and because of our co-location, in collaboration with LAUSD, and Dymally High School.

Once onsite instruction resumes, on a monthly basis the School Safety Plan will be discussed with students and staff and implemented regularly through drills and appropriate strategies are identified and implemented to ensure compliance with CA Education Codes 32270-32289.5 which includes:

- Child abuse reporting procedures
- Disaster procedures, routine, and emergency, including adaptations for students with disabilities
- Suspension/expulsion policies and procedures
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policy that includes hate crime reporting procedures/policies
- If a schoolwide dress code exists, include the prohibition of gang-related apparel
- Procedures for safe ingress and egress of pupils, parents, and school employees to and from school
- Maintain a safe and orderly environment conducive to learning at the school
- Rules and procedures on school discipline are adopted

2023-24 School Safety Plan

- Procedures for conducting tactical responses to criminal incidents, including procedures related to individuals with guns on school campuses and at school-related functions
- Use of PPE, hand sanitation, and campus cleaning for the prevention and spread of COVID-19

The School Safety Plan will be reviewed and revised annually by the administrative team in collaboration with Campus Safety. Campus safety aides will be employed to provide supervision and school safety. Watts Learning Center Charter Middle School will ensure students receive health screenings as required (ex. Vision, hearing, etc.)

The Administrative team will ensure the COVID-19 Policies & Procedures adhere to state and county health department guidelines; will implement surveillance and/or testing/screening per CDPH guidance.

Watts Learning Center Charter Middle School has implemented a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. MTSS is an integrated, comprehensive framework that focuses on the Common Core State Standards, core instruction, differentiated learning, student-centered learning, individualized student needs, and the alignment of systems necessary for all students' academic, behavioral, and social success. MTSS has a broader scope than Response to Intervention (RtI), because MTSS includes focusing on aligning the entire system of initiatives, supports, and resources and systematically addressing support for all students, including gifted and high achievers.

Watts Learning Center Charter Middle School will provide all students with a broad course of study beyond core subjects that include the following - Personal Finance (Gr 6-7); Coding (Gr 6); Introduction to Business (Gr 7); Digital Arts/Cartooning (Gr 7-8); and Dance/Sports Conditioning (Gr 6-8).

To further accelerate student learning, address learning gaps, and provide additional academic support, our students have access to a comprehensive system of supports that includes a Math Intervention Specialist, and a Reading Intervention Specialist that provides Tier 2 targeted intervention and academic support. Instructional Aides provide tiered small group instruction for struggling learners, and the following supports:

- Saturday School tutoring
- After-school academic enrichment (ASES)
- Summer School: ELA, Math & Enrichment.
- STEMulate Learning: Math academic support for students: coaching students on math standards - how to know and understand math concepts, focusing on foundational skills (6 sessions/year)
- Achieve 3000 reading intervention
- Study Sync
- NearPod/Flocabulary
- Classroom libraries

Our school is committed to providing and strengthening social-emotional support through the schoolwide implementation of SEL in combination with PBIS. An area of concern is the high chronic absenteeism rate of 40% in the 2021-22 school year.

The Assistant Director oversees PBIS implementation, addresses student behavioral issues/discipline, and provides tiered support.

The Counselor and Dean of Culture provide SEL counseling services, oversee SEL implementation and provide SEL workshops for parents. The Counselor also participates in professional learning – Crisis Prevention Institute (CPI); and provides staff training on de-escalation techniques, developing behavior repertoire with students, and implementing:

- EmpowerHer -for at-risk students designed to build resilience, and empowerment, and provide a safe space.
- DeansList will be implemented as part of the PBIS Rewards.

Watts Learning Center Charter Middle will provide all students with opportunities to engage in a variety of learning experiences through field trips to enhance learning, deepen student engagement and motivation, and school award assemblies.

Watts Learning Center Charter Middle School will administer the Panorama SEL/school climate survey to students, staff/teachers, and parents. Results will be analyzed by the administrative team to address student/school engagement, school culture, and school connectedness/climate.
