

Aeolian Elementary School **2022-2023 School Accountability Report Card** **(Published During the 2023-2024 School Year)**

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Principal Message

We welcome you to Aeolian Elementary School, home of the Mighty Aztecs. With approximately 310 students, our goal is to provide a comprehensive academic program in language arts, mathematics, social science, science, and physical education. Additionally, we aim to offer opportunities to build memories that will last our students a lifetime. We have an enthusiastic and professional staff that is dedicated to our students, parents, and community. Our teachers regularly collaborate to ensure that our academic programs are aligned to the California State Standards. We provide all students with an opportunity to know and understand their grade-level standards. We use flexible small groups to individualize instruction to include advanced instruction as well as support for students who need additional assistance and differentiation. Aeolian is a student-centered school and provides a strong academic program in a safe and caring environment that embraces our culturally diverse community.

Aeolian's vision is to have all students learn in a safe, supportive, challenging, and encouraging environment that empowers them to become lifelong learners as well as responsible and productive individuals in the community.

The mission at Aeolian is for our community (teachers, staff, students, parents, and community members) to:

- Provide a variety of learning strategies to meet or exceed the California academic standards.
- Encourage critical thinking in all curricular areas.
- Value collaborative/reflective teaching and learning.
- Appreciate and respect the home culture of students.
- Maintain rules and procedures to ensure the physical safety and social emotional well being of every child.
- Embrace our School-wide Expectations: "The Big Three: Be Safe, Be Respectful, Be Responsible." We also celebrate that we are PEACEmakers: Positive, Enthusiastic, Accepting, and Caring of Everyone!

Major Achievements:

- Our ELA and Math achievement as indicated by our state testing scores have steadily increased.
- We use Dojo Dollars to reward positive student behavior and a variety of student achievements are recognized at our monthly Student of the Month Assemblies and our Trimester Awards Ceremonies.
- During our Student-of-the-Month Assemblies, we focus on recognizing students who display positive character education.

2023-24 School Description and Mission Statement

- We are proud to offer many after school program clubs: Chess Club, Soccer Club, Reading Intervention, and Student Council.
- We are proud to be a 1-to-1 school wherein all kindergarteners have their own iPad and all 1st-6th graders have their own chromebook (home and at school).

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbooks

We choose our textbooks from lists that have already been approved by state education officials. We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. Our district recently adopted the new Amplify Science program K-6. Professional Development took place in the summer to support teachers in their implementation of the new program. We also had Amplify support teachers walk through our classrooms to provide feedback and support to our teachers after trimester 1.

Computers

Teachers each have a MacBook Pro and iPad in order to engage their students by using their Document Camera and their 24" Monitor. Each of the Kindergarten classes have access to iPads that they access during daily work stations. Students access academic apps, like Raz-Kids, Renaissance, ThinkCentral, and Benchmark in order to engage in higher level learning and practice. Grades 1-6 classrooms each have a Chromebook Cart with enough Chromebooks for each student to have their own device. Training and professional development was offered to support the teachers in implementing the technology in their classrooms effectively. Google Classroom is being used in all classrooms Grades 2-6. Students also have access to an iPad/Chromebook at home.

School Facility Conditions and Planned Improvements

Our school buildings are 55 to 65 years old, but some of them were modernized in the early 1990s. We have portable classrooms throughout the district that are from three to 16 years old. We are scheduled to start the modernization process next school year.

The restrooms are cleaned and stocked on a daily basis. We have a full-time day and a full-time night custodian. Our custodians work closely with our maintenance staff to keep the campus clean from litter and graffiti and regularly check the playground and equipment for safety hazards. Landscaping upkeep is provided by the district's maintenance team at all of our sites.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the website of the OPSC.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
At Aeolian we recognize that parent volunteers are the heart of our school and a vital element to student achievement. Frequent communication provides parents many opportunities to be involved in, and knowledgeable about, their child's education. There are opportunities for parent involvement, including actively participating in parent committees such as School Site Council (SSC), English Learners Advisory Committee (ELAC), and Parent Teacher Club (PTC). Parents often volunteer to assist teachers on special projects and chaperone on field trips. SSC is a partnership with parents and teachers and is the primary group that has a definite voice in the development of the school's annual plan and is the decision-making body for how funding is allocated. ELAC advises the principal on the program services provided to our students who are learning English. PTC actively engages in support programs, enrichment opportunities for parents and students, and fundraising activities to help support many of the extracurricular opportunities provided to students, including field trips and awards. We look forward to providing our students with various events that will promote their academic, physical, and social emotional well-being. Events such as a jogathan, festivals, assemblies, and scholastic book fairs. The money raised will be used to provide our students and classrooms with more reading books, technology, and incentives to continue to excel.

2023-24 School Safety Plan

The safety of the students and staff is a primary concern of the Los Nietos School District. Staff members monitor the school grounds before and after school as well as during recess and lunchtime. We have a closed campus policy. Therefore, visitors must enter the school through the main office and sign in. Once on campus, visitors sign in and receive a visitor's badge to wear throughout their stay on campus. Our discipline policy is meant to provide a safe and orderly environment for all of our students and staff.

Safety is a combined responsibility of students, staff, parents, and district personnel. We review our safety plans annually and it was last revised February 2023. The safety plans include disaster procedures, policies, discipline plan, and other safety information. The safety plan is shared with the faculty and we practice fire, earthquake, and lockdown drills monthly. Additionally, we have earthquake storage bins on site that include food, water, and emergency supplies. These bins are inspected every year and their contents are replaced as needed. As an additional support, the district Safety Consultant and Director of Maintenance inspect the school campus twice a year for safety hazards. If any are discovered, they are corrected immediately. They inspect classrooms, cafeteria, staff lounge, playgrounds, and the rest rooms. The district Safety Committee meets multiple times throughout the year to discuss safety issues and training to help mitigate safety concerns.

Fiscal Year 2022-23 Types of Services Funded

Both state and federal dollars are spent to support student learning, effective instruction, and standards-based curriculum implementation. General funds are used to provide instructional materials, purchase technology, support for professional development, and assessment programs. Title I funds support additional programs and resources such as a community outreach facilitator, staff professional development, tutoring intervention for students, and instructional materials to support achievement. This year we are implementing the ST Math program as an intervention. We also have an Intervention Resource Teacher on campus three days a week providing targeted intervention to 40 of our students in need based on data. Title II funds support ongoing professional development and collaboration in Professional Learning Communities. Title III funds support intervention for English learners outside of the school day, supplemental instructional materials, parent education opportunities, and high quality professional development and collaboration opportunities for staff.

Professional Development

Districtwide and site professional development days on early-release Tuesdays provide teachers with specific training in core subject areas and provides for grade level collaboration to ensure our student's needs are being met so they may meet or exceed standards. We have emphasized the development of foundational literacy skills using "Getting Reading Right"

Professional Development

strategies. Our teachers received the foundational literacy skills training through the Los Angeles County Office of Education (LACOE). This training has strengthened our phonics and reading instruction in order to reach our "Read by 3" goal that entails students reading at grade level by third grade. Math is also aligned to the content standards and increased emphasis is being placed on the successful acquisition of early pre-algebra skills in preparation for the higher levels of math. Teachers have received training in ST Math and how to use it to identify students who need additional support in small group targeted intervention. Professional Development that focused on implementing our new Amplify Science program has also been a focus for our K-6 grade teachers whom have been implementing the program successfully. Teachers have learned how to utilize the online component and also how to effectively use their materials and focus walls in order to increase student engagement and achievement on the science standards. This year, we are also proud provide our teachers with training on best practices to meet the needs of our English language learners during designated (English Language Development) and integrated instruction. Professional development for the the implementation of our supplemental programs such as Heggerty for phonics instruction, Mystery Science, and Second Step for social emotional learning are also at the forefront of our professional development.
