2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

About Our School

As Principal of Lunada Bay Elementary School, I would like to welcome you to our school! Lunada Bay Elementary is beautifully situated on the coast of the Pacific Ocean above the bay for which it was named. Built in 1958, the school has been the heart of the Lunada Bay community in Palos Verdes Estates for over fifty years. Our school prides itself on the notion that, "We are Lunada Bay: We are one school, one team, one family." As you walk around our school, you will hear teachers and staff encouraging students with positive reinforcement echoing a common language utilizing Coach Wooden's pyramid of success. Each month, students along with support from their teachers, identify character traits like "hard work" and present these qualities to the entire school at our monthly flag ceremony. At the ceremony, our community gathers to recognize our outstanding students and staff, recite the Pledge of Allegiance, and sing our school song (with some help from our mascot, Splash the Dolphin!). In our classrooms, you will find busy students engaged in research projects, math discussions, Writer's Workshop lessons, reading poetry, building robots with our STEM kits, or performing with our fine arts program. Our teachers are often collaborating with each other to implement contemporary math instruction utilizing our rigorous curriculum, Math in Focus, to secure deeper levels of mathematical understanding and application. You will often hear our teachers ask the students, "How do you know that is the right answer? Can you show me another way to solve it?"

Parents of Lunada Bay students have high expectations for their children and the school that educates them. Parents and teachers mutually respect one another's interests and expertise, ensuring that the best interest of students is the cornerstone for all programs and pedagogy at Lunada Bay. The Parent-Teacher Association (PTA) is critical to the continued success of the school, and parents at Lunada Bay contribute generously of their time and resources. Lunada Bay offers an extensive fine arts program that supplements vocal and instrumental music programs and Art at Your Fingertips provided by the Palos Verdes Arts Center. Each year, students in every grade work with a professional from the Palos Verdes Performing Arts Center and participate in a musical. This experience fosters teamwork, promotes brain connectivity, and increases self-esteem while exposing students to a wide variety of visual and performing arts.

School Description and Mission Statement (School Year 2023—24)

It is the mission of Lunada Bay School to develop students of character with the ability to think critically, be creative, communicate, and collaborate with others, both personally and through the use of technology, to prepare them to be

contributing citizens of a global society.

Dual Immersion is a Palos Verdes Peninsula Unified School District program offered at Lunada Bay Elementary School. The goal of dual immersion is to develop biliteracy, academic excellence, and positive cross-cultural and personal competencies. This program provides a choice for PVPUSD parents who want their children to become fluent in two languages, English and Spanish, while developing academic skills in the core subjects. Dual Immersion programs facilitate biliteracy – the ability to speak, listen, read and write proficiently in two languages.

All schools in the Palos Verdes Peninsula Unified School District are highly successful academically, as is Lunada Bay, due to a highly qualified staff that continually focuses on the improvement of craft and the changing needs of today's learner. Beginning in transitional kindergarten, children are instructed and continually assessed, formally and informally, to determine the appropriate supports and/or extensions necessary for continued success with appropriate challenge. As students proceed into primary and intermediate grades, programs that address the Common Core Standards are evaluated and the onus of responsibility shifts from the teacher to the learner through a stimulating environment that focuses on differentiation, intervention, and inclusion of our visual and performing arts program. Integration of technology is carefully planned and evaluated to determine effectiveness and efficacy that goes beyond novelty. All changes in the delivery of instruction and integration of technology are shared with parents to maintain transparency and continue the open and trusting partnerships with families that ensure our students are highly successful and confident.

As early as 2000, Lunada Bay was prescient in its approach to instruction and learning. Utilizing experts from UCLA's University Elementary School, administration and staff examined the processes and initial skills necessary for moving students into the 21st Century. Pedagogy was examined to address a need to change from information provider, "sage on the stage," to learning facilitator. This vision into the future included, and continues to include, integration of technology as a tool to facilitate learning. Lunada Bay Elementary, though quaintly nostalgic on the outside, uses Newline interactive displays in every classroom and has a Chromebook cart so every student has access to a device. We now have a state-of-the art STEM lab. In the Lunada Bay STEM lab, students begin learning about computer science. The STEM lab is centered on project-based learning to support communication and collaboration within research team to inspire critical thinking, problem solving, creativity and innovation. These are all important skills students will need to develop to thrive and be successful in the future.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

PVPUSD sites have not seen significant Modernization Projects in many years. School sites are in "Fair" condition and are kept safe and functional by requests made through the District's Work Order System. Recommendations from a 2019-20 Facilities Advisory Committee led the Board of Education to place a general obligations bond measure on the March 2020 ballot; however, this bond (Measure PV) did not pass. The District, along with the Operations Advisory Committee, continues to identify priorities and make the necessary repairs and upgrades as noted in actions taken below.

Year and month of the most recent FIT report				October 2023
System Inspected	Rate Good	Rate Fair	Rate Poor	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer		X		Regular maintenance of the systems and work order requests keep the systems operational. Sewer lines are jetted to clear blockages on a preventative maintenance schedule.
Interior: Interior Surfaces		X		Routine maintenance and repairs are ongoing as needed. Repair needs are managed using the work order system.
Cleanliness: Overall Cleanliness, Pest/Vermin Infestation		X		Daily cleaning in classrooms, restrooms, and office spaces. Integrated Pest Management program is in place to control and mitigate pest infestation.

School Facility Conditions and Planned Improvements			
Electrical	X		Electrical system is in good repair and maintained through preventative maintenance program. Existing equipment and panels are more than 15 years old at capacity loads.
Restrooms/Fountains: Restrooms, Sinks/ Fountains		X	Original galvanized water lines are supporting restrooms and fountains. Regular maintenance and repairs keeps the plumbing system operational.
Safety: Fire Safety, Hazardous Materials	X		Annual fire alarm testing completed, fire system is in good repair. Annual service of the fire extinguishers completed. Stage curtains 5 year fire treatment completed.
Structural: Structural Damage, Roofs		X	Routine maintenance is performed to extend useful life of roofs. Roof leaks are addressed through the work order system.
External: Playground/School Grounds, Windows/ Doors/Gates/Fences		X	Asphalt, doors, windows, and gates are repaired through submittal of work orders as needed. A 1.5" overlay of asphalt and stripping at main playground completed. Kindergarten playground received new play structures and synthetic turf safety surface.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	77	76	72	74	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parent participation and support are critical to the success and performance of Lunada Bay Elementary. Parents are welcome volunteers at every grade level, working with small groups of students, running learning centers, assisting with art projects, editing writing projects with young writers, and completing clerical tasks. Lunada Bay's PTA is active year-round. Monthly meetings are held virtually on the second Tuesday of the month at 9:00 am and all parents are invited to attend. PTA plans and provides both educational and recreational activities that range from assemblies to the Variety Show to Family Fun Nights. There is always some way parents can be involved. Please contact the school office at 310-377-3005 to be connected to a person who can match your desire to assist with the appropriate programs. A link to the PTA website can be found on the Lunada Bay Elementary School website.

Parents wishing to participate on campus must complete a volunteer form prior to volunteering on campus. The volunteer information can be found on the Palos Verdes Peninsula Unified School District website.

2023-24 School Safety Plan

The Comprehensive School Safety Plan is designed to address safety issues that are directly related to daily operation of the school. Its goals are to create a safe and effective school environment that maximizes learning and provides a place where students can remain focus on the academic program. Visitors on campus are to check-in at the office, register with Raptor and take a visitor badge. Upon leaving, they return the badge and sign-out. Lunada Bay has regular safety drills including earthquake drill, lockdown drill and fire drills. Teachers provide appropriate student education to maintain a high level of student safety. Our focus will continue to be about student and staff safety. We will continue to work with our district leadership, staff, and PTA to create a safe school environment for all and implement programs and practices to address bullying that are aligned to District policy.

The 2022-23 Comprehensive School Safety Plan (CSSP) was adopted by the School Site Council on January 22, 2023, approved by the District Governing Board on February 22, 2023 and re-reviewed by Staff on August 22, 2023 prior to the start of this school year. We will start our review of the 2023-24 CSSP in January 2024.
