2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

***"BUILDING OUR COMMUNITY
THROUGH EDUCATION"***

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Ada S. Nelson Elementary School is one of four schools in the Los Nietos School District located in an unincorporated area of Whittier within Los Angeles County. Our school has 379 students in grades Transitional Kindergarten through 6th grade. The demographics of the pupil population is 96% Hispanic, and 4% other. Approximately 26% percent of the students are English learners. The students have a variety of life experiences. Some pupils have recently arrived from outside of the U.S. while others have lived in the Los Nietos neighborhood for their entire lives. All Nelson students qualify for Title I and are eligible for

2023-24 School Description and Mission Statement

free breakfast and lunch. Nelson families have a high mobility rate.

Nelson students are served by dedicated individuals, including a principal, teachers, and support staff. Parents indicate that they are pleased with the positive school climate that is welcoming and focused on academics. All staff members have a variety of opportunities to participate in shared decision-making. Nelson has an active leadership team consisting of one representative per grade level who work collaboratively with the principal in the decision-making process for the site. The purpose of the leadership team is to build capacity for new program implementations, develop and maintain professional learning communities, model leadership for others, and focus on student learning.

Vision Statement:

Nelson Elementary School is dedicated to becoming a community of students, parents, and staff who are committed to lifelong learning in a clean, safe, and healthy environment. The school community is devoted to maintaining high academic and behavioral standards while focusing on the social-emotional well-being of all students.

Mission Statement:

The mission of Ada S. Nelson Elementary School is to provide a safe, caring environment where students can best develop the skills and character necessary to successfully navigate their communities and our global society.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbooks

We choose our textbooks from lists that have been approved by the California State Board of Education. Each year, we verify that all students have the required textbooks for their grade levels as mandated by the Williams Legislation of 2004.

Computers

Teachers each have a MacBook Pro and iPad in order to engage their students by using their Document Camera and their 24" Monitor. The Computer Lab has 35 iMacs, two monitors, and a LaserJet Printer that students are able to access weekly. Each student in grades TK - 6 has access to chromebooks in class and school issued iPads are used at home. Students are able to access academic apps like Raz-Kids and ST Math in order to engage in higher level learning and practice. Training and professional development was offered to support the teachers in implementing the technology in their classrooms effectively. Google Classroom is being used in all classrooms grades K-6.

School Facility Conditions and Planned Improvements

Our school buildings are 55 to 65 years old, but some of them were modernized in the early 1990s and again in 2019. We have portable classrooms ranging from two to 12 years old. The restrooms are cleaned and stocked daily. We have a day and a night custodian and they work closely with our maintenance staff to keep the campuses clean from litter and graffiti, as well as regularly check the playground equipment for safety hazards. Landscaping upkeep is provided by the district's maintenance team at all of our campuses.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

Library

We have a spacious, inviting library that holds approximately 7,000 volumes and has four student computer stations. Our library technician staffs the library five days a week, and parent volunteers check out books and read to children on a regular basis. The library stays open until 3 p.m., so that students can check out books after school. Every year we budget approximately \$5,000 for new books, audio/visual equipment, and other resources for our collection from the proceeds of our annual book fair and other funds provided by the state.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Throughout this year, our Parent Teacher Council (PTC) has worked to provide multiple opportunities for parent involvement and volunteering. Our Parents have been able to assist with planning school activities, assisting teachers with preparing class materials, making copies, and providing other means to support academic instruction. We train our parent volunteers so that they will meet our standard of conduct and work in concert with the staff to provide a safe learning environment for our students.

Our Scholastic Book Fair, Halloween Trunk or Treat, Winter Wonderland schoolwide choral performance, Read Across America Day, and monthly fundraising events provide opportunities to increase parent and family engagement. Our PTC has been very successful in working with our community to support student learning and to continuously build and maintain positive relationships with our families.

Our School Site Council (SSC) and our English Learner Advisory Council (ELAC) provide input and assist with the decision-making, monitoring of school programs, and implementing programs that support all students. Additionally, our "Coffee with the Principal" meetings have become a viable means of reciprocal communication for parents and school administration. We are consistently working to build stronger connections with parents and community members as we support our students in all academic endeavors.

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

2023-24 School Safety Plan

Nelson annually reviews the School Safety Plan, and the plan was last reviewed and revised in January 2023. The school plan includes disaster procedures, policies, discipline plans, and other safety information. The School Safety Plan is shared with the staff, and we practice fire, earthquake, evacuation, and lockdown drills regularly. A comprehensive safety drill called the Great Shakeout is executed each year, where all staff and students simulate an earthquake, evacuation, search and rescue, as well as parent pick-up/reunification procedures. These drills actively keep staff and students alert to possible incidents and prepared with the proper protocols and procedures to follow in the event of an actual emergency.

Our earthquake storage containers include food, water, and emergency supplies that are inspected annually with contents being replaced as needed. The district's safety consultant inspects the school campus twice a year to look for safety hazards in the classrooms, the cafeteria, the staff lounge, the media center, the playgrounds, and the restrooms. Any hazards that are discovered are corrected immediately. The district safety committee meets multiple times each year to discuss safety issues, training, and other safety-related concerns. In addition, staff members monitor the school grounds before and after school, during recess, and at lunchtime. Our campus is closed, and visitors must enter the school through the administration office where identification is verified. Once a visitor has signed in, they receive a badge that must be worn and remain visible throughout their visit.

Professional Development

Districtwide professional development is focused on literacy through the Science of Reading strategies and providing integrated/designated English Language Development to our language learners. As a school site we continue to focus on the GRR lesson design while implementing a tiered intervention model and assessing students during instructional time using frequent checks for understanding. We provide students with small group instruction both in class and through an intensive structured pull-out intervention program designed to support mastery of grade-level standards and to build foundational skills.

Professional Development

Teachers received professional development in structuring these classes, correlating the ELD and ELA standards, and using appropriate resources to integrate learning across content areas. Additionally, all teachers have received professional development to support our students in writing including Handwriting Without Tears. All grade levels participate in data-driven discussions that provide teachers time to collaborate and plan next steps for instruction. We have also placed an emphasis on Social Emotional Learning (SEL) and have been trained on CHAMPS and Second Step curriculum to address the mental health concerns and overall well-being of all students.
