2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Principal's Message

The Los Nietos STEAM Academy staff is pleased to have been recognized as one of the top public schools in Los Angeles County for English Learners in English Language Arts multiple years by Innovate Public Schools and the University of Southern California. As educational leaders we at Los Nietos Middle School STEAM Academy act as role models for our students; We believe in demonstrating a love for learning; We believe in providing a safe and nurturing environment where every student will be treated as an individual who deserves excellence in education. We believe in providing middle school students with opportunities and experiences that can shape them as learners and citizens. As a staff, we are committed to the core values of education and a strong foundation that all students can succeed. We provide rigorous learning opportunities so that students are able to meet or exceed state standards in all content areas. A collaborative effort, active learning, diversity, and respect are valued. High expectations for academic achievement and social development are top priorities in developing our school's culture of success as we help students to discover their pathway towards College and Careers.

LNMS STEAM offers a wide array of course offerings to meet students' diverse needs and to motivate them to excel. Our STEAM (Science Technology, Engineering, Art, & Mathematics) program includes advanced mathematics courses; Project Lead the Way and MESA (Mathematics, Engineering and Science Achievement) elective courses as well as coding, beginning and intermediate band; visual arts; flight/ aviation; and digital yearbook design. Other electives at LNMS include ELASupport, Math support, and Health and Fitness. In addition, our school offers after school enrichment opportunities like CyberPatriot competitions, Girls Who Code, ESports, Student Council, and Students Run LA Marathon program. We participate annually in an intramural sports program in the areas of volleyball, flag football, soccer, and basketball. After-school supervision, enrichment, clubs, and physical activity are provided by Boys & Girls Club of Whittier.

Los Nietos Middle School STEAM Academy Vision Statement

Los Nietos Middle School believes in developing the whole child. We provide a rigorous curriculum that assists ALL students in mastering state content standards. We maintain high expectations and respect for students, staff, families and community members.

Los Nietos Middle School Mission Statement

At Los Nietos Middle School, we value the rights and responsibilities of citizenship, collaborative effort, and active learning. We strive to show that we value diversity, respect cultural and linguistic differences, and believe that all students are imminently educable. We hold both staff and students accountable for their work.

We provide curriculum and instruction that meets or exceeds state standards. As a school-wide Title I school, we seek to meet the needs of all students, including special education students, general education students, English language learners, Gifted and Talented Education students, and those students who are at-risk. Our class offerings rotate each quarter as the needs of our students change. We believe in purposeful staff development opportunities that empower teachers, classified staff and administration to be life-long learners practicing to perfect our craft. As our assessment and standards drive our curriculum, teachers use this information to differentiate and modify instruction in order for our students to reach proficiency.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbooks

Textbooks are based on the California Content Standards and are selected by committee in a pilot process from lists that have been approved by the State Board of Education. For a list of some of the textbooks we use at our school, see the Data Almanac that accompanies this report. We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. LNMS STEAM passed it's last Instructional Materials Sufficiency visit with no insufficiencies on 9/6/23. During the 23-24 school year we will finalize the adoption of our new History Social Science materials.

Computers

Computer skills and concepts at Los Nietos Middle School STEAM Academy are integrated throughout the standard curriculum and aligned to the District Technology Use Plan, which prepares students for technological growth and opportunities. Each classroom teacher has a laptop and ipad for instructional use in language arts, mathematics, social studies, and science. All LNMS STEAM students have access to a chromebook in each content area class as well as a device checked out to them for home use. In addition, LNMS STEAM has a computer labs that teachers may visit with classes. For additional use in the classroom/library setting, a laptop cart, and two carts of tablets are available to support learning across content areas. Students have the opportunity to create a variety of projects on the computer related to what is being taught in the classroom. Software includes programs to develop critical thinking, digital media, word processing, and presentation skills.

School Facility Conditions and Planned Improvements

The district Director of Maintenance and Principal of LNMS STEAM inspects the school campus twice a year for safety hazards. If any hazards or repairs are discovered, they are corrected immediately. They inspect classrooms, the cafeteria, staff lounge, outdoor areas, our gym, auditorium, library, and restrooms. The District meets monthly with all site custodians to discuss safety issues and provides training to help mitigate safety concerns. LNMS has passed it's Williams Facilities Inspection for the year on 8/28/23.

Our school buildings are 75 to 80 years old, our classrooms underwent a full interior modernization including wiring, electrical, wifi upgrades, tackable wall surface, flooring, and cabinetry completed in the 2017-18 school year. All buildings were brought up to ADA compliance in the modernization. Our HVAC system was completely replaced over the 2012 - 14 school years. The restrooms are cleaned and stocked on a daily basis. We have one day custodian and one night custodian. Our custodians work closely with our district's maintenance staff to keep the campus free of litter and graffiti, and regularly check the grounds and equipment for safety hazards. Landscaping upkeep is provided by the district's maintenance team at all sites.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	25	30	32	36	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Opportunities for students' families to participate in the school are provided throughout the year. LNMS holds School Site Council (SSC), English Language Advisory Committee (ELAC), parent meetings with the Principal, ASB school-wide activity events, and Parent Education classes. Parent education topics are offered in many areas such as: transitioning to middle school, bullying prevention, attendance monitoring, health, and nutrition and transitioning to High School. Rio Hondo College offers both Basic Computers and English as a Second Language classes to parents of Los Nietos Middle School free of charge through their continuing education department. Back-to-School Night, as well as fall and spring parent-teacher conferences are well-attended and enable parents to demonstrate their support of students and our school's overall program. Our families also are offered opportunities at the district level to participate in various district wide parent workshops, which are designed to empower parents as partners in education.

2023-24 School Safety Plan

We review and update our Comprehensive School Safety Plan annually. The school plan is updated each year and is shared with staff and parents. It includes disaster procedures, district and site policies, a discipline plan, and other safety information. Large storage containers on campus house disaster supplies that include food, water, and emergency materials. Fire, earthquake, and lock-down drills are executed monthly. The school participates annually in the Great Shake Out. In 21-22 a significant portion was added to the plan and regarding student safety as they return to school from Distance Learning and continues COVID protocols.

Staff members including; campus supervisors, counselors, and administrators monitor the school grounds before and after school, during the nutrition break, and at lunchtime. Our campus gates are secured during the day, and visitors must enter the school through the locked main office to sign in. Once on campus, guests receive a visitor's badge to wear throughout their stay for identification.

Fiscal Year 2022-23 Types of Services Funded

Our intervention program is divided into two areas: during-school hours and after-school hours. Academic Support and English Language Development classes are assigned as electives for students needing additional academic support in foundational language, literacy, and mathematics skills during their regular school day. After school intervention includes ST Math, short term standards based ELA intervention, math reteaching and retesting on specific concepts and homework assistance. Students feel supported and are able to increase their assessment scores and proficiency levels through their participation in various interventions. In addition to Intervention programs LNMS STEAM offers enrichment opportunities for student after school. Included in these enrichment are Coding, CyberPatriots, ESports, Sports, offered by school site staff and additional programming offered by the Boys & Girls Club of Whittier.

Many resources are available on-site that supports students' social development and well-being. A full-time counselor, in conjunction with a team of guidance interns, offers academic advisement to students. Pacific Clinics, as well as Counseling interns, provide small group counseling sessions weekly on campus to select students. A therapist from Pacific Clinics provides individual and family counseling to students and their families who qualify. All students at LNMS STEAM also have access to Hazel Health Tele-Therapy for free.

Both state and federal dollars are spent to support student learning, effective instruction, and standards-based curriculum implementation. General funds are used to provide instructional materials, support for professional development, and assessment programs. Federal Title I funds support additional programs and resources such as a community outreach facilitator, academic counseling, tutoring intervention for students, and instructional materials to support achievement. Title II funds support ongoing professional development and collaboration in Professional Learning Communities. Title III funds support intervention for English learners outside of the school day, supplemental instructional materials, parent education opportunities, and high-quality professional development and collaboration opportunities for staff.

Professional Development

High levels of collaboration and articulation are key components of our staff professional development plan. Teachers at the middle school meet during their prep period twice a week and on Tuesdays after-school for professional development and/or grade level planning. Middle school teachers attend training alongside teachers from the District's elementary schools as part of our District professional development offerings. To monitor the instructional program, the principal meets with grade level teams at the end of each common unit assessment to reflect on data. Also, throughout the year, principals and district administrators provide feedback and reinforcement to aid academic action planning. LNMS teachers attend articulation meetings with teachers from the Whittier Union High School District to align practices and review student performance data.

Professional Development

The alignment of curriculum, instruction, and assessment increase the effectiveness of instruction and continue to be areas of focus in the upcoming year. In the 21-23 school years the District focused professional Development on the Science of Reading. in the 23-24 school year we are focused on our English Learners and middle school teachers are participating in an intensive series of professional development days with the UC Irvine Math Project. We have also offered the Science of Reading for ELs and Trauma Informed Institutes as additional professional development opportunities for teachers in the 23-24 school year.
